SQUAMISH, B.C. — THURSDAY, MARCH 3, 1966

10 cents per copy

HOLD OFF ON TRASH CANS

A request from the Chamber of Commerce for trash cans on the sidewalk between the high school and the corner of Cleveland Ave. and Pemberton Road was postponed pending further information.

With the construction of the new road along the railway tracks, to be linked with the access road to the highway in the vicinity of the wye, council felt the sidewalk may not be in use much longer as the road will be closed.

However some members of the council thought the sidewalk would remain and there might be an overpass, but they decided to withhold the placing of trash cans until a decision had been reached.

Intensive road improvement plan

Council has decided to further implement the road improvement plan in the district with a decision to lift everything in the Brackendale area except Depot Road east, which is already in fairly good condition.

Trees and stumps have been removed on some of these roads which have also been widened and brought up to pre-paving standards. The paving budget for this year will not permit too large a program but if all roads are brought up to preparatory standards this will reduce the amount of work and the cost of next year's program.

Earlier this spring work had been done on Third Ave, opening it from Main St. to Vancouver St. and Clarke Road in the vicinity of the PGE Shops had been widened and raised. In addition Judd Road had been raised for almost its entire length and brought up to pre-paving standards.

Cottonwood Drive, which parallels Government Road above Judd Road, has also been lifted and many other roads in the vicinity have been improved and prepared for next year's paving program.

Many of the other roads in the area have been graded and are in the process of being prepared for spring.

Legion officers installed at joint ceremony

Officers of the Royal Canadian Legion, Squamish Branch No. 115 and the Ladies Auxiliary to the Legion were installed at a joint ceremony in the Legion Hall on Friday, February 18th.

John Van Horne, Zone Commander for the Vancouver area acted as the installing officer for the men, while Mrs. Dolly Cartwright, Zone representative for the Ladies Auxiliaries, was the installing officer for the auxiliary members.

Officers for the Legion are: president, J. Lehman; first vice-president, A. R. W. Lasser; second vice-president D. Watt; sergeant-at-arms, L. C. Minchin; chaplain D. Harris and past president, W. T. Curran. Executive council members for the year are F. W. Allott, E. H. Beckman, H. Davis, V. H. Hurren, S. Kilby, R. Lampert, E. Morgan, K. Ramus and A. Reynolds.

Auxiliary officers are: president, Mrs. O. Reeve; first

vice-president, Mrs. M. Evans, second vice-president, Mrs. H. Leman; Mrs. L. Highland, secretary and Mrs. D. Carrico treasurer. Mrs. R. Watson is sergeant-at-arms and Mrs. J. Shaw the past president.

Executive council members are Mrs. E. Bigelow, Mrs. G. Lipsey and Mrs. J. Skerratt. A social evening followed the installation.

Mamquam sidewalk

With the removal of the trees at the corner just north of the Mamquam School, one source of danger to the children in that area no longer exists. The trees made it difficult to see oncoming traffic.

However the problem of children travelling north towards Leski's Crossing along the road still remains and it was suggested at last week's council meeting that a sidewalk be built along the B.C. Hydro and Power right-of-way at the rear of the school.

Several problems could arise from such a sidewalk; securing easements, safety, fences, cattle in the fields and access back to the houses along the highway.

Council plans to look into the matter.

Road status clarified

Two roads in the district have been given the status of secondary roads by the provincial Department of Highways.

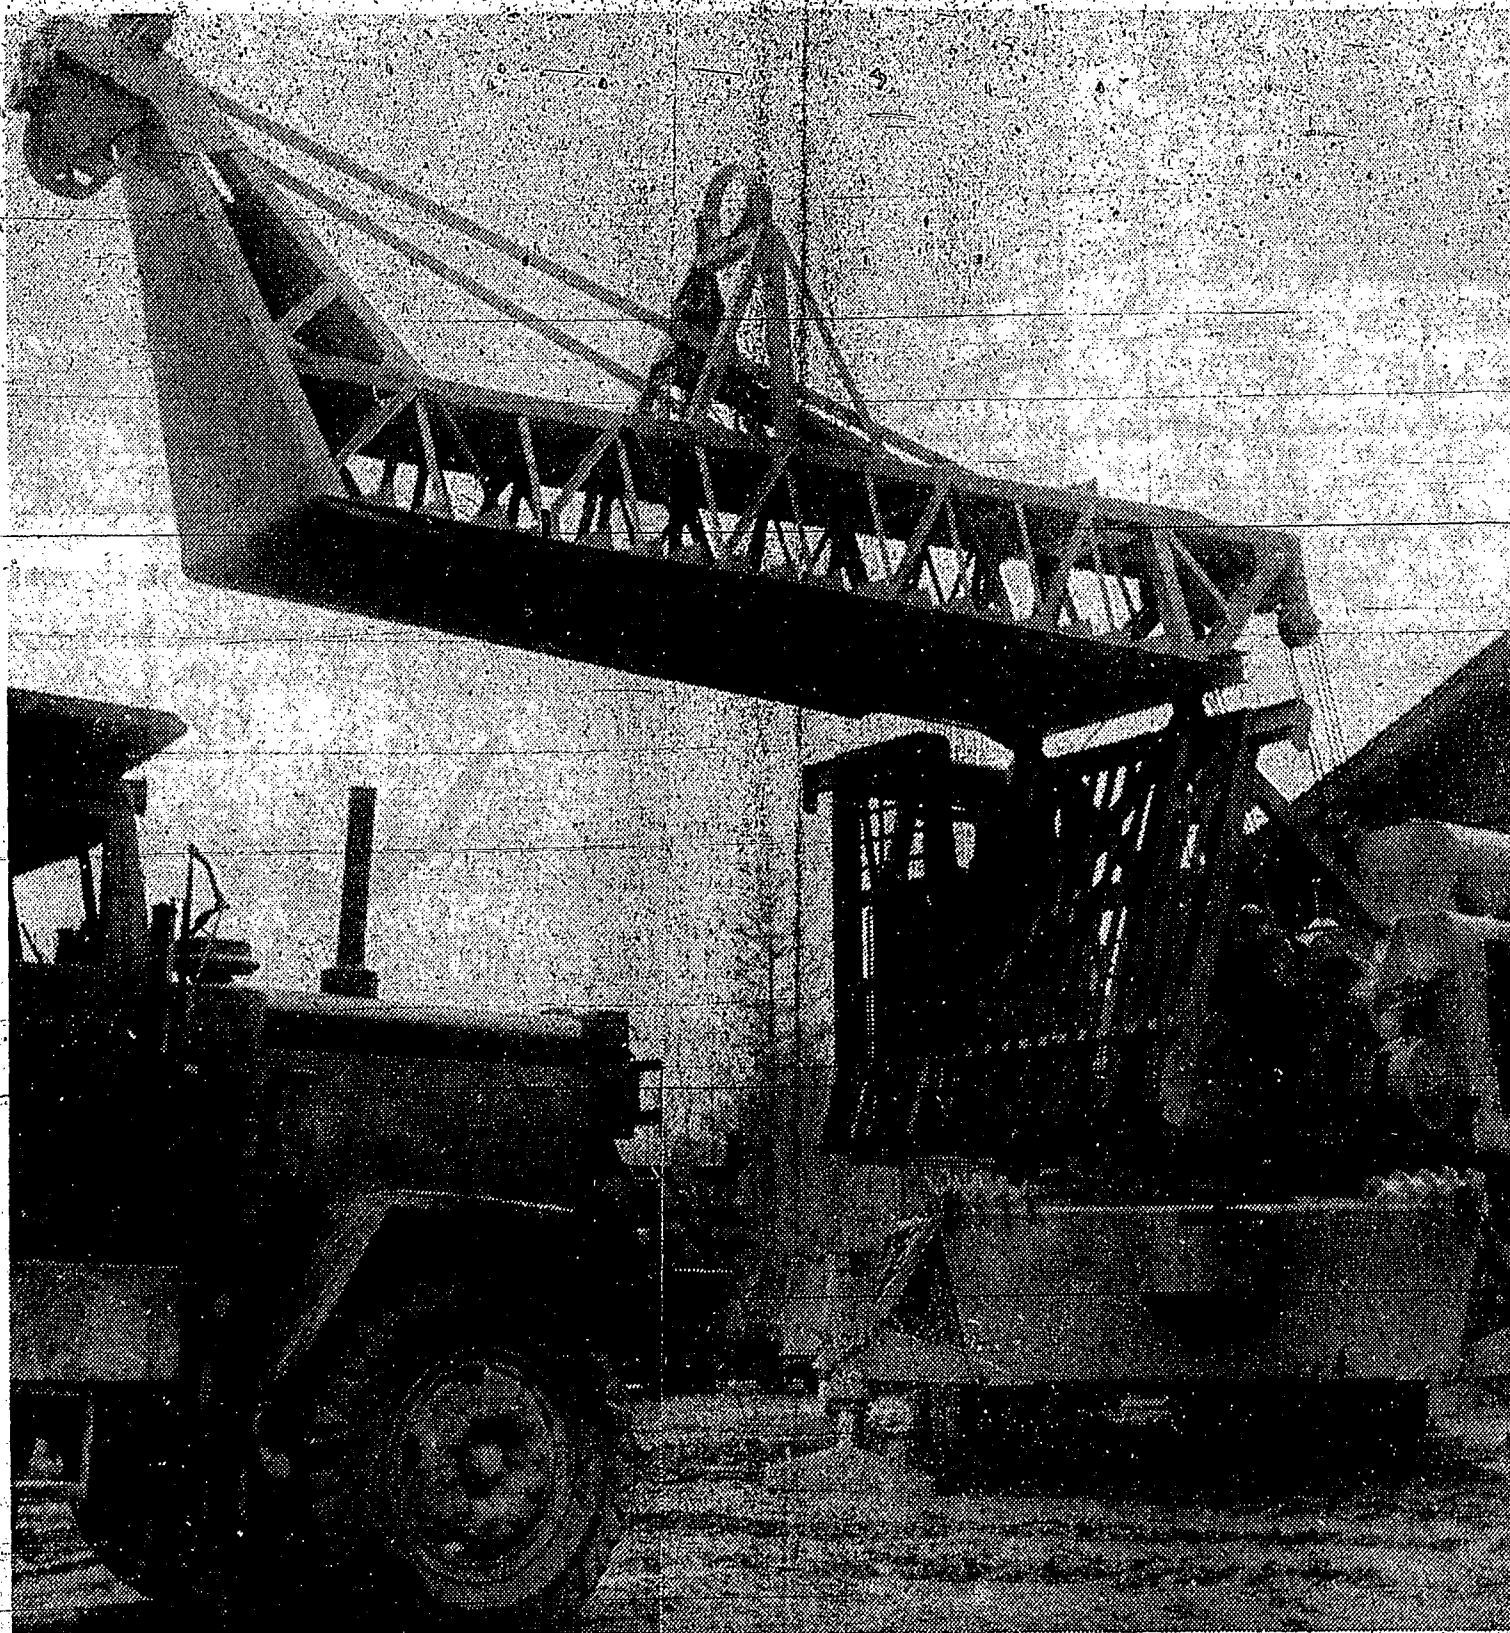

These roads are the main valley road between the Alice Lake turn-off and the municipal boundaries north of Cheekye and the road to Diamond Head from the government road to the boundaries of the municipality.

