SQUAMISH, B.C. — THURSDAY, JUNE 21, 1962

10 Cents Per Copy

FRANK BUCKLEY drew one of the biggest ovations of the Horsecapades day when he won one of the harness races. He is shown above with winner Cavalier Woolen held by owner Buster Marks. Prize for winning is the white and emerald blanket given by Squamish Valley Riding Club.

## Horsecapades Draws Crowds To Breakfast And To Horse Show

### Britannia Safety Teams Compete At Kamloops

Quite a cavalcade of cars set out from Britannia bound for Kamloops Friday morning. A mine rescue team, a Senior Men's First Aid team and Junior Boys' First Aid team went to defend the trophies won last year, while a Junior Girls' team went to try again. Many of the team members were accompanied by their wives, or in the case of the children by their parents, who will form the rooting section. Cariboo Gold Quartz is sponsoring the competition this year.

### Pool Donation Well over \$300

Squamish Valley Riding Club's Horsecapades surmounted the threat of bad weather, Sunday June 17, and drew a good crowd of residents and visitors to the big show.

The silver collection was over \$300. All proceeds are going to the Community Swimming Pool.

However, as the day progressed, the skies became clearer and there was sunlight for most of the show.

The cowboy breakfast, fast becoming a famous gastronomic attraction, was a sellout.

There was lots of variety and the competition was keen.

A special event, perhaps unusual for a horse show but none the less entertaining, was Cliff Thorne and his Britany Spaniel in a fine exhibition of retrieving.

There were pacers from Ladner track and the crowd put on a special applause performance when local boy Frank Buckley won one of the heats driving Buster Marks' Cavalier Woolen.

Mr. Buckley at 78 was the oldest competitor to take part in the show.

Winner of the Mackenzie trophy in the morning trail ride event was a first year competitor Pauline Drenka of Squamish. Coming second and third were Fay Crossley and D. Beatty.

Other winners to third place: Western Pleasure Horse — Alberta Shire, Pauline Mills, D. Beatty.

Musical Chairs — Pat McDonald, C. Mills (teams); D. Spence, J. Hough; R. Cowderoy, ended last week.

### Legion Calls Cemetery Clean-up

Cemetery clean-up has been called by Squamish Legion, June 21, at 6:30 p.m.

Legionnaires and anyone who would like to see Squamish Valley Cemetery improved in appearance are asked to come. Bring rakes, hoes, shovels and wheelbarrows. This is the Legion's regular clean-up of veteran's graves and plots, but according to Harvey Hurren, a Legionnaire and cemetery board member, their work will extend over the whole area if enough men turn out.

### VLA Men Stay Till 6

VLA construction supervisors have extended their stay at the Squamish Legion every Tuesday from 3 p.m. to 6 p.m. to accommodate those who are unable to come in earlier in the day.

Their attendance on Fridays will be as before, 9 a.m. to 3 p.m. On both days their purpose is to interview prospective home builders.

## School Fashion Show Captivates Audience

Young ladies of the Home Economics Department at Howe Sound Secondary School held their annual Fashion Show, June 12.

The evening gave friends and parents an opportunity to see the work done by their daughters under the teaching of Mrs. G. Reay.

Entitled "Fashions at Camelot" the young ladies showed their costumes against a medieval castle garden scene. There were so many lovely dresses that it would be impossible to mention them all but a few were exceptionally eye-catching.

The moss-green wool sheath dress modelled by Elaine Bukowsky featured an attractive roll collar while Darlene Zorn's full-skirted cotton was in a lovely orange shade.

The blue cotton jumper and dark blue print blouse of Penny Greatrex made a most useful

daytime outfit. Lorna Cramer wore a summery cotton in a pretty green and white print with a wide skirt and three-quarter length sleeves.

A two-piece suit of woollen boucle in a soft cherry pink was the choice of Judy Fairbanks. Her black sweater and gloves added a striking touch.

The screen print sun dress in blue and mauve worn by Doreen Horsting was the ideal solution for a warm summer day.

A good basic sheath in beige wool was worn by Heather Mailer.

Very lovely was the two piece off-white brocade suit modelled by Judy Green. By contrast, Judy Dawson showed a most practical green jumper with a pleated skirt and matching jacket. Equally versatile was the jumper and box jacket in a rust plaid wool worn by Claudia Armstrong.

Especially appealing was the sheath dress and matching coat in a light green English brocade

modelled by Gail Summerskill. The reverse side of the coat was of crease-resistant beige linen.

Marilyn Smith, Jo-Ann Mulhern and Kathy Sorban showed three versions of the same basic full-skirted style. Marilyn's bright orange print had short sleeves, while the sleeves of Jo-Ann's pretty blue and white print were three-quarter length. Kathy Sorban had chosen the same style in a novelty print with short sleeves.

As a fitting close to the show Judy MacDonald modelled a cotton print dressing gown. Commentators for the event were Amber Bishop, Maureen Goodall, Bonita Fors and Jacqueline Buffery.

During the intermission Kathy Sorban sang a solo and the Shorty's Gals gave one of their inimitable dance routines.

Stage settings for the show were designed and executed by Judy MacDonald. Following the show tea and cookies were served in the cafeteria by the Grade 9 girls.

## Teacher Changes In District No. 48

Hirings in School District No. 48 have just about caught up with resignations. There were eight vacancies yet to fill on June 15.

Secretary-treasurer F. D. Ross estimates the total number of teachers for next term at 60. The intangible factor is Alta Lake. Eight pupils are required to keep a school open and the position is doubtful.

