Bring 'Em Back Alive Pemberton Pig Story

Pigs, generally considered in this country to be docile, domestic animals, are just a jump of the fence removed from the big game category, according to this story from Pemberton.

One never thinks of a pig getting far off the ground or very far away from home, but this young weanling porker climbed out of his pen, four and a half feet high, and ran one and a half miles down the road, then across to Ryan Creek, swam this "quite sizeable river," ran back up through the bush, swam the creek again, dodged back out onto the road another mile before being captured.

Sounds like a thrilling chase for any fleet-footed farmer.

Fire Destroys Spetifore Home

The Pemberton home of Mr. and Mrs. Bob Spetifore was totally destroyed by fire on Sunday afternoon, May 6. No one was injured but little of the furnishings was saved.

The fire started in the roof between two chimneys and spread rapidly.

It was seen first from the road by the McNulty family who were coming to celebrate Mrs. Spetifore's birthday. They spread the alarm which drew plenty of help to the scene but the early collapse of the roof foiled attempts to save much of the furniture.

Insurance was carried on the large two-storey house which had been built in 1930 by Chris Gilling to replace a house that had also burned.

Mr. and Mrs. Spetifore and their children, Bobbie, David, Roseanne and Gregory, spent two days with her brother, Mervin McNulty, before moving to The Willows, a small house on their property.

Robinson Becomes Principal

Reg Robinson, a former vice-principal of Howe Sound High, has accepted the position of principal of a new 9-room elementary school in Coquitlam.

Mr. Robinson left here a year ago. His new school will open this fall.

BRENDA FLEMING, chosen Copper Queen at Britannia Beach, will be crowned with the traditional ceremonies on May 25, as part of the annual community club celebrations.

STAKING OUT LOCATION of community swimming pool last Saturday were John Drenka, holding stake, from left are Russell McKendrick, Frank Wilson, Dr. Laverne Kindree and Al Hendrickson.

To Develop Resort Area At Brandywine Falls

Purchase of Brandywine Falls and 360 adjacent acres for resort development has been announced by new owner, Capt. Ray Gallagher of Vancouver.

The 210-foot falls is 28 miles north of Squamish, four miles south of Alta Lake, with the PGE Railway and the road running right through the property.

Gallagher, a former merchant marine captain, has formed a company for development of a winter and summer recreation area which will include a

lodge, camping sites, picnic sites, teasheds, marina on Daisy Lake, gas station, general store and other resort facilities.

Besides the magnificent scenery of the area with excellent views of the Black Tusk and other peaks in Garibaldi Park, it is ideal for almost any sort of outdoor recreation, according to Gallagher.

There are five other small lakes and other water falls on the property. The lakes are ideal for swimming and, of course, Daisy Lake is noted for excellent trout fishing.

Black Tusk meadows are only five miles from the falls by trail. This and other nearby mountains offer good skiing in the winter.

The guest lodge will be of modernistic design and built of local timber and stone.

Capt. and Mrs. Gallagher and their 4-year-old daughter are moving to Brandywine to oversee development.

He has operated Garibaldi Tours from Vancouver to the falls for the past two years using a jeep. Building of a two-lane gravel road to Alta Lake by the provincial department of highways is now in progress and is to be finished this year.

Talent Unlimited At Art Show

Friends and relatives turned out en masse Thursday night to admire the work of the local art club at Britannia.

The Women's Association used their annual Spring Tea to sponsor the showing of a sample of what was accomplished in the first year of the art club's operation. Each of the members exhibited at least one picture.

There was shown at least one of each of the five still life studies done by the club, scenes ranging from Yellowknife to familiar local ones, and a few portraits — even one of Pat McCauley's dog, Caesar.

Judging from the comments there was genuine amazement

at the amount of talent displayed by "the next door neighbor."

From the sound of things there will be a lot of recruits next year eager to join the pioneer group of Mrs. W. Nelson, Mrs. D. McGregor, Mrs. H. Shuttleworth, Mrs. J. McCulloch, Mrs. D. North, Mrs. L. Allan, Mrs. C. Bradley, Mrs. A. McCutcheon, Mrs. V. Gladman, Mrs. L. Moncrieff, Mrs. H. Chisholm, Mrs. M. Adamson, Mrs. M. Kew, Mrs. A. McDougall, Mrs. P. Emery, and Mrs. R. Alexander.

Public Library Open House Well Attended

Squamish Library's annual Open House had a larger attendance this year than on previous occasions. Partial cause might have been the added attractions which aroused much interest and comment.

The register of the old Galbraith Hotel was carefully inspected by many patrons while others expressed their intention of returning at a less busy time to peruse the book in a leisurely fashion.

The many examples of lapidary work done at the Night Class under Mr. and Mrs. W. Boyd led viewers to hope that such a class will again be offered by the School Board during the coming winter. Amusement was expressed at the high level of craftsmanship achieved by the workers in such a short time.

Tea was served by members of the circulation department of the library; those assisting were Mrs. S. Blasko, Mrs. W. Smith, Mrs. H. Routledge, Mrs. Alex. Sullivan, Mrs. D. Regier, Mrs. C. Tatlow and Mrs. F. Munro.

The visitors book and door prize was in the care of Mrs. G. L. Campbell. Winner of the door prize was Miss Cathy Jardine.

Reforestation Speeds Forest Production

Advances Cycle 10 Or 15 Years

Reforestation crews have completed planting 13,000 fir seedlings on 94 acres in the Empire Mills tree farm licence.

This area, near Chuck-Chuck Creek, was logged off six months ago, burned off in April, and is now back in production 10 to 15 years earlier than it would have been under normal conditions.

SEED YEARS RARE

Fir trees do not produce seeds every year but may do so only every seven to 10 years, according to J. F. Jacobsen, woods manager.

Then, if the ground in a good seed year is overgrown with weeds and brush, the seeds may not germinate readily and may be choked out if they do. Fir needs plenty of moisture and sunlight for propagation.

The seeds for the small trees used in this planting were picked from selected Squamish valley trees in the fall of 1959, planted in this spring of 1960 at the provincial government's Green Timbers nursery, nurtured for two years and returned to Empire Mills this spring for planting. They range in height from 16 to 24 inches.

SELECTED TREES

Selection of the seed trees was made by Mr. Jacobsen, the company's forester. Only young, healthy, well formed trees were chosen, he said, and the cones were picked by Marvin Wutzke and Jerry Fairbanks, two teenage boys light enough to climb the trees without breaking them.

The cones were sent to an extraction plant to remove the

seeds and stored in a special seed bank until spring planting in the nursery.

The reforestation area in this case, said Mr. Jacobsen, is of the same elevation, 1000 feet, and terrain as that from which the seeds came.

Copper Queen Crowning May 26

Miss Brenda Fleming will be crowned Copper Queen of Britannia on Saturday, May 26. The ceremony at which the retiring Queen, Karen Lindley, will hand over her crown is scheduled for 2 p.m.

Attendants chosen by the Queens are as follows: Maid of Honor, Jeanette Lindley; Wendy Bruhn; Sharon McGregor and Kerry Anderson; Flower Girls, Vivian MacDonald, Heather Allan, Charlene Friesen and Barbara Flemming; Train bearers, Wendy Cartwright, Debby Adams, June Marotte and Stacie Harker; Crown bearers, Dale Christiansen, Eugene Boys, Victor Lindley and Wynny Baker; Mrs. D. McGregor and Mrs. J. MacDonald are in charge of coronation arrangements.

A day of sports with a children's dance beginning at 7:30 p.m. and an adult dance at 10 p.m. has been planned by Dave Clark, club entertainment chairman.

Legion LA Delegates

Mrs. E. B. MacDonald and Mrs. Owen Reeve represented the Squamish L. A. to the Royal Canadian Legion No. 143 at the annual convention held this year in Penticton.

The ladies reported a very informative and lively convention, which opened on Sunday, May 6th with a church parade to Penticton United Church, preceded by the laying of a wreath of poppies on the Cenotaph.

Mrs. Reeve was standard bearer and Mrs. MacDonald was an official Delegate.

FIRST TREE PLANTING in the reforestation program of Empire Mills Tree Farm Licence shows company officials examining a 21-inch, two-year-old fir seedling, one of 13,000 now planted over 94 acres in the Chuck-Chuck Creek area, 23 miles north of Squamish. From left is J. F. Jacobsen, woods manager of Empire Mills; E. F. Burnett, vice-president of logging for Canadian Collieries; and B. J. Keeley, manager of Empire Mills Ltd.

MUSICAL ACHIEVEMENT of Jacqueline Buffrey is rewarded here with the presentation of the Lee-worthy Trophy by the Rev. Norman Penrose following the Amateur Concert in the high school auditorium, May 4. This is her second consecutive year to win the trophy for her accomplished trumpet playing.

Vol. 6 No. 20 SQUAMISH, B.C. THURSDAY, MAY 17, 1962

FOREST CONSERVATION WEEK

Forest Conservation Week is an occasion to think seriously of the many reasons why we must do our utmost to preserve Canada's vast forest resources. Canadians from coast to coast share in the prosperity derived from the forest industries which form the most important segment in the national economy. Forest lands also offer scenic beauty and they provide recreation and sport. Governments, industry and various

organizations are engaged in forest protection and management and reforestation activities. We must also do our part as individuals to assure that the forest is not needlessly threatened by fire.