Costs of the maintenance and improvements of secondary roads are shared by the district and the government.

COUNCIL PROCLAIMS EDUCATION WEEK

Dr. L. C. Kindree, acting reeve of the municipality in the absence of the reeve, P. J. Brennan who was ill, met a delegation from the Howe Sound Teachers group on Tuesday, Feb. 22nd, and accepted a proclamation announcing "Education Week" from March 6th to the 12th.

Representing the teachers were Mrs. W. Gosling, Mrs. Grant, Miss Rice and Miss Smith.

THE GIANT new log-loading machine which arrived last week for MacMillan, Bloedel and Powell River's Squamish division. Here Eric Strom is putting the Skagit 777 through its paces in front of the Squamish shop.

Park and recreation group

Recreational commission outlines future plans

A revolutionary idea for a Park and Recreation group with representation from council, the school board and members at large was outlined at last week's council meeting when Ray Bryant, chairman of the Recreation Commission and Mrs. S. Goss, secretary of the commission, met with council to discuss the recreational needs of the area.

Mr. Bryant, in an appeal to the council, requested enlargement of the commission, employment of a full-time recreational director in co-operation with the school board and a stepped-up summer and winter program.

He suggested the commission could be broken down into two components, one for parks and facilities with the chairman and four members, and the swimming pool, community centre, parks and future skating arena would fall under their jurisdiction.

The other group would consist of a recreation chairman and three members and the programs conducted by the group would be under the jurisdiction of this committee. These would include the minor sports program, swimming program, day camp program, playground program, and fine arts. Also in this group would be the mountaineering club, community guid-

ance programs and community centre activities.

He visualized a summer program for the parks and playgrounds and a winter one which would utilize the community centre. This would require a full time director who could also double as the adult education director in winter and this would reduce the cost to the district as it could be shared with the school board.

Instructors, he was sure, could be recruited from the local high school students who enjoyed working with young people.

He was sure the facilities and part of the maintenance work in the park and recreational areas could be done by the municipal works crews and was most anxious to see some of the plans, including the winter sports, playground and day camp work instituted this summer.

He also said he believed some assistance could be obtained through the Community Programmes Branch of the provincial government.

Council was in favor of the program in principle but commissioner A. W. Hendrickson said this would mean there would be very little money available, if any, for parks de-

velopment. He also felt the estimate of two thousand dollars for park maintenance was much too low.

"I am sure," he added, "that figures for the repair, maintenance and upkeep of the swimming pool are also unrealistic," he added.

Discussions with the school board and further talks on the format of the Recreational and Parks commission were to be undertaken before any decision was reached and the council felt the matter required further study.

Mr. Bryant was anxious to see some definite steps taken soon in order to implement the summer program which he had outlined.

Removal of hydro poles on Judd Road

A query regarding the cost of removal of light poles on Judd Road to permit the widening of the road brought a favorable answer from the B.C. Hydro and Power Authority.

As the poles are sixteen years old and this is taken into consideration when cost of removal is contemplated, the cost to the municipality would be extremely low.

Councillors felt this was a good offer and suggested that the idea be further investigated.

Shower for Mrs. Hurford

On Wednesday, Feb. 16th the Ladies on Diamond Road, in Garibaldi Estates gathered at the home of Mrs. B. Hartnell for Mrs. Irene Hurford's baby shower.

Gifts were presented to the honored guest in a decorated cradle.

Seventeen escape as bus overturns

Seventeen people fortunately escaped serious injury last week when their chartered bus went off the highway and plunged 80 feet down the hill to rest against a large rock a few feet from the PGE.

The bus, owned by Mair's Chartered Busses of Burnaby, was a 25 passenger vehicle carrying fourteen students from the V.B.C. Institute of Technology and two instructors. They had been visiting Woodfibre where they toured the pulp mill and had just started back to Vancouver from the ferry terminal at Darrell Bay.

The bus, driven by Larry Blain of North Surrey, turned right from the parking lot and was heading south towards Vancouver. Approximately 150 feet south, at a little hill, a car attempted to pass the bus from behind when a panel truck driven by F. Schoenig of Squamish came over the hill heading north.

A collision occurred and the bus went over the bank on the west side of the road, turning a complete somersault before landing on its wheels about 80 feet below near the railroad track.

The driver suffered facial injuries and was taken to Squamish General Hospital by private car. Two Squamish ambulances transported two other passengers to the hospital and the remainder were also taken there for examination and treatment. Blain was later taken to St. Paul's hospital where he was reported in good condition with facial injuries, and back injuries.

Three passengers, one with a broken collarbone and two with broken ribs, were the most seriously injured while the others received cuts and bruises.

Local RCMP officers said charges are being contemplated.

Few accidents occurred here

Only a few accidents have been reported in the past few weeks and these occurred on the day when snow fell a week or so ago.

On Feb. 11th under slippery conditions, Brian Gourlay of North Vancouver and Ole Kristianson driving a Squamish Transfer truck were involved in an accident one half mile south of Britannia Beach. Gourlay drove into the ditch to avoid the truck but slippery conditions caused it to slide into the former's vehicle. Fortunately he was out of the car before it was struck.

On the same day, in approximately the same place, J. Carr and D. R. Shirley were involved in an accident when Carr was stuck in the road when his car skidded sideways.

Shirley collided with the front of the stalled vehicle. Carr suffered head lacerations and damage amounting to eight hundred and fifty dollars occurred to the vehicles.

In another accident on the same day W. Hartin of Vancouver collided with a speeder driven by Norman Pottier of Squamish at the intersection of Pemberton road. There were no injuries.

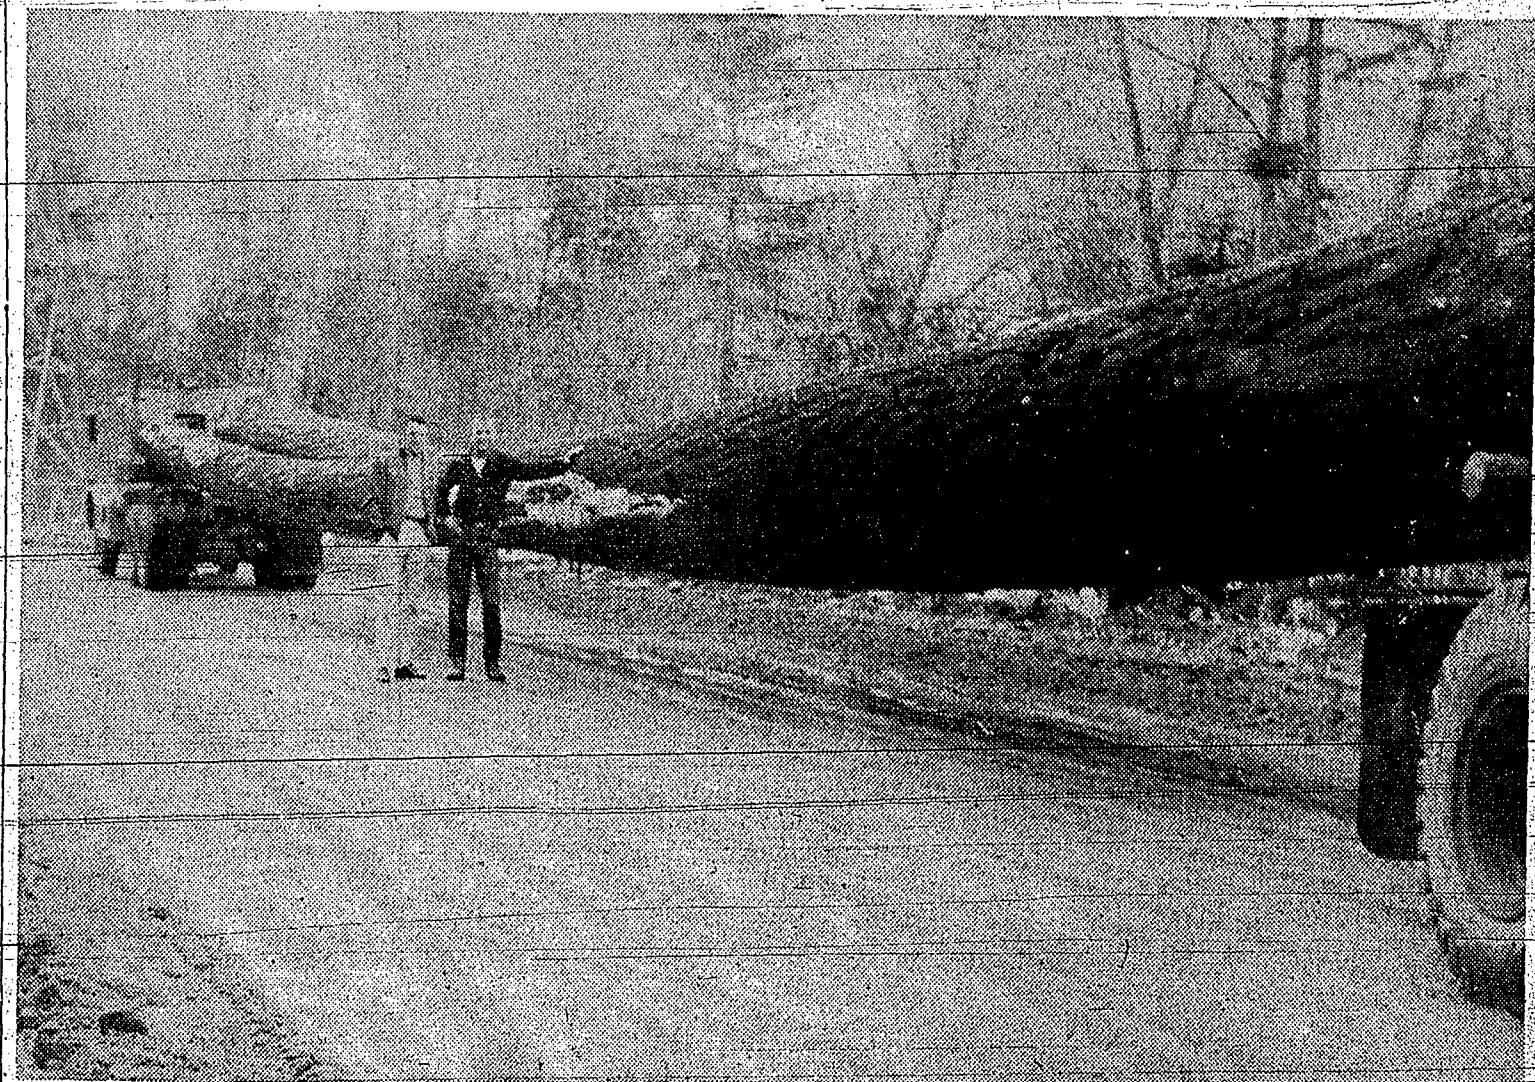

On February 15th, one hundred dollars damage ensued when a car, driven by David Laithwaite, went over the edge of the bank on the Squamish-Britannia highway about three miles south of Darrell Bay. The case is still under investigation. A passenger, Frederick Crawford of Squamish, was injured in the accident.

