City Yacht Club To Visit Squamish Easter Weekend

Squamish will be host to about 120 pleasure boaters from the Royal Vancouver Yacht Club on Easter weekend.

Forty boats are expected to take the trip to the top of Howe Sound on Good Friday.

Jack Quinn, Chieftain Hotel manager, has arranged accommodation for those not staying on their boats and he is also lining up some entertainment.

The Square Dance Club has sent out a welcome for Friday night; a bingo is being planned and an invitation to church service on Easter Sunday has been sent out.

BEARD GROWING for the Lions' Klondike Night, March 30, has resulted in some splendid growth for

Bob Kuhn, left, George Lipsey and Bill Smith, who are ready with ruler and shears to even things up. (Photo by J. Moon)

Investment, Economics, Assurance?

Order of Merit For Security: Ellison

Irrevocable assurance is a difficult point to make in business, Squamish Chamber of Commerce found when meeting in special session with representatives of Canadian Collieries at the Chieftain Hotel, March 16.

That is what was asked but it was impossible to get that night.

Rolly Ellison, spokesman for the five-man delegation and general manager of Canadian Collieries, answered that no man, no government and no community could fight the laws of economics, implying that therefore, they could not give such assurance.

ONLY GUARANTEE He explained the deal made with Empire Mills. We didn't buy the licence—we evaluated the mill site, the property on the other side of the river (where the log dumps and offices are), the value of the Fraser, and the roads, bridges and development work in the licence, and transferred stock to Keeley in the amount of our total evaluation.

A similar transaction was made with Mt. Baker Plywood, he said.

GO AHEAD NOW Ellison stressed the need for haste and urged quick action by the community if his company were to meet their commitments.

Village council has asked Williston to delay further negotiations until they had a chance of meeting with him, probably this week.

Ellison said Canadian Collieries was ready to go ahead with construction immediately. We have already applied for a building permit, water per- mits, and we want to be in production by fall, if possible.

We also want the co-operation and goodwill of the community, he said.

Concern was voiced for the contractors' now logging for Empire Mills and other personnel. Ellison said they would consider these men a valuable asset to the operation and they had no intention of replacing them.

Mention was made of the recent contract price offered to the contractors by Empire Mills, cutting the price by \$2 per thousand. Ellison said his company had nothing whatever to do with this offer but that he would be glad to negotiate with them.

The films are being sponsored by the Order of Eastern Star in co-operation with the B.C. Cancer Foundation.

THIRTY-POUND spring salmon hooked early Saturday morning by Ronald Billy took over an hour to land. He was trolling off Darrell Bay about 6:30 a.m. when the big one struck.

Fergusons Leave Valley to Roam

Now the Fergie's at Cheekye has been taken over by Paradise Valley Resorts, the former owners, Mr. and Mrs. John Ferguson, plan an extended holiday, probably by "slow boat" to the East Indies.

"We have talked about such a trip for a long time," said Mrs. Ferguson as they were leaving Cheekye last Saturday. "and now is our chance to take it."

They have bought a home at Halfmoon Bay on the Sechart Peninsula where they plan to spend their retirement.

The Fergusons bought the property at Cheekye, 5½ acres, in 1948, when they were living at Woodfibre where Mr. Ferguson was employed, because they both liked hunting and fishing.

"We had no thought of it becoming a business," she said, "but it grew into one in spite of us."

They built the present log lodge up over the years, mostly since they came to live permanently at Cheekye in 1956. It was at this time that employment at Woodfibre became irregular. Mr. Ferguson had been at the mill since 1941.

\$5 Contest For School Name

Howe Sound Association for Retarded Children has decided that the school should have a name and offers \$5 for the winning suggestion.

All elementary school children are eligible to submit their choice. The rules are: "Put your name, grade, school and the name of your choice on a sheet of paper and drop it in a special box at either MacKenzie's or Brackendale store.

Pretty names will be favored so children are advised to let their imagination go. Some example which the association approves are Sunnyvale at Kelowna and Pinewood at Kimberley.

Official selection of the name for the retarded children's school at Squamish will be made April 20.

Mine Hosts UBC Class

Graduating class of Mining and Metallurgy of UBC visited Britannia this week.

An underground tour of No. 8 Mine was taken followed by a tour of the mill.

Accompanying the students were Prof. L. Crouch and Prof. Henry Howard.

Talks on various phases of the work were given by Britannia men L. Allan, R. Lashby, H. Shuttleworth and V. Gladman.

Capacity Audience

Eric Lush Wins Contest In High School Oratory

A capacity audience at the Howe Sound High School, March 14, agreed that the program was an unqualified success.

The main feature of the evening was the Oratorical Contest; the four semi-finalists all did very well and presented the judges with quite a problem. Mrs. Ruth Smith, M. Carrio and L. Allen awarded first prize to Edic Lush for his excellent talk on "The Magic of Words". Second place went to Barbara These who had chosen "Punishment" as the subject of her speech.

Tied for third place were Corrine Finter who spoke on "Advertising" and Jerry Hobson who discussed "Prejudice".

In addition to the speeches a number of musical selections drew attention to the talents of many of the students. The School Band under the direction of Owen Reeve showed how much can be done with

adequate instruction.