Staff increases will be two teachers at Howe Sound Secondary, one at Stawamus, one at Marquam and two for the new Pemberton Village Elementary School to be built this summer.

Two teachers have been granted leaves of absence. L. Cope from Britannia Beach is going to teach in Europe and C. Curteis of Pemberton has taken one year off for travel.

Transfers within the district are Miss J. M. Bourke, from Woodfibre to Britannia; W. J. Gosling, from Squamish Elementary to be principal of Stawamus; Miss C. A. Allan, from Brackendale to Squamish Elementary; Mrs. M. Vaughan-Jones from Creekside to Pemberton Village.

Newly hired are: Howe Sound Secondary: W. W. Baldry, principal, R. A. Swanton, vice-principal; W. Goddard, L. E. Walker, D. D. Dosen, Mrs. I. Bisbee, H. V. Johns, Mrs. M. Goud and W. D. C. Ewing.

Birken Elementary, J. J. Leuck.

Woodfibre Elementary - Secondary, Mrs. A. Jensen.

Brackendale Elem., Miss H. Hazen, Miss L. Peters.

Stawamus Elementary, Mrs. E. Binks.

Squamish Elementary: Miss A. Hayes, Miss L. Burden.

Britannia Elementary: M. W. Stevens.

Pemberton Elementary - Secondary, G. W. Hayes, principal.

Pemberton Village Elementary, B. E. Edwards.

### McBean Goes To Port Alice

R. Harold McBean has been transferred from Woodfibre to be assistant resident manager at Rayonier's Port Alice mill. Taking his place as resident manager of Woodfibre is William A. Dale, former resident manager of Port Alice.

Mr. McBean has been with the company 21 years, all of them at Woodfibre. In community work he served on the board of school trustees of School District No. 48 for two years, resigning in December, 1960, but remained as a district representative.

R. H. McBean transferred to Port Alice.

FIRST WATER in the Community Swimming Pool was let in early Tuesday morning, June 19, while the two men who have supervised it constantly since construction started four weeks ago looked on. In sock feet so as not to mar jolly white plaster are Johnny Drenka, left, and "Slim" Galbraith.

### New Dentist For Squamish

Squamish Dental Clinic will now be open four days a week with the staff addition of Dr. Niels Johansson to supplement the Friday attendance of Dr. Johnson and the Saturday services of Dr. Sinclair.

Dr. Johansson is in the office on Tuesdays and Wednesdays.

A graduate of Alberta Dental College, this is his first practice.

### Coming Events

June 25

Regular meeting of Woodfibre Legion Auxiliary, Branch 181, at 8 p.m. in the Legion Hall

### Down In The Valley

By John Alexander

The successful politician in this country must learn early in his career that the art of getting elected is the most important facet of his profession, even above that of governing.

If all electors were to keep this in mind there would be less disillusionment with election results and between election days.

## Election Results

Jack Davis, Liberal, defeated W. H. Payne in Coast Capilano riding of Federal election, June 18. Results of polls heard from at press-time:

	Davis	Payne	Clifford	Bracewell
Squamish	315	134	207	76
Brackendale	96	31	65	24
Britannia	114	46	135	47

Other polls were at Alta Lake, Garibaldi and Woodfibre.

FENCING school-ground tennis courts are Ray Renie, above, and Owen Reeve, school district employees. Court, just north of Mashiter School, will also be suitable for outdoor basketball.

BIGGEST spectator thrill of the Horsecapades was wild Roman ride made by Robbie McPherson. Precariously mounted with one foot on the back of each horse he raced around the track and past the stands at full gallop.

## PICTORIAL...

### Flooding Imminent...

This is the notorious Mamquam — notorious for summer flooding — notorious for its changing channels.

The above picture was taken June 16, 1962. Sixteen days ago there was a 10-foot gravel dyke, the ends of which can be seen in the upper left of the picture and in the right foreground. Today, the dyke is gone. The river, as yet only moderately high, is only two feet below the land surface on the extreme right.

What will happen if we get a week or two of hot weather or a couple of days of warm rains? There is still a great snow pack in the mountains of the Mamquam watershed. There is still eight feet of solidly packed snow at 5000 ft. Diamond Head Chalet. There is still plenty of snow on the Mamquam watershed to raise the river over that two feet of silt that now contains it at this vital point, shown above.

Where will the river go from here? Probably along the highway through the North Yard settlement and PGE installations or into the old Mamquam river channel a bit to the east. Exactly where it will go is anybody's guess, but one thing is certain: there will be destruction to public and private properties far in excess of the cost of now containing the river within its present banks.

A loose rock rip-rap such as the PGE put in last year between the high way bridge and its new railway bridge

### Behold The Politician...

There is a popular misconception abroad in this election year that politics and politicians are fundamentally dishonest with themselves and with the public they seek to convert to their point of view.

This misconception has been fanned like a prairie fire by many stories. Even a few eminent authors have joined the chorus — one of which suggested that the profession of politics in modern America usually found the politician crawling in the gutter.

The problem faced by politicians is that their lives are thrown bare to the public. No other group of people in our society garner so much personal publicity. The facts, good or bad, are there for all to judge, as it should be.

No group of men in a trade or profession are immune to fault. We have all known priests, doctors, lawyers and journalists that have turned up as bad eggs. Every human being has potential good and bad within him. Considering the glare of publicity which surrounds them and the problems that beset them, politicians have been a pretty decent lot throughout Canadian history.