SNOW REMOVAL COSTS \$21,500

Total snow removal costs during the winter months amounted to \$21,500, according to figures released by the municipal office last week.

Approximately \$3,700 remained in the budget from last year when snow hit the valley in December and this was soon used up. The budget amount of seven thousand dollars in the provisional budget for snow removal has already been more than doubled in this first portion of the year with possible snow to be expected again before the end of the year.

Costs for snow removal have been higher than ever before, but this is to be expected with the enlarged district. However two winters of the severity of 1964-65 and 1965-66 cannot be expected to continue.

MINER KILLED AT BRITANNIA BEACH

Gregg E. Campbell, a 19-year-old ore sampler employed by Anaconda (Canada) Ltd., was killed as a result of an accident in the mine on Wednesday of last week.

With another ore sampler, Barry Collins, Campbell was walking in the tunnel at the 2900-foot level, when they saw the ore train coming and each man stepped to one side of the track. Campbell climbed up on the timbers at the side and as the train passed it caught him.

He was dragged ten to twelve feet along the tunnel and crushed against the mine timbers. The Britannia first aid crew brought him out and he was pronounced dead on arrival at the mine clinic.

He is survived by his wife, Sally, in North Vancouver.

An inquest was opened last Friday but has been adjourned to March 3rd and possibly longer. An autopsy was ordered.

THESE TWO giant trees, 130' long will replace the two climbing trees in the Loggers' Sports area. Cut on the MB & PR timber claim, these trees were brought down to tidewater by two logging trucks and dumped in the water to be taken to the

sports ground. Richard Munro, shown with Elgin Tetachuk in the above picture, says there is only one inch difference in the butt and half an inch difference in the tops of these trees.

Whither education

E. C. Roper asks "are regional colleges the best answer?"

Post secondary education was the theme of the talk given by E. C. "Cece" Roper, principal of the B.C. Institute of Technology at the second annual civic dinner in Paradise Valley Resort on Wednesday evening of last week.

He wondered if a regional college, as proposed for the North Shore, was the best solution for the rest of the area. "On the north shore," he said, "the largest percentage of students go into professions and require the college or university training. But this is not indicative of the rest of the area."

He said for the time being there would only be the three colleges as the government is taking a hard look at the situation. "However, it can change, and change quickly," he added. He said the regional colleges would come but no one could say just when. "Should Squamish and Sechelt be involved in this?" he asked.

"Whatever you decide will be a step forward," he said. "All forms of higher education are steps up the ladder and you are heading in the right direction."

NEW TRAINING WILL BE NEEDED

In his talk Mr. Roper said everyone is going to be involved in post secondary training, for new skills and learning new things. An explosion is taking place in education and there is no stage where one stops learning. "I had been away twenty years but I went back," he added, referring to his second session at UBC in 1957 to take his master's degree and later teaching there before taking up his present position at the B.C.I.T.

"Post secondary training does not always require Grade twelve," he said. "We train people who have been in industry for a number of years, in fact fifty percent of our pupils come from industry."

There are two roads to take either to university or a vocational or technological school. Now a third one is being offered. Regional colleges. These can offer adult training programs and are of special use where there is a low population density. Colleges are usually formed in regions such as the Kootenays, the Okanagan and now on the north shore. He said no one would have believed this area was ready for one, but according to

the feasibility report prepared by Hartwick and Baker, a college would be practical. "Things are happening so fast in this space age it leaves us gasping," he added.

SCHOOL STUDIES

The new secondary school curriculum is leading towards such an institution Roper explained, and said students could take Grade 13 and another year, later going on to university. The colleges would also provide an opportunity in other areas of learning.

"In Australia, where I visited last year," he said, "they are trying to train the young people in skills which will be needed and they must be succeeding. They have the lowest unemployment rate in the world. But" he added, "this requires a vocational guidance bureau, counselling systems, interviews, etc., and carries a tremendous responsibility."

He said it was even more true today than ever before that one's work must be his vocation. Whatever the job is, whether a trade or a profession, it should be done well and should be enjoyed.

"Programs for adults are becoming increasingly more important," Mr. Roper said, "and it makes no difference what stage of academic training has been attained. Adults are motivated by desires to upgrade their education. Hundreds of men and women today are satisfying long dormant ambitions and with the expanding fields of knowledge many of them are taking new training for better positions."

"In one third of the families today, one adult at least wants more training. There is a broadening appreciation of social and educational responsibilities among people and a desire to learn either for their work or their play."

Students in a regional college can take many courses; two-year university, commercial, industry, welfare, art and music. A student can take time to assess his interests and decide what he wants to follow.

EXPANSION IN HIS OWN SPHERE

"The sudden increase in further training has astounded us," he stated. "We are trying to anticipate now what training we will need at the Tech-

nological Institute in 1970. We will have to double our classes by 1969."

He said they are offering a course in food processing, and there is no other one in Canada. Broadcasting is another field which they teach and here only two other institutes offer these courses.

"What would be of great concern to me," he said, "would be the feasibility of subsidizing pupils to cross the inlet to take some courses in our institute. This may happen and we do not know how many people will want to use our facilities."

Mr. Roper ended by comparing education to a tree, the roots are the elementary training, the trunk is secondary, while the branches and leaves are the higher learning of whose importance we are now becoming aware.

Guides at jinx night

by LILA MacRAE

Of Friday Jan. 28th I attended a Jinx Night for the Girl Guides at the West Vancouver Community Centre. Jinx night is an annual event where Girl Guides and all their parents of the lower mainland have a chance to meet one another.

The first part of the program was a presentation of several skits put on by different Guide companies. Some skits were thought out by the Guides themselves. The one I particularly enjoyed was a scene of girls camping out ready for bed and a surprise lay ahead for them.

They showed slides of a trip two girls from the Vancouver district took when they travelled to Ontario to attend Heritage Camp sponsored by the Girl Guides Association. Girls from many countries attend this Guide camp.

This was followed by more skits which lasted half the evening. Prizes were presented to the company which produced the best skit and another to the one with the most people present.

Refreshments were served and the annual Jinx night had ended until next year.

In this modern age men who die with their boots on usually have one of them on the accelerator.

SCHOOLS HOLD OPEN HOUSE

Schools in the Squamish area will be holding "Open House" during Education Week from March 6th to the 12th.

Stawamus school will be open from 1:30 to 2:30 on Tuesday, March 7th with tea served later. The same hours on the following day will be "Open House" at the Brackendale school.

Mamquam school will also hold their open house on Wednesday afternoon from 1:30 to 2:30 followed by tea and Squamish elementary will be open on Thursday at the same time.

Brackendale Cubs held father-son dinner

Almost a hundred people sat down to the first Brackendale Father and son banquet, held in Squamish United Church on Thursday evening Feb. 24th.

After a turkey dinner followed by ice cream and cookies, H. Boomer, chairman of the group committee introduced the honored guests.

District Commissioner John Powell said it was wonderful to have a new group starting out and he was sure the boys would, in later years, remember with pride that they were the first members of the Brackendale Pack.

Although this is Thinking Week, when all Scouts honor their founder, Lord Baden-Powell, he said the movement was really started by boys themselves who read his book and wanted to try being scouts. So they found someone to lead the movement.

"The situation is the same today," he said. "We need new leaders. Perhaps the boys can find them."

Barry Shaw, who came from Vancouver brought the good wishes of the Coast Region and mentioned the provincial jamboree in Penticton and the coming world jamboree near Spokane next year. Another project many boys can look into is the exchange scouts where boys from eastern Canada come to the coast and the ones from B.C. can visit with their eastern friends.

He suggested the boys

should try to follow the old saying "What you are speaks so loud I can't hear what you are saying," or, in other words, to be an example of scouting, not just parrot the words.

Rev. H. Wingfield told the boys scouting was a wonderful movement and they must learn to choose whether they wish to do this or something else because there are so many demands on our time. The choice will get harder as time goes on but no boy will ever regret it if he chooses the Scout movement.

Senior sixer Ricky Boomer, who is walking out of the pack and two Scouts, Roger Auclair, who received a gift from the pack and Robbie Howey who was presented with his Leaping Wolf badge, were honoured by the boys whom they led. Cubmaster Mrs. T. Hill presented a Cub pin to Mrs. Tatlow in thanks for helping the group with publicity and acknowledging their activities.

The dinner ended with a campfire where D. C. Powell, Barry Shaw, assistant D. C. R. Bryant, and Mr. and Mrs. Hill led the boys in various songs ranging from the rollicking Bingo to the beautiful Kum-by-yah. The campfire closed with "Taps".

Mexican jumping beans are the seed of a desert plant in which the larva of a moth moving causes it to jump.

Woodfibre Legion installs officers

John McHugh was installed as president of the Royal Canadian Legion, Branch 181, Woodfibre and Mrs. D. R. Stephens as president of the Ladies Auxiliary to the Legion for a second term at a joint installation ceremony at the pulp town on January 14th.

John D. Van Horne, Zone Commander, was the installing officer for the men while Mrs. Dolly Cartwright, Zone Representative did the honors for the ladies.