The Grade Eight Music Class conducted by Frank Snowsall sang two groups of songs. Particularly interesting were "The Dutch Hymn of Thanksgiving", "The Linden Tree" and "I'll Go No More A-Roving". The singers were accompanied by Arlene Ingraham.

Two individual musicians were also heard; Linda Mitchell played Beethoven's Son-

ata in E on the piano and Jacqueline Buffery gave a trumpet solo "When You're Smiling".

Three students who have achieved special distinction were introduced to the audience by chairman, W. C. Campbell.

Roger Mercier was chosen as the Athlete of 1961 in track and field sports by the Vancouver Olympic Club.

Judy McDonald is one of a group of ten Canadian Girl Guides chosen to attend International Camp in Denmark this coming summer. During Easter Week, Jacqueline Buffery will be a member of the band which will perform for the Canadian Music Educators' Association's Convention to be held in Vancouver. As a member of this band, Jacqueline will perform in the UBC Memorial Gymnasium.

A silver collection of just over \$7.00 was allotted to the PTA Scholarship Fund.

PGE Business Up In Feb.

PGE total revenue cars for February was 3,886 — a slight rise over the 3,862 of the same period last year.

Revenue cars loaded were about the same, 3,438 as to 3,484, but a marked increase of 18.5 per cent in cars received from connections — 448 to 378, brought the total up.

35 MPH Limit To Cheekye

New speed limit of 35 miles per hour was posted on the road from Squamish to Cheekye by the Department of Highways last week.

Previous to this, since paving of the road last summer, two sections were 50 mph zones and the rest 30.

Now the new speed limit applies for the whole seven miles except where caution signs indicate a reduced and slower speed for narrow bridges and curves.

Films Shown For Women

All women are invited to the showing of films entitled Cancer in Women at the United Church Hall, March 28 at 8 p.m.

The films are being sponsored by the Order of Eastern Star in co-operation with the B.C. Cancer Foundation.

Special Speakers Address Squamish Rod & Gun Club

Access to areas under forest management licenses will be the substance of lawyer Henry Castilow's address to Squamish Rod and Gun Club in Legion Hall, March 26, at 8 p.m.

Other guest speaker is Dick Littler, president of the B.C. Fish and Game Protective Association.

This meeting is open to any one, member or not, who is interested in conservation of fish and game or any activity of the Rod and Gun Club.

Local Guide To Represent B.C. In Denmark

by Capt. Margaret Flack

Miss Judith MacDonald, daughter of Mr. and Mrs. E. B. MacDonald, Brackendale, has been selected as one of the 10 Guides to represent Canada at an International Guide Camp in Denmark during the month of July.

She will travel by train to the East Coast, where she will have a booking by ocean liner to England. After some travel in the British Isles, she will continue on to the Campsite, where she will be for approximately 10 days, then touring more of Europe before returning to Canada with other Guides who have been selected to attend camps in Switzerland and Iceland.

RARE PRIVILEGE

This is a rare privilege and honour, especially since these girls were not selected by their own Company, District, Division or Province, but by National Headquarters in Toronto.

It is also an honour for Squamish and District, in that, in the past, most of the Guides chosen have come from either Vancouver area or Victoria, and to be chosen requires that the Guide must have completed many tasks, and have been particularly interested and

active in her own community. Judith started Guides in Burnaby with the 68th Vancouver Company, following her fourth year as a Brownie. Her start in Squamish Guides began in 1957; some of her record as a Guide here is shown in the following excerpts from letters received from West Vancouver Division Guiders and also from the Provincial level from Mrs. D. Cluderay, Commissioner in West Vancouver Division: For her First Class Review: Knots—93%; Second Class review—90%; Tenderfoot—85%; Essay—82%; Book completed on Guide History—74%.

EXCELLENT RECORD

Regarding book "a good deal of time, thought and effort had gone into the preparation of it," and from Mrs. B. Anderson, Horseshoe Bay, Camp Advisor for West Vancouver Division—for her Campers' Badge—95%, which was 5% higher than the nearest girl, and 20% higher than the lowest. Again, the remarks were "Judy and Janice each handed in a good paper, and can see they put a lot of time into them."

From our Division Commissioner, following the completion of Judith's Gold Cord Challenge which included arriving in dense fog in a total

JUDY MACDONALD, 18-year-old Guide.

stranger's home, where she was expected to entertain guests she had never seen on the Friday night, to working all morning at an Old People's Rest Home, where no one but the matron knew she wasn't a nurse, to taking a strange Pack for an all-afternoon outing around the B.C. Building, convening an evening with a Ranger Crew who were strangers, to attending in full uniform a Church Service at one of the largest churches in Vancouver, the following comments were sent as a report on her Challenge: "the Division Commissioner in charge of the challenge was highly pleased with Judith in every way."

BIG HURDLE

The Commissioner and her committee were pleased and impressed with the nice notes they received from Judith. One Brownie mother phoned the Commissioner to say how much her child had learned and how impressed the mother was with Girl Guides. "Please congratulate Judith on behalf of the Division. I'm sure Squamish District must be very proud of her."

"Have you ever tried, even as an adult, to attempt to take care of bedridden men and women whom you have never

seen, with no experience whatsoever? Have you ever gone into a strange community, known no one, and not knowing what may be in store for you and done all these things? It certainly takes a First Class Guide to be able to do this."