The Canadian Forestry Association is to be commended for reminding us of an ever present responsibility for conservation of our forest wealth.

JOHN DIFENBAKER,
Prime Minister

Prevent Forest Fires...

Apart from lightning strikes, every fire which starts anywhere in the woods is man-caused and is, therefore, preventable.

Modern society does not meekly submit to the ravages of communicable disease because most such diseases have been found to be preventable. Forest Conservation Week serves to remind us that forest fires are in the main the product of man's own carelessness and can be thwarted by man's initiative.

The individual, as a good citizen aware of his responsibilities, can help to reduce the risk by using extreme care in the forest. Our leaders, teachers, preachers, professional foresters, elected representatives and literally everybody in Canada must be convinced that this red plague must and can be brought under control.

In our Squamish district and north to Pemberton the first hazards will increase as remote areas become opened up with roads, trails, aircraft and people. Areas that have been dry and hazardous every year, just ripe for a spark but never burned, will be less secure from a man-made spark.

This is not to suggest that these areas should not be opened up. They should be. The country belongs to the people who inhabit it. But we should always realize that when we add risk to natural hazard we had better exercise every caution to prevent fires.

It is the prevention of forest fires, before control is necessary, that will create the ideal condition for the perpetuation of our greatest renewable resource.

An Independent Newspaper...

At election time there is reference to "independent" newspapers, and the question is often asked, just what is an independent newspaper?

An independent newspaper, politically speaking, is usually considered one which does not link its editorial page policy with any party. Most newspapers strive to reflect "independence"—objectivity—in their news columns.

An "independent" newspaper, then, might be described as one which prefers to weigh issues regardless of political party stands and one which feels free to endorse candidates of any party if it so chooses.

The Squamish Times is dedicated to inform and lead public opinion, to foster

commerce and trade and to furnish that check upon government which no constitution has ever been able to provide.

For the ensuing issues previous to the federal elections the Squamish Times will carry news, pictures and advertising for Coast-Capilano's four political parties so that the electorate will be afforded an opportunity of reviewing and thinking over the policies and platforms and promises of candidates. In this manner, The Times will be serving its thousands of readers in the fairest and most intelligent manner possible.

But the Squamish Times IS an "independent" newspaper, beholden to no political party.

"Fillerup..."

Several metropolitan service stations have introduced the sale of hardware and sporting goods services along with petrol. Further we read that down in the United States several American gas station chains have introduced grocery, laundry and hardware services.

At the same time, supermarkets south of the border are experimenting with roving gas tanks to refuel parked cars of grocery shoppers.

What with snacks in movie houses, movies in airplanes, pharmacy items in

groceries, clothes in drug stores, organ music at ball games, art exhibits in banks and restaurants and boat sales in department stores, it's hard to know where to go shopping nowadays.

Maybe Squamish and Pemberton citizens will soon be able to buy anything anywhere and everything in one place. This wonderful new integrated system might be called something original, like "the village market place."

Then someone could start a few specialty stores.

EXCAVATION of the swimming pool on the designated acre adjacent to the high school began last Sunday. On hand for turning the first sod were

Dr. L. C. Kindree, left, and A. W. Hendrickson, chairman of the pool committee, and dragline operator, Jimmy Harley.

History Notes

By W. Green

SHIPS OF THE T.S.N. Co.

The Cates' shipping concern was at first known simply as the Terminal Steamship Co., an unincorporated business. Upon incorporation in 1908, it became the Terminal Steam Navigation Co. Ltd.

Terminal Steam Navigation had three steamer routes to maintain. These were the Howe Sound, the Indian Arm, and the Gibsons Landing routes, each of which was complete with its own picnic ground and dance pavilion or hotel. These were respectively Bowen Island Resort, Belcarra Park, and Seaside Park.

In order to serve these routes, three ships were required. For this reason the T.S.N. Co. bought the cannery tender, Ulicana from the United Cannery Co. and re-named her Belcarra. I believe in 1907.

As this ship was never on the local run, except as a spare, it is enough to say that she was a 100-foot steamer and that she was wrecked on Sept. 10, 1910, when her captain mistook a light in a house for one of the King George Hotel which should have been on a (now Squamish), Newport float, with the result that she ran onto a reef and was totally along each side of Cleveland wrecked. This happened in Avenue.

Agamemnon Channel, Jervis Inlet. After the Britannia had been brought about by the Howe Sound for seven years, since launching in 1902, the T.S.N. Co. bought a still larger ship for the Sound trade. This ship was the big stern-wheel river carried out by two subsidiaries steamer R. P. Rithet which had of the railway company. These were the Howe Sound Development Co. and the Newport

Irving. This ship, which was licensed to carry 700 passengers, had its name changed to Baramba and on May 21, 1909 commenced serving the Sound. Squamish by this time had become Newport, and Newport it was all the time that the Baramba ran here.

The Baramba service to Newport and Britannia was contemporary with the building and operating of the Howe Sound and Northern Railway. She was the ship that plied local waters during the Newport era.

Although she was only on the Sound for about four years, they were the boom years of the building of the townsite of Newport and supplanting it with water, the building of the King George Hotel which should have been on a (now Squamish), Newport float, with the result that she ran onto a reef and was totally along each side of Cleveland wrecked. This happened in Avenue.

There is no doubt that the Newport boom was entirely brought about by the Howe Sound and Northern (at first since launching in 1902, the called the Howe Sound, T.S.N. Co. bought a still larger ship for the Sound trade. This ship was the big stern-wheel river carried out by two subsidiaries steamer R. P. Rithet which had of the railway company. These were the Howe Sound Development Co. and the Newport

PGE Hall To Become 8-Lane Bowling Alley

Renovation of the old PGE Hall is under way to convert it to an eight-lane bowling alley.

R. G. Patterson and associates of West Vancouver, owners of the Bowladrome at 15th and Marine Drive, have taken over the former community hall and plan to have it open for organized league bowling in the fall.

There will be a complete coffee and refreshment bar and five and 10 pin bowling with pin boys setting pins. A 10-foot addition will be built on the back to accommodate the pits.

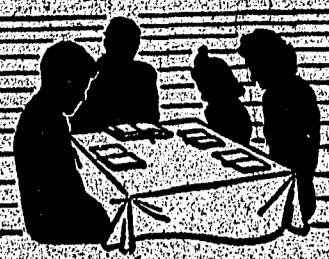

Organizers of leagues may now make arrangements for start of the season bowling in September by writing to Post Office Box No. 255, Squamish, B.C.

Water Co. Norton & McKinnon's New-plant at Mill Creek (now Wood-fibre). The Baramba then did a rip-roaring business and although able to accommodate 700 passengers, was well patronized until she was sold by Cates' T.S.N. Co. in 1913 to be stripped and reduced to a cargo barge. Both the Newport boom and the Baramba were at the inevitable end.

Also during this time the Newport Sawmills plant was built by Messrs Young and Scott, and the Howe Sound and Northern Boom Co. was booming logs from Squamish Timber Co., Leftergy & Co. and McIntyre, as well as the previously mentioned Newport Timber Co. 300,000 board feet of logs a day were boomed.

When logging began to lag in 1913 the slack was taken up by the resumption of railway building, this time by the Pacific Great Eastern Railway Co. and also by the activities of the Whalen Pulp and Paper Co.

Today's MEDITATION
from
The World's Most Widely Used
Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Proverbs 15:8-15
1 John 3:19-24

The sacrifice of the wicked is an abomination to the Lord; but the prayer of the upright is his delight. (Proverbs 15:8).

There is a story of a man who asked for this gift—not to die. His wish was granted, but he forgot to ask that his youth and health and strength also might last forever.

Years later, age and its infirmities and weaknesses were weighing him down. Existence—for it could hardly be called life—was one long torment to him. He wished to die, but could not. He had asked for a thing which he became totally unfit to enjoy.

In our prayers we often seek things which we might shrink from seeking if we knew that they must come to us through pains, tears, and loss. The better way to pray is to seek God's will for us. Thus we open the way for Him to give what He sees best for us, and in the way that He knows to be best.

The prayers of the upright delight the Lord. The righteous offer prayers of gratitude and repentance, songs of praise because of His divine love and great mercy. They ask His help and guidance.

PRAYER:

O God, be merciful to us sinners. Enable us to offer Thee true worship in our prayers and gifts, in the spirit in which we live and in our actions. We pray in Christ's blessed name. Amen.

THOUGHT FOR THE DAY:

Prayer is not a means to escape evil, but is our God-given means to become strong to meet it.

THE TURNING POINT—

"The Decline of the Dollar"

By JACK DAVIS
for COAST-CAPILANO
Riding

Our exchange rate is like a barometer. When it goes up, other people are investing heavily in Canada's future. When it goes down, there is a buyer's strike and they are selling out. The recent devaluation of the Canadian dollar, judged in this way, is an admission of failure. Our financial weather is getting worse and there are some real storms ahead.

Canada's dollar reached its post-war peak of \$1.06 in 1957. But after 5 years of Tory rule it is down to 92.5 cents. Six successive budget deficits, harsh words about foreign investment, and the absence of teamwork at home and abroad have caused the Canadian dollar to drop off. No government likes to admit failure at election time. However, the Conservatives had little choice. The run on our dollar was so bad that they had to peg it down with the aid of the International Monetary Fund.

