SQUAMISH, B.C. — THURSDAY, OCTOBER 4, 1962

10 Cents Per Copy

Grants Equal To '61 Tax Will Be Paid By BCHPA

B.C. Hydro and Power Authority will pay grants of \$1,335 to the Village of Squamish and \$465 to the Village of Pemberton on November 30. R. M. Horsey, B.C. Hydro's branch manager, explained that the amount in each case is equal to the general and local improvement taxes paid by the utility in 1961.

Total payments to the two communities this year, including school taxes and grant, will be: Squamish, \$3,355; Pemberton, \$1,535.

Meet Trustees At Party

Teachers Hold 'Conventionette'

The teachers of the Howe Sound District spent last Saturday at school and Saturday evening at a party sponsored by the School Board at Paradise Valley.

To the outsider the activity at the High School and the Squamish Elementary might have seemed slightly abnormal on a day when silence usually reigns, but to the teachers of Howe Sound School District it was a day of work. Teachers from Pemberton, Birken, Creekside, Alta Lake, Woodfibre and Britannia joined the Squamish and Brackendale staffs for a Conventionette.

FULL PROGRAM DURING DAY

Using local resource personnel, a committee of teachers organized sessions for seminar study groups where teachers were able to exchange teaching techniques, to pick up new ideas, and to learn, in some cases, a little bit of French or some new mathematics.

As there are many changes in curriculum this year such as new grade 3 arithmetic, grade 8 mathematics, grade 8 French and the new occupational program, the teachers decided to have this workshop to iron out any difficulties presented by these new courses.

The elementary teachers had a full program in the morning with J. W. Tinney chairing an intermediate arithmetic, and Mrs. H. Fairbanks chairing the new grade 3 arithmetic workshop.

At the high school the morning sessions were chaired by Peter W. Zebroff and Dennis Ewing who led group sessions on French and remedial teaching respectively.

The afternoon session was devoted to an audio-visual program organized by M. Dober, district librarian. Luncheon and coffee breaks were served by some very capable home economics students.

BANQUET AND DANCE

Teaching staffs and all maintenance and secretarial personnel were treated by the Board of School Trustees to a banquet and dance at Paradise Valley in the evening. After a cocktail hour and a most delicious dinner, Harold Bailey showed slides of the surrounding area to acquaint newcomers to the district with its many beauties.

The program of entertainment was extended by a song led by Mr. Swanton and Mr. Zebroff. Elementary school teachers presented skits depicting some idiosyncrasies of grade 1 beginners. Mr. Dober stole the show again with his acting and with his solo of "Waltzing Matilda."

Dancing followed with music supplied by versatile Mr. Tinney, who played the piano, the piano accordion, and the record player.

Sale Of Rummage

Autumn rummage sale by the Alpha Circle will be held Saturday, October 13, in the United Church Hall.

Articles in fine condition for very low prices will be on sale from 10 a.m. to 4:30 p.m.

Collection depots have been set up in four areas: at the home of Mrs. H. Nichols at the North Yards; Mrs. A. Hanky's on Hospital Hill and in the central area, Mrs. D. D. Morrison's and Mrs. Freda Munro's.

Articles will also be accepted at the church hall on Friday, the day before the sale.

Barry Green Heads Local Elks

Barry Green was installed Exalted Ruler of the Benevolent and Protective Order of Elks, Squamish Lodge No. 119, September 28.

The ceremony was conducted by District Deputy Grand Exalted Ruler Brother Ryan, assisted by past DDGER Soren Jensen and the drill team from Vancouver Lodge No. 1.

Others installed were: W. J. Boscarol, past exalted ruler; Pat Candy, leading knight; Burt Scott, loyal knight; Len Bjorkman, lecturing knight; Bill Gedge, treasurer; Jack Castle, secretary; George Nesbitt, publicity director; Howard Blakeson, historian; Eloy Manson, chaplain; John Hill, esquire; Allan Martin, inner guard; Bill Gillis, tiler; Charley Sache, trustee.

After the ceremony a social evening was held celebrating

Birthday For Rene Trudeau

On his fifth birthday, Rene Trudeau entertained a number of his friends at a luncheon party, Monday, Sept. 24. He is the elder son of Mr. and Mrs. Harry Trudeau.

Attending were Terry Carsen, Ronnie Richardson, Don, Olaf and Gary Halvorson, Duane Trudeau, Brian Head and Brett Hartnell.

the 37th anniversary of Squamish Lodge.

The Golden Jubilee of Elksdom is being celebrated this year across Canada. The first lodge was founded in Vancouver Sept. 26, 1912.

Long Defunct Club Gives To Retarded Children

A philanthropic obligation of 25 years standing was fulfilled the other day when a cheque for \$58.70 was turned over to the Howe Sound Association for Retarded Children by two former officers of the long defunct Squamish Young Peoples Club.

This money, raised at dances and parties by the young people, had lain in a Vancouver bank since the club ceased activities 25 years ago.

Mrs. J. Mulhern and John McKinnon, the last secretary and treasurer of the social group, signed the cheque and turned it over to Mrs. J. W.

Hurren of the Howe Sound Association for Retarded Children.

STARTED AT JAMISON'S

Mrs. K. Jamison remembers well the formation of the club because she made the suggestion that started it to a group of young people in her home one Christmas night.

"Barney Blundell and my own family were sitting around the table at my place," she relates, "complaining that here it was Christmas and nothing to do for the young people."