The Challenge was the biggest hurdle for Judith, because her own attitude and aptitude were carefully noted and marked; it certainly rested in the hands of many strangers. This is also true of her acceptance as a Guide, to represent not only Squamish, or British Columbia, but all of Canada.

Her name was put forward by her Company, having met the qualifications stated in the form that suggests these opportunities.

FOREIGN INTEREST

These do not come very often, and a Guide must be a First Class Guide with her campers and many other badges, have had an interest in other countries other than her own for several months or years. For instance, Judith has corresponded regularly with a girl in Japan, a boy in Africa and also several English speaking Guides, etc., throughout the British Empire; one of these she has written steadily

Vol. 6 No. 12 SQUAMISH, B.C. — THURSDAY, MARCH 22, 1962

Gaglardi's Road To Alta Lake...

The perversity of human nature is sometimes alleged by its reported shortsightedness in withholding support from ways and means of developing the tourist potential of Garibaldi Park.

Promoters are often at fault. As a result of pressure from the well-meaning members of Garibaldi Olympic Development Association and others, Highways Minister P. A. Gaglardi states there will be a 39-mile road constructed from Squamish to Alta Lake. Frankly, we have mixed feelings about this piece of portentous news.

There isn't a living soul in Squamish Valley who isn't happy with the prospects of the extension of the highway north towards Pemberton Valley for it will mean an immediate increase of the tourist dollar—an economic factor that could rank second only to the lumber industry of Squamish.

But on a second, more serious appreciation, we can see a serious situation developing. Unless the present highway from Britannia to Squamish is not brought up to better, safety standards, mishap and death will be recorded throughout the year.

At one treacherous corner alone in

less than a 12-month period, there have been three total accidents and one death, but this does not account for the dozens of minor mishaps and near misses on this eight-mile stretch which have missed the headlines. Even the most stupid individual can realize the chaos that lies ahead with an increase of flow of motoring skiers, hikers, campers, fishermen, hunters, sightseers, tourists weaving their way like a caterpillar of cars over the hump into Squamish.

Please do not take this as destructive criticism, Mr. Gaglardi. We are all in favor of opening up the incomparable grandeur of Garibaldi Park, but we implore you to improve this dangerous section first before any other new highway be constructed. This means, specifically, to straighten, and widen corners, to provide better culverts, to erect proper guard rails, tear down the Red Bridge and erect a completely new crossing.

Take it from the people who must put up with the conditions day after day. We welcome everyone to our wonderful valley of natural beauties but not in the back of an ambulance.

Make Saturday Election Day...

There is a movement afoot among municipalities in British Columbia to have elections held on Saturdays instead of Thursdays as has been the custom in the past. The thinking generally on this change has not been unfavorable and is gaining support.

A mid-week day seems to have little to recommend it, whereas a Saturday has much.

For one thing, more people are free from work on a Saturday than a Thursday, and presumably more voters might turn out (although as this newspaper

has oft stated, we are more interested in the quality of voter than in quantity).

And then The Times would add one more suggestion: that the first Saturday of any month be designated; thus clearing such an important day as far ahead of any other commitment as possible. Such a ruling could be applied to elections for all three levels of government for a Canadian, whether he logs out of Squamish Valley or fishes off St. John should have the inalienable and equal opportunity of getting to the polls.

Powell River Sets The Example...

The progressive, paper town of Powell River has taken time out from its busy municipal life to establish a museum. Recently a Powell River taxpayer donated building and property to the municipal council for the express purpose of starting a museum.

While we do not expect a Squamish Valley taxpayer to turn over his property to the Village Council for such a centre, The Times would like to see some effort put forward in founding a municipal museum. To initiate such a venture, the Council of our municipality might consider appointing several citizens as the nucleus of an historical society.

Its value may appear small, even unimportant, to some today, but it will inexorably become one of the most treasured features of our community.

Why Not Canadian Films...

A business firm, domiciled in Canada, advertises a free film library for distribution to Canadian schools. In fact, the pamphlet itself, is labelled "Printed in U.S.A." and all the films listed have been produced there for United States firms which, no doubt, hope to build up goodwill for their products among the younger generation of Canadians.

That is a legitimate activity and probably the films are worth seeing.

What raises the hackles of the Lions Gate Times is the way some of them are described. For example one, purporting to deal with the function of credit, says: "Authentic historical sequences explain the history of credit and credit reporting in the U.S.A. and how the expansion of our nation was aided by credit." Obviously the words "our nation" do not refer to B.C. or Canada.

Another film depicts the New York Stock Exchange. It is certainly worth while for high school students to know something about stock exchanges, but why should not our pupils be taught also by examples drawn from the active exchanges in Canada?

Consumate Wit...

Britain's High Commissioner to Canada, the Rt. Hon. Viscount Amory, who spoke to the Vancouver Board of Trade recently, revealed himself as a consummate wit, as witness the following examples:

"Our ancestors objected to taxation without representation. But of course they had not the experienced taxation with representation."

"Before, unaccountably, I lapsed into politics, I endeavoured to keep body and soul together as a textile manufacturer. Later I became a part-time banker. Any one who has been a textile manufacturer will know how convenient it is to com-

bine the two roles..."

"I must not follow the example of an Irish judge who pledged himself to steer a middle course between partiality and impartiality..."