Let us not lose heart! We have all the resources and the know-how to make our nation great. But a change in government is essential. Confidence will return. Exports will increase and construction pick up again. Let us create a better climate for expansion in the years ahead. We can each do our part by voting for Mike Pearson and his Liberal team on election day.

SUNDAY HOURS: NOW 10 A.M. TO 4 P.M.

FATHER AND SON DUET by Bert and Don Summerskill was a feature of the Amateur Concert sponsored by the Harmony Circle of the United Church, May 4.

Bill Payne Says:

Build Garibaldi With Prov.-Fed. Co-operation

Development of Garibaldi Park can become a reality if Victoria will co-operate with the federal government.

It was announced today by Bill Payne, Coast-Capilano Progressive Conservative candidate and member of parliament in the last government.

Mr. Payne told The Times that he has taken part in a number of discussions with authorities in Victoria, but there was always some reluctance on the side of provincial officials to bring the matter to a head.

"We, in Ottawa," he said, "are most anxious to have this fine tourist attraction developed. We cannot vote money for it until it is named a national park site."

"If the government at Victoria would turn it over to Ottawa, work would get underway immediately. It will require an expenditure of some millions of dollars and the actual engineering survey could take a long time."

"From the standpoint of a tourist attraction, I am convinced we have one of the finest potential parks on the continent."

"It would prove a real boost for Squamish and I feel confident that residents of Squamish are getting a little tired of officials to bring the matter to a head."

"I will guarantee that if Victoria wants to see Garibaldi developed, Ottawa will move fast in the setting aside of funds to get the show on the road."

Mr. Payne reported that he had been in constant touch

with those who are interested in the park as a winter sports mecca.

He said also that it could be used as picnic attraction during the summer.

"I would like the full support of Squamish residents," he said, "in my efforts to go ahead with this project. It is important to the economic progress of the entire Pemberton Valley, but it should have a particular impact on Squamish."

Babe Ruth Baseball Opener

Babe Ruth baseball opened last Saturday with the winning team, under dog all the way in the last inning, taking the game by a score of 14 to 10.

Team Three won over Team One though Team One picked up a 4-1 lead in the first inning and stretched it to 10-9 in the sixth.

But the seventh and last inning told the tale with Team Three scoring five runs to win 14 to 10.

Winning coaches were Ed Zdyk and Ed Vivier. Team One is coached by G. Goodall. Game next Saturday is played at 10:30 a.m., Team Two vs Team One.

Parents may be too old to play but they should not be too old to come and watch the boys.

PAST presidents and charter members of Squamish Lions Club gather around president Jacques Moon, third from left, on the fifth anniversary of their founding. From left is E. B. MacDonald, F. P. Flack, founding president, and Danny Thom.

SOCIAL NOTES

by Freda Munro

Robert Moule of Prince George spent a week visiting his parents, Mr. and Mrs. Les Moule.

Congratulations to Mr. and Mrs. J. Helgason (nee Barbara DeBeck) on the birth of a son at the Squamish General Hospital on May 7. Baby weighed nine pounds, six ounces.

Miss Gwyneth Judd of Victoria is spending some time with her father, E. T. Judd.

Mrs. J. Castle has returned from a trip to Lillooet where she visited her daughter, Mrs. J. Leech.

Mrs. M. Edwards of Vancouver is the guest of her daughter, Mrs. J. Buchanan.

Visiting Mr. and Mrs. Reg MacCormack recently were Mrs. R. Rebagliatti and her children and Mrs. Robert MacCormack and two of her children from Pemberton.

Out deepest sympathy is extended to the family of the late Tony Mitchell.

Mrs. A. Pepper of Shellbrook is visiting her mother, Mrs. D. Morrison.

Miss Josie Rudan was up from Vancouver to spend the weekend with her parents, Mr. and Mrs. J. Rudan.

Mr. and Mrs. F. Green and their son Shaun of Vancouver spent the Mothers Day weekend with her parents, Mr. and Mrs. J. Elliott.

Miss Patricia Wilson of Vancouver spent the weekend with her parents, Mr. and Mrs. F. Wilson.

Congratulations to Mr. and Mrs. W. Boscarol on the birth of a daughter at the Squamish General Hospital on May 12.

MAY DAY PROGRAM

MAY 19, SATURDAY:

Cabaret Dance sponsored by the Mamquam V.F.D. Parish Hall, 10 p.m. - 1 a.m. Local orchestra.

MAY 20, SUNDAY:

SOCCER GAMES: 2 to 3 p.m. Brackendale Juniors vs. Bombers Juniors. 3 to 4 p.m. Mamquam Seniors vs. Stawamus Seniors.

MAY 21, SATURDAY:

12:30 p.m. — Parade forms at old P.G.E. station — N. Candy, paradesmaster.

1:00 p.m. — Parade leaves, proceeding up Cleveland to Junior High school grounds.

1:30 p.m. — Judging of floats.

TENDERS

SEALED TENDERS addressed to: Secretary, Department of Public Works, Room B-322, Sir Charles Tupper Building, Riverside Drive, Ottawa, and endorsed "TENDER FOR TWO-CLASSROOM ADDITION, ST. PAUL'S INDIAN DAY SCHOOL, NORTH VANCOUVER, B.C." will be received until 3:00 p.m. (E.D.S.T.), WEDNESDAY, JUNE 13, 1962.

Plans, specifications and forms of tender can be seen, or can be obtained on deposit of sum of \$50.00 in the form of a CERTIFIED bank cheque to the order of the RECEIVER GENERAL OF CANADA through:

Chief Architect, Room D-715, Sir Charles Tupper Building, Riverside Drive, Ottawa; District Architect, 1110 West Georgia Street, Vancouver, B.C.; District Office, 816 Government Street, Victoria; and can be seen at the Post Offices at North Vancouver and Squamish; and at the offices at The Building & Construction Industries Exchange of B.C., Vancouver, B.C.

The deposit will be released on return of the documents in good condition within a month from the date of reception of tenders. If not returned within that period the deposit will be forfeited.

To be considered each tender \$25,000 and over must—

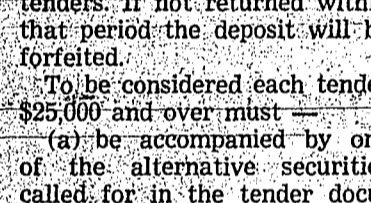

(a) be accompanied by one of the alternative securities called for in the tender documents.

(b) be made on the printed forms supplied by the Department and in accordance with the conditions set forth therein.

The lowest or any tender not necessarily accepted.

ROBERT FORTIER, Chief of Administrative Services and Secretary.

Tourist Info Centre Opened

Information on any aspect of travel and camping in British Columbia is available at the government's new Information Centre, 787 Hornby Street, Vancouver. The centre was opened April 25 by Trade and Commerce Minister, the Hon. R. B. Bonner.

In addition to Travel Bureau personnel, the Centre is staffed by members of the Fish and Game Branch for issuance of hunting and fishing licenses.