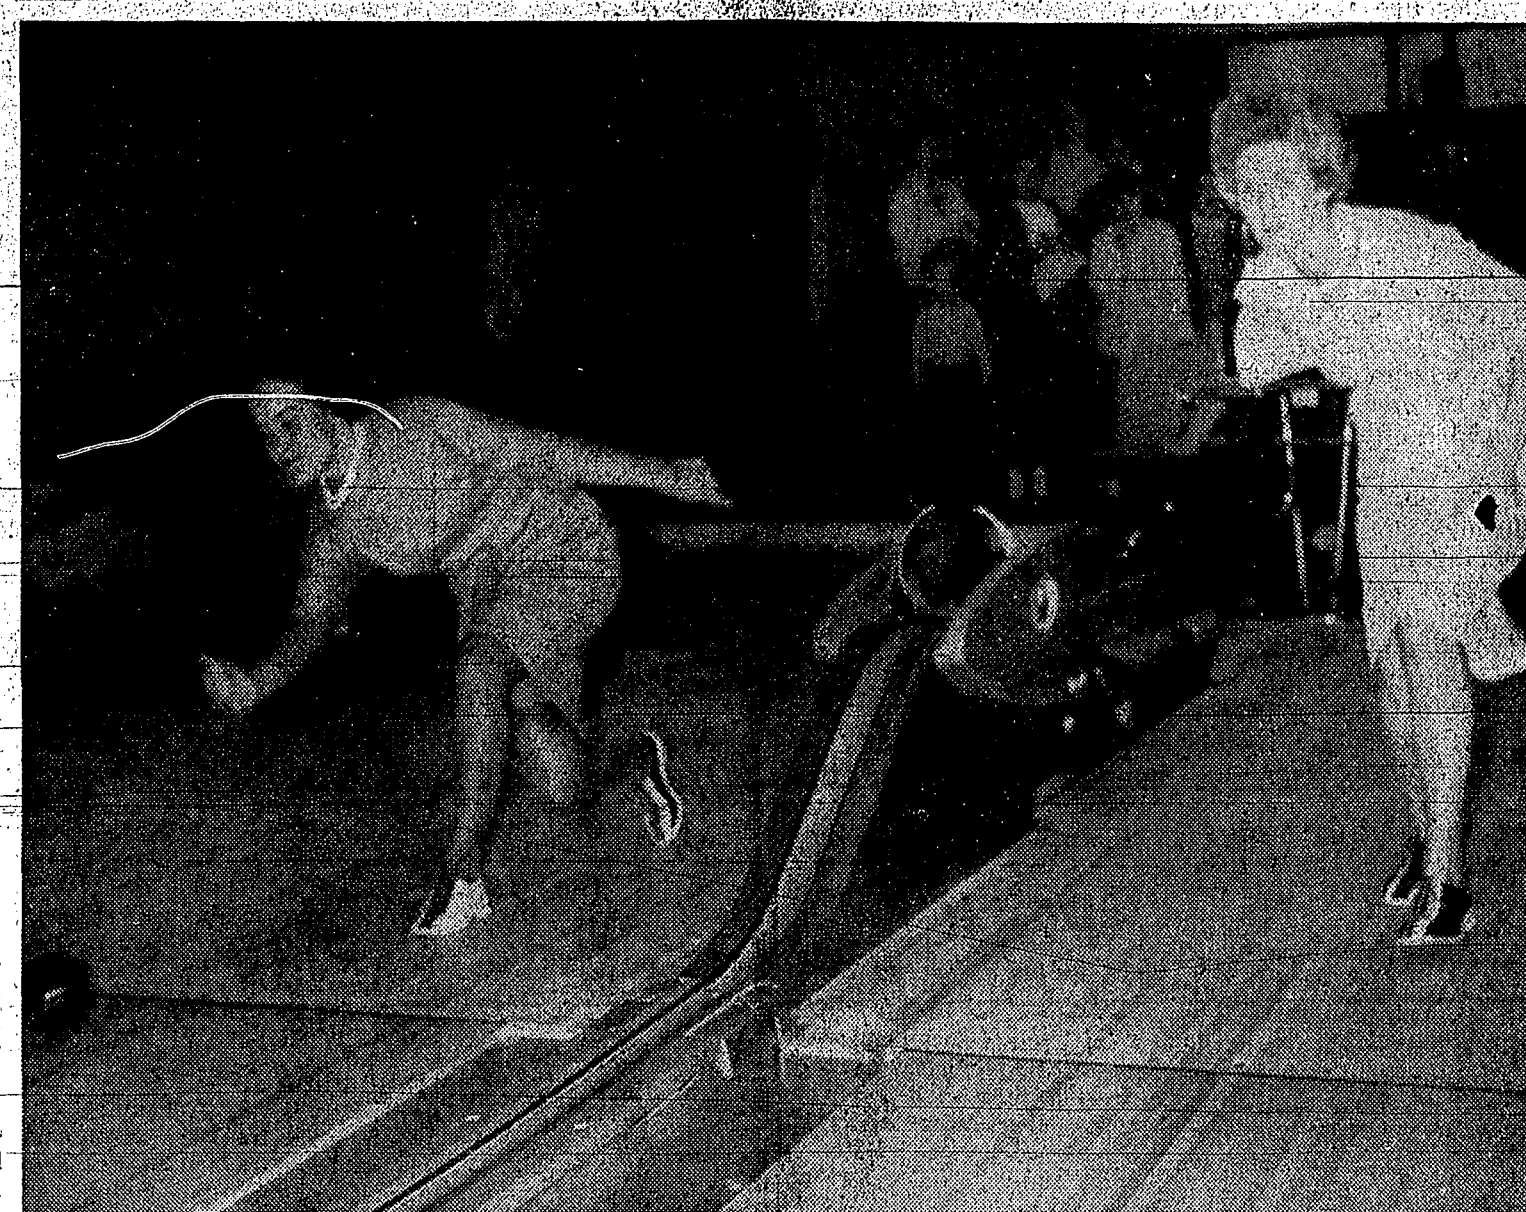

"I suggested that if they wanted to have a party at the parish hall I would make the coffee and wash the dishes."

"So that's what they did. Young people between the ages of 14 and 24 were invited. The girls brought the food, I made the coffee and the boys paid 25 cents a dance which paid for the music, sugar, cream and coffee."

"This went on for four years. They had these parties at least once a month and sometimes once a week, and everybody had lots of fun."

"From time to time the bank would send me a statement of the account for confirmation," said McKinnon, "and we finally decided to donate the money to the Retarded Children's Association."

Premier Opens New Station On PGE Line At Pemberton

FIRST TO BOWL when the new Squamish Lanes opened last Saturday were the wives of the owners, Mrs. Ken Vass, left, and Mrs. Cliff Read. The six lanes and bowling equipment are of the best quality,

according to Brunswick of Canada Ltd., costing \$30,000, approximately one half the total investment in Squamish Lanes.

A. J. Ross Dies At Pemberton

Alexander J. "Sandy" Ross, 60, of Pemberton Meadows, passed away at his home, Wednesday, Sept. 26, after a long illness.

He leaves his widow, two sons, C. A. "Lexie" Ross and Brian; one daughter, Mrs. Robert McCormack (Maureen); one sister, Mrs. Vivien Lokken; four brothers, Gerald Ross, W. Morgan Miller, Robert J. Miller and Donald P. Miller, and eight grandchildren, all residents of Pemberton Valley.

His many friends gathered on September 27 at the Pemberton Meadows Cemetery to pay their last tribute to one of the valley's most respected citizens.

The funeral service was read by the Rev. Father Coffin of Mount Currie.

Attending the funeral from out of town were Mrs. Heather Francis, a niece, Frank Buckley, an uncle; Mrs. Scarrow, Mrs. Boeur, Miss Mabel Boeur, Mrs. Charles Bradbury and Mrs. A. Summerskill, a niece.

Mr. Ross was born in Ireland in 1902 and came to Canada in 1910 with his mother and stepfather, the late Mr. and Mrs. William Miller.

The family lived for a few years in North Vancouver before taking up permanent residence in Pemberton about 1915.

DEVELOPED SEED POTATOES

He and his brother, as young

men, started their own farm, supplementing their income with road work and trapping. The Ross brothers were one of the first Pemberton farmers to develop seed potatoes. Their potatoes won the grand championship prize at the Royal Winter Fair in Toronto in the mid-1930s.

Mr. Ross was active in the Pemberton and District Seed Growers' Association and later with the Farmers' Institute.

He also took a keen interest in the drainage scheme which was carried out in the 1940's under the Prairie Farmers' Rehabilitation Act.

He was consulted by that organization for his valuable knowledge of local river conditions. He also worked for the PFRA chiefly in connection with blasting operations.