Other Legion officers installed were: W. Carrigan, first vice-president; Bud Lloyd, second vice-president; G. Sinclair, secretary and Fred Bailey, treasurer.

Executive members are: H. King, C. Stanglund, D. R. Stephens, D. Storey and C. Woodage.

Other officers for the Ladies Auxiliary are: Mrs. R. Chambers, first vice-president; Mrs. G. Sharp, second vice-president; Mrs. P. Wickstrom, secretary and Mrs. W. Smith, treasurer. A social evening followed the installation ceremony and special guests attending were Mr. and Mrs. D. Cartwright, Mr.

Mulholland and Mrs. Etta Mulholland, Liaison officer for the Auxiliary and Mr. and Mrs. G. Fellingham from North Vancouver.

Anglicans plan March 17 tea

Pemberton — The Social Committee of the Women's Auxiliary to St. George's Anglican Church met recently to make plans for the St. Patrick's Tea and Bake Sale, to be held in the Community Hall cafe, on March 19th, from 2:00 p.m. until 4:00 p.m.

Mrs. Barbara Walker is in charge of the tea, and helpers on her committee are Mrs. Terry Olsen, Mrs. Pat Furniss, Mrs. Mary Taylor and Mrs. Shirley Gill.

The Tea and Bake Sales held by the women's groups in this valley are a very popular affair, so make your plans early to attend this one. A door prize will be given.

Down in the alley

In the Garibaldi Estates League on Feb. 11 in the ladies division Clarice Burt made a clean sweep with high average 194, high single 218, and high three with 611. In the mens division it was Angus McRae with high single 264 and high three with 648 and Allen St. Remy with 229. On Feb. 18 in the ladies division Clarice Burt took everything with high average 197, high single 284 and high three 763. In the mens division Cran St. Remy with high single 271, high three 693, and Allen St. Remy with high average 226.

remodel your kitchen with **LIGHT!**

Nothing like light, the right light in the right places, to make your kitchen easier and more pleasant to work in.

GENERAL LIGHTING: to see into cupboards and read labels.

AT THE SINK AND COUNTER: light to see if your dishes are really clean; for preparation of meals.

AT THE RANGE: light to help you cook better, to see if that steak is rare or medium/rare.

Start planning your bright new kitchen now. Ease into it if you like, and add one lighting improvement at a time. For your copy of "BRIGHT IDEAS For Kitchen Lighting" contact B.C. HYDRO Lighting Advisory Service.

Report to the people

1965 was a year of growth and change

Councillor A. W. Hendrickson gave the annual report on the activity of the municipal council at the annual civic dinner held in Paradise Valley Resort on Wednesday evening, February 23rd.

In the absence of the reeve, who was ill with the virus flu which has been causing so much havoc in the schools and in British Columbia, councillor Hendrickson said he was grateful to the Chamber of Commerce, who sponsored the civic dinner, for this opportunity to make the report.

"The District of Squamish is now a little over one year old. We have encountered a great many problems not envisaged when we formed the municipality. There were a good many loose ends to tie up, and now that we have most of these in hand we can get down to brass tacks. To say the least, our outlook for 1968 is optimistic.

We are trying to get the municipality off to a good start and avoid costly mistakes. One might say the first year has been primarily used to find ourselves and obtain a sense of direction. The support of the public has been tremendous and we look forward to, and solicit your continued cooperation.

RIVER CONTROL STILL NOT ASSURED

Last year we spent a great many hours with the federal and provincial authorities negotiating and tying up loose ends of the Flood Control Project for the Squamish Valley. In October, agreements in principle were reached with the two senior governments. We were assured by the federal authorities that there were no problems and the agreements would be signed before Christmas. The provincial government concurred.

Well, a federal election was held in November resulting in the appointment of a new federal minister responsible for water resources. Apparently, the whole question was reconsidered by the new minister and his staff. Today, the agreement has not been signed by either the

federal or provincial authorities and it appears that the entire matter has received a serious setback.

We do not intend to sit idly by while our dyking program becomes a political football. Let me assure you we intend to expend every effort to insure that it becomes a reality.

WOODFIBRE WILL JOIN DISTRICT

We have reached an agreement with Rayonier for the incorporation into the municipality of the Woodfibre area. Special legislation is being advanced at this session, and as soon as it has received royal assent the loose ends will be tied up and Woodfibre will undoubtedly be part of our municipality before the end of June.

Negotiations are proceeding fairly well with the principals of Anaconda Company for the inclusion of Britannia into the municipality. Although talks are still in the formative stage, we have every hope of incorporating Britannia before the end of the year. These two areas, with their large industrial assessment, will certainly strengthen the tax base of the municipality.

The Brackendale water system is under way and, if all goes well, the system should be in operation by June 1st. We ran into a few minor setbacks in getting the project off the ground—the original tenders were much higher than expected and we had to cut-back and recall to stay within the scope of our by-law.

The water system should help promote the development of the Brackendale area. This is projected to be one of our major residential districts and we look to its future with a great deal of enthusiasm.

SEWERS AND PARK PLANNING

A by-law for the Squamish sewerage system is being prepared and we hope to submit it to a referendum sometime in April. The summer months, with low tides and smaller amounts of rainfall, are the best time to construct in the lower area, and if the referen-

dum is favorable tenders will be called as quickly as possible.

Last fall we hired a firm of landscape architects to lay out a master development plan for the Marquam Park. We expect that preliminary drawings will be in our hands within a week. We intend to call a public meeting to give the people an opportunity to review the proposals and come forth with any suggestions.

The parks will be for the benefit and use of all the people in the Squamish Valley and we hope you will take an active interest in the plans and freely express your opinions. We intend to stage development so as not to create a drain on revenues during any one year.

This will be the major municipal park and it is not our intention to develop any other. There will be a few neighborhood parks in private subdivisions, developed by the subdivision, that will become the responsibility of the municipality in 1968.

MUNICIPAL COMPLEX IN PLANNING STAGE

We have engaged a firm of building architects to provide sketch plans and cost estimates for a new police building and municipal office. There is really very little to report with respect to these two buildings since plans are still on the drawing boards. We are faced with the responsibility of providing accommodation for the R.C.M.P. if we want them to police our municipality. Their present quarters are unsatisfactory and they have served notice that other accommodation must be provided.

We have outgrown the municipal office and more space must be provided. The same architects are drawing sketch plans for our Civic Centre Building and, again, there is very little I can report with respect to this since plans have not been completed.

Early this year we embarked on an office modernization program. One piece of equipment is now in use and the balance will be delivered at the end of March. The development of this program is staged to take place over a two-year period and, when complete, will give us an opportunity to exercise a greater degree of control over bud-

geting and financing than has been possible in the past.

NEW FIRE EQUIPMENT

In the last week in January we purchased a new 650 gallon per minute fire pumper truck and this is now stationed in the No. 1 Fire Hall in Squamish. The truck from the No. 1 Hall was moved to No. 3 Hall in Brackendale and the Civic Defence pumper unit which was on loan will be returned.

Our fire fighting equipment is now up to a fairly good standard, and with the exception of some additional equipment for the men, we should not be faced with any major expenditure in this department for a few years.

After January 1st, 1967, we will be responsible for policing and social welfare costs in the Municipality. It is expected this will run into \$60,000.00 per year initially, with increased costs as the Municipality grows.

BUILDING PERMITS HIT NEW HIGH

Ladies and gentlemen, this has been a brief resume of some of our activities over the past year. Building permits in reached almost 3-1/2 million dollars, more than 3-1/2 times greater than the permits issued in 1964, and this does not include the huge investment in machinery and equipment at the F M C Chemical plant.

We expect 1968 to be another active year; building permits have already exceeded one quarter of a million dollars; this is one-half of the total amount issued during the whole of 1967. We are optimistic about further industrial expansion this year. Flood control will occupy a major portion of our time, and I want to assure you we are not going to rest until the dykes are built. We hope to undertake a fairly extensive paving program this year and bring a few more miles of streets up to a better standard.

Snow removal, this year, placed a heavy strain on our budget and, as a result, some of our planned programs will have to be cut back.

I would personally like to thank the community for the fine support they have given the Council and solicit their continued support in the future. Thank you.

Howe Sound highlights

Films shown by fine arts groups

By Louise Kilby
The Fine Arts Council has started to show films at noon hours on the stage. Cost of this is five cents per person. The first film, shown on Monday and Tuesday of this week was called "Song of Flight".

Speeches have been held in English classes in the last few weeks to determine class finalists who will be entered in the school semi-finals. Winner of Mrs. Hansen's grade ten English class was Sandra Ernie with Shannon Tinney second.

On March 4 students from the senior classes will be attending a play, "Romeo and Juliet" in Vancouver. While in Vancouver the students will also visit some other buildings.

These are Simon Fraser, Chantau Vancouver School of Arts, Riverview Mental Hospital, Hudsons Bay, Vocational School.

The third in a series of programs about the new curriculum for the Secondary schools was held on Wednesday, February 23rd, in the new industrial education shops. The program dealt with new trends in vocational education. As part of the program a tour around the new industrial education shops was held.

ILLNESS CUTS ATTENDANCE

It seems that diseases are like teenage fads, they come and go and never last long. First it was the mumps; everybody that was anybody had the mumps! Now that the mumps are gone (except for the odd case that always lasts longer than the others) what should come along but the flu (like it does every year at this time).

It hasn't quite hit Squamish yet but reports say that in Los Angeles about 400,000 people have been "Bitten by the bug" and out of 700,000 school children more than 100,000 have been absent because of the bug. In a lower mainland elementary 16 out of 34 students were absent one day because of this little bug.

Well, this bug has begun to hit our school and chances are that it will hit heavily. Some of us always get it but I can think of some students who never get an illness when one of these epidemics comes along — they're the ones who sit in a half empty classroom wishing that the school would close down and give them a holiday.

Guides hold mother-daughter banquet

A mother and daughter banquet of the First and Second Squamish Girl Guide companies was held in the Christian Education Centre on February 15th.

Guest of honor, Rev. H. Wingfield said Grace and Sharon Kindree gave a summary of Squamish Guiding for 1967.

Capt. Flury of the newly formed Second Squamish Guide company gave a report and, in the absence of Capt. Carson who was ill in hospital, Lt. Trudeau gave a financial report.