"On this subject I must proceed as the porcupine is said to make love—very carefully..."

"I am reminded of the reason a drunken man clutches at a lamp post—more for support than illumination..."

On this showing, the new High Commissioner is unlikely to lack further speaking engagements on the west coast.

TASTY PIES, cakes, tarts and cookies, everything a gourmet's delight, were soon sold at the bake sale sponsored by the Women's Auxiliary to Squamish General Hospital, March 16. Above are auxiliary

members Mrs. W. Gedge, left centre, and Mrs. G. Behrner showing delicious pastries to Mrs. Annie Moon, left, and Mrs. J. S. Goad.

HOWE SOUND Old Car Parade HIGH NEWS On Easter Sunday

—by Judy MacDonald

This week has been a particularly busy one for us at Howe Sound High.

On Wednesday evening, March 14, we held our Public Speaking finals. Finalists were Jerry Hobson, Corinne Finter, Barbara These and Eric Lush.

Judging this event were Mrs. Ruth Smith of Squamish, Mr. Carrico of Manquam School and Mr. Allan of Britannia Beach. Eric Lush was given a well deserved first for his speech on "The Power of Words". Barbara These, with her speech on "Forms of Punishment", received second place.

The programme also included several samples of the talent roaming at large within our halls. Linda Mitchell played a selection from Beethoven on the piano. We also had a trumpet solo from Jackie Burey.

The Grade 8 choir sang us a selection of songs from different lands. This choir, just lately formed, is under the direction of Mr. Snowsill. Arlene Inghram was piano accompanist.

The School Band, under the direction of Mr. Owen Reeves, played several of their tunes. Our School Band is growing, and it is really surprising to hear how good they are becoming.

After the program was completed, the parents were free to visit the displays set up by the different classes.

The Biology display was very interesting. It contained several animals that had been dissected by the Biology 91 class. There was also some of the diagrams drawn by students during the past three years. These are really works of art and worth seeing.

The Chemistry class also had a very interesting display.

How come in the History 91 display, every time a certain note book came to the top of the pile, some conscientious person would hide it?

Basketball season ended this weekend. On Friday night our boys played against Delbrook,

losing 58 - 37. Roger Mercier and Wayne Drenka both made 13 points.

With the end of the season, badminton is taking over. The Badminton Tournament started this week.

Congratulations to Mr. and Mrs. I. Boscarol on the birth of a son at St. Paul's Hospital on March 16, weighing 7 lb. 3 oz.

Mrs. M. Bochen and her children of North Vancouver were recent visitors at the home of Mr. and Mrs. J. Eadie.

Mrs. E. P. Stathers went to Lillooet to spend a few days with her son and his family.

Constable and Mrs. A. Dreger of Williams Lake visited her parents, Mr. and Mrs. W. F. Allott before leaving for a holiday at Watrous, Sask. The young couple are motoring to their destination via Salt Lake City.

Stan Goad and E. P. Sathers went up the PGE line last week on an inspection trip.

Gwenyth Moncrieff of Britannia Beach entertained her friends, March 10, on her ninth birthday.

Those enjoying the afternoon party were Laurie Manson, Linda Sherwood, Patsy McNair, Christine Alison, Isla Patterson, Dorothy Marsh, Carol Hansen, Sharon Dyck, Norma Cripps and Mitchell Moncrieff.

Historic cars, dating back to the earliest year of motoring, will roll their ancient wheels again in Vancouver, Easter Sunday, April 22.

News From Woodfibre

by An Interested Reader

Congratulations to Linnea Wickstrom and Franco Colussi on their recent marriage. Their many friends here wish them all the best.

With wedding bells in the air, Gail Ramsay has been honored at showers given by her many friends and neighbours. Good luck, Gail, and many years of continued happiness!

A St. Patrick's Day dance was sponsored by the entertainment committee of the Community Club on March 17. We wish to extend an invitation to all you folks on the "Other Side" of the Sound to come and join us. The Community Club is planning on making these dances a monthly affair and hope to see some of you over here having a good time with the rest of us.

Welcome to all the newcomers here at Woodfibre and congratulations also to all the new parents.

The Woodfibre Guides and Brownies held a bake sale which was very successful and afternoon tea was delicious. We hope the girls will have another sale and tea soon.

The Ladies Auxiliary to the Catholic Church held a St. Patrick's supper, March 17.

Editor's note: We sincerely appreciate such interest from our unknown (to us) correspondent.

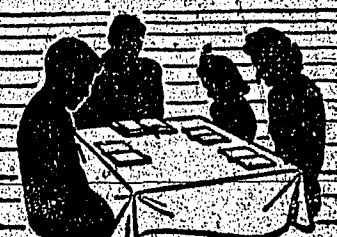

SOCIAL NOTES

by Freda Munro

Today's MEDITATION

The World's Most Widely Used Devotional Guide

The Upper Room

THE UPPER ROOM, NASHVILLE, TENNESSEE

I went down to the potter's house, and there he was working at his wheel. (Jeremiah 18:3, RSV.)

The ancient art of making pottery has been affected but little by the march of science and mechanization. Human hands, and the centuries-old potter's wheel are still the potter's chief tools.

A familiar hymn speaks of Christ as being the potter and of us as the clay. Upon the wheel of His love we are molded with the fingers of His compassion, and are made into vessels for His use.