Whatever we say about them we must always remember that the art of politics is holding power, power delegated in Canada from the elector on an election day for a specified period of time. If the politician is to be successful in his profession then he must maintain

### Courtesy Helps...

"My boy," said a father to his son. "Always treat everybody with politeness, even those who are rude to you; for remember that you show courtesy to others not because they are gentlemen but because you are one."

As the air in the automobile tire softens the bumps in the road, so does the charm of courtesy relieve the jolts in life that must come.

is probably the best and cheapest protection. Such a bulwark on the opposite shore upstream from the highway bridge has withstood the main brunt of the river's force for years.

Five hundred feet of dyke and rip-rap would do the job, avert the danger and perhaps prevent disaster.

Who is to do the job? The provincial government is the only agency with the money and besides, the provincial highway is threatened and the provincial railway is threatened. If these departments think they have adequate protection from the Mamquam because of recent precautions they have taken, such as the new railway bridge and rip-rap to its approach, they had better have another look. It could be left as a monument to lack of foresight as the river sweeps through another part of their establishment.

There has been considerable change in the past few weeks. Last fall the river rose to the top and over the 10-foot dyke that is now gone. To take the chance that it will not rise again at this time is just plain stupidity. There is a law of averages that invariably overtakes those who continually court disaster.

Past statements by highway, railway and hydro officials that action will be taken only when these properties are threatened are folly at its finest. Do they think the river will warn and then wait? They have ignored many warnings — this could be the final one.

power, and to accomplish this he must correctly understand what is acceptable to the majority of the electorate.

The art of winning elections has little to do with political theories. On the other hand, it has a great deal to do with leadership. Governments change hands because one leader is able to persuade the electorate better than another. He may use an old or new political theory as part of his campaign, but unless he can put his story over to the public, and unless he can get the public to believe in his qualities of leadership he is starting off on the wrong track.

Thus politics is the art of leadership at its keenest point on our society. In the rough and tumble of an election politicians, like ordinary people, get excited. Like ordinary people too they say things which shouldn't be said, make promises in the heat of the campaign which on second thought should not have been made. There is not a man or woman in any other walk of life worth their salt who hasn't done as much, or even more.

Those among us who term themselves politicians, either part or full time, should earn our respect for their interest in public business. Whether we belong to a particular party or not we should be broad minded enough to understand the high human qualities that motivate men and women who enter the rough and tumble of public life. They deserve our respect even though they may not win our vote.

Consideration for others springs from the heart that is kind.

How many fathers of families in Squamish and Pemberton Valleys have ever taken the time and trouble to sit down with their sons long enough to impart a few words of wisdom?

We hope a great many have and that many more will do so.

## History Notes

By W. Green

### The Steamships Ballena and Bowena

About the time that the big stern-wheel ship Baramba was ready for retirement from service on Howe Sound in 1913, her owners, Terminal Steam Navigation Co., acquired two other ships to replace her. These were the steamers Ballena and Bowena.

#### THE S.S. BALLENA

The steamship Ballena (the name is Spanish for whale) was originally named Joan when she was launched from the Algonquin Iron Works yards in Victoria. Built for the Dunsmuir, who operated her out of that city, she was later purchased by the C.P.R. for service between Vancouver and the Island. After the T.S.N. Co. bought her in 1913, she was re-built, re-fitted and re-named Ballena, and put on the Howe Sound excursion run where she served for seven years, until

#### FIRE ON THE BALLENA

About 4:30 o'clock in the chilly, pre-dawn darkness of November 13th, 1920, Captain Larson, the night watchman, was patrolling the Union Steamship wharf in Vancouver, and when near the Ballena, which was nosed in with her bow close to the wharf, and her stern well clear, there came a puff of flame from the after part of the ship, and within three minutes the whole interior of the vessel seemed to be a raging furnace.

There were about a dozen of the ship's crew sleeping aboard the Ballena at the time, and the watchman's shouts soon awakened these and six or seven of them scurried over the bow to the wharf. Four were trapped aft and had to be rescued by rowboat, but one, a marine fireman named Lawrence Smith, never made his way above deck and was burned with the ship. The Ballena had one hundred thirty barrels of oil in her tanks, soon these exploded, shaking the ship from stem to stern.

"A total loss," said Capt. Cates as he looked sadly over the charred remains of his best ship when daylight came. She was worth \$140,000; only partly covered by insurance. She had very fine accommodations, was the fastest of his fleet, and al-

together was a very popular vessel.

The Bowena, moored nearby, suffered \$15,000 damage. The paint of the "Capitano" was scorched but she was able to take over the Ballena's run nevertheless.

The Ballena was raised and, after being stripped of her engines, was towed to Britannia where she was beached to form a breakwater, and there her wooden hull lay until about 1955, a rotting hulk which was finally demolished by Construction Aggregates Co.

#### THE BOWENA

The S.S. Bowena was built in Vancouver at Leamy and Kyles mill and shipyard (later Vancouver Lumber Co.) on False Creek in 1891 and made her maiden voyage as the City of Nanaimo in January 1892. She was 170 feet long with a 33-foot beam (the Ballena was about the same size). She was bought by T.S.N. Co. in August 1912 from the C.P.R., stripped to the deck at Wallace's Shipyard and named Bowena. As soon as this work was completed, she took over the Baramba's run and the latter ship was laid up and converted to a cargo barge.