Stars and badges were given with 1st year pins going to Brenda Bird, Janet Bryant, Heather La Froge, Beverley Reid, Debbie Rizin and Mary Ellen Shippers of 1st Squamish and Susan Applin-Flouch, Dale Burt, Kathy Davis, Echo, Grand Kindree, Lila MacRae, Sella and Diane Shaw and Geraldine Thom of 2nd Squamish.

Second year pins went to Leslie Chapman, Janet Hurren and Kathy Kennedy of 1st Squamish and Joanne Dickie, Kathy Herridge and Eileen Howard of 2nd Squamish.

Third year pins went to Valerie Bird and Cheryl Hill of first Squamish and Janice Drenka of 2nd Squamish while Sharon Kindree received her five year pin.

Hostess badges went to Janet Hurren, Kathy Kennedy and Beverly Reid of 1st Squamish and Eileen and Roberta Howard and Geraldine Thom of 2nd Squamish.

Kathy Friesen received her swimmers badge and Carolyn

Schutz her cook, child, care, needlewomen, hostess and toy maker. Other badges were awarded to Diane Kindree, child care and cook and Geraldine Thom, child care.

A program of skits and entertainment was provided by the Guides which the mothers thoroughly enjoyed. Everyone joined in a campfire to round out the evening.

From the Pemberton Valley American theme at W. I. meeting

AUXILIARY ADDS NEW MEMBERS.

Pemberton — Three new members were initiated at the regular meeting of the Ladies' Auxiliary to the Royal Canadian Legion, Branch No. 201, in the Legion Club Rooms on February 22nd. Mrs. Peggy Currie, the president was in the chair and officiated at the initiation.

A donation of money was given to the Pemberton and District Centennial Committee, to assist with the work of the Centennial project for this district.

Jack Graham, executive member from the local Branch was a guest at the meeting.

Pleasure was expressed by the members for the choosing of Miss Linda Erickson, the princess for the L.A. and the Legion, as the Queen of Hearts, at the Pemberton and District Board of Trade dance held on the 11th of February.

Pemberton Secondary news

On Friday, Feb 18th, the Senior Teams from the Pemberton Secondary School journeyed by Budd to 100 Mile House to compete in a Basketball tournament. They were billeted at the homes of the students from the school there on Friday and Saturday nights and returned to Pemberton on Sunday.

Friday night after the teams arrived in 100 Mile, the Senior Girls team played the girls from the school at Lytton. Our team used zone defense, and the 1-3-1 offense. In the end it all paid off with our team beating them 40-14. Alma Lundgren was top scorer with 15 points.

The next game was between our Senior boys and the Lytton Senior team. Our team used zone defense, and the 1-3-1 offense. The final score was 56 for Pemberton and 48 for Lytton. The top scorer was Franklin Andrew with 26 points.

Following this game the players went to their billets and rested up for the next day of competition.

On Saturday morning the Lillooet Barons played the Red Devils, with a final score in our favor of 44-26. The top scorer again was Franklin Andrew with 18 points. Franklin played a man to man defense on the top Lillooet player, Oliver Williams, and held him down to 4 points. Oliver is a very good basketball player, and usually gets quite a lot of baskets in a game.

The next game the Red Devils played was the Senior girls against 100 Mile House. We won again with a score of 24-13. The top scorer again was Alma Lundgren with 16 points. The next game the girls played was the final game of the tournament, and the girls were beaten in this game by the Ashcroft Senior girls team. Ashcroft got hot in the third quarter, and started putting in some long shots. In the fourth quarter we were able to come back with 8 points to Ashcroft's three, but this was not enough and they won with a score of 26-21. The Ashcroft Senior girls team are the Champions for this tournament.

The final game for the Senior Boys was Pemberton versus the boys from 100 Mile House. Our boys started the game with man to man defense, and at 1/2 time the game score was 51 to 18 for Pemberton. Then our boys turned our defense back to zone, and tried some of the newer offensive plays. They must of worked, as the Pemberton Senior Boys won the game with a score of 79-27, making them the Champions. Franklin Andrew was again the top scorer with 29 points.

TO ENTER PLAYOFFS
This tournament was to decide the champions for the South Central Caribou area, and the winners from here go on to Prince George this coming week-end for the playoffs for the north. Winners from this be eligible for a berth in the B. C. High School playoffs to be held at the University of B. C. sometime in March.

During the Championship game, the folks from 100 Mile cheered our team equally with their own, showing the sportsmanship of that community.

On Saturday the students from 100 Mile served a lunch for all the players from 3:00 until 5:00 PM, and on the

Saturday evening, a sock hop was held for the visiting teams.

At the end of the tournament, awards were presented to the teams. For the team showing the best sportsmanship of the boys, the Red Devil team from Pemberton was chosen. Also our Senior Girls were chosen as the girls team showing the best sportsmanship. There was a All Star Team picked from the teams there for the girls. Two of the girls from Pemberton, Alma Lundgren and Margaret Mitchell were chosen to go onto the All Star team of Five girls. There were two All Star teams chosen for the boys, on the first string, two of the boys from Pemberton were chosen, Franklin Andrew and David Bustard. On the second string there were also two of our boys, Fraser Andrew and Richard Sam.

MOST VALUABLE PLAYERS NAMED

The coaches of all the teams voted for a boy and a girl, as their idea of the most Valuable Player to his or her team. No coach was allowed to vote for any of the players from his own team. Again Pemberton came first, with Alma Lundgren and Franklin Andrew being chosen.

In all I'd say the players all did a really good job, congratulations.

There were six schools represented there, 100 Mile, Clinton, Lytton, Ashcroft, Lillooet and Pemberton. The Senior Girls from Ashcroft, and the Senior boys from Pemberton journey to Prince George this coming week-end, where they will be competing against Williams Lake, Quesnel, McBride, Prince George, Dawson Creek and Fort St. John. Our team leaves here on Thursday evening, to drive to Williams Lake, via Vancouver, then will proceed on to Prince George on the Friday. The team members going are Captain Franklin Andrew, Fraser Andrew, Richard Sam, David Bustard, Chris Erickson, Bob Menzel, Bert Williams, Glen Williams, Eric Wallace, manager Richard England and the coach Mr. Norman Arnold.

We wish the team success, our fingers are crossed! On Friday March the fourth, the Students Council will be holding a 'Fun Night' in the Secondary School Auditorium, with fun and games for all. The evening is planned to fit in with any age group in the family, so come on Pemberton, let's get in there and really support our students by attending this. Proceeds are for the Students Council, the funds of which are rather depleted from all the travelling the teams have been making lately.

Flood-gate opened

The flood-gate along Pemberton Road, which controls the escape of water from property lying alongside the road has been opened and council last week heard reports it was operating successfully.

The amount of surface water in the area had been causing considerable concern to residents and had been the subject of discussion between council and the highway authorities.

EAGLE DANCER at the Pemberton Lions Club Charter night banquet. The Indian dancers from Mount Currie entertained during the evening.

Pemberton Ponderings

Last night at a Civic Banquet in Squamish, T. B. M. (Slim) Fougberg was presented with the honour of being chosen the 'Citizen of the Year'. This is a great honour, but I feel it has gone to one of the most deserving of men. There are many times when people have disagreed with this man, but all ways we have felt that, even though we did disagree, he was really trying to do the work for the community and it's people to the best of his ability.

Many times, more so than any other person I can name, this man has taken his car and loaded it down with kids, and has taken them to Vancouver, or to Squamish, fishing, or on some necessary trip somewhere, (or sometimes not so necessary a trip, but one that would bring pleasure to someone) and has spent time and money, so that these young folks can get the benefits enjoyed by larger communities.

There are many things that could be said about you, Slim, but these will be said by others who attended the banquet. Through the medium of this paper, I would like to express our congratulations to you, Slim, you certainly deserve this award.

Thank-you is expressed to the folks who were responsible for the choosing of Mr. Fougberg's name. We of the community of Pemberton are proud of one of our local men.

Recently a large Banquet was catered to by the folks in this valley, the largest ever to be held here. Under the directions of a couple of women, most of the ladies in the valley turned out to do their part to make

the banquet a success.

On the evening preceding the big day, six women turned out to bake pies, and through work and co-operation, eighty-six pies were baked. For those doing the work, by the time the 86th one came out of the oven, all were tired, but all had had the fellowship gained by working together, for something worthwhile.

On the day of the 'do', many again turned out to assist with the preparation of food and the finishing touches had to be completed.

When the train-load of men and their wives arrived, the servers, and the girls waiting on the tables were there, ready to go into action. The food, when it arrived on the tables was delicious, and very important, it was hot.

Work of this nature, cannot be done by one or two people, it takes the assistance, and co-operation of many. No one is in any way more responsible for a job well done than anyone else, for without one worker (in whatever capacity she is working), where would the rest be?

The proceeds of the catering are going to be turned over to the Pemberton and District Centennial Committee, to be used for the project chosen by the folks in the Valley. How much we have all gained, for in the long run, all of us will benefit from the money we all helped to raise.

The Senior boys basketball team is at present on their way to Prince George, to compete in the Northern Playoffs against six other schools. We all wish the team and their coach well,

The regular meeting of the Pemberton and District Women's Institute was held on Monday Feb. 21st, at the home of Mrs. Ann Urquhart. Hostesses for the evening were Mrs. Molly Ronayne and Mrs. Frieda Mitchell.

A novel idea for the refreshments served at the W.I. meetings now is to serve the food of a different country at every meeting. Last month the Scotch theme was used, at this meeting an American Theme was evident, with the serving of hot dogs, and apple pie with wedges of cheese.

Next month the hostesses will be Mrs. Eleanor Collister and Mrs. Grace Sinnis, and their refreshments will have an Irish theme.

Mrs. Sally Cherry the president chaired the meeting. The ladies present passed a motion to send \$50.00 to the Pemberton and District Centennial Committee, to be used on the district's centennial project.

The Annual North Fraser District Convention will be held

this year at Gibson's in conjunction with the 30th birthday of the Gibson's Women's Institute. Mrs. Maude Ronayne is the delegate chosen by the members, with Mrs. Elsie Miller chosen to go as alternate. It is hoped with the opening of the road, that a car-load of ladies will be able to go. The next meeting will be held at the Health Center on Monday the 21st of March, at 8:30 p.m. Any woman interested in come.

Pemberton Coming Events

Pemberton — March 4th — Annual meeting of the Pemberton and District Credit Union, Community Hall.

March 4th — Fun Night at the Pemberton Secondary School, for the entire family. Proceeds for the Student's Council.

March 8th — Regular meeting of the Pemberton and District Board of Trade.

March 14th — Regular meeting U.C.W., St. David's United Church.