When the Pemberton Dyking District was formed Mr. Ross served on the committee for several years. Premier Bennett in his speech here this week paid tribute to his contribution to the drainage scheme.

Pall bearers were J. O. Decker, R. H. E. Taylor, John Ronayne, Ronald Ronayne, Clifford Ronayne and Edmond Ronayne.

Special Course Soon In Advanced First Aid

Special course in advanced first aid is expected to start soon under head instructor L. A. Moule and assistants W. T. Curran and H. H. Buffrey.

Those interested in taking this training are advised to contact any one of the instructors or Mrs. D. Shaw, secretary of the local branch of St. John's Ambulance Association.

PTA Re-Elects Minchin, Pres.

L. C. Minchin was re-elected president of Howe Sound Secondary PTA when the executive committee met at the home of C. C. Marchant, September 24.

W. W. Baldry, principal, and R. Swanton, vice-principal, were appointed honorary officers.

Others elected were Mrs. H. Robinson, vice-president; Mrs. L. Ingraham, secretary; Mrs. A. D. Robertson, treasurer; Mrs. C. Marchant, Mrs. W. Smith, Mrs. S. Killick and Mrs. J. McDonald, scholarship committee; Mrs. A. Smith, Mrs. W. Goss, Mrs. H. Robinson, Mrs. R. J. Frizell and Mr. Swanton, ways and means; Mrs. A. Summerskill, Mrs. A. Smith, Mrs. W. Regier and Mrs. Frizell, refreshment; Mrs. F. Munro, public relations; Mrs. Frizell and Mrs. A. McNair, membership liaison; C. Marchant, sports.

Only four meetings a year are planned by this PTA. In mid-November a Parent-Teacher Conference will be held when reports of the students are ready; early in February one major fund raising event will be held; Education Night will be the theme of an early March meeting and immediately after Easter a Career Night will be held.

Watch this paper for further details and look for the regular news letters which will be sent to parents well in advance of each meeting.

GSL Games On Weekend

Over Thanksgiving week-end the Cardinals and the Titans play two games each.

On Saturday the Cards meet the Als at Norgate at 2:30.

On Sunday the Titans play the Eagles at Ambleside, 1:30.

Both play Monday: Cards vs Packers, 2:30 at Norgate; and Titans vs Browns, 2:30 at Ambleside.

"PGE Anticipates Growth of Valley"

Premier Bennett, Einar Gunderson, Bernard Allen, Mr. Manton, Mr. Miller and Mr. Valde were among the large party that came to Pemberton on Wednesday, Sept. 26, to open the new PGE station.

After greetings at the station the party were escorted to the Community Hall by Jack Grahame, president, and other members of the Board of Trade.

Luncheon was served by the members' wives, Mrs. J. O. Decker, Mrs. R. H. E. Taylor, Mrs. E. Cooper, Mrs. J. Grahame and others.

The opening ceremonies were held at the station, with J. Broadbent introducing the Premier and his party, the local station agent Shawn Kelly, and the Pemberton contractor, J. Marshbank.

Mr. Grahame welcomed the guests to Pemberton. Mr. Bennett spoke at length mentioning his past visits. He paid special tribute to the late A. J. Ross who had died that morning.

He had a special word of greeting for Mrs. A. C. "Granny" Taylor who, at 90, is Pemberton's oldest citizen.

He spoke of his hopes for a road into the valley and congratulated the district on the progress made in recent years.

Two flags were raised, one at each end of the station; the high school children sang "O Canada" and the new station was declared open for inspection.

After the ceremonies the Premier visited the high school and the Pemberton Meadows School.

Blossoms On Apple Tree, Raspberries

It has been a crazy summer, the past one so generally cool that a person could be excused for not realizing it was summer.

But not only people were confused—an apple tree at the North Yards is now in blossom at the home of J. M. Crowston; Bud Butterworth reports that his raspberries are starting to bloom again.

Tag Day Nets \$155.51 For Hospital

Collection of \$155.51 is reported from Tag Day, September 14, by Women's Auxiliary to Squamish General Hospital.

The money will go toward the purchase of a new obstetrical table.

It is not generally understood, an officer of the WA claims, that the responsibility of equipping hospitals is that of the community and if the equipment is approved by B.C. HHS the B.C. government provides a grant of one-third the cost — the other two-thirds must be raised locally.

The WA is appreciative of the generous response to its Tag Day appeal for funds.

Coming Events

November 9
Annual sale of dolls and homecooking by OORP at the Elks Hall at 2:30 p.m.

October 27
Catholic Women's League smorgasbord at St. John's Parish Hall.

CHILDREN'S PLAYROOM at Squamish Lanes to keep the youngsters happy while their parents bowl. In this group are Terry Vass, Michael Swanton and, with back to camera, Gary Read. Terry and Gary, children of the owners, are cousins.

Ten Pillars Of Economic Wisdom...

In the News Letter of the Canadian Chamber of Commerce we find the following points taken from an address by F. G. Clark, general chairman, the American Economic Foundation. Economics is a varied and intricate subject and no doubt there are other wise sayings that could be quoted, but we reprint these for their brevity and clarity.

1—Nothing in our material world can come from nowhere or go nowhere, nor can it be free; everything in our economic life has a source, a destination, and a cost that must be paid.

2—Government is never a source of goods. Everything produced is produced by the people, and everything that government gives to the people, it must first take from the people.

3—The only valuable money that government has to spend is that money taxed or borrowed out of the people's earnings. When government decides to spend more than it has thus received, that extra unearned money is created out of thin air, through the banks, and, when spent, takes on value only by reducing the value of all money, savings and insurance.

4—In our modern exchange economy, all payroll and employment come from customers, and the only worthwhile job security is customer security; if there are no customers, there can be no payroll and no jobs.

5—Customer security can be achieved by the worker only when the "boss" is allowed, by the worker, to do the things that win and hold customers. Job security, therefore, is a partnership problem

that can be solved only in a spirit of mutual understanding.

6—Because wages are the principal cost of everything, widespread wage increases, without corresponding increase in production, simply increase the cost of everybody's living.

7—The greatest good for the greatest number means, in its material sense, the greatest goods for the greatest number which, in turn, means the greatest productivity per worker.

8—All productivity is based on three factors: 1) natural resources, whose form, place and condition are changed by the expenditure of 2) human energy (both muscular and mental), with the aid of 3) tools.

9—Tools are the only one of these three factors that man can increase, and tools come into being in a free society only when there is a reward for the temporary self-denial that people must practice in order to channel part of their earnings away from purchases that produce immediate comfort and pleasure, and into new tools of production. Proper payment for the use of tools is essential to their creation.

10—The productivity of the tools—that is, the efficiency of the human energy applied in connection with their use—is highest in a competitive society in which the economic decisions are made by millions of progress-seeking individuals, rather than in a state-planned society in which those decisions are made by a handful of all-powerful people; regardless of how well-meaning, unselfish, sincere and intelligent those people may be.

PREMIER BENNETT and Pacific Great Eastern officials were guests at luncheon given by Pemberton and District Board of Trade when the new PGE station was opened September 26. Picture shows, from the left: Bernard Allen, PGE director; R. E.