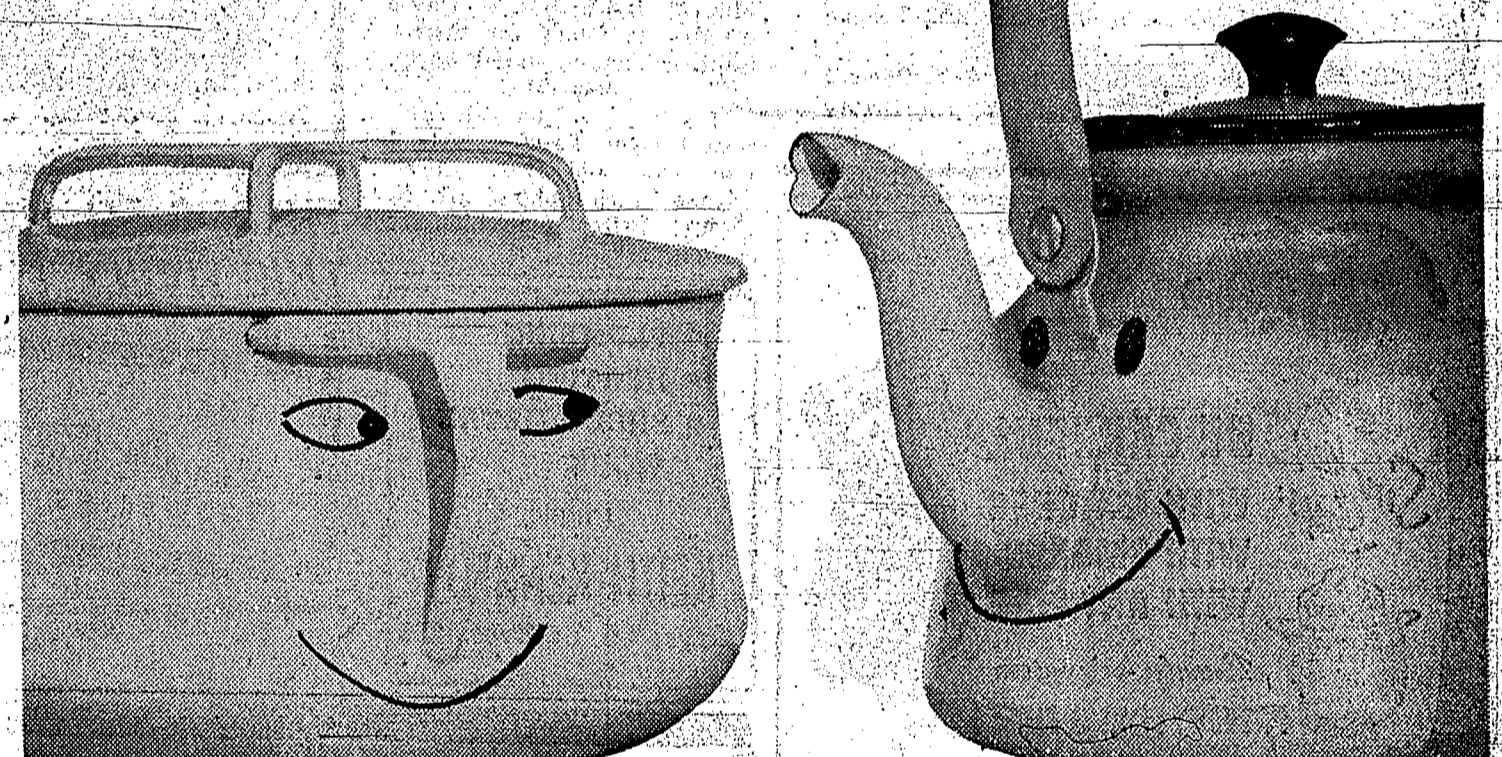

Outlining the policy of the Centre, Recreation and Conservation work with organizations inter-acted in the Travel Industry, Mr. Turner said his department did not intend to compete with anybody.

"The aim of the centre," said Dr. Turner, "is to provide maximum information in the minimum time. We also want to work with organizations inter-acted in the Travel Industry, local or provincial. Between us, I know we can do a really marvelous job."

Mr. Bonner said some 2½ million visitors brought \$115 million to the province last year. This year, as a result of the Seattle World's Fair, that figure could be around four hundred million.

Present signs indicate tourist flow to British Columbia will indeed be considerable. Travel Bureau officials in Victoria say inquiries have been at the rate of 809 letters a day on a recent weekly count. Thus, the new centre will be especially helpful to United States tourists from Seattle en route to British Columbia.

"Now the visitor has to make only one stop on the mainland," said Dr. Turner. "Such streamlining of facilities will mean better service all round, and to which should be added the time saved to speed our guests on their way to enjoy our province."

The pot no longer calls the kettle black!

Electric cooking is clean. No smoke. No soot. No odour. This not only saves you scouring pot bottoms meal after meal but helps keep your kitchen clean and tidy, too. An electric range is easy to keep clean. Surface elements lift up, letting you clean the underpan quickly. And on many models you can slip the oven door off for fast cleaning.

Electric cooking is cool. Cool because the heat stays concentrated in the element itself. The oven is heavily insulated to keep heat where it belongs—inside.

Electric cooking is fast. The surface elements on the new ranges are made of hard light metals that warm up almost immediately (and cool off just as fast). You cook when you're ready—not ten minutes later.

Electric cooking is clean, cool and modern. To see the latest models, and the latest in automatic range features, see your appliance dealer now.

TROPHY PRESENTATION to Woodfibre senior soccer team is received by captain Gordon Teichman at banquet in Howe Sound High School, May 11. Making presentation is A. Hoogenboom, president of Howe Sound School District Service Employees Association, donors of the trophy. This was Woodfibre's first year in the league.

TROPHY WINNERS in junior soccer was the Brackendale team whose co-captains, Norman Ross, left, and Ian Taylor, receive the Howe Sound Teachers Association trophy from president Rudy Dyck, at the annual soccer banquet attended by a capacity crowd, May 11.

We wish to thank our friends and neighbors for their kindness and sympathy, and for the beautiful floral tributes received by us in our bereavement in the loss of a beloved husband and father. We thank especially Rev. Norman Penrose for his consoling words.

Mrs. Erna Mitchell and family.

ENGAGEMENT

Mr. and Mrs. A. Hoogenboom wish to announce the engagement of their daughter, Gerda Ria, to Mr. William Joseph Hall, son of Mr. and Mrs. Brian Hall of Nanaimo, B.C. The wedding will take place June 9, 1962, in Squamish United Church at 7 p.m. The reception will follow in the Ellis Hall.

ENGAGEMENT

Mrs. B. Amundsen of Squamish is pleased to announce the engagement of her daughter, Faye Priscilla, to Nelson Richard Barreau, son of Mrs. E. M. Sack of Vancouver. The wedding will take place in the United Church in Duncan on June 9, 1962, at 7 p.m. Reception will follow in Vimy Hall.

UBC Beef Cattle Research: Finest

The University of British Columbia now has the most up to date facilities in the west for beef cattle research as a result of the opening of a \$28,000 beef cattle laboratory.

The laboratory, officially opened May 5, will be used for student projects and long range research and development by UBC faculty members.

A total of 130 beef cattle are presently housed in the laboratory which is engaged in intensive research on nutrition. A feature of the opening ceremony was a report on new high energy feeds for beef cattle.

Largest donor toward construction costs of the laboratory was Canada Packers Ltd., who gave \$10,000. Balance was given by UBC, the Victor Spencer beef cattle research fund, and the B.C. Cattlemen's Association fund.

Dean Blythe Eagles, head of UBC's faculty of agriculture, said the new building was the first of a group of ancillary laboratory facilities for the faculty which will be consolidated or constructed at the south end of the UBC campus.

Food at its Finest SPECIAL FAMILY DINNER

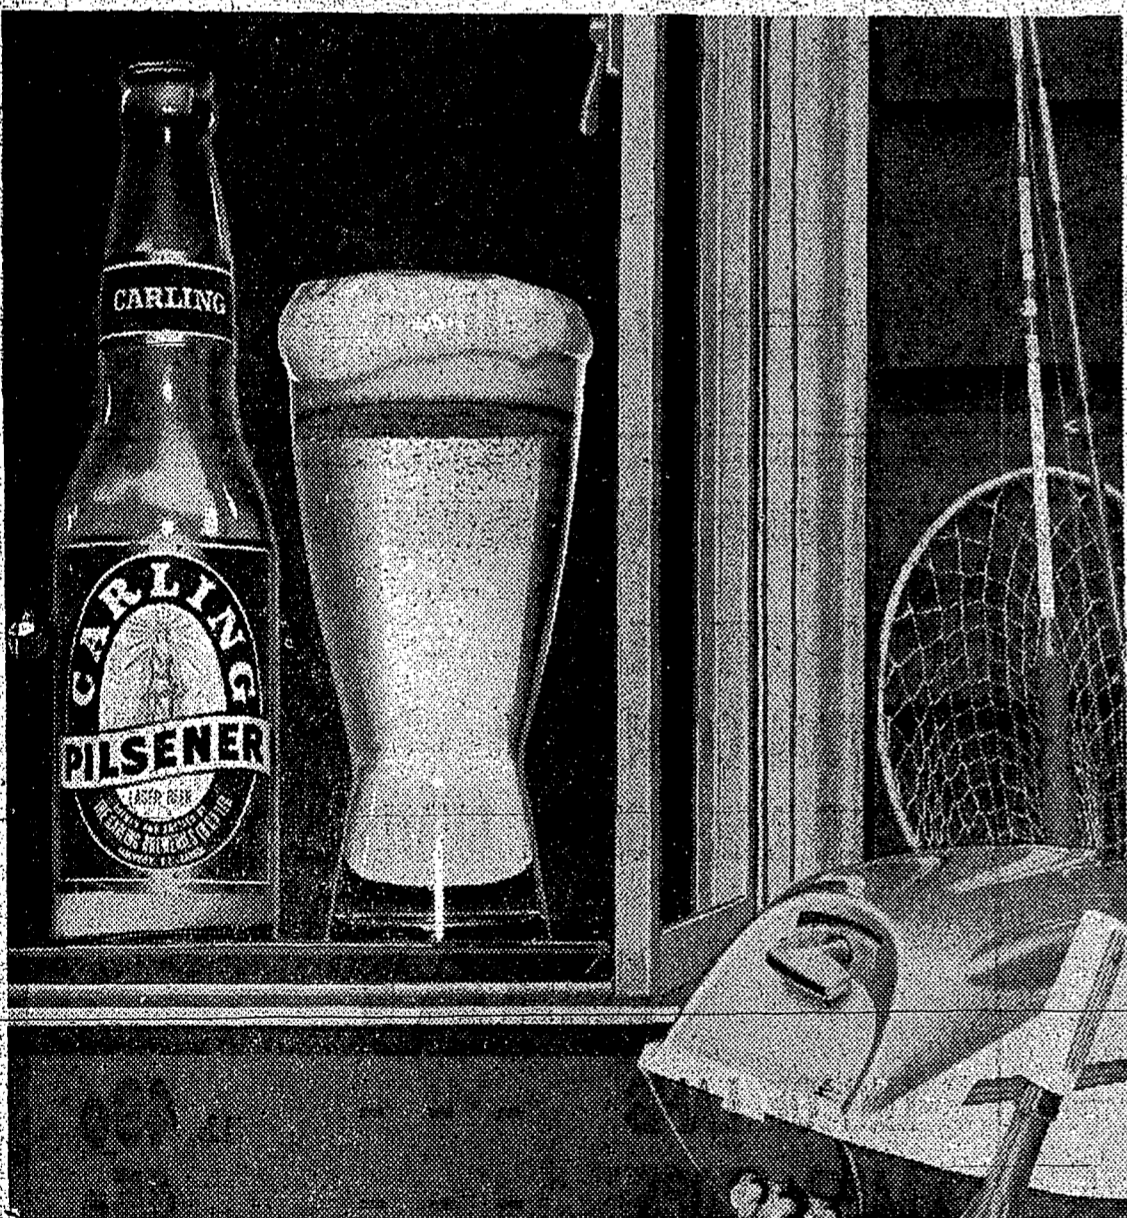

We know a popular "pop." He takes mom and the family out to eat regularly. Be a "regular guy" when it comes to taking the family out to dinner, bring them to the Chieftain, where you can banquet on a budget, and the cooking is the next best thing to home-cooking. Mom likes our food and Pop will like our prices.