In order for us to be made into vessels that are pleasing to God, it has been necessary for God to send His Son into the world, for Christ to sacrifice His life on the cross, and for us to yield our hearts to His redeeming touch.

What is our relationship to Christ? Have we yielded ourselves to the redeeming touch of the Son of God, the Savior of the world?

PRAYER:

O Thou, the potter of human souls, into Thy hands we submit ourselves. Make us vessels of service in Thy kingdom. Fill us with Thy spirit till all shall see Christ only and always living in us. In the age of power, we pray Thou wilt raise up a generation which is strong in faith, guided by the Holy Spirit, and conscious that only Thy redeeming power can make us into Thine image. Through Christ our Lord. Amen.

THOUGHT FOR THE DAY:

I will yield my heart to Christ so that He may mold me in accordance with His will.

Howe Sound Offers Club Director

The Howe Sound Company at Britannia Beach has offered to engage a full time recreation director for the Community Club if that organization is revitalized so that it has the enthusiastic support of the community.

Directors of the club feel this is an excellent opportunity to foster guided youth activities and adult entertainment and solicit the interest of the 170 families that do not now support the club.

Guide Goes To Denmark

Continued from Page 1

for four years and learned a great deal about the country she is writing to.

Her application then goes to the local committee, together with two or three letters of recommendation from local citizens such as her minister, her principal and local business people. This is reviewed and then forwarded with all other applications to the Canadian Girls Guide Association in Toronto. There, the ten girls were chosen by standards set down by that Association.

Judith had to enclose a letter, telling why she wanted to make this trip, and this is what she said:

HER OWN REASONS

"There are several things I hope to contribute to this trip. Most of all, I would like to pass along the legends of the 'Children of the Mountains' as the native Indians here are known. Many of these legends have great beauty, others tell of the weird and mysterious, others of great courage.

"Secondly, I would like to show how the Indians were self-sufficient, living for centuries in their cedar lodges, weaving baskets and decorating their belongings with beautiful beadwork.

"Thirdly, and perhaps the most important to me, I would love to tell of a land which spreads on the knees of the mountains, where glacier lakes range from turquoise to emerald green and where one can walk for miles without any sign of human habitation. Such a land is our land and I would like to share it even though it was just through words and pictures.

"There are many things I would like to gain from this experience, also. I would like to learn more legends and even more so, I would like to learn different folk songs. Also, I would like to see a land that has ghosts. Canada is a young land; not yet settled, she has not had time to gain that certain repose that a land filled with ghosts, gains in watching the generations pass along.

"Also, I would like to compare notes on Guiding with girls of different backgrounds. I hope to compare our camping methods with those of other lands, bringing back the new ideas to our Guides.

"All in all, I hope to meet other people and learn from them their different ideas and beliefs that I may become a more tolerant and understanding person."

STILL A LEADER

I think Judith has expressed how she feels about Guiding in that letter so well. She has continued, contrary to most Gold Cord Guides, with her Company, now working as a Leader, and giving invaluable assistance, especially to the younger girls.

Usually girls of this age group, unless there is a Ranger Crew to advance into, find that too much time needs to be given, and drop out for a few years, usually returning as a Leader. We feel honoured and humble that Judith has remained with her Company.

As you can see, being a Gold Cord Guide, or being a representative of your District at an International Camp is not acquired through the efforts of a Guide's Company, but through her own standards and efforts, set by herself.

One point I wish to make quite clear, is that a Guide cannot and must not go into Guiding with the attitude that she is out to earn a Gold Cord. A Cord is a recognition of the standards being maintained to the best of a Guide's ability, that are set down by Canadian Association. The challenge decides whether or not the girl has this ability. A Camp, on the other hand, may be applied for, but the decision rests on her own ability once again, to maintain the high standard, for only one in hundreds and hundreds of Guides ever get to be a Gold Cord, or attend an International Camp.

FULL SUPPORT

Judith's Company are supporting her to the fullest; the amount, to be raised is approximately \$500, which is the goal set by the Company to offset her travelling expenses. Judith on her own, will pay her camp fees; new uniforms, spending money, official dresses that are worn when not in uniform. This outlay will considerably raise the amount required by Judith from the \$500. The Company would welcome any suggestions on methods to raise the money.

A large ship will be mounted downtown, indicating how far along we are towards our goal; and it is felt that this would be a wonderful opportunity for this community or district, through this Guide, to advertise our community. Therefore, if anyone wishes to forward brochures, samples of products, relics of our area, or any other medium of this nature, please do so, and Judith will be able to advertise the Howe Sound through her exchanges with other Guides around the world.

Public Phone Wanted For Brackendale Visitors

Brackendale citizens, through the Farmers' Institute, are asking for a public phone booth to counter the nuisance of strangers pestering them to use their private phones.

Besides local calls there have been instances of long distance calls being made without the resident's knowledge until the bill comes in.

A site on the Brackendale store property has been offered to B.C. Telephone Company.

Letters To The Editor

Editor, Squamish Times:

I received a copy of your paper from a friend with the account of my husband's tragic accident and your letter to Mr. Gagliardi and I wanted to know that I appreciate the effort you took in this regard.

It's too bad that something like this has to happen before anything is done. My husband had travelled that road many times and often remarked on the terrible road conditions.