H. Taylor, secretary of the Pemberton Board of Trade; William Manson, PGE director; Premier Bennett; Jack Graham, Board of Trade president; Einar M. Gunderson, executive vice-president, PGE; J. S. Broadbent, PGE general manager.

POLICE COURT

John Ernest Rock appeared here in a preliminary hearing on a charge of fraud, September 18, and sufficient evidence was found by the magistrate to commit him for trial before a judge.

Leslie Denis Wilson was fined \$50 for false pretenses involving a \$20 cheque.

Ian Denis Wilson was fined \$50 for failing to stop when signalled to do so by a police officer and his driver's licence was suspended for four months.

Lynn Hendrickson was fined \$40 for speeding and his licence was suspended for three mos.

John Arthur Watson, 21, of North Vancouver, was sentenced to 30 days for taking an automobile without the owner's consent. The charge arose from an incident involving a jeep taken from the Howe Sound Company at Britannia, September 18.

Allan James Watson, 20, a brother of John Arthur, above, for being a minor in possession of liquor, was fined \$40 or in default seven days. He chose the sentence. He and his brother were apprehended at the same time.

Henry George, an interdict in possession of liquor, was fined \$50 and in default 30 days. Charles Billy, on his second offence for the same charge was fined \$200 or in default two months. The Act requires that the fines be paid immediately. Both offenders chose the sentences.

Charles Billy, convicted on a charge of willful damage to property, was fined \$50 and ordered to make restitution to the complainant. He chose the default of 30 days which will run concurrent with the above sentence.

Richard Billy was fined \$25 for driving while his licence was under suspension.

LETTERS TO THE EDITOR

APPLES

Editor, Squamish Times:

Once again East Howe Sound District Cub and Scouts have received a shipment of very special apples, and, on October 6th they will be calling on you to taste one of these very special Cub and Scout apples, for which they will gladly accept any small change that you would like to contribute toward the betterment of Scouting in this district.

As a Cub or Scout must give value for value received, we are giving you this opportunity to support them in the training of their leaders, and assist in procuring camping equipment; in return we ask you to accept one of these Scout apples, which I am sure you will enjoy.

Scouting in the East Howe Sound District is on the increase, and if we expect to take care of this increase, we must call on you to help support us in this most worthy endeavour.

Boy Scout Apple Day is a national endeavour and these apples are offered to you only once a year, so open up your door and your heart when a Scout or Cub calls on you, Saturday, October 6th.

SCOUTER.

Who Says Diefenbaker Won't Stay...?

We don't pretend to have the political insight of our contemporary dailies. Neither do we enjoy the same facilities to assist in the popular game of political crystal ball readings.

Both the Sun and Province newspapers have been busy lately estimating the brevity of duration of the term of office of the Diefenbaker government.

Frankly, in our rustic way, we think they're all wet.

The Prime Minister unquestionably has a minority government and the Liberals, sporting for another election, will be solidly against him. Support of either

Mr. Caouette's Social Creditors or the NDP is essential for the Conservatives to remain in office.

Of all parties in the House, the Socials and NDP are farthest apart and in spite of their differences in number as individual groups, they have equal voting power, and each sufficient to keep Mr. Diefenbaker in office.

And if the Prime Minister trims his legislation sufficiently either to the right or left, he can expect the support of either one group or the other.

We predict that he'll stay a while.

Canadiana In Food...

When thinking of things Canadian, how many of us think of some of the Canadian foods that are becoming famous for quality and taste. These are the canned apples, apple juice and other fruits from Nova Scotia's famed Annapolis Valley; the fancy, extra white creamed honey from the Prairie Provinces; the chicken ravioli and drumsticks from British Columbia's Burnaby. We accept these foods as ordinary, every day items on the grocery shelves but in the places where excellence, only, is acceptable, these Canadian foods are held in high regard.

The Department of Trade and Commerce has just published a small booklet called Fine Food Products From Canada, outlining the Canadian foods on display at Scotland's Food Exhibition. In the brochure a bit of background information on the companies participating is given. The foods exhibited are not hand-made gourmet's items but mass produced by companies from coast to coast which insist on quality.

The origin of some of these companies is typically Canadian. Take Bick's Pickles — in 1950 Walter Bick was a small farmer in Southern Ontario with too many cucumbers. Instead of ploughing them under, he tried pickling and selling them. Today, he is Canada's largest pickle manufacturer, accounting for more than one-third of the total Canadian pickle trade.

J. W. Hodgson's specialty is a No. 1 creamed honey — honey with a smooth texture that is easily spread. Processing of this honey incorporates a method perfected by Hodgson, in which the tight temperature is combined with a special whipping process. Sales in Canada are approximately two million pounds a year, while exports to Britain, which started only a few months ago, have reached the half-million pound mark.

In 1944, Vancouver store operator Louis Giurato and his wife experimented with the canning and distribution of a famous dish from their Italian homeland — ravioli. The innovation was so popular that today they are operating a family company in Burnaby producing 25 types of canned food, with special emphasis on chicken dishes. Their's is the Bonus Foods Ltd., producing 25 types of canned food selling across Canada and abroad.

Then there is the Canadian Cannery Ltd., which under the brand name Aylmer, has developed a "seed to store" policy to assure constantly high quality. Suitable seeds are specially developed and closely controlled through planting, harvesting and processing by skilled agronomists and technicians.

These foods and the companies that grow and process them are but a few examples of Canadiana which has resulted from Canadian initiative in a market that serves just about everybody.

ged promontories in Garibaldi Park down to the crunchy carpet of brown, dead leaves spreading across the valley floor, the stranger drinks it in with silent awe.

And mixed with this pot of nature's paint is the pepper of wild life: the explosion of the grouse, pheasant, the chatter of the saucy chipmunk, the splash of the jumping salmon.

This is your autumn, citizen. Throw away that coat of indifference and get out to enjoy the wonderful country in which you are fortunate enough to be living.

Seasonal Note...

The valleys, both Squamish and Pemberton, have something special to offer for the autumn visitor from Metro-Land.

It's too early to speculate about the frost but the unbelievable fall colors are beginning to appear. And soon there will be an occasional bite to the early morning breeze.

What attracts this city man and his family on a Sunday afternoon? Many things which the natives of the North Howe Sound areas take too much for granted.

Autumn has everything. From the first dusting of snow on the Tantalus Range peaks and the jag-

Large Class Gets First Aid Awards

Presentation of St. John's First Aid awards was held in the United Church Hall, September 26, with 57 people attending.

It came at the end of one of the largest and most successful classes with three groups represented: PGE, B.C. Telephone and the Community.

Chief instructor, L. A. Moule, though very pleased with the classes and with the results, urges as many as possible to take first aid training.

When an injury happens it is often the trained person, close at hand who can give the most valuable assistance, stresses Mr. Moule, and not the professional who may be many miles and hours away.

This training is valuable anywhere, he said, in the home, at the playground and on the highway.

In the PGE group and receiving 10 year Label awards and renewal of their instructor certificates were W. T. Curran and H. H. Buffrey. Mr. Moule also received a Label award.