PROPOSED NEW HALL at Squamish United will relieve such congestion as this beginners class, 3 to 5 years old, meeting in a corner of the kitchen in the old church hall. From front left, around, are Zella

Chapman, Neil Callaghan, assistant teacher Miss Marthea Smith, Guy Thompson, Cindy McRae, Mrs. J. Wuttunee (teacher), Leigha Armstrong, John Wuttunee, Martin Penrose and Terry Vass.

SQUEEZED INTO A CORNER at United Church Hall on early shift from 9:45 to 10:45 a.m. is one of four senior department classes. This one, headed by Hed

ley Buffrey, right, is made up of (clockwise, front to back), Max Lasserman, Einar Hansen, Stephen Sellers, Leonard Aalten, Billy Flack, Terry Nicols,

Fall Fair Planning For Exhibitors & Observers

Plans are underway for the Fall Fair to be held in the high school auditorium on Saturday, Sept. 8 from 2 to 8 p.m.

A Pet Show again will be one of the features of the show, together with children's activities, which will be advertised later in the year.

Starting next week, pointers on exhibiting will be commenced, suggesting ways to improve the standards of exhibits. Any questions on any of these articles will be greatly appreciated.

A new feature this year may be a Donkey Baseball Game, which is presently being negotiated for. It may not be possible to hold it the day of the Fair, but it is hoped that the committee will be able to sponsor this game during July or August.

The books for the 1962 Fair are now available, if you are not on the mailing list, please phone 194 for a copy.

There are a few changes in the books, rhubarb has been returned to 2; chrysanthemums to 3 cuts; large zinnias to 3; in the home canning, entrants are asked to slack off all lids on entries before exhibiting.

Entrants are asked to note the special prizes being awarded by Standard Brands this year, for classes 93-96, inclusive. Chiffon cakes are to be uniced.

There are several changes in the Needlework Section. These include the deletion of Pillow Slips, Knitted Man's Sweater, open, and Knitted Women's Sweater, open, Knitted Boy's and Knitted Girl's Sweaters. In their place, are Adult's Knitted Sweater, Child's Knitted Sweater, ages 8-12, and Sewing Open, also Potholders, open.

Hooked Rugs have been taken out, and rugs are now any type, open. There are always very few entries in the Child's Knitted Dress and Smocking or

Tattooing, so these, too, have been taken off the list.

Hobbies and Crafts remain much the same, except the change in the wording "Hammered" to "Etched" Copper or Aluminum, open. Shellcraft appears also to be an art of the past, and has been taken off.

The \$10 gift certificate from Valley Lumber for the Student's section has been divided this year to \$3 for Junior High Woodworking and \$7 for Senior High.

In the Special Display Competition, uniform jar of canned peaches, canned peas, raspberry jam, blackberry jelly have taken the place of the old method of exhibiting, in order to assist the judges in the amount of time consumed judging this very difficult section.

tion of the Fair. Also, the knitting is specified — a baby sweater set.

It will be the hope of the committee that these changes will encourage more exhibits, as this is a community and district project.

The biggest change at the Fair will be the charge for admission, which has been raised to 50 cents for adults, with a charge for children as well.

Also, under the rules of the Fair, no one except the person exhibiting and the members of the Fair Board, will be allowed in the Hall after 8 p.m., when the exhibits are being removed.

This will cut down, it is hoped, on the removal of the baking, candy, fruit, etc., by persons other than the exhibitors themselves.

Busy Summer For UBC Students

Most of the UBC students from Squamish have their summer plans made and most of those plans mean working for money to help finance next year's studies.

Robert Christensen and George Kristianson are currently working for the PGE while Dennis Marks will spend the summer logging. Ron Ingraham is employed in Vancouver and Jim McDougall is working in Wood-fibre.

The girls have had a bit more difficulty finding employment. Diane Elliott is currently working part time at both the Little Chief and the hospital.

Plans of Ann Zoli and Margaret Marsh have not been finalized so they are enjoying a brief rest after the strain of examinations.

EYES OF FOREST SERVICE

Forest Lookout Kept From 2150 Ft. Tower

High on the toe of The Chief, at 2150 feet, a 12 by 12 tower will be the home of 52-year-old Brock Kilfoyle for most of the May to October fire season.

From this storm swept vantage point he will be, in dry weather, constantly on the lookout for forest fires. On a clear day, he can see 25 miles up the Squamish Valley, 18 up the Cheakamus, 14 miles up the Mamquam, 10 miles up the Stawamus and 14 miles down Howe Sound.

for fighting fires but has never had to use it except for improving the trail. But at one Brock has his own tool cache

time last year fire was a matter of concern to his personal safety. This was when Bughouse Heights burned over with the fire moving on 16 mph winds up to the Mamquam River.

"That fire was just below me and if it had crowned it would have been at the tower in 20 minutes. I was all packed and ready to go, watching closely for a change in direction."

LONELY

Soon he will begin his lonely vigil for this season. Visitors to the lookout are rare. A four wheel drive vehicle can approach to within a mile and the rest of the trip is on foot over a steeply rising trail.

One of his longest stays was during the busy fire season last year when he was at the lookout for seven weeks without a break. Food supplies are brought in once a week. The water supply is collected from rainfall on the roof in a 600-gallon cistern.

But nature is not always on time with the drinks. In 1956, Brock's first year in the tower, he ran out of water and had to dig a well in a moist depression about 300 feet down the trail. This he has deepened to 10 feet and cribbed in to be an auxiliary water supply.

STORMY

At other times he is, at that point directly in the physical path of storms that deluge his tower, as though it was submerged.

Lighting strikes on the tower are frequent because of its high, exposed position. Heavy copper wires encircle the top of the building and are led away down each corner into the earth to ground the lightning.

When storms are on all radio aerials are disconnected to preserve radio equipment from being burned out by lightning.