In 1921, a few months after the burning of the Ballena, all the assets of the Terminal Steam Nav. Co. were acquired by the Union Steamship Co. These assets included the three resorts and the Bowena (the Capilano, mentioned earlier, was always owned by Union). When U.S.S. took over, Bowena was given the name Cheam in line with their policy of having C as the initial letter in the names of their ships (Cates used "B" after the first; the Cheam and the Capilano served the Sound communities and P.G.E. Ry. until 1925, when the Ladys Cynthia and Cecilia were purchased and the Cheam retired.

## LETTERS TO THE EDITOR

Editor, Squamish Times:

Dear Sir:

The Liberal Candidate for the Kamloops riding visited Pemberton and District on June 7th and 8th. A public meeting was held at Mt. Currie in the evening of June 7th, attended by 75 people. The candidate addressed the meeting stressing the need for active representation in Ottawa for our riding. He mentioned that a Liberal Administration would do the utmost to finish the reclamation work started by the P.E.R.A. in the thirties under the direction of the Liberal Minister of Agriculture, Mr. Gardiner and Senator Turgeon. The candidate further stressed the need for secondary industries, in practically every major center of our riding and pointed out that we will only

get this if we have strong and imaginative representation at Ottawa.

Referring to the sitting member, Mr. Whist pointed out that all our riding has received so far is more prestige, but Mr. Whist underlined that he preferred results to prestige, work instead of promises, jobs instead of unemployment.

Mr. Whist explained the Liberal Trade policies and said they would create full employment and rising standards of living for all of us.

In dealing with the plight of many of our Indian citizens, Mr. Whist outlined the Liberal program of more economic use of the Reserve lands, a more effective education program, guarantee of jobs for the Indians in Federal Departments and guarantees to safeguard the aboriginal rights of the Indians. Mr. Whist also pointed out that it was almost time that the "Ex. R.C.M.P. officers be eliminated from the Indian Department to make room for qualified men such as agriculturalists and sociologists."

Mr. Whist also pointed out that to be a self sustaining separate department which eventually should be run by the Indians themselves.

After his talk a lively question period ensued, after the question period refreshments were served.

Mr. Whist also visited in Pemberton and Pemberton Meadows and met many of the local people at the homes.

On Friday the 8th, Mr. Whist visited Birken and D'Arcy from where he flew back to Kamloops, promising that he would be back shortly to get in some fishing.

The Pemberton and District Liberal Association  
M. Taillefer  
Secretary.

## Publishers' Releases

#### BARBECUE BOOK

— Better Homes and Gardens

Now you can be an expert outdoor chef — right in your own back yard. This new barbecue cook book gives you all the how-to for successful, enjoyable open-air meals.

#### SOUTH AMERICA A TO Z

— by Robert S. Kane

This is a guide book, but in addition to the facts and figures of sight-seeing, itineraries, accommodations, cost and like, Mr. Kane has added the historical, political and cultural backgrounds which have shaped the fourteen nations and peoples of South America.

#### SQUADRONS OF THE SEA

— by Arch Whitehouse

"Squadrons of the Sea" is a fascinating history of the naval aircraft carrier from its beginnings on January 19, 1911, when Eugene Ely flew the first plane from a shore base, landed on a ship and returned to shore, to the day of the flat-top and its first real test in the Pacific during World War II.