Also getting awards were Archie McNeill, Label; Allan Dunlop, certificate; Ambrose Casey, voucher; Clifford Lehr, certificate; John V. Johnson, voucher; Ross Fromhart, certificate; Danny Confortin, medalion; Mrs. Ida Slack, certificate.

From the community but not belonging to any particular company were Mesdames Dorothy Ross; Lorraine Hurren; Crystal Hurren, Roberta Carson, Lee Wagner, Frances Hurren, Flora Blasco, Aleeta Armstrong, Margaret Carradice, Doreen Shaw, Vera Moule, Teresa Summerskill and Hugh Fraser.

Certificates were received by all the above except Mrs. Armstrong and Mrs. Summerskill, vouchers; Mr. Fraser and Mrs. Moule, medalions.

From the B.C. Telephone all received certificates. They were George Forsythe, Floyd Adams, Mesdames June Eaton, Beverly Munro, Vesta Rande and Elizabeth Hill.

Making the presentations to PGE personnel was E. P. Stathos, superintendent of the car department.

Safety director J. McGinnis of the B.C. Telephone Company made presentations to company employees.

R. Clarke, field organizer for St. John Ambulance Association, presented the other awards.

Dr. S. E. Slade showed slides of Australia taken when he was the "flying doctor" for a remote west coast area.

Social Notes

First tenants of the Alpine Apartments are Mr. and Mrs. Harwood and their son, the new operators of the Squamish Cafe.

Miss Kaye Mulhern has entered first year arts at UBC. Mr. and Mrs. D. Kirkwood and Mr. and Mrs. D. DeBeck have returned from a trip over the new Rogers Pass Highway to Banff and Calgary. They returned through Waterton and Glacier National Parks. Larry Bishop and Richard Olson are off to Red Pass on a hunting trip.

PGE PERSONNEL display First Aid awards following presentations, September 26, at Squamish. From left are W. T. Curran, A. G. McNeill, Ambrose Casey, Cliff Lehr, Danny Confortin, Ross Fromhart, J. V. Johnson and H. H. Buffrey. Both Curran and Buffrey obtained renewal of their instructors certificates as well as Label certificates, signifying top grade first aid qualification. (Photo by J. Moon)

PTA Hears Baldry At Britannia

Britannia Elementary PTA chose W. Baldry as the speaker for their first meeting of the season. Mr. Baldry explained his views on PTA and enlarged on them in the question period which followed. He is principal of Howe Sound Secondary School.

In a discussion of the Dental Clinic the proposal was made that if the children were taken to the dentist in West Vancouver, instead of him having to come here, more children could be handled faster.

Except for the initial registration fee the government pays for all pre-school and Grade 1 work done and the local school board pays for Grade 2 and Grade 3.

Social Notes

Miss Gail Summerskill has gone to Vancouver to take up secretarial training at the Vancouver Vocational School.

Congratulations, Ken Vass, for foresight and courage in developing a new industry in Squamish.

P.S.: Ken is my neighbour and I very seldom see him, so I'm taking this opportunity to wish him the best on his new venture.

New Cooling System Developed At Trail

A new plant was brought into production in mid-September by The Consolidated Mining and Smelting Company of Canada Limited, at Trail, B.C. The plant produces thermoelectric cooling materials. These are special forms of semiconductor alloys which are the basic component in a new and promising system of cooling. In thermoelectric cooling electric power is passed through a thermoelectric element, causing heating on one side, and cooling on the other.

The thermoelectric system has no moving parts, and the components are very small—in contrast to the compressors and gas-filled coils of conventional refrigerators. A picnic cooler plugged into the power system of a car requires a thermoelectric cooling unit smaller than a cigarette package.

Thermoelectric cooling has many potential applications in industrial, electronic and medical fields. Consumer use of thermoelectric refrigerators, air conditioning units and dehumidifiers is expected to grow. Developments to date show that this system offers advantages of economy and efficiency in the smaller size of refrigeration requirements.

The new Cominco plant is operated under the laboratory conditions typical of modern electronics manufacturing. Bismuth and tellurium, which are the basic materials for thermoelectric alloys, are first refined to a very high degree of purity. They are then alloyed, and large crystals are grown from the alloys. These are cut to

disc-like cubes and electrical contacts are fixed in accordance with the electronic characteristics of the material. The cubes are then evaluated to ensure that they have the correct thermoelectric character-

istics. The cubes, which are the main product of the plant at the present time, are the basic component of thermoelectric cooling units. Cominco has three other electronic materials plants, which produce a range of high purity metals alloys and compound semi-conductors, in bulk and component form, for the electronics industry. The Consolidated Mining and Smelting Company entered the field several years ago as a result of its metallurgical research experience, and interest in the potential of the electronics industry.

M. B. & P. R. Cuts Price

MacMillan, Bloedel & Powell River Limited announced today it will reduce its pulp prices by from \$5 to \$15 per ton, depending on grade in the United States, United Kingdom and the continental European markets. Pulp prices in the United Kingdom and continental Europe have been reduced recently by Scandinavian sellers, who supply over 80 percent of the market pulp to these markets. There is a surplus of productive capacity in Scandinavia due to too rapid expansion of market pulp mills there, and similar over-capacity exists in North America.

Scouts Try Again For Enough Funds

The Boy Scouts, \$250 short of their operating assessment, will launch another public appeal for funds this year. In an earlier appeal only 41 replies were received from 500 contacts. The annual assessment for the East Howe Sound Boy Scouts Association is \$500.

Six Scout groups are anticipated this year: four from Squamish and one each from Britannia and Brackendale.

A Rover Group is planned for boys over the scouting age. A leader is needed for these boys. The Lions Club will sponsor them. The age group for Rovers is 18 to 21 or for any first class Scout 16 or over.

The meeting, September 19, in the Medical Clinic building, was chaired by G. A. Baillie, secretary-treasurer, in the absence of the chairman, N. Beauchamp, who no longer lives in Squamish.

The annual meeting is slated for the middle of November and the Rev. C. H. Gibbs, A. Sullivan and R. S. Kuhn are serving on the nominating committee.

Commissioner F. P. Flack reported that Scout Leader L. G. Urquhart had requested leave

Fall Fair Gives Financial Report

The financial report of Squamish Valley Fall Fair, held this year at Paradise Valley, shows a balance of \$231.19. This, according to the committee, leaves the fair healthier than it has been for several years.

Receipts totalled \$573, gate and entry fees \$335, donations \$55, Department of Agriculture grant \$183.

Total expenses were \$441.81; prize money, \$298.25; prize cards, \$23.30; tags for entries, \$3; luncheon, judges and directors, \$26.25; expenses, judges, \$27; bus transportation to and from Squamish, \$20; secretarial expenses, \$35.

On top of the cash donations were vouchers for merchandise, hampers, etc., to the value of \$200. These were awarded to aggregate winners and special prize winners in the fair.

The fair wishes to acknowledge the following firms: B.C. Telephone, Yarwood Drugs, Squamish Supermarket, R. S. Bishop Realty, Squamish Decorators, A. R. Barr, Fenton's Jewelers.