RISKY

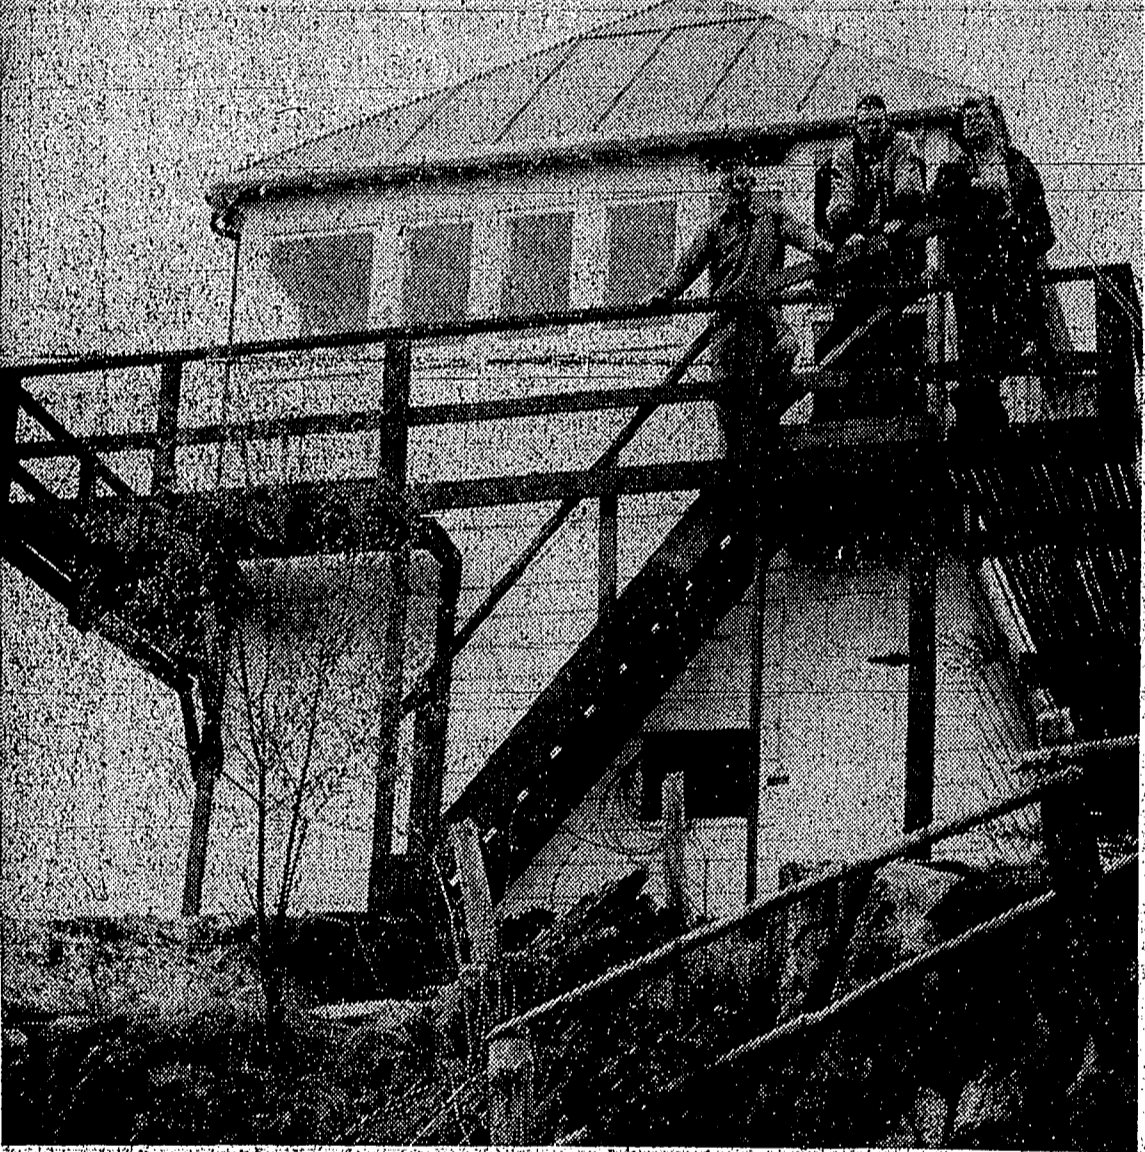

Communication with the forestry station is by two-way radio which has been improved this spring with a direct radio cable line from the tower to the station down in Squamish.

Brock Kilfoyle (above) peers through fire finder at lookout with which he can plot exact location of any fire within his sight. This year he begins his seventh season at the lookout. Perched on a rock (left) the 12-foot square lookout tower is fastened by cables to the four corners to support it against terrific winds which, according to the lookout, Brock Kilfoyle, are strongest, coming from the Stawamus Valley rather than from Howe Sound as is usual down in the village in the summer. — Rain-water cistern (left below) in basement of tower, is the water supply for lookout, shown above with makeshift dipper, framed in the wooden eaves-troughs that run the water from the roof to the 600-gallon tank.

NEWEST and fastest method of locating fires is with special photographs taken a few years ago from the four corners of the tower. With these, held here by Kilfoyle and ranger Jack Caradice, the lookout merely correlates the

position of the fire with the corresponding position on the calibrated photograph and reads off the position to the radio dispatcher at the ranger station.

Guide And Brownie News

Thirty-one Squamish Guides and leaders travelled to Pemberton last Saturday as guests of the 1st Pemberton Company for a very enjoyable day.

In the same Budd car were 24 Brownies and their Leaders from the 1st Mamquam Pack who were the guests of the Brownies at Mt. Currie.

The Guides were taken on a hike to the top of the mountain directly behind Pemberton, having a picnic and marshmallow roast along the trail on the ascent, returning at 5 p.m. to a delicious "casserole" dinner in the Community Hall under the convener'ship of Mrs. Taylor of Pemberton.

A wonderful time was had by all, scrambling up the rocks and moss, and exploring the mountainside. Several specimens of flowers, such as the lady's slipper, which is not growing in this area were discovered, adding to the girls' enjoyment.

It was a tired but excited company of girls and leaders who travelled back home on the evening train.

The Brownies were also well entertained with a ramble with the other Brownies, lunching at their destination, returning for games and a lovely dinner supervised by the Sisters of the school.

All in all, Pemberton and Mt. Currie had a full day which is greatly appreciated by those who went from this community. The following weekend, one of the leaders from the Squamish Company, together with two Guides will assist in training the 1st Mt. Currie Company in Camping Lore.

It will be a very active month for the 1st Squamish, you may be assured!

BC's Newest Park Little Garibaldi

Acquisition of a new provincial park which will add 18,600 acres to the provincial park system has been announced by the Hon. Earle C. Westwood.

BC's newest recreational area, to be known as Monashee Provincial Park, is described as a magnificent Garibaldi, comprising high mountain lakes, extensive alpine areas and mountainous terrain.

It will be maintained as a wilderness area, Mr. Westwood said. "Among its attractions are wildflower meadows and one of the most southerly caribou herds in the province. Many glaciers are visible from within its boundaries."

The purpose of the park is to provide a scenic wilderness area for those who love to hike and enjoy wilderness camping, Mr. Westwood said. "Among its attractions are wildflower meadows and one of the most southerly caribou herds in the province. Many glaciers are visible from within its boundaries."

Loggers Ready For Fire Fighting

Every logging operator is obliged to supply and maintain his own set of fire fighting equipment during fire season, May 1 to October. The amount of equipment varies with the size of the crew.

For instance a donkey engine with a crew of eight or nine men would require six water buckets, six shovels, three axes, three matts, and two tank hand pumps. Also required is equivalent equipment at the main camp or home base.

There would be as well, a 45 gallon drum of water on the machine, a 10-pound chemical fire extinguisher, a clearing of all brush and debris around the machine and around tail blocks. All snags within 200 feet of machine must be fallen. There must be a spark arrestor on the exhaust.

Any crew of over 25 men is required to have a motor driven pump and water hose.

Britannia Beach News

by Mary Smith

Howard Blackston has been a patient in Lions Gate Hospital, North Vancouver, after a highway accident.

Mr. and Mrs. Les Archibald and family spent successive weekends at Ashcroft and Osceola.

Tom Archibald is home visiting from Campbell River. Duncan McDonald flew to Winnipeg to attend the funeral of his father.

Mr. and Mrs. A. Wells, after a visit to Alberni at Easter, entertained Mr. and Mrs. George Wells and children of Quesnel for a few days.

Mrs. Hugh Chisholm has flown to California for a holiday.

Mr. and Mrs. C. Bradley have had as their guest the latter's sister, Mrs. Gladys Robbins of Edmonton.

Flight Lieutenant Gary Friesen, son of Mr. and Mrs. J. Friesen, has just returned to Canada from a tour of airforce installations in Europe.

Mr. and Mrs. O. M. Marshall of Deep Cove have been guests of Mr. and Mrs. A. Hookham.

Visiting Mr. and Mrs. V. Gladman are their son-in-law and daughter, Mr. and Mrs. Tony Crane of Sudbury, Miss Barbara Gladman has also returned home from U.E.C.

Congratulations to Mr. and Mrs. W. Sabatino on the birth of their son, David Bentley, on May 5, in Lions Gate Hospital, North Vancouver.

North Yard News

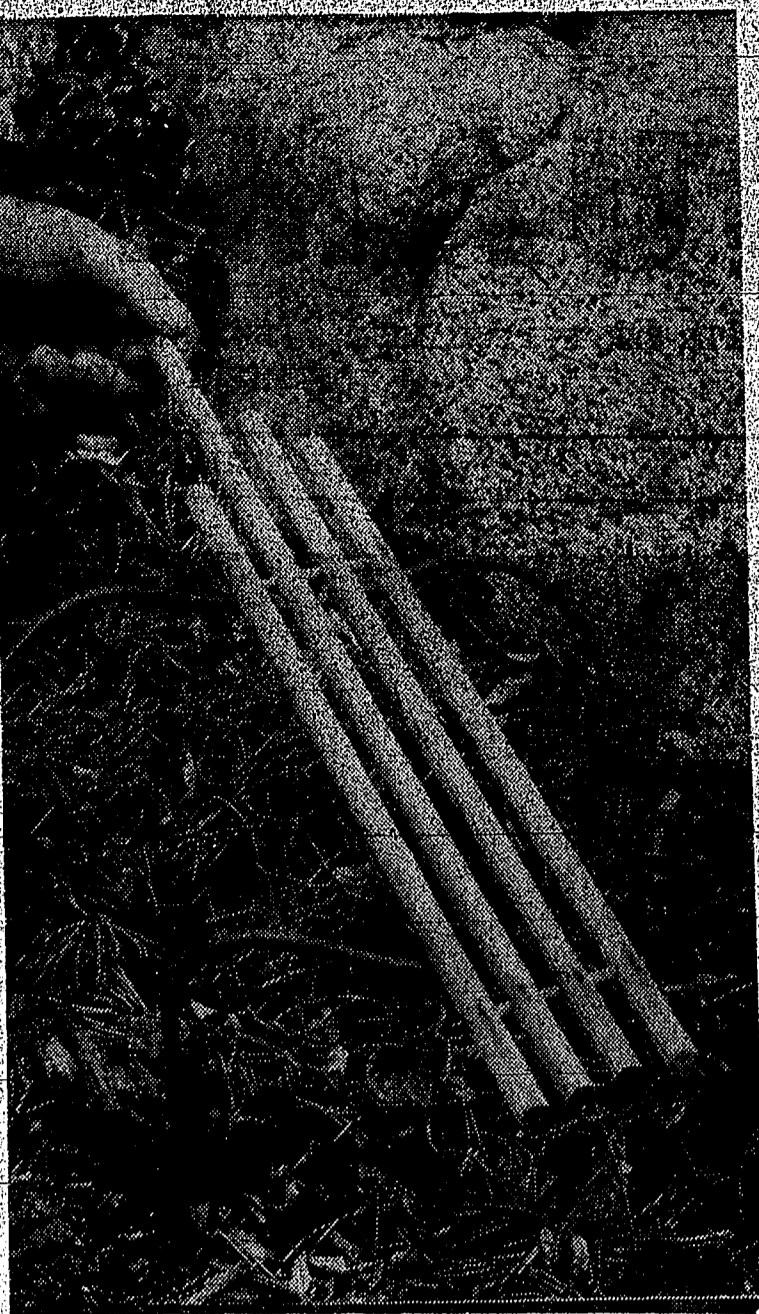

by Peg Tinney

Karen and Lisa Thornton spent a few days in Woodfibre with friends Mr. and Mrs. Anderson.