#### WATER-COLOUR PAINTING

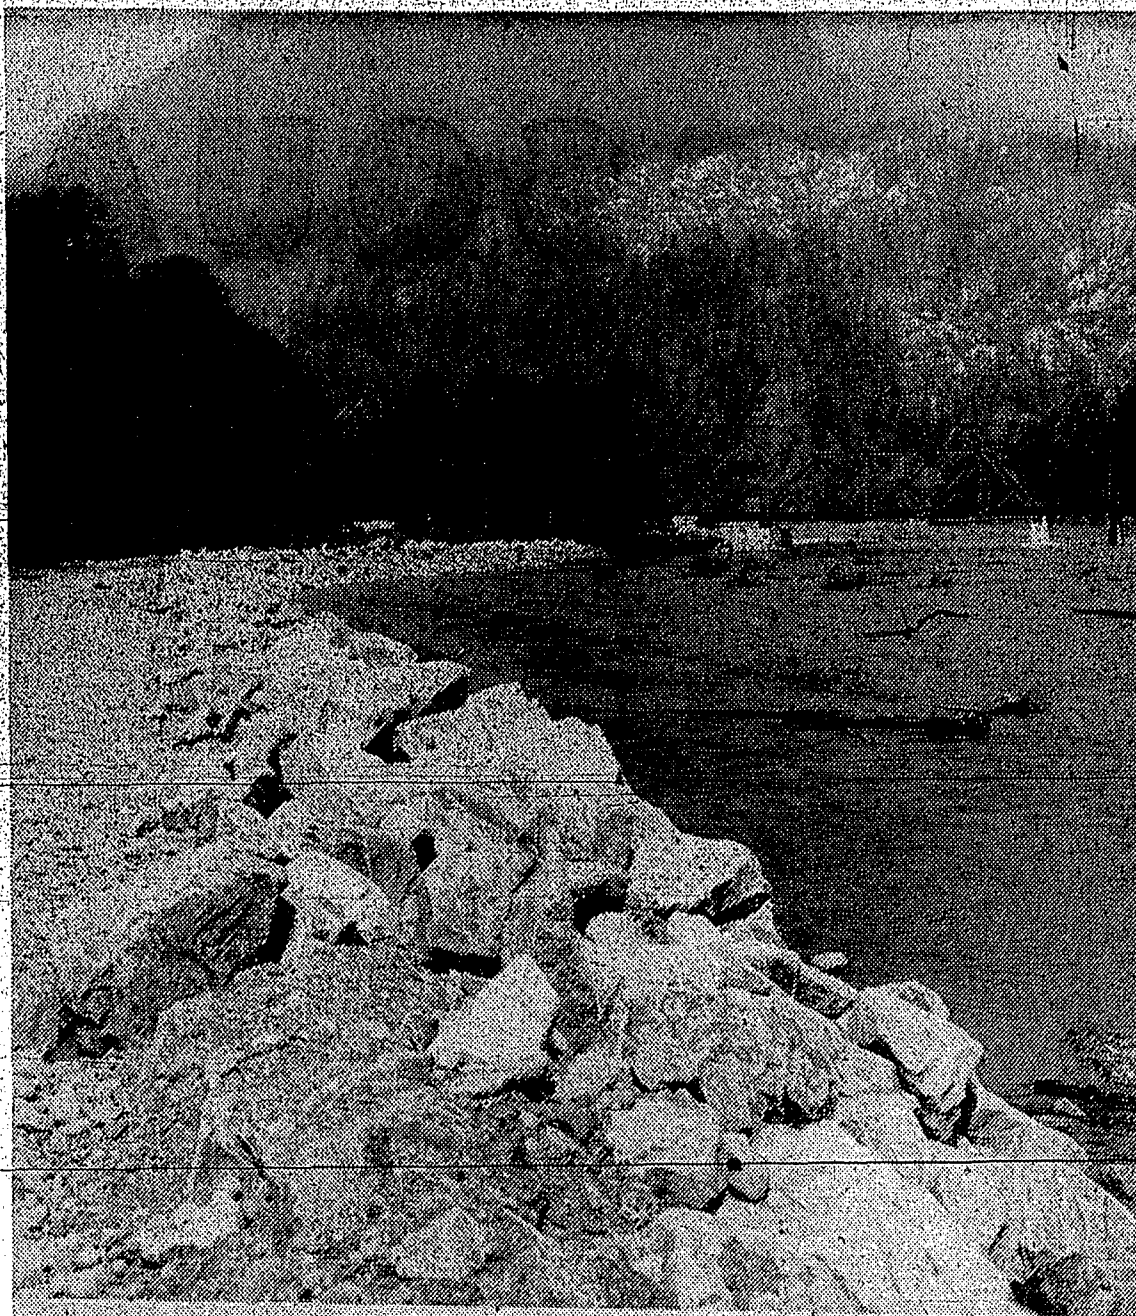

— by Barbara Jones

This book tells you in detail the right sort of simple equipment to get and then how to make a painting, from the very beginning. There are chapters on composition, colour, tone and perspective.

#### WEATHER, WATER AND BOATING

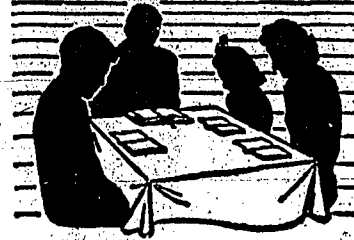

— by Donald A. Whitley

Every cruising and racing sailor should have to be safe and successful, a basic understanding of the ways of the weather and this book discusses the weather problems of specific interest to all boatmen.

RIP-RAP protecting the railway bridge Mamquam a few feet. Protection of this could find the water on the wrong side sort on the upstream side of the high-if sudden spell of hot weather raises way bridge could give needed safeguard.

Today's MEDITATION  
from  
The World's Most Widely Used  
Devotional Guide

The Upper Room  
THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Psalm 122

I was glad when they said unto me, Let us go into the house of the Lord. (Psalm 122:1)

The word church has different meanings for different people. For example, it can mean a building for Christian worship, the service itself, organized Christianity. It can mean denomination or a religious body as distinguished body.

In his first letter to the Corinthian Church Paul wrote, "The Churches of Asia salute you. Aquila and Priscilla salute you much in the Lord, and the church that is in their house."

Paul obviously was referring to the little group of early Christians who frequently gathered in that home. They met to engage in prayer, to talk about their risen Lord, and how to spread His gospel. They told of their religious experiences, and kept their spiritual fires aglow.

The church in Corinth consisted of people who had become followers of Jesus and dedicated themselves to the extension of His kingdom. Those people were the real body of Christ on earth. So also are today's dedicated Christians.

Prayer: Forgive us, dear Lord, for our spiritual laxity as church members. Give us deeper understanding of what it means to be a Christian. Grant us more of Thy spirit that we may fully dedicate ourselves to the cause of Christ on earth. In His name we pray. Amen.

Thought for the day:

Today's dedicated Christians are the real body of Christ on earth.

## Three Feted At B.C. Tel. Office

The staff at the local telephone office held an afternoon tea recently in honor of three of the workers, Mrs. H. Simm, Mrs. W. Schofield and Mrs. W. Hall.

Mrs. H. Simm, who resigned about a month ago, was presented with a Corning Ware casserole while Mrs. W. Schofield, whose resignation will go into effect shortly, received additions to her Silver Birch china collection.

Mrs. W. Hall, the former Gerda Hooenboom, received an electric handmixer as a wedding gift from the staff.

Among those present were Miss Sandra Farrow, Mrs. John Hill, Miss Sharon Patterson, Mrs. Don Breckenridge, Mrs. Richard Munro, Mrs. Max Bailey and Mrs. V. Hurford.