March 15th — Regular meeting of the Royal Canadian Legion, at the Club rooms.

March 18th — Klondike dance, St. Patrick's Theme, Community Hall.

March 19th — St. Patrick's Tea and Bake Sale, St. George's W.A., Community Hall Cafe.

March 21st — Regular meeting of the Women's Institute, at the Health Center.

March 22nd — Regular meeting of the Ladies Auxiliary, Branch 201, Club rooms.

March 23rd — Regular meeting of the Farmer's Institute, Upper Valley.

March 28th — Regular meeting of the Committee of Stewards, St. David's United Church.

Mrs. Hamula honored

Pemberton — On Wednesday Feb 23rd, the Hi-C group, from St. David's church held a surprise birthday party for their very popular sponsor, Mrs. Rose Hamula.

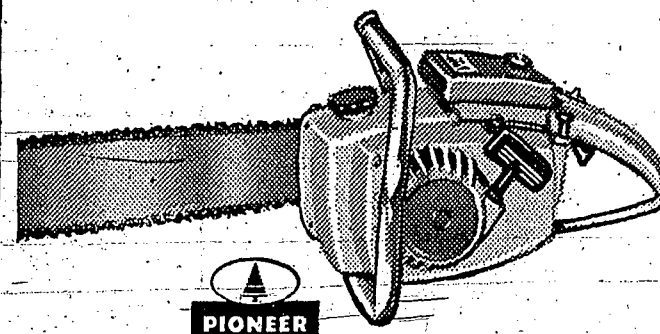

The teeners had turned out the lights, and when Mrs. Hamula entered the church, the lights came on, and the group sang the traditional 'Happy Birthday'. She was led to a decorated chair, and given gifts of a compact and a medallion from all the teeners gathered there.

Group discussion followed, with the theme "Group Relationship, as a Group and as an Individual". The group also saw a film on the same topic.

A very nice nice birthday cake, made and decorated by Mrs. Marion Ayers added gaiety to the occasion. The cake was covered with blue icing, a white swan on the water, with 'Happy Birthday Rose' also on it. All the teeners had brought party food, and a gay evening was had by all.

Congratulations to you all, the Senior boys and the Senior girls basketball teams, we the residents of the valley are very proud of you. Congratulations also go to your popular coach, Mr. Norman Arnold, thank-you for all you have given to our children.

Around Pemberton

Sorry to hear of the accident suffered by Mr. Joe Zurbrugg while skiing at Whistler Mountain recently.

Visitors welcomed back to the Pemberton Valley over the last weekend were Mr. and Mrs. Jack Nelson from Selma Park, Sechart Peninsula. Mr. Nelson represented the Sunshine Coast Lions Club. Also present were the long time residents of this valley, Mr. and Mrs. Bill Fowler from Lillooet, Bill was here representing the Lillooet Lions Club. Another former valley resident to return for the Charter night was Mr. Gunmar Neilson, from the Ladies' Lions Club. Welcome back to all five of you, we enjoyed seeing you all once again.

Military

whist winners

Flu hit the attendance at last Friday's military whist, sponsored by the Ladies Auxiliary to the Legion and there were only four tables of players.

Winners of the first prize were Mrs. J. Skerrat, Mrs. M. Hurten Jr., Mrs. Grace Peterson and C. Sacke.

Winners of the consolation prizes were Mrs. W. Reeve, Mrs. M. Hurten Sr., Mrs. Peggy Tinney, and Mrs. O. Reeve.

Another whist drive will be held on March 25th.

Junior

Poster

contest

The Lions Ladies are sponsoring a poster contest for Education Week, March 6-12th, among the pupils in Grades 1, 2 and 3 in the elementary schools.

Prizes will be given for the best posters from pupils in the elementary schools in the area.

New Lions Club chartered in Pemberton

The Lions came to Pemberton, en masse the other day, and for a while their roaring was heard throughout the Valley and the lower part of the Valley.

A special train was chartered, and two-hundred and thirty-seven folks boarded it in North Vancouver and Squamish. They came from near and far, from as far south as Olympia, Washington, from Vancouver Island, the lower mainland, the Sechelt peninsula, Vancouver and the Howe Sound area. Some of the guests were taken off the train in handcuffs and one in a straight jacket, and thrown into a hastily constructed "Hooscow", but after a short while, they were allowed to go free, and the evening went on as planned.

One of the highlights of the guests thrown into the "Hooscow" was when the local Lion President, Bob Priest got locked in with the rest. Amid hoots and laughter the "Guards" finally let him go free.

The visiting Lions and their ladies were taken by bus up to Pemberton Secondary School Auditorium, where a banquet had been prepared for them by the ladies of the Valley. They were served a full course turkey dinner, by candlelight, in a hall that had been beautifully decorated by one of the local ladies.

Prior to the serving of the dinner, all stood facing the front of the hall for the singing of "O Canada" and "America", followed by Grace, said by Father W. Scott, O.M.I. of St. Christopher's Mission, Mount Currie, B.C.

AMUSING VERSES

After grace, a group of local ladies and gents sang a song of welcome. The song was sung to the tune of "She'll be coming 'Round the Mountain", (but the words were much different!!) the greeting the Lions from far and near. There was Cy Marchant who is lost in the mornings, but look out nights, and Mr. Lattimer seeing the Lions have a surplus every year, Mr. Thom driving an ambulance "WITH LUCK". Hopes the Governor, Mr. Carl Erlandson from Bellingham, Washington liked the celebrations, and many others, ending the song with "But we're mighty glad you all could join us here".

The Lions Club from the farthest away was asked to stand, and the gentleman representing the Club from Olympia, Washington, was Tiny Paige a Past District Governor who has reached the grand age of 81. Rudy Kullman, President of the Langley Lions Club, was the next to come forward and extend the congratulations of his group to the newly formed Pemberton Lions. Mr. Kullman,

spoke of the "Warm welcome" he had received from the Pemberton Lions. He said that it isn't every day that he is taken off a train in handcuffs, and thrown into the "Hooscow".

He also read a letter of congratulations from the Kinsman Club of Langley, and in the letter told of the work which Bob Priest had done while associated with their group. Mr. Priest started out as the "Bulletin Editor" of the Langley Kinsman Club, and never before or since has the bulletin been so looked forward to by the members. Bob started as bulletin editor in 1956, and went on to become a deputy Governor of the Zone, of which Langley is a part.

"POISON-PEN PRIEST"

He earned the praise of all the members of that zone, and from all the Fraser Valley. During this time Bob was dubbed with the name of "Poison Pen Priest" and the Kinsmen Club wanted us to know of this for they felt it was too good to be forgotten.

Bob McKilligan, past president of the Squamish Club then came forward and proposed a toast to the Queen and to the President of the United States.

Frank Nanson, Zone Chairman from North Vancouver, who was the master of ceremonies for the evening, then called for representation from the different zones, five zones were represented that evening.

Dave Lattimer, another past president of the Squamish club spoke of the "lousy workmanship" in the lectern on the head table. He felt the Squamish Club could do a much better job with some axes and a log, and take only three minutes.

After some ado, and some feeling which included the breaking of the lectern, the Squamish Lions presented the newly formed club with a very nice one made from a log, but all present were convinced that it took more than three minutes to make. It is engraved with the name of the new club, and the date of the Charter Night, and fitted with reading lights. It really is a work of art.

President Bob accepted the gift with thanks on behalf of the Pemberton Lions, but was worried for part of our little "house" had been broken when the old lectern had been smashed. This was received amidst hoots from some of the folks.

MANY GUESTS FROM OTHER AREAS

Mr. Nanson introduced the head table. They were Father Scott, from Mount Currie, Slim Fougberg, vice-president of the local Lions, and his wife, Gordon Smith, District Secretary from the Bellingham Central Lions Club, Tony Allen, chairman of the local vice-presidents, and one of the local vice-presidents, and his wife, Howard Crimm, Past Cabinet Chairman, from Olympia Lions, and his wife, Cy Marchant, president of the Squamish Lions Club, and his wife, Bob Priest and his wife, Frank Nanson and his wife from North Vancouver, Carl Erlandson, the District Governor and his wife from the Bellingham Central Lions Club, Perry Moore, a Past Cabinet Chairman, from the Vancouver East Lions Club, Mr. and Mrs. Jack Graham, Ray Sheward, a past District Governor, from the Vancouver East Lions Club, and Mrs. Sheward, George Wong, an International Director, from the Chinatown Lions Club in Vancouver, and Mr. and Mrs. Bob Herron, also a local Vice-President.

Tom Allen was asked to come forward to read telegrams of congratulations. They came from the South Vancouver Island Lions Club, Victoria Chinatown Lions Club, North Burnaby Lions Club, Nanaimo Lions Club, Kitimat Lions Club, President Mr. George Campbell of Lions International, from Chicago, the past Governor of 1966 from Aberdeen Washington, and the Sydney Lions Club.

Dave Lattimer proposed a toast to the ladies. He expressed the thanks of the Lions for all the work done by the women behind the scenes. The reply was given by Mrs. Linay Erlandson, wife of the District Governor.

A few days ago, a bright red light which varied in intensity, in the vicinity of the tower caused some queries. Investigation revealed that the light was the result of burning waste material when the site was cleaned up after the buildings were finished.

Last year the Times featured an article dealing with several old newspapers and in the first edition of the Howe Sound News in June of 1938, editor Nina Anthony said she could foresee the day when "huge beacons atop Garibaldi will direct air traffic". It sounded far-fetched even a year ago but is now almost a reality with these warning lights atop the microwave tower.

DISTRICT GOVERNOR Carl Erlandson giving the charter to Bob Priest, president of the Pemberton Lions Club at the Charter Night in Pemberton on February 19th.

INDIAN DANCES FEATURED

Next on the program was some Indian dancing by the Mt. Currie Indians. Bob Priest introduced the dancers, and Adam James of Mount Currie came forward to explain to the assembled guests the meaning of the dances. Nanson introduced the Chief of the local Indian Reserve, Baptist Ritchie.

This was followed by a solo on the Alphon by one of the valley residents Gus Zurcher. He described the making of the horn and how it is played. Mr. Zurcher brought the horn back with him, on his last trip to Switzerland.

Mr. Nanson spoke of seeing the horn in the movies, but had never heard one played before. Jack Graham gave the address of welcome. He said the assembled guests made their own welcome, and that we were very glad to have them in our community.

Cy Marchant of Squamish introduced his wife, Margaret, who on behalf of the ladies and Lions present presented Mrs. Pat Priest with a lovely bouquet of yellow roses.