Happy birthday to Ken Dyke who was fourteen on May 18.

Mr. and Mrs. A. Hoogenboom and family spent the weekend in Burnaby with relatives, Mr. and Mrs. De Waal.

Recent guests of Mr. and Mrs. P. McIntuck were her brother, Paul, Constantin, and friend, Rod McDonald, from Coquitlam.

HAZARD STICKS are weighed carefully for moisture content during dry weather. Ten per cent moisture content is considered high hazard and would predicate a forest closure. These have registered as low as three per cent, four per cent drier than kiln-dried lumber. Hazard sticks simulate conditions on forest floor where trees have been felled.

Voters' Lists: May 31 Deadline

Enumerators for Squamish and district have their lists posted and it is now up to the voter to search the list for additions or deletions.

Changes can be made up to May 31 on which day enumerators are obliged to be at their homes from 10 a.m. to 10 p.m. to accept late revisions.

From Pemberton Road south in Squamish, the enumerator is Mrs. D. D. Morrison and the list is posted at "The Times" office.

From Pemberton Road north to Buckley's Crossing, including Northridge and Southridge, is H. H. Bailey's territory. He has posted two lists: one at Wilson Crescent Centre and one on the post in Northridge in front of the Elks Hall.

June 5: Pie Party by ladies of the Royal Purple at 2:30 p.m. in post in Northridge in front of the Elks Hall.

CKLG Fixes Record Player For Retarded Children

The many people in Squamish who listen to CKLG and know of their Retarded Children's Fund, will be gratified to know that this community has also benefited from this fund.

The Association for Retarded Children appealed to CKLG for a record player, as the one in the classroom had become useless. CKLG, not being satisfied with any record players they could find under \$100, the quality in their estimation being very poor, arranged to have the one belonging to the association delivered to their engineers.

These engineers went to work converting the old record player into one of the most modern types—and now everyone is happy, teacher, children and the Howe Sound Association for Retarded Children.

ANOTHER REDUCTION in LONG DISTANCE STATION-TO-STATION RATES to POINTS EAST OF ALBERTA

While other things have been going up in price, long distance station-to-station calls to points east of Alberta have been coming down.

The latest reductions, effective on May 6, are the result of continuous efforts by the B.C. Telephone Company and other major telephone systems across Canada to provide the best in communications service at the lowest possible cost.

Below is a table showing the gradual reduction in rates over the years:

3 MINUTE STATION-TO-STATION DAY RATES

	1935	1945	1960	1962
Vancouver—Montreal	8.25	4.80	3.50	3.15
New Westminster—Toronto	7.75	4.50	3.35	3.00
Victoria—Halifax	10.00	6.40	3.70	3.35
Nanaimo—Winnipeg	4.50	3.30	2.75	2.50
Trail—Montreal	7.50	4.50	3.35	3.00
Kamloops—Ottawa	7.50	4.40	3.35	3.00
Nelson—Montreal	7.50	4.50	3.35	3.00
Prince George—Edmonton	5.20	4.45	2.35	2.10

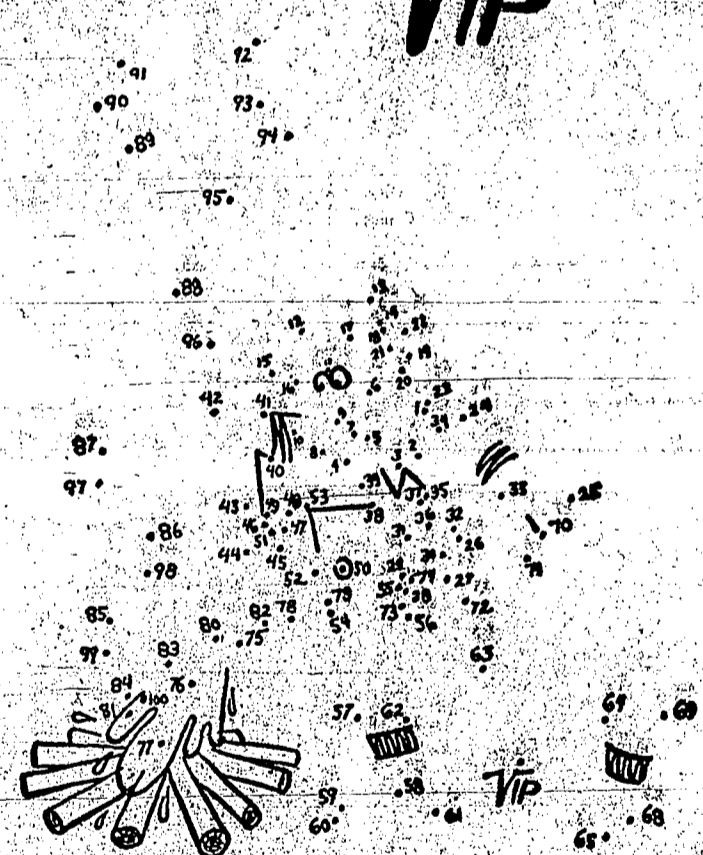

*B.C. Tel. rates are the same as Vancouver and New Westminster rates.

DRAW YOUR OWN VIP CARTOON

AND EARN A HAPPY VACATION

Anyone can connect the dots in this picture and draw an authentic Vigilant Patrol cartoon. And it's just as easy to prevent a forest fire, as your finished cartoon will show. It's certainly much easier to prevent a forest fire than to stop one.

Last year, nearly 10,000,000 acres of forest were destroyed before fires—most of them man-made—were stopped. In fact, 9 out of 10 forest fires are caused by someone's carelessness. Be sure your cigarettes, your matches and fires of any kind are out—dead out.

Remember—only you can PREVENT FOREST FIRES!

Salute to Forest Conservation Week

HOWE SOUND HIGH NEWS

—by Judy MacDonald

Exams are over and report cards are out! However, thanks to a late Easter, we have only one month before the start of government exams, so, "Books here we come!"

Track meets are coming thick and fast! The Track and Field Club have been out practicing faithfully for the last few weeks. For a while it looked as if they would have to practice with the help of snorkels, but things look a little brighter now.

Roger has been out with his rake working in the jumping pits. What's he plantin'—jumping beans or course!

There is a blue alligator in our school who is starving—he's a man eater.

Committees are working hard on plans for Graduation, Grade 11 girls are seeing Kleenex H. Campbell roses in their sleep.

Plans are under way for the coming fashion show. It is to be on a "Camelot" theme. This

year it will be held in the evening, rather than in the afternoon, as was done in previous years. We are hoping to have a good turnout of mothers and fathers.

Bob M. is really up in the air—he's been taking flying lessons.

Garden chair Drawing

Winner of the Garden Chair draw, May 12, sponsored by the Hospital Auxiliary, was Mrs. D. H. Campbell.

Making the draw of the lucky ticket was little Chris Manson, a patient of the hospital.

17 Fires Cost \$115,025: All But One Preventable

When fire prevention fails in the woods figures like these emerge at the end of the year: fire cost to Forest Service, \$40,225; to forest industry, \$11,500; damage to merchantable timber, immature timber and other damage, \$63,300, for a total \$115,025.

That was the cost of the 17 forest fires in Squamish ranger district last year. And of these 17 fires only one was started by a natural cause, lightning.

Land clearing accounted for one cigarette and logging for three each, the railway for four, and children for five.

Fall Fair Holds 2nd Flower Show

The second annual Flower Show will be held in the Parish Hall, under the auspices of the Squamish Valley Fall Fair Committee, on Friday, May 18, 1:30 to 5 p.m.

Admission will be 50 cents for adults, 25 cents for children, which will include tea, a chance at the door prize, and a demonstration on "flower" arranging by Mrs. McLachlan of the Vancouver Garden Council, who has trained under Mr. Martin, and is an acknowledged authority in her field.

Mrs. McLachlan will begin her demonstration at 2:30, and it is hoped that many will come and hear her, since this is an art in itself. She will also judge the flowers in the show in the morning.

The hall will be open from 10 a.m. to 11 a.m. this year, to receive the entries. There is no charge to enter, and there will be no prizes awarded.

Since the show is late, due to all the shows in Vancouver and the Lower Mainland, the Committee realizes that the flowers will probably not be at their best, but do encourage all residents to enter in order to make the show as colourful as possible.