### 8th Birthday For Jillene

Just eight years old, Jillene, the second daughter of Mr. and Mrs. John Drenka, entertained a group of her playmates at an afternoon birthday party on June 15.

Among those wishing Jillene many happy returns of the day were her sisters Janice and Judy, Joan Clarke, Robin Forsythe, Muriel Newell, Gail Fowler, Patricia Mahood, Geraldine and Brenda Thom and Brenda Long.

## School Sports Awards And Block Letters

(One portion of the Awards Assembly, June 15, was devoted to the presentation of Block Letters and Sports Awards. In order to win a small block letter a student must attain a total of 10 points during a school year. These points are given for participation in student activities, prominence in sports and good academic standing.

Winners of small block letters were Karen Trenholm, Ross Cameron, Alan Bennett, Dorcen Horsing, Laverne Lewis, Mary Douce, Smith, Bonita Fors, Douglas Morrison, Martha Smith, Grace Harley, Maureen Gnodall, Jo-Ann Mulhern, Jerry Hobson and Linda Bjorkman. Students who received a small letter during a previous school year and achieved 10 points in the current year were given large letters; receiving these were Linda Mitchell, Roger Mercier, Barbara Goss, Marilyn Smith, Jacqueline Buffery and Donald Allan.

To those already having gained a large letter and again winning 10 points, a crown was presented. Winners of these were Barbara These, Diane Seymour and Shirley Campbell.

These awards were presented by sports instructor J. McKellar. R. Shindell gave out the trophies for the high school's outstanding bowlers. Philip Manson and Jim Walton received the top trophies; while Linda Dickie and Jim Walton received the awards for the best in Group A and Richard Dickie and Diane Seymour for the best in Group B.

In the field of sports, House 2 piled up the largest number of points for all events although the actual track meet was won by House 3. Harvey Halvorson, president of House 2, accepted the trophy for his classmates.

The awards for the top boy and girl athlete went to Barbara These and Roger Mercier. In the track meet Roger broke four of the records which he had established on previous occasions.

Winners in the individual groups were as follows:

**Junior Girls:**  
Grace Harley 1; Judy Wright 2.

**Junior Boys:**  
Darrell McClure 1; Bob Skerret and Charles Harvey, tied 2.

**Intermediate Girls:**  
Diane Seymour 1; Shirley Campbell 2.

**Intermediate Boys:**  
Jim Cameron 1; Joe Hobson 2.

**Senior Girls:**  
Barbara These 1; Linda Hamilton, Jerry Hobson, Cecile Nestman, Christine Mader, tied 2.

**Senior Boys:**  
Roger Mercier 1; Wayne Marchant 2.

Mr. and Mrs. J. Gibson of Sechart spent a few days with Mrs. Mae Stack last week.

Allan Green flew down from Quesset to spend the weekend with his parents, Mr. and Mrs. Keith Green.

Mr. and Mrs. R. Barreau (Faye Amundsen) are living in her mother's house while Mrs. Amundsen is spending two months with relatives in Duncan.

Mr. and Mrs. Stan Goad and their daughter went to Port Alberni for the weekend.

Mr. and Mrs. W. Hall (Gerda Hoogenboom) have moved into the house on Britannia Avenue formerly occupied by Mr. and Mrs. Bob Dent.

Visiting Mr. and Mrs. Martin Halvorson recently were their daughter Karen from VGH and Bryan Baird of Bellingham.

### SOCIAL NOTES

by Freda Munro

**FILTERS** for pool are put into position against high school wall as construction progressed to near completion last week. Plastering, the final work inside the pool, was done on Monday, June 18.

## Highest Standing Jr. Class Awards

At the annual Awards Assembly held in the Howe Sound Secondary School gymnasium, June 15, a book was presented to the boy and girl achieving the highest scholastic standing in each class.

Winners were as follows:

**Grade 8M** — Guy MacDonald and Marlene Newell

**Grade 8L** — Jo-Ann Mulhern and Douglas Campbell

**Grade 9R** — Dianne Willis and Michael Buchanan

**Grade 9S** — Elsie Petruschak and Allan Walton

**Grade 10X** — Gordon Mulligan and Janet Bratt

**Grade 10Y** — Marthea Smith and Arthur Fors

**Grade 10Z** — Juan Olson and Laverne Lewis

**Grade 11U** — Barbara These and Donald Allan

**Grade 11W** — Douglas Barnfield and Claudia Armstrong

Grade XII students are writing examinations during the next two weeks and a number of them hoping to win scholarships.

The two MacMillan awards were presented to Linda Mitchell and Thelma Buckmaster at the Graduation Ceremonies.

### Social Notes

Mr. and Mrs. Ousey and son Raymond spent a few days with Mr. and Mrs. H. Dyke last week.

Mr. and Mrs. H. G. Thompson of Medicine Hat paid a surprise visit to his brother-in-law and sister, Mr. and Mrs. J. Harley. The visitors were accompanied by Mr. and Mrs. J. Carey, also of Medicine Hat.

Ross Fromhart and Hugh Robertson spent a few days at Alta Lake last week.

A number of local residents travelled to Duncan recently to attend the wedding of Richard Barreau and Faye Amundsen. Among them were Mrs. Ida Amundsen, Mrs. E. Erickson with Janet, Melvin and Leslie, Mrs. Allan Tremblay and Mr. and Mrs. S. van Hout.

Wedding guests from Britannia included Mr. and Mrs. L. Stark, Mr. and Mrs. L. MacMillan and Mr. W. Gillis.