If there is anyone in particular that helped at that particular time I wish you would extend my sincere appreciation to them.

Thank you again for your kindness and maybe one day I can talk to you and find out what really happened.

Yours sincerely,
Mrs. Gwen Huddleston,
3345 E. 28th Ave.,
Vancouver 12, B.C.

Editor, Squamish Times:

I read with interest Mr. Robinson's speech regarding roads into the Pemberton district and am very much against the idea of using the B.C. Electric for a proposed this year outlet to the Pemberton District.

I feel that the money should be put on the Government survey. If there is to be a second road for the purpose of going in and out at an early date, I would suggest that you use

the B.C. Electric route along the Lillooet River down along the west side of Harrison Lake.

It is only a matter of two and a half miles of road to finish. It would be a great asset to the Government as it would be opening up country that has been used years gone by.

It would be of great interest to the travelling public to hit the Cariboo Road, the first road in British Columbia starting from Fort Douglas.

I would propose that Mr. Robinson talk this matter over with Mr. Gagliardi, the Minister of Highways, and also the member for the Cariboo, as the road eventually would connect with the Chilcotin and the Cariboo Highways.

We have been promised this road for quite a number of years and I would like you to make every effort to get it put through for this year.

Thanking you,
Thos. R. Greer,
Birken, B.C.

90 Years For 'Granny' Taylor

Mrs. A. C. "Granny" Taylor celebrated her 90th birthday at the home of her son, R. H. E. Taylor, March 9, at Pemberton.

She first came to Pemberton in 1913 and is now living in Vancouver.

Mrs. Taylor was a midwife, trained in England, and answered many emergency calls during her years in the valley.

She was the first president of St. George's Church Guild and was presented with a gift from the combined guilds of St. George's and St. David's.

She has seven grandchildren and numerous great-grandchildren.

PEMBERTON'S MRS. A. C. TAYLOR

PGE Asked To Improve RR Crossing

The PGE has been asked to remove obstructions to vision at the Depot Road level crossing at Brackendale following an accident between a car and a speeder last week.

High gravel banks and brush along the right of way at the intersection should be removed, according to the Squamish Farmers' Institute, to allow rail traffic to be readily discernable to road traffic.

Such remedial action is warranted, the SFI believes, since there has been a steady increase in the number of homes on Depot Road over the past few years, considerably increasing the traffic over this crossing.

Net results, gross results, or just results, a lot depends on what is expected or required. When you are selling property, what you are concerned in is the net results, or the amount of the cheque after expenses.

When you are buying a house, you are primarily interested in the gross results, or the amount of house you are getting for your money.

Either way, you are assured of the most value when you deal with us, because we are interested in the "end result," other words, "customer satisfaction."

ATTENTION WOODFIBRE

When coming off the ferry, take the **RIGHT** turn to the **LEFT**

Yes, that's the way to Squamish, where you can get the **BEST VALUES** in the **SHORTEST** time with the least **EFFORT**.

The shortest distance to a complete shopping district, a wide selection of what you seek, you find exactly what you want, at the price you want to pay.

Parking is free, everything is close at hand. Stores put their best buys forward in competitive bid for patronage. Squamish stores back everything they sell with their reputation for integrity. The folks in Squamish stores take personal interest in pleasing you.

Why travel a long way, and lose the advantages shopping in a smaller community has over going to a city, where parking is difficult, where vast crowds take the pleasure out of personal shopping, where nerve-trying traffic jams are apt to spoil your day.

Go yourself, or take the family out to Squamish, enjoy yourselves, do your shopping, save, meet friends, it all adds up to:

You always do better in SQUAMISH

KITCHEN KAPERS

—by PEG TINNEY

Have you ever wondered what to do with those leftovers? Of course you have. A thrifty housewife never likes to throw food away, but sometimes its so hard to know what to do with them, other than to feed them to the family pet.

From Dorothy Dean's home-makers service in the Spokesman Review in Spokane, Wash., comes some new ideas that may be of interest to my readers.

CROQUETTES IN VARIETY

3 tbsp. butter
4 tbsp. flour
1 cup milk
2 cups chopped cooked meat, poultry, fish or egg
1/2 tsp. Worcestershire sauce
Salt, pepper to taste
1 egg
2 tbsp. water
1 cup or more dry bread crumbs
1 tsp. minced parsley
1 tsp. grated onion
Melt butter in skillet; stir in flour. Add milk; cook, stirring until very thick. Add "meat", parsley, onion and seasoning. Refrigerate mixture for several hours or overnight.

Divide chilled mixture into 8 or 10 portions. Shape into cones, balls or pyramids. (If too soft to shape, add dry bread crumbs as needed.) Break egg into bowl; add water. With fork, beat until just blended. Place dry bread crumbs on sheet of waxed paper. Roll croquettes first in egg, then in bread crumbs; make sure all surfaces are coated. Refrigerate croquettes 30 minutes or longer to dry coating. Melt several tablespoons of fat in skillet; slowly brown croquettes to heat through and

brown all sides, or, fry in deep hot fat, 375 degrees, for 3 to 5 minutes until golden, or, place on well-greased baking dish, drizzle with melted butter; bake at 400 degrees for 20 to 25 minutes until golden.