Margaret's Dress Shoppe, Mackenzie's Dept. Store, Squamish Record Shop, Squamish Hardware, Fred 'n' May's Bakery, Mary Maxim.

Mrs. A. McDonald of Burnaby has been the guest of her brother and sister-in-law, Mr. and Mrs. Len Bjorkman.

Mrs. W. Neilson has returned from a holiday in Yale.

Mrs. L. Bjorkman and Lorna and Mrs. E. Akers and Ken have returned from a visit to the Seattle World's Fair.

Mr. and Mrs. A. McDougall are attending the American Mining Congress in San Francisco.

Put Your Locks On Your Lockers

by Christine Mader

Any relationship between the title of this column and the incident I am about to relate is purely coincidental — it is something like finding a reason to justify a crime after the deed has already been committed.

It started innocently enough with an announcement bringing the laughing students out to their lockers, to find almost half of them open and empty. This, to scholars whose reason for being is to absorb the contents of books that should be kept in locked lockers when not in use, stopped them dead in their tracks.

The reclamation of their property slowed them down, also, because it was accompanied with some free advice on care and maintenance of lockers.

The line-up formed at the cafeteria and some of the students, especially those who had divided their stuff between two or more lockers, had quite a load to carry back.

Our school has a comparatively honest population and many of us simply leave our lockers open with the lock hanging on a hook inside it. This practise saves time and proves especially valuable to people who arrive "almost late." It also makes for less noise when one is compelled to sneak a book out of a locker between classes.

But, as was noted last Monday, this habit has a disadvantage. After that surprise raid closed and locked.

About the middle of last week we had a fire drill. The memorable thing about this was its timing. I do not mean that it took us less seconds than usual to clear the building, because it didn't; rather the time it chose to ring. The bell echoed through the halls at the precise moment when half of the classes were writing tests.

From the throats of hard-pressed English 40, 21, 20, Science 30 and Math 30 students came shouts of unsuppressed delight at this unexpected break. The fact that several kids "burned to death" could possibly accounted for. It could have had something to do with the idea that they were more interested in finding out the

THIS ONE HE MADE. The Spartans are there with too little too late to stop Titan Phillip Manson from making a touchdown at the beginning of the second half which started them on their winning comeback.

Cardinals Lose As Titans Win

Both the majors and the minors played GSL football at Squamish last Sunday but the minors made the major showing.

The little Titans continued their unbeaten streak with a 26 to 12 score over Spartans while the Cards lost to Bears 22 to 14.

This is the Cards' second loss of the season—they have won two and lost two. They led the Bears for most of the game, going into the third quarter with a 14 to 9 lead, only to have big Bill McEwan score two TDs and that was the way the game ended.

Other scorers for the Bears were Don Geddes with a major, Bill Jennison with three points and Gordon Floe with one point. The Cards started in fine style with Hobson going all the way for a major on the first play and Skerratt converted neatly. A few minutes later he went over again but there was a flag on the play.

Bobby Skerratt made the next TD and kicked the convert and that was all the scoring the Squamish boys were to do in that game.

Hobson got a couple of good passes away, one to Skerratt and one to Art Fors, but the Bears were pressing hard all the time.

The field was wet and slip-

pery and so was the ball, but it seemed that the Bears recovered more fumbles than the Cards.