Dr. L. C. Kindree spent three days in Pemberton last week. Mr. and Mrs. J. Eadie have returned from a holiday at Nanaimo and Prince George.

## T.V. And Radio Courses At Summer School

Albert McCleery, well-known New York television producer, will be among guest instructors attending the fourth summer school of communications from July 9 to 20 at the University of British Columbia.

The 1962 program will be comprised of a series of four week-long, non-credit short courses in radio and television, and has been designed for persons with some previous production experience.

Two radio courses, "Emotion and meaning in music," an examination of the means by which image processes, connotation and moods are communicated in music, and "Broadcasting and news dissemination," a review of research findings relevant to differences in patterns of obtaining news

among varying social and economic groups, will be featured from July 9 to 13.

Classes for the first course, under Dr. Leonard B. Meyer, department of music, University of Chicago, will take place from 9 to 12 noon. Classes for the second course, under Dr. Charles Wright, associate professor of sociology, University of California at Los Angeles, will be held from 1:30 to 4:30 p.m. daily.

Mr. McCleery, who has produced and directed some 1,200 shows in the past decade and is actively associated with Cameo Theatre, Hallmark Hall of Fame, NBC Matinee Theatre and CBS Television Workshop, will direct a course "The television drama" from July 16 to 20. Sessions dealing with the unique qualities of TV drama

as compared to stage and film presentation, will be conducted from 9:00 to 12:00 noon. A second TV course "Concepts in lighting and set design" of special interest to producer-directors, will be directed by Toronto CBC TV designer, Rudi Dorn during the afternoon sessions from 1:30 to 4:30 p.m.

As applications are limited to all courses, interested persons are advised to register as early as possible to the Summer School of Communications, Extension department, University of British Columbia, Vancouver 8, B. C.

## LETTER FROM SARAWAK

# Superstition And Fear Maintain The Witch Doctor

By Manson Toynbee

Last week I gave a few details concerning some of the superstitions and beliefs of Sarawak's indigenous peoples. In no field is superstition stronger than in that of sickness.

Evil eyes, bad spirits, antus and the like are thought to play a decisive part in causing most illness, and only by pacifying these things can cures be effected.

There is an unfortunate after these characters have tendency on the part of many shown themselves to be un-folk to have recourse to the able to do anything, to call witch doctors first, and only on qualified medical aid.

## People Put Faith In Charms

Last year I came across a alive though only barely. His young lad who was terribly tiny body was wasted away sick. He was running a high to almost nothing. He could temperature and was almost no longer talk or swallow, or delirious. I pleaded with the move any part of his body. However, it was then that the parents to allow the lad to receive medical attention, but they refused, saying that they decided to take my advice and had sent for a witch doctor who would cure the lad. A week later I visited the long house again and found that the child's fever had subsided a little, his body was able to eat and could only take a little liquid, while any movement of his body was a great exertion for him. Once again I pleaded with the parents to allow the child to receive medical attention, but they still had faith in the witch doctor, life, and within a few weeks who had tied charms on various parts of the child's body. I did not think that the child could live much longer, but when I returned the following week he was still

It did not seem possible that the poor little lad could survive the long journey to hospital, but he did. On reaching the hospital his illness was diagnosed as typhus. Prompt treatment saved his life, and within a few weeks he was a normal, healthy Kayan boy once more. Need less to say, his family now has more faith in modern medicine than in witch doctors.

Not all cases end so happily.

## High Rates For Weird Care

A man suffering from cancer left hospital rather than undergo an operation that the doctors thought would save his life. He then went to visit a witch doctor who managed

to treat the man long enough to get all of his money before he died.

A couple of witch doctors of my acquaintance run little a witch doctor who managed

chap was told by a witch doctor that he must stop eating pork, as the bad antu that was troubling him thrived on pork. The witch doctor further warned the chap that if he ever again ate pork, he would almost certainly be killed by the antu.

All went well for several clinics where they carry out various weird and wonderful treatments for which they charge fantastically high rates. A teacher suffering from an "imagined" illness spent two days under the care of a witch doctor. The charge for the treatment was \$39, plus a white hen and a parang. Parangs are the long knives formerly used for the taking of heads. Almost every witch doctor's bill for professional services includes at least one white hen (never a coloured hen or a rooster) and a parang.

Many of the treatments prescribed by the witch doctors involve either eating some particular sort of food, or abstinence during which the chap carefully abstained from eating pork, but one day he and some friends who were visiting a bazaar stopped to have food in a Chinese shop. Only when the chap had finished his meal did he realize that he had eaten pork. He

## Old Practices Dying Out

Another witch doctor specializes in baptizing children. He makes a flat charge of \$25 for which he promises to ensure the child a long, healthy and prosperous life.

Still another witch doctor distils an oil which he claims can make people immune to wounds by either knives or bullets. He does a roaring trade with people from all over the country coming for treatments.

Superstition and fear maintain the witch doctors in their profitable business, but more and more of the indigenous peoples are coming to realize

MANSON TOYNEEBE

was overcome by fear and insisted that his friends must immediately take him upriver to see the witch doctor. The witch doctor was very understanding and said that he thought that he might still be able to save the patient's life. For three days the witch doctor set about driving away the bad antu and then sent the patient home, \$73 and two white hens poorer, but once again a happy man.

that as well as the Government hospitals and clinics giving more economical treatment than the witch doctors, the treatment received at the Government operated institutions is more effective. While the witch doctors who are presently in practice find patients to fleece, business is not so brisk as to encourage younger folk to take up the profession. As the old witch doctors depart this life there are few new ones to take their place. Still another sign that Sarawak is going modern. Next week: Unwelcome Visitors.