BEST-EVER HASH

2 cups chopped leftover beef, lamb, veal, ham, pork, etc.
3 cups diced cooked potato
2 tbsp. butter
1/2 cup minced onion
1 tsp. salt
1/4 cup milk
Combine meat and potatoes. Stir in onion, salt, pepper and milk. Melt butter in large skillet; spread hash mixture evenly over bottom. Cook over low heat for 20 to 30 minutes or until underside is brown and crusty. Occasionally lift edge of hash to check browning but do not stir. Run spatula under edge to loosen; fold just blended. Place dry bread crumbs on sheet of waxed paper. Roll croquettes first in egg, then in bread crumbs; make sure all surfaces are coated. Refrigerate croquettes 30 minutes or longer to dry coating. Melt several tablespoons of fat in skillet; slowly brown croquettes to heat through and

Cost of operations and maintenance for Canada's armed forces in the 1962-63 fiscal year will be \$1,266,000,000.

Playoffs In Two Weeks

Woodfibre, Brackendale In Top Soccer League Spots

Approximately two more weeks of play remain before playoffs in the soccer league, but a look at the standings doesn't seem to give too much indication of who might be involved.

In the Seniors, Woodfibre has a comfortable lead with 20 points but the next four teams led by Brackendale are in the 13 to 10 range and Mamquam, in the cellar, has eight points.

The Juniors are not so closely divided. Brackendale leads with 20 points with the Bombers 3 points behind at 17. Woodfibre 4 points down with 13, and Mamquam with 10.

These total points, two weeks before the finals, indicate there may be some exciting outcomes in the playoffs.

In Saturday's games, March 17, the Seniors played three and the Juniors met for four contests.

Woodfibre beat Britannia 3 to 1; Canucks skunked Mamquam 4 to 0, and Brackendale tied with Canucks 2 to 2.

Junior games results were Brackendale 2, Woodfibre 1; Mamquam 4, Bombers 0; Woodfibre 5, Britannia 0.

T. C. Douglas To Address NDP Meeting

T. C. Douglas, National Leader of the New Democratic Party, will address a public meeting in the Vancouver Hotel Ballroom Friday, March 23, at 8:30 p.m.

This meeting will spark a busy weekend for the New Democratic Party, which includes the nominating convention for Vancouver-Burrard and a weekend school for candidates and campaign managers in the coming federal election.

The candidates' school will discuss campaign issues and strategy with party leaders such as Carl Hamilton, national secretary; Stephen Lewis, national organizer; Russ Irvine, campaign issues.

Square Dance Activity In High Tempo

The Squamish "Gals & Pals" square dance club were guests of the West Vancouver "Square Dancers" last Saturday, March 17. The "wearing o' the green" was the theme of the evening and dancing was kept at a lively pace by caller and M.C. Pete Prentice from Vancouver. Other guests came from Alberni and Port Alberni and were accompanied by their caller, Tom Evans.

Before setting off for home, the dancers were treated to a delicious pot luck supper. The Squamish group is planning a Jamboree on March 24 in the High School Gym. Guests and a panel of callers will come from Vancouver and districts. Spectators will be permitted in the bleachers at a nominal charge.

Coming Events

March 23
Cancer in Women films to be shown in United Church Hall at 8 p.m. All women welcome.

March 24
Square dance Jamboree. High School Gym. Guests and panel of callers from Vancouver. 8:30-11:30 p.m. Spectators 25c.

MOST TRAVELLED students at Howe Sound High are these boarding the ferry to Woodfibre. Twenty of them make the return trip twice a day. On the Squamish side they go to and from the boat by school bus. Here they are shown coming over the bow of the Harbour Princess, the substitute ferry in service for a week while the Garibaldi was being refitted.

New Station 8th Birthday At Pemberton For Laurie

Construction of a new PGE station at Pemberton has been approved.

A letter of confirmation from the government to Pemberton and District Board of Trade, indicates that work will start in the near future.

To celebrate her 8th birthday on March 9, Laurie Manson entertained at a supper party for 12.

Her guests were Julie and Doris Hoefflick, Christine Wendy and Mary Anne Manson, Carol Yardley, Linda Sherwood, Gwynneth Moncrieff, Isla Patterson, Christine Allison and Sherry Hall.

Britannia Beach News

by Mary Smith

Bill Matheson was a visitor at the Beach this week.