List of entries can be obtained from Mrs. Johnson of the Squamish Hardware, or from Mrs. Flack, 194.

Mrs. J. M. G. Hurten, Sr. and Mrs. Johnson will co-convene the Show with Mrs. J. Barnfield, convening the refreshments.

May 19
May Day Cabaret Dance. Sponsored by the Mamquam V.F.D. Parish Hall. Local Orchestra. \$5.00 per couple includes cold plate dinner. Time 10 p.m. to 1 a.m.

The Squamish Times — Thursday, May 17, 1962 — 9

Lions' Ladies Have Been Busy

By a Lady Lion

Squamish Lions' Ladies will celebrate their second birthday, June 20, with a dinner party at the Paradise Valley Resort, together with members of the sponsoring club, Burnaby Lions' Ladies, Vancouver and Richmond clubs.

The Squamish Club was formed by Mrs. L. Urquhart with the assistance of Mrs. Urquhart's mother and another member of the Burnaby Club, and held its first meeting and election of officers at the home of Mrs. Urquhart on March 16, 1961, with Mrs. Urquhart unanimously elected the charter president.

Since that time, the Club has been very active, having among its projects such items as Easter Eggs each Easter for Ward 2 of Woodlands School in Coquitlam; pool toys, can toys and 120 place mats per month to Ward 2, Woodlands School.

Assisted the Hi-C on their clean-up of the Cemetery; assisted the Fall Fair by convening their tea in the Cafeteria; assisted the Lions Club in their C.N.I.B. and Easter Seal Campaign; held two Salvation Army Campaigns; donated hampers to needy families and provided shoes for needy families; worked on two Blood Donor Clinics.

Had the May Day Tea in Mashiter School, helped as part-time assistants at the Public Library, provided a Jolly Jumper and numerous small articles including toys for the Nursery at the Hospital; donated toward the Vi Clarke Memorial Fund; had an interesting evening with Miss Mary Pack, Director, Canadian Arthritis and Rheumatism Society.

On the social side, there have been numerous evenings together with the Squamish Lions' Club. We have attended birthday parties and installations of other clubs in and around Vancouver; have attended conventions with members of the men's club; held a very successful 1st Patrick's Tea, and have tried to have a little social activity following each of our meetings.

We have had Mrs. J. Moon as our President during the opening part of the 1961-62 season, to be followed by Mrs. B. McKilligan. Our membership

Campbell Quits Teaching For Business Career

W. C. Campbell, principal of Howe Sound High School, has bought out an insurance business at McBride, B.C.

"I have always had a yen to get into business on my own," said Mr. Campbell, who came here from Smithers five years ago to be vice-principal and became principal the following year.

June 4

Annual meeting of the Howe Sound Association for Retarded Children on June 4 at 8 p.m. in the High School Cafeteria. Speaker will be Dr. David Kennedy, Dept. of Special Education, U.B.C. Refreshments.

May 19

Cabaret Dance, Parish Hall 10 p.m. to 1 a.m. Local orchestra. Tickets \$5 per couple. Tickets by reservation, limited amount, so call Mrs. G. Pickle, Mrs. M. Dyke or Mrs. L. Candy.

Take a look around... Bill Payne is working for you!

1957-1962...

\$4,700,000 spent in Coast Capilano
(more than was spent in the previous 12 years)

Winter Works	\$350,000
Squamish dredging & harbor improvements	120,000
Gibson's breakwater	114,000

HOW MANY HAVE USED A BANK LOAN?

More than ever before—because the chartered banks have on their books more commercial and personal loans than ever before / Commercial loans to help keep the wheels of industry moving. Personal loans for a wide variety of individual and family purposes. At last count, more than 1,250,000 men and women were making use of some form of personal loan for some worthwhile purpose / Year by year, more people discover the ease and convenience of borrowing from a bank. It's good business to see your local bank manager when you stand in need of financial help.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

CUBS SERVE THE LADIES at the annual Cub Tea in the Parish Hall, May 12. Above, Mrs. E. Hansen is handed tea by her son, Eric, while Doug Foreman passes the cookies to Mrs. A. Bird and Mrs. M. Seymour. Eric is a member of 2nd Squamish Pack and Doug, son of Mr. and Mrs. S. Foreman, belongs to 3rd Squamish.

KITCHEN KAPERS

—by PEG TINNEY

Here are the dainty tarts that make any party something special. Use your own favorite pastry or a special tart pastry—more cookie-like than a pie pastry—and often the perfect foil for the luscious fillings.

TART PASTRY

2 cups sifted all-purpose flour
1 tsp. brown sugar
1 cup shortening
1 tsp. vanilla
2 tsp. cold water
1 tsp. baking powder
1/2 tsp. salt

1 egg
2 tsp. vinegar
Sift together flour, baking powder, brown sugar, and salt. Cut in shortening with pastry blender until mixture is consistency of coarse meal. Beat egg lightly in bottom of cup, add vanilla, vinegar and water. Gradually add liquid to flour, blending with fork. When mixture forms soft ball enough liquid has been added. Divide dough into smaller portions, knead once or twice. Roll out lightly, cut into circle to fit pans. Prick well.

Bake in hot oven 425 degrees for 10 to 12 minutes. Makes about 40.

QUICK AMBROSIA TARTS

1 pkg. orange pie filling
2 egg whites
1/2 cup sugar
1/4 tsp. grated orange rind
1 cup shredded coconut
32 3-inch baked tart shells

Prepare orange pie filling as directed on package. Cool. Beat egg whites until frothy. Add sugar, gradually, and continue beating until mixture is glossy and holds firm peaks. Fold in prepared pie filling, orange rind and coconut.

Spoon 2 tbsp. of mixture into each tart shell and chill until about 20 minutes from serving time. (Both pastry and filling will taste better if allowed to warm up slightly before eating.)

Top with sweetened whipped cream at serving time, if desired.

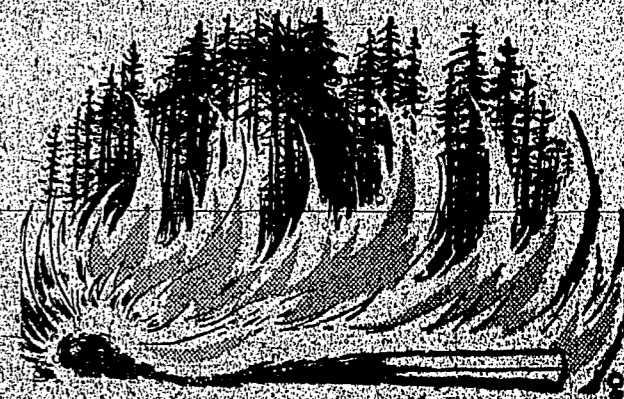

RAISIN-CREAM TARTS

Pastry for 9-inch 2-crust pie
1/2 cup sugar
2 eggs
2 tsp. grated orange rind
1/2 cup light cream
1 cup seedless raisins
1/2 cup chopped pecans

Heat oven to 375 degrees. Roll pastry thin (less than 1/8 inch), cut rounds about 9 inches in diameter and line 9-inch tart pans. Combine sugar, eggs and cream in mixing bowl and beat with rotary beater until well blended. Stir in raisins, pecans and orange rind. (Mixture will be very thin.) Spoon filling into prepared tart shells, filling about half full.

Bake about 20 minutes or until pastry is well browned and filling is firm and lightly browned.

Campaign For Salvation Army

Squamish Lions Ladies will begin their only annual campaign from house to house, and throughout the business section of this area on Monday, May 13, to assist the Salvation Army in their work, both in this district and throughout B.C.

Last year, as has been the practice since collection started in this area, 20% of the proceeds of the campaign was held in trust at the Royal Bank, and was used for welfare purposes in the community.

On the B.C. scale, the Salvation Army provided the following services, together with many more, too numerous to list:

Men's lodgings provided during 1961 — 28,358; meals served at Harbour Light Centre, Vancouver — 284,678; jobs found for unemployed through Harbour Light — 2,291; religious services at Harbour Light

Home for Women, and their prison and police court services, the Salvation Army made 2,481 visits to the above, interviewing 22,518 persons; they had 114 persons paroled into their custody; assisted 641 of these men to find occupations; and returned 2,073 men to their homes.

They also provided, ex-prisoners with 1,228 beds and 2,353 meals. Their League of Mercy was busy, with 50 institutions visited bi-weekly, treating 21,593 patients with treats, visits were made to 44,175 patients, and 812 private homes were visited where patients were confined to bed.

The Salvation Army helps anyone who needs help regardless of their race, color or creed and as seen by the figures

above, has fulfilled its job to the utmost.

It is, with pride, that the Squamish Lions Ladies start their campaign, under the sponsorship of Mrs. A. Arsenault, and it is hoped that everyone in the community will open their door with a smile during the next ten days, and that they will want to assist through their donation, no matter how small, to top last year's figure of \$275.

The Ladies would like to take this opportunity to thank those who will receive them kindly.

May 20th

May Day Soccer games, 2 p.m. — 4 p.m. — Brackendale Jrs. vs. Bombers Jrs. 3 p.m. — 4 p.m. — Mamquam Srs. vs. Stawamus Srs. Support your boys' and root for your favorite team.

... there are so Many Reasons to Protect Your Forests

Only YOU can prevent forest fires - it's all in your hands!