## School To Office In Two Days

From student on Friday to business woman on Monday is the transition made by Miss Karen Trenholm of Woodfibre. On June 15, her last day at Howe Sound Secondary School, Karen received an award for proficiency in bookkeeping. Two days later she began her first day at the Scotia Bank, Squamish.

## New Substation And Powerline

The power delivery system in Squamish will be strengthened this fall with completion of a new substation and a powerline rebuilding program.

R. M. Horsey, branch manager for B.C. Hydro and Power Authority, said a new substation is under construction north of the existing Squamish station on Pemberton Avenue and linemen have started rebuilding 11.5 miles of power circuit feeding homes and industry.

The new substation, he explained, will make five times as much power available to the area.

While the substation makes

more power available, he said, the rebuilt distribution lines will be capable of handling an increased flow of power to homes and industry.

The new substation, which will receive power from Cheekye substation north of Squamish, will meet rising electricity needs in the area for several years.

## Publishers' Releases

YOUNG EUROPEANS' TRAVEL GUIDE  
— by Peter Latham

Though this book is primarily written for young people of sixteen to twenty-one, many of the holiday opportunities it describes offer an exciting challenge to adults. All the countries of Western Europe are covered and every activity from archaeology to zoology.

## POLICE COURT

Malvinder Singh Grewall was sentenced to 30 days for uttering a forged document in the amount of a \$35 post office money order given to a PGE station agent, Nov. 11, 1961.

John Ernest Rock was fined \$150 and costs for impaired driving and his licence was suspended for six months.

SHOWBOAT BUCKNER, billed as the Clown Prince of softball offering a laugh a minute with showmanship and goofy antics at first base, will be with the Iowa Ghosts, a hilarious softball circus which meets Squamish Loggers June 28 at the high school grounds.

## Promise Nothing But Laughs

## Zany Iowa Ghosts Spook Local Ball Team June 28

Ball fans and those who just like a good laugh have a treat in store when the famed Iowa Ghosts from Hollywood meet the Squamish Loggers softball team, June 28, 6:30 p.m., at the high school diamond.

Billed as America's greatest summer sport show, the Ghosts are a Negro laugh-making team that can beat most opposition in straight ball but are most famous as a talented band of funmakers.

Though highly skilled in softball their main purpose is to keep the crowd roaring with laughter with their unorthodox ball-handling, contortions and wisecracks. After the game the Ghosts split into two teams and give

a one-inning exhibition of shadow-ball, played without a ball but with all the motions of a real game.

Tickets are now on sale at Mackenzie's: adults \$1.00, children 50 cents. Playing against the Spooks will be the Squamish Loggers coached by fielder Jim Buchanan and assistant coach short stop Norm Halvorsen. Pitching will be Tommy (Fast

Ball) Rivett and Jim Sander-son.

Manager Paul Mackenzie and Pat Shields complete the local batteries.

Other players are Jerry Aldridge, f.; Bill Gosling, 3rd; Harvey Trudeau, f.; Don Breckenridge, f.; Ralph Neilson, 1st; Gary Hendrickson, f.; Thor Halvorsen, 2nd; Ken Brozer, f.

## Softball Schedule

The following is the Senior C. softball schedule of games in which the Squamish Loggers participate.

It's a 32-game season, five games of which have been played. Games this year are only seven innings long.  
June 24 — Squamish vs. Evans Coleman — Squamish  
June 25 — Lynn Valley vs. Squamish — Norgate.  
July 8 — Port Melon vs. Squamish — Port Melon.  
July 11 — Evans Coleman vs. Squamish — Norgate.

## Trail Rides Commemorate Gold Rush Era

One hundred Cariboo horsemen will add wild west flavor to the gold rush centenary in Barkerville this summer.

Cariboo Trail Riders, whose members come from all parts of the interior cattle country, plan a seven-day trail ride ending in the restored gold rush town, 60 miles east of Quesnel, August 12.

L. J. Wallace, Chairman of the Barkerville Restoration Advisory Committee, said today that the trip will follow the routes chosen by the miners who came in after Billy Barker made his big strike here in 1862.

Barkerville Historic Park will be officially opened by Lieutenant-Governor G. R. Pearkes, June 28th, Billy Barker Day, 100th anniversary of the strike, is August 12th. The B. C. Cabinet will be present for a commemorative church service.

The following day, the trail riders will stage a frontier type gymkhana and exhibition of packhorse travel. Riders will be of all ages. Men, women, and children all will wear costumes to the dress of 100 years ago.

GET IN BEFORE IT CLOSES!

NEW TELEPHONE DIRECTORY

**CLOSES SOON!**

Howe Sound and Sechart Peninsula Telephone Directory closes July 13.

If you haven't arranged to advertise in this important directory please contact the B.C. Telephone business office AT ONCE.

Any change you wish to make in your present directory listing should be given to the telephone company NOW.

INEXPENSIVE EXTRA DIRECTORY LISTINGS can help people find your name in the phone book.

**BUSINESS SUBSCRIBERS:** List names, addresses and positions of key employees — List your firm name in more than one way — List the companies your firm represents — List your firm in out-of-town directories — List after-hours numbers of officials.

**RESIDENCE SUBSCRIBERS:** For a very low monthly charge, list additional members of the family, permanent guests or boarders.