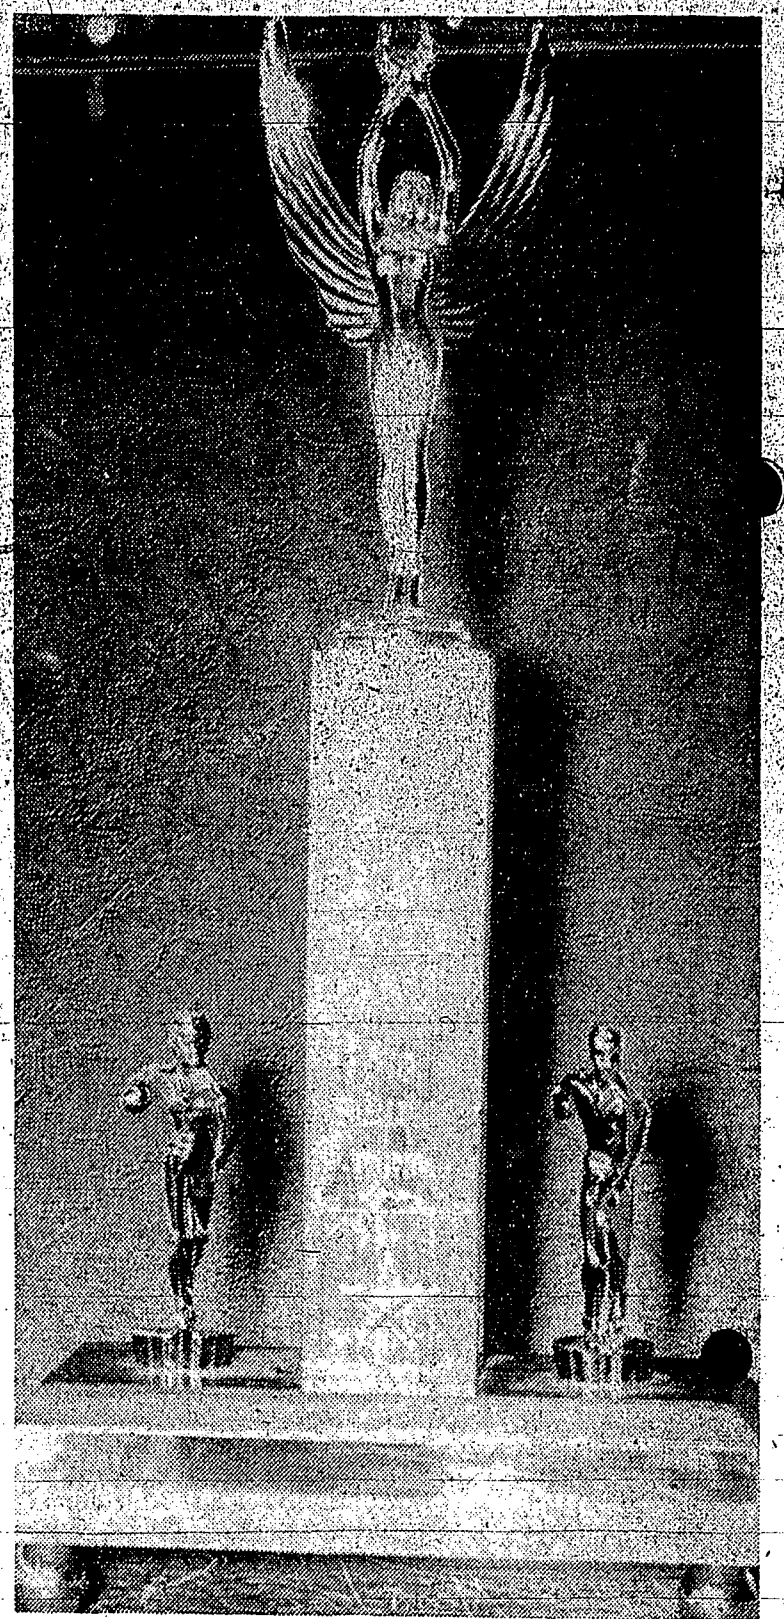

Other old timers looking up old friends were Mrs. E. Wharton and Mr. and Mrs. Alec Thomson.

Mr. and Mrs. L. Archibald and family spent the weekend at Osoyoos.

Mrs. E. Akers is a patient in Squamish Hospital.

Also in Squamish Hospital is Mrs. M. Adamson.

Mr. and Mrs. E. Oakes spent the weekend in Haney.

BOWLING TROPHY for which Squamish and Woodfibre teams are now competing has been donated by the Woodfibre Alleys.

Gates Opened At 17-Mile RR Crossing

The Cheakamus valley road to Garibaldi is again open to public traffic after having been closed for a short period a few weeks ago.

According to Al Hendrickson of Westbank Logging who is using the road for his logging operation at Starvation Lake, he installed gates at the 17-mile PGE crossing on orders from the PGE and the Department of Transport and kept them locked as requested.

After about 10 days of closure the order was lifted and the gates are now left open.

Pemberton News

by Mollie Ronayne

Congratulations to Mr. and Mrs. Warren Tallefer on the birth of a daughter, March 6, at Pemberton.

The three schools in the district were open to parents during Education Week: at Mount Currie and Pemberton Meadows, March 8, and at Pemberton on March 9.

St. George's Anglican Church is applying for a student minister for the summer months. Three years ago one attached to the Lillooet church held services at Pemberton.

Another case for a

Scotia BANK

Home Improvement Loan

Maybe a loose shingle started it. Or worn-out weather stripping. Or a gnawing band of termites. Whatever it was, plugging a leak properly can be expensive—and, of course, the longer it's left, the more costly a repair becomes. This goes for peeling paint, crumbling concrete, and missing mortar too.

Yes, keeping a house in shape sometimes costs a lot of money, and occasionally it may cost more than you have on hand. What then? The answer may be a Scotia Bank Home Improvement Loan... money you can borrow at low interest for repairs... or for extra bedrooms, a garage, a carport, modern heating, new and up-to-date plumbing—things that maintain or improve your home as an investment. Just call at your nearest branch of The Bank of Nova Scotia. See the manager. He will welcome the opportunity to discuss how a Scotia Bank Home Improvement Loan can help you.

Scotia BANK