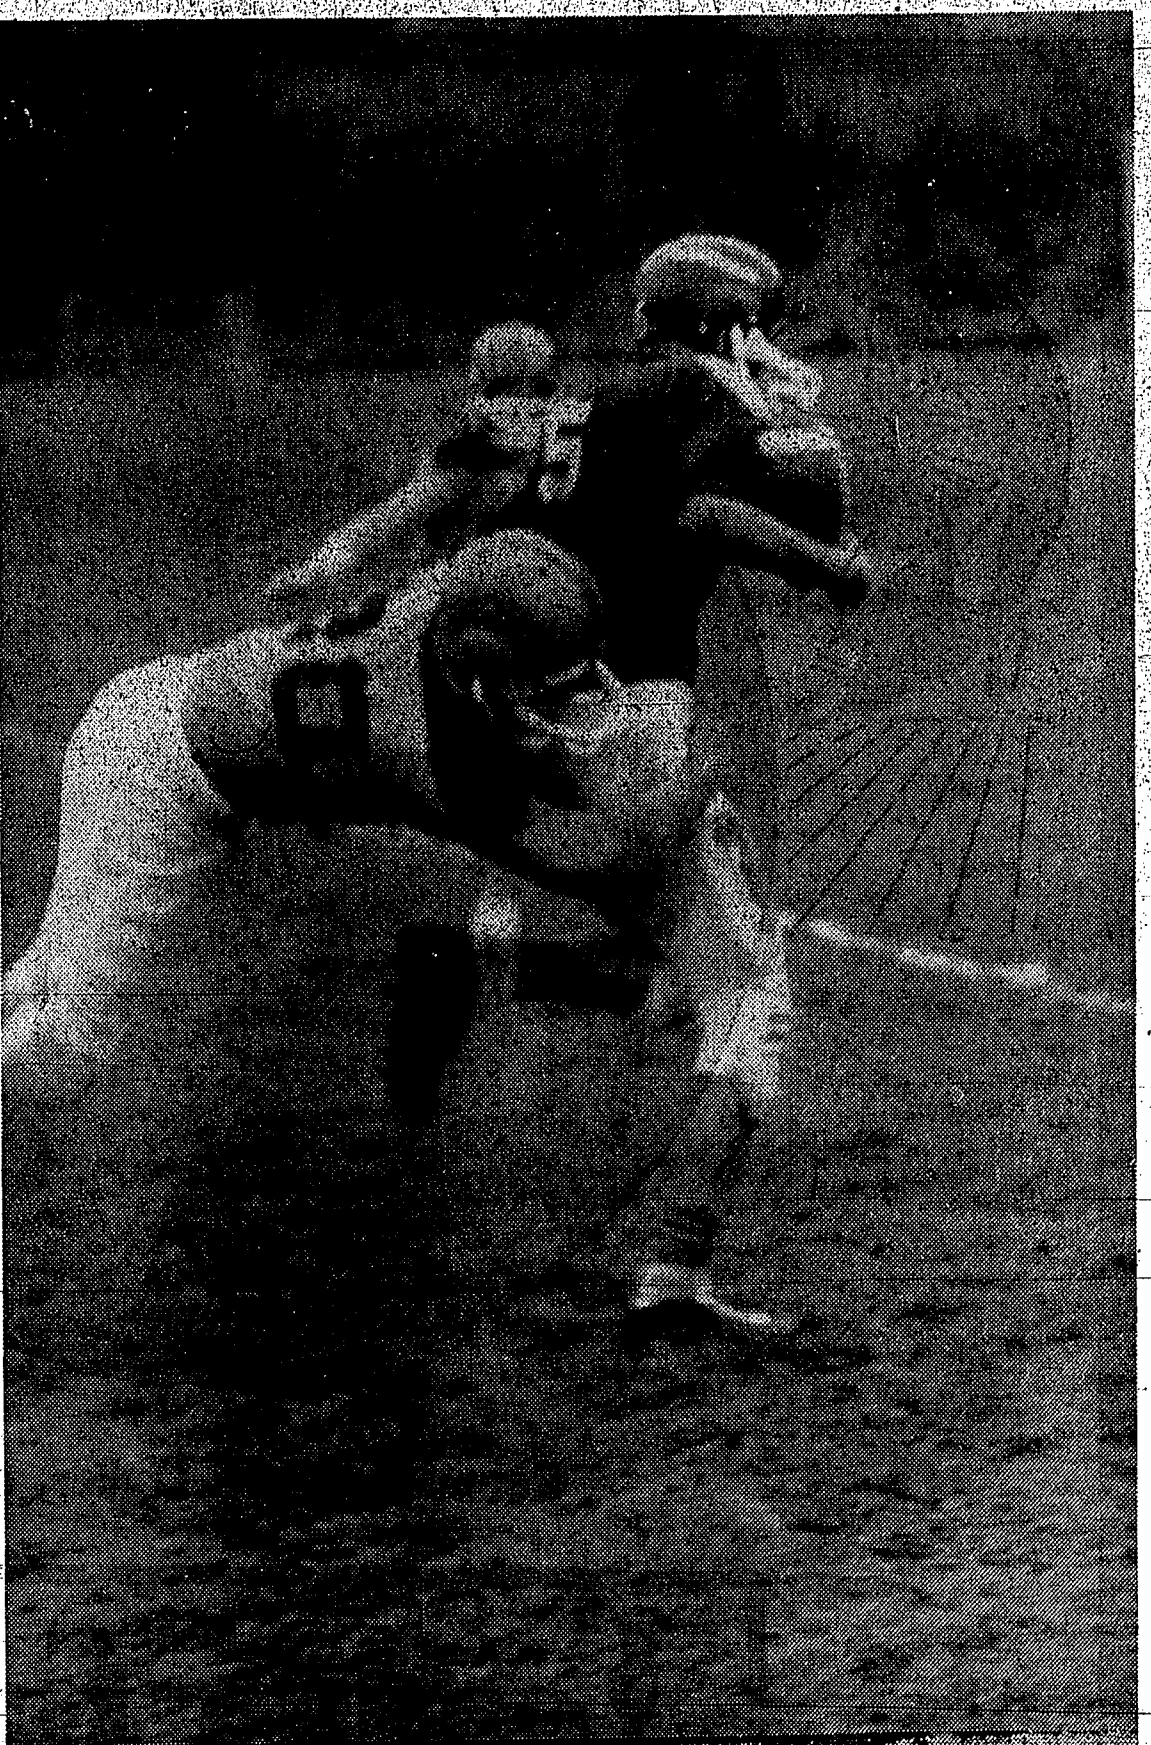

TITANS ON TOP
Titans played their game with a slow start and a fast finish.

The Spartans Danny McCar scored a touchdown in the first five minutes and it was followed by another by Ron McCar who put the Titans down 12 to 0.

But when they started up they kept climbing. They started with one point and then Cameron protected with mag- nificent blocking, went all the way from the Spartan's 30 yd. line for a major and the convert was good.

Phillip Manson got another touchdown in the first few minutes of the second half and was to plunge through the line for another after Doug Harley had brought the ball to the one yard line.

In the last three minutes of the game Cameron scored again and the convert was good giving the Titans the safe lead of 26 to 12.

THIS ONE HE DIDN'T MAKE. A Spartan makes the tackle on Phillip Manson as another zeros in from the score line. Manson accounted for two of the Titan TDs. Gordie Cameron got the other two to beat the Spartans 26 to 12.

Soccer Seeks Fan Support

Squamish and district soccer season got underway on Saturday in bad weather which made ball control very poor. However, it was pleasing to see the few people who turned out in the rain to support the boys.

Woodfibre seniors showed a very polished team effort in beating Brackendale 5 to 0. This was the first game of the season and better things are expected from the Brackendale boys as the season progresses.

Gordon Tiechman was the big gun for Woodfibre scoring four of the five goals. John Henderson picked up the other counter.

In junior division Woodfibre and Brackendale fought to a 3-3 tie. Brackendale had the edge on the play but poor shooting around the goal kept their score down. Scoring for Brackendale were Shane McCann, Marty Hopkins and Wayne Wessels scored on a penalty shot.

Jack Dixon and Bruce Tiechman counted for Woodfibre. Their other goal came from a Brackendale player who accidentally scored in his own goal.

Mamquam juniors edged the Stawamus boys by a score of 2 to 1 and fine goal tending on both sides helped keep the scores low.

Emery Sorban got both counters for Mamquam giving the Stawamus goalie no chance on either shot.

Ian Black got the Stawamus goal and the game very nearly ended in a tie when Robert Bishop hit the post with a very nice shot.

A number of games are coming up this Saturday and it is hoped that more spectators will be out to cheer the boys.

Games start at 10.

Canada Savings Bonds

easy to buy
simple to cash
good to keep

The new Canada Savings Bonds pay 4½% interest for each of the first three years; 5% for each of the next three years and 5½% for each of the final eight years—an average interest to maturity in 14 years of 5.11% per year. In dollars and cents every \$100.00 you invest will grow with accumulated interest to \$172.50 at maturity.

You can buy a \$100.00 bond for as little as 29¢ a day, through the convenient Payroll Savings Plan where you work. Canada Savings Bonds can also be bought for cash, or on instalments at any bank, investment dealer, stock broker, trust or loan company.