Mr. Marchant then introduced George Wong, who replied to the address of welcome. Mr. Wong quoted Mr. Graham when he said, "You make your own welcome" and said he felt this was the warmest of welcomes, for to him it meant, "You come to my house, it's yours". Mr. Wong spoke at length on the work of Lionism, and said it is a service to one's own community, to make it a better place to live in and in which to raise one's family.

THANKED THOSE WHO WORKED

President Bob spoke of the cooperation of the folks in the valley, and of the work done by the Lions and their ladies for the Charter evening. He introduced and thanked the following: Mrs. Frieda Mitchell and Mrs. Grethyll Watson for the catering, Mrs. Betty Talbot for the decorations, the teenagers of the Hi-C group for the novel table centers, Perry McCulloch for the entertainment, Tom Allan for the chairing of the Charter night committee, George Henry for being Bulletin Editor, and Bob Herron for being the parole officer, and organizing the work parties, wearing a velvet glove on one hand and carrying a club in the other.

Mrs. Ruth Helleveng read a verse, written about the twenty-five members of the local Lions, giving their occupations. This verse, along with the song of welcome, was written by Mrs. Gay Guthrie, a resident in the Valley, and one of the elementary school teachers.

Ray Sheward, a past District Governor, and at present membership Chairman for the Zone thanked the Squamish Club for helping to organize the Pemberton group, on behalf of Pemberton and Lions International. Mr. Sheward then introduced the guest speaker, Perry Moore, a past Cabinet Chairman, and an International Counsellor. Mr. Moore said he was feeling sorrow at seeing the little "house" broken, but on the way up he had noticed two buildings he thought would do in place of it.

Then in a serious vein of thought, Mr. Moore said "I like my Lions Club; I love my Lions Club, it gives me a feeling of belonging to something worthwhile. It is a Brotherhood of men, something that is important and necessary in my community".

He further gave the meaning of Lions, L is for liberty, I is for intelligence, O is for ours, N is for Nations, and S is for Safety, Liberty and Intelligence our Nation's Safety.

The response was given by Howard Grimm of Olympia, Washington, a past Cabinet Chairman spoke of the meaning of Lionism, and of the pride men feel in this membership.

GIFTS WERE PRESENTED

Following this, there was a presentation of Club gifts. There were flags, a guest register, name register and carrying case, tail-twisters fine can, a United States flag, a Canadian flag, a Club banner, a photograph of the founder, Melvin Jones, metal Club discs, a gavel and a dinner gong.

The evening's tail-twisters, and many donations from the folks present, gave the local Club \$108.00 to assist them in the starting of their club.

Following this, Clark Hiles a local employee of the B.C. Forest Service sang a song that he had composed. It is "Keep B.C. Green", very well written, and was enjoyed by the folks present. Mrs. Betty Talbot showed some slides taken in the valley, depicting just some of the beauty we have in our own back yards. While these were being shown, a group of folks sang the song "This land is your land" accompanied by Mr. Hiles on the guitar.

Honoured Guests invited by the Club that were able to attend were the magistrate, Mr. J. O. Decker and Mrs. Decker, and the Chief of the Indian Reserve, Mr. Baptist Ritchie. Invited but unable to be present were Corporal and Mrs. Ernest Greba, R.C.M.P. Pemberton detachment, and Village Chairman Ernest Cooper and Mrs. Cooper.

To close a very interesting evening, Rev. Father Scott gave the "Benediction" followed by the singing of the Squeen.

The many guests left then to go back to their homes in many and in the state to the south of the border. It was a long evening, but one of happiness, gaiety and seriousness, and one of knowledge for many who really didn't know of the dedication of the men who are in Lionism.

Success is certain for the men in the local group, for how can a club fail when they are dedicated to the work of Lionism. Two thousand years ago the words were said "Do unto others, as ye would have them do unto you! When men work in the service of their communities, this is the motto by which they live. There is none finer.

As the words of the welcoming song said, "We are proud to be your hostes, And we sing your praises, mostes, 'Cause we're really glad you all could join us here!"

Unknown lights caused concern

Mysterious lights in the vicinity of the West Bluff in Garibaldi Park's Black Tusk area have caused considerable concern to motorists travelling along the Squamish-Pemberton highway in the past few weeks.

RCMP officers here said they have been given reports of these lights, which were installed on top of the microwave tower at the edge of the park. The tower was built by Collins Radio for the B.C. Hydro and Power Authority's microwave system.

The tower is one hundred and fifty feet high and a red light is installed on top of this with a white one just a short distance below, as a warning to aeroplanes travelling in the area.

A few days ago, a bright red light which varied in intensity, in the vicinity of the tower caused some queries. Investigation revealed that the light was the result of burning waste material when the site was cleaned up after the buildings were finished.

Last year the Times featured an article dealing with several old newspapers and in the first edition of the Howe Sound News in June of 1938, editor Nina Anthony said she could foresee the day when "huge beacons atop Garibaldi will direct air traffic". It sounded far-fetched even a year ago but is now almost a reality with these warning lights atop the microwave tower.

SQUAMISH, 892-3937

Groups report on year's work at civic dinner

Representatives of five civic bodies gave reports on their group's activities in the past year and outlined some of the plans for the coming year at the second annual civic dinner, held in Paradise Valley Resort on Wednesday evening, Feb. 23rd.

In addition, representatives from Pemberton attended the meeting and a report on the activities of the Pemberton Board of Trade was presented. About one hundred people sat down to the dinner which was highlighted by a birthday cake for Mrs. Roper and later heard the Municipal Council school board, hospital improvement district, hospital board and Chamber of Commerce give reports on the work done in the past year and projects proposed for 1966.

F. D. Ross, secretary-treasurer of the school board and with H. H. Bailey, co-chairman of the dinner committee, was the master of ceremonies and introduced the speakers. He said the purpose of the dinner was to bring together the groups which are working for the community and to make the more aware of each other's plans and problems. It is also one way of publicly recognizing those who have done a great deal for the district. He welcomed Mrs. Earl Rivett of Pemberton, a member of the village council and Mrs. R. Proudlock, the municipal clerk, as well as Jack Graham of the Pemberton Board of Trade and said he hoped it would make for a closer understanding between the two districts. Unfortunately no one from the Alta Lake Ratepayer's Association had been able to attend.

HOSPITAL BOARD AND DISTRICT

A. B. Mackenzie, of the Gairbald Hospital Improvement District introduced the members present at the dinner and said primarily their function was to raise money for the hospital. "I don't think they needed too much last year," he said, "as we only taxed the district half a mill for this purpose. He said they had given the hospital five thousand dollars last year.

W. Gedge, speaking on behalf of the Hospital Board introduced the members and reported on the past year. He mentioned the decline of patient days in hospital, stating that prior to the opening of the road, it had reached six thousand patient days per year, not it was just a little over five thousand.

He said there were many factors which caused this among them the accessibility of city hospitals and the number of people who had doctors in Vancouver.

"Unless we improve this situation we will never have a bigger hospital," he said. He added that the doctors are planning to do more minor surgery here and with the arrival of an anaesthetist this should become more practical. A new operating table and new anaesthetic equipment will be added to the hospital. He said that he hoped this would lead to getting a surgeon from the city to come to Squamish for other operations.

"Mr. Mackenzie," he said, "We will meet with your group and discuss the need for more money. We have been given the go ahead in principle for a new nurse's home and alterations in the structure of the building. The residence will cost \$72,000 and the Government pays half the cost of the building and one third of the furnishings. In addition there will be a federal grant."

He also said the plans for updating the hospital call for the addition of more bathrooms and the installation of an electric dumb waiter as well as a new X-ray machine and dark room dryer, operating table and kitchen and laundry equipment. This will amount to a total cost of \$106,109 with the cost to the district being \$58,969.

Mr. Gedge said that "if the hospital is not used it could be reduced to the status of a Red Cross Outpost hospital." Ironically enough, at the time he

was speaking the building was jammed with emergency cases from the bus accident near Darrell Bay when seventeen patients were examined or treated for injuries.

CHAMBER OF COMMERCE

F. W. Allott, chairman of the Chamber of Commerce, who had earlier presented a bouquet of red roses to Mrs. Roper, wife of the guest speaker, to mark her birthday, said that it was a double occasion as it was also the retirement day for Mr. Gedge who would be leaving the railroad shops.

In the report on the Chamber's activities he touched on some of the highlights of the year; the first annual civic dinner, the get out to vote campaign, in both the federal and municipal elections, promotion of an all-candidate meeting for the municipal election, and was instrumental in having cross walks installed on the main street.

A problem of concern to many was solved when the Chamber succeeded in having no parking signs installed on the highway above the Wood-fibre ferry. New Christmas lights were installed for the holiday season with the council sharing the cost.

For the interest of tourists the booth was moved to the new location opposite the Forestry buildings, new brochures were prepared and issued and a novel greeting card designed to be given to visitors.

The Chamber also sponsored a canoe and kayak race on the Squamish River and while this did not prove too interesting to visitors it was a worthwhile event. This year they have already brought the B. C. Telephone Choir to Squamish.

"Some of these may not appear to be of too great consequence," he said, "but they have all taken a great deal of work."

Several projects are still in the process of being finalized and hope is held that the near future will see their realization. These include a shopper's bus to bring shoppers down from up the valley, rural cluster mail boxes to implement the speedy delivery of mail in the area and the building of wharf facilities in the Squamish area. "Also one of the biggest problems," Mr. Allott said, "is the elimination of the smoke and flyash nuisance from Canadian Collieries mill. Last year many promises were made but so far nothing has come from them so we are once more starting to put on the pressure. Let us hope that this time we can obtain some results."

Mr. Allott introduced members of the executive and thanked H. H. Bailey and Don Ross for the job they had done in organizing the dinner and said he hoped to see everyone next year.

SCHOOL BOARD

H. H. Bailey spoke on the school board's expansion program in the past year and said "In Pemberton, we have added a gym and Industrial Arts area to the secondary school as well as three new classrooms and an activity room to the Signal Hill school. A duplex teacherage is being built at the Creekside school at Mount Currie."

He mentioned the expansion at Howe Sound Secondary where a new Industrial Arts area, gymnasium and nine teaching areas have been added. This will probably suffice for a few years but may still be enlarged.

He mentioned the increased pupil enrollment, from 1800 last September to an estimated 2,130 in Sept. 1966 and said, "This thing keeps snowballing; there's nothing we can do about it. You people are responsible."