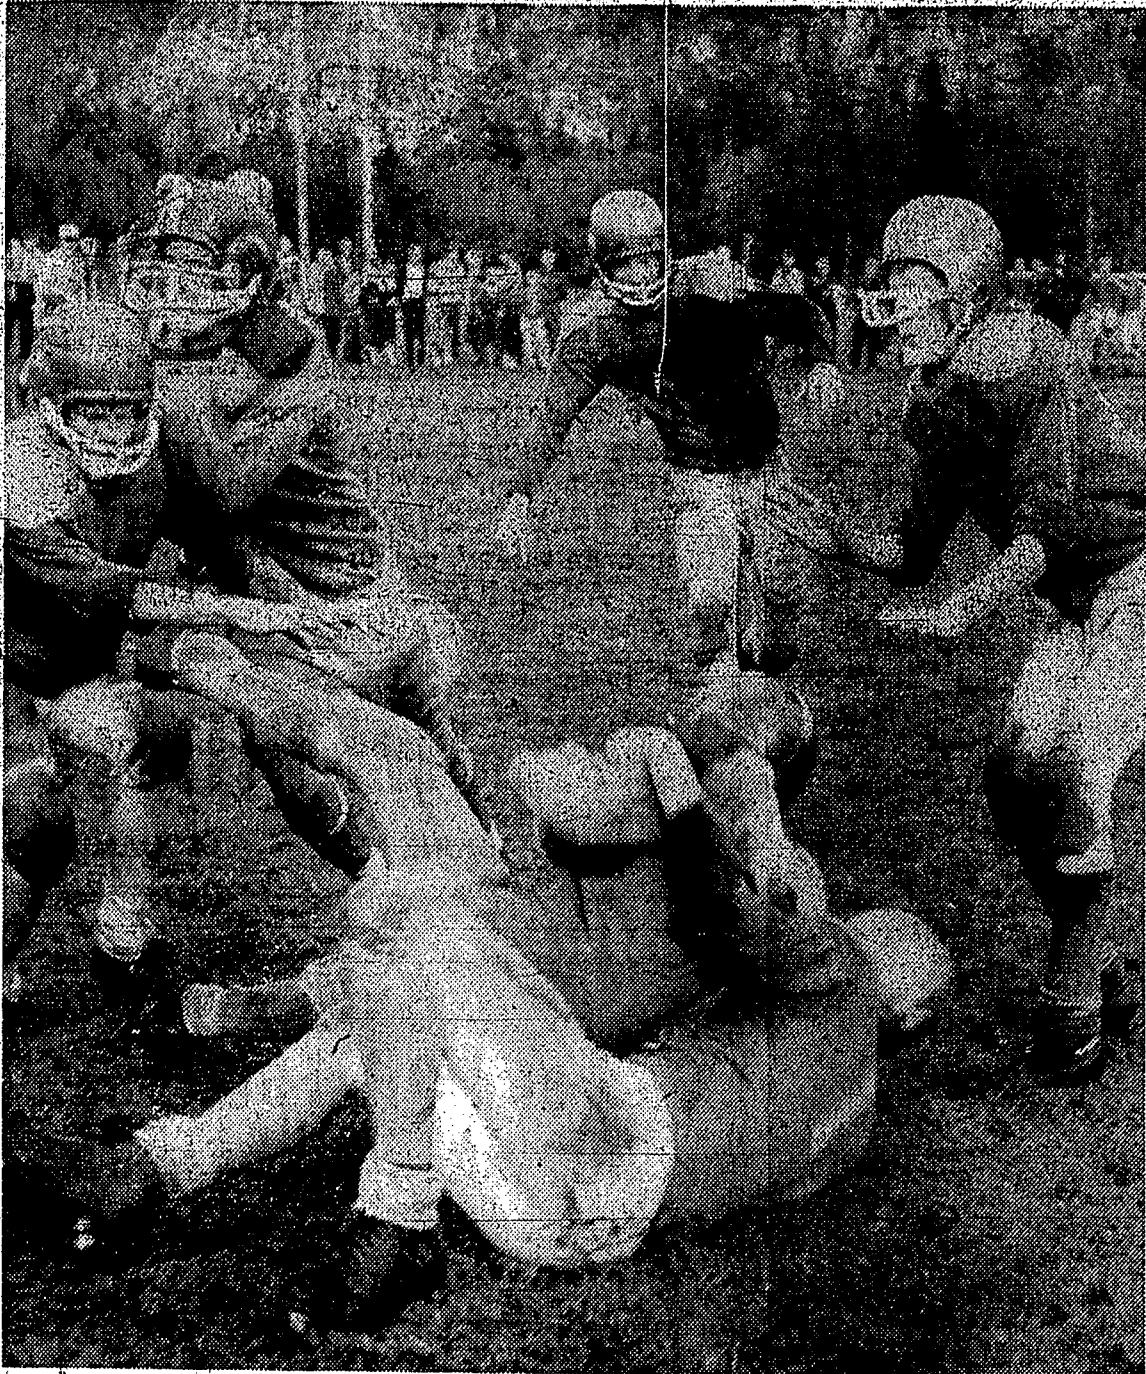

They are available in amounts as low as \$50.00 to any Canadian resident—adult or child—up to a limit of \$10,000.00 per person.

Estates, too, may buy. Interest is payable annually by coupon, or on the higher denominations by cheque, if desired.

You can cash your Canada Savings Bonds at any time, at any bank, at full face value plus earned interest.

Buy new Canada Savings Bonds today—best ever!

CARDINAL JOE HOBSON brings Bear-sings of a Card and a Bear on either ball-carrier crashing down with the bles-side with hands outstretched.

CARDINALS STRAIN to guard their ped him but his two majors did much territory as Bill McEwan of the Bears to run up a 22 to 14 score against his hosts.

School Gridders Blank Aldergrove

Howe Sound Secondary School team boys made football look easy on September 28, beating Aldergrove 24 to 0.

They were unable to convert any of their touchdowns, but any time they tried to move the ball they got at least six yards on almost any play the quarterback wished to call. The boys scored in every quarter, but they only counted in three quarters. They got a big six points in each of the first two quarters, and a final 12 in the last. In the third quarter the ref-

erees moved the ball further than our Howe Sound boys. The only problem was that they were going in opposite directions. The fourth quarter has been the same in the last two games. The opposition played dead hoping for the game to end. Pat Greatrex was very careful about any sitting position that he took after blocking an

Aldergrove punt and running it back for a touchdown. Feschuck and Marchant combined for some sparkling pass plays. Is is obvious that this combination will keep the opposition spread out over the field in future games. Marchant also turned out to be the line backer that Mr. Walker is looking for to back up his eight-man line.

The addition of defensive end Marvin Wutzke has strengthened the line. Danny Sullivan and Jim Cameron both played a good game.

It is this type of team play which will make or break them in its next three games.

Next Friday the boys expect a real test of their football savvy against the highly touted Como Lake gridders. Game will be at Queens Park, New Westminster.

SOCIAL NOTES

by Freda Munro

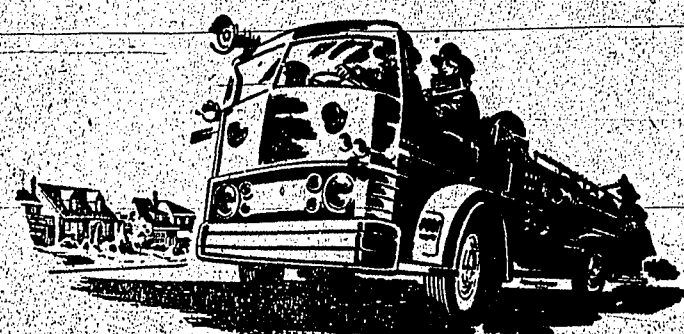

Constable and Mrs. S. Callaghan and their family have moved into the home formerly occupied by Mr. and Mrs. P. Alder.

Visiting their parents, Mr. and Mrs. John Sobotka, and

their sister, Mrs. R. Watson, last week were Mrs. Mary Maundrell of Surrey and Mrs. Violet Slobogian of Vancouver.

Mrs. N. Feschuk and her son Peter made a quick trip to Caley, Alberta, to drive out Mrs. M. Tetachuk and her children, Lexie, Lianne and Cody. Mr. Tetachuk visited here briefly before leaving on an extended business trip. During his absence his wife and family are enjoying their visit with her parents, Mr. and Mrs. N. Feschuk.

If FIRE destroys YOUR property, do you have enough INSURANCE to replace it at today's prices? If not, then your are not FULLY COVERED. For a FREE insurance survey, call us any time.