He added that he hoped there would be no increase in the school tax this year.

Most Frenchmen leave the de luxe hotels for foreign visitors, says the B.C. Automobile Association. In one-star hotels, a low rating, 80 per cent of the guests are French and 20 per cent foreign. In the de luxe hotel, the comparison is 32 per cent French and 68 per cent foreign.

PEMBERTON BOARD OF TRADE

Jack Graham, representing the Pemberton Board of Trade said it was the first time his group has been represented at this dinner and was pleased to be able to come to talk to those who were interested in the same civic problems.

"We look south," he said, "and look to Squamish, and are very proud of what they are doing. In fact your group is doing more than ninety per cent of the chambers in the province."

He said Pemberton had very little to worry about. "We have no paved roads, so we don't worry about them. We have no sidewalks so we don't worry about them either." He also commented on the excellence of the school trustees, saying they worked, not only for the school but also for the community.

The Pemberton Board of Trade had fought for roads, done a great deal of drainage work, refurbished the speeder-ambulance and the district hoped to have a real ambulance running before long.

"We are trying to do something for tourism," he said, "and we hope to do more this year. We plan to work closely with Squamish on this matter."

D. H. Campbell, district school superintendent, introduced the guest speaker, E. C. Roper of the Vancouver Institute of Technology and said he was no stranger to Squamish, having been the manager at Britannia Beach for eight years, from 1947 to 1955, and in the latter year receiving the Leonard Medal from the Engineering Institute of Canada. He later went back to University for his master's degree and taught at UBC before taking his present position.

Mr. Roper dealt with post-secondary education and regional colleges in his talk which is reported elsewhere in the paper.

PRESENTS AWARD

The presentation of the "Good Citizen Award" for 1965 was made to T. B. M. Fougberg by last year's recipient, Dr. L. C. Kindree, who kept the audience guessing until the last few minutes.

For the first time the award went outside the Squamish area. The award, given by the Squamish Times, is a tribute to the recipient's contribution to the community.

Mr. Fougberg could only say "Thank you very much, Dr. Kindree" as he accepted the award, a small bronze medal with his name on it and "Squamish Times Good Citizen Award, 1965" on the back.

Friends said later, it was perhaps the only time in his life that "Slim" Fougberg was speechless.

Invited in addition to the various civic groups were members of the municipal boards and other civic officials. These included F. Wilson, municipal works superintendent, J. Clarke, fire chief; Cpl. V. D. R. Wilson of the RCMP; R. Rennie of the Zoning Appeal Board, J. S. Goad and Mrs. N. H. Marks of the Advisory Planning Commission and Mrs. S. Goss and R. Bryant of the Recreational Commission.

MR. AND MRS. FRANK WILSON who celebrated their silver wedding anniversary two weeks ago with the

cream and sugar set they were given as one of the many gifts to mark the day.

Fire chief presents dept.'s annual report

Fire Chief Jack Clarke presented his department's annual report at last week's council meeting, stating there were nine fires of any size during 1965, three of them for cars which were in fire for a total loss of \$30,350. He said the incidence of fire loss compared favorably with areas of similar size. Damages to the houses amounted to \$29,200.

Evangelistic services

The Rev. and Mrs. Clinton Ward will conduct a series of special meetings at the Evangelistic Centre, Squamish Commencing March the eighth at eight P.M. Their young son Richard will also be taking part in the services. The ward family have conducted successful gospel services across the American continent.

Their musical ability has proved inspirational and created added attraction in their services, providing music on eight different instruments. Mr. Ward is a talented painter, and paints lightning oil paintings during the services.

7th birthday for Brent

On Feb. 19th, Brent Downing celebrated his seventh birthday with a group of friends. They enjoyed bingo and attended the afternoon show.

Refreshments were served and the birthday cake, which was baked and decorated by Brent's older brother, Jerry.

Those who attended were, Greg Allan, Billy Halters, Bobby Singh, and David Walton.

He reported twenty three calls for grass and brush fires with no damage and four calls for overheated stoves, etc., also with no damage.

The chief stated there had been only one false alarm turned in during the year.

Mr. Clarke said the crews had turned out to numerous practices during the year with a total of 612 man hours spent in these practices. In addition 188 reported and spent an average of 1½ to 2 hours fighting grass and brush fires.

He was pleased to state there had been no deaths or injuries in the course of the year.

Later in the evening a delegation for Brackendale visited the council meeting and reported they could not hear the Brackendale fire siren unless

they lived across from it.

Council, which had discussed the matter with the fire chief and the fire committee at a previous meeting, told the delegation the siren at Brackendale would be changed in an effort to make it possible to be heard throughout the Brackendale area.

Assistant fire chief R. A. Munro said his crew had been turning out regularly to hold practices each Sunday morning but when they could not hear the siren or put their practices to use it became rather pointless to hold these rehearsals.

He said his crew consists of six regular firemen who turn out to these.

Council said the new siren had been ordered and would be installed as soon as it arrived.

Lillooet (South Electoral District)

NOTICE

REGULATIONS GOVERNING LOADS

Pursuant to Section 27 of the Highway Act, load restrictions are hereby imposed on the following Highways within the Lillooet (South) Electoral District effective 12:01 a.m., Tuesday, 22nd February, 1966, until further notice.

No person shall operate any vehicle over:

No. 99 From P.G.E. Crossing at Mons to Pemberton.

having a single axle weight in excess of 50% of 18,000 pounds or a tandem axle weight in excess of 50% of 32,000 pounds.

*The LX Factor will be disregarded. Vehicles with solid tires are prohibited from using this Highway.

W. M. Underwood,
District Superintendent.

Dated at North Vancouver, B.C.
this 22nd day of February, 1966.

25th anniversary for Frank Wilsons

On the evening of February 12, a large group of friends and relatives honoured Mr. and Mrs. Frank Wilson on the occasion of their twenty-fifth wedding anniversary.

The large number of guests enjoyed a pleasant evening of dancing and reminiscing, highlighted by the presentation to the hosts of a silver cream and sugar set on a matching tray inscribed to mark the occasion and a Cornish ware coffee pot.

During the refreshment period each guest received a piece of the huge anniversary cake beautifully decorated in pink and white.

Among the many guests were Mrs. Wilson's father F.H. Downer, her sisters and their fami-

lies Mr. and Mrs. John McKinnon with Kim and Mr. and Mrs. Gary McKinnon and Mr. and Mrs. L. Geddes of Vancouver with Mr. and Mrs. Eric Geddes, Mr. and Mrs. Glen Wright and Mrs. G. Dinsdale.

Also present were Mr. and Mrs. Wilson's son-in-law and daughter, Mr. and Mrs. Clive Lewis of Vancouver and their son Bob Wilson as well as Mrs. Wilson's brother and his wife, Mr. and Mrs. John Downer.

Additional guests included Mr. and Mrs. John Latkin, Mr. and Mrs. Don Kirkwood and Miss Lynda Kirkwood, Mr. and Mrs. C. F. McKinnon, Mr. and Mrs. Ivor Hurst, Mr. and Mrs. J. Skerrett and Mr. and Mrs. L. Armstrong.

CITY RITES OF INTEREST HERE

Of interest to Squamish where the principals formerly lived was the quiet wedding in St. Stephen's Church in Vancouver on Friday, February 11th, when Dr. George Turpin united in marriage Elizabeth Joan Antille and Richard Johnson.

Mrs. M. Fisher was the matron of honor and W. Thomas supported the groom.

The bride's daughter, Sara, was flower girl.

Mr. and Mrs. Johnson are making their home in Vancouver.

School District No. 48 (Howe Sound)

2nd Squamish Brownies hold annual banquet

The Second Squamish Brownies held their annual "Mother and Daughter" banquet on February 22nd, "Thinking Day" in the United Church. The place cards were small maps of countries around the world. The tables were decorated with pussy willows and flags of different lands.

The cake on the head table also was decorated with little flags. Piggy banks decorated with the Canadian flag were on the tables for the Brownies Thinking Day pennies.

An attractive centerpiece on the head table was made up of a Brown Owl, a Tawny Owl and a White Owl sitting on a tree with elves and animals below in the forest.

Brown Owl, Barbara Dent, welcomed the Mothers and guest speaker, Mrs. Ingenhorst who later gave an interesting talk on Holland.

White Owl Helene Trudeau assisted the Brownies with their Thinking Day Candle Ceremony.

Grace was said by Mrs. Sundstrom. Following a very enjoyable dinner and talk by Mrs. Ingenhorst "Tawny Owl" Margaret Curran spoke about Baden-Powell and the aims of Brownies.

After being questioned by fellow Brownies as to whether she had passed the several requirements, Katie Appleton-Florence received her Golden Bar. Then Katie and Jackie Sundstrom each received their one year service star.

The Brownies and their mothers then did a dance from Finland following which the girls made paper dresses for their mothers from three pieces of newspaper. To round out the evening a "Brownie" prayer was sung by the group followed by "Taps".

The Brownies and Ows would like to say a very big "thank you" to the United Church ladies who very nicely catered to our hot turkey supper which was delicious.

Legion assists park project

Pemberton—A donation of one hundred dollars was given by Legion Branch 201 to assist the Pemberton and District Centennial Committee on the proposed project, the improvement of recreational facilities at One Mile Lake. This is an outright gift from the Legion Branch and is the first to be received by the Centennial committee.

On Sunday, March 4th, five members of the Pemberton group will attend an officer's workshop in the Grandview branch at Vancouver. Signifying their intention to attend are Fred Collier, Jack Graham, George Hayes, Fred Meen and Wendell Watson.

The building program was discussed but nothing will be done until the weather improves.

Welfare and pensions were discussed and how this pertains to some of the members. Mr. Hayes gave a report on the Arthur Mawby night and the joint installation of officers.

He also touched on the comradeship he found in Shaughnessy Military Hospital during his recent illness and the work and visits made by the Ladies Auxiliaries, Red Cross and the Vancouver branches.

New members Len Pickell and Rowe Mercer were welcomed and the branch was delighted to have Ted Collins of Branch 16 in Langley attend the meeting.

Jack Graham, chairman of the Student Loan Fund, at present jointly sponsored by the Royal Canadian Legion and the Ladies Auxiliary, was authorized by the branch to turn over to the L. A. complete authority regarding the fund. Mr. Graham will attend the auxiliary meeting on Feb. 22.

An estimated 32,000 students were expected to graduate in 1964-65 with first degrees of equivalent diplomas.
