SQUAMISH, B.C. - WEDNESDAY, FEBRUARY 25, 1970

10 cents per copy

A fortunate community...

Squamish is one of the most fortunate communities in British Columbia. We're not whistling in the dark or being Pollyannaish, but anyone who has been anywhere outside this community, or who knows how many others in B.C. have been wracked with dissension, with councils and school boards at each other's throats, and with other community groups joining in the act, would know what we mean.

We do not imply that there should be no criticism. Valid and constructive criticism is excellent, but it must be constructive and it should be done in the proper manner. If a taxpayer has a complaint with school board or with council these should be taken up with the proper authorities.

They should first ask the responsible body, and then, if satisfaction is not forthcoming, other means might be used to get an answer. But certainly the group involved should be given an opportunity to answer any complaints or charges first.

Last fall, at a gathering in Vancouver, we were told that Squamish has been cited as the prototype for communities which want an excellent understanding between civic groups. This was not always the case, but in the past five years giant strides have been made and the present use of schools for community purposes is an example of that rapport.

It is easy to find fault with a civic group. Anyone who permits his or her name to stand for public office, either on council or for the school board, is a sitting duck for everyone with a real or imaginary grievance to aim at. But we do not feel that people should be subjected to this form of attack, especially by people who are not fully informed and refuse to become fully informed.

A number of fine people, who would have been excellent in public office, have refused to run simply for this reason.

If it is continued, undoubtedly one day only those who least deserve to serve, who have delusions of their own importance or who have skins so thick they cannot see any reason for criticism of their actions, will come forth to run for public office. It will be a sorry day for Squamish if this should occur.

If the present campaign against the school board, and also against council, is continued, there is only one group which will really suffer. That group is the children of this community who must be disgusted with the behavior of the adults who sparked the latest dissension and who have been conducting a whispering campaign of innuendo and half truths for a number of years, cloaked under the guise of civic interest.

Both council and school board have made mistakes. Everyone makes them except those people who sit on their hands, do nothing and then complain about others who are attempting to cope with the problems.

We feel that public figures are elected to do the work they have volunteered to do, not to try to jockey for position, or to play to the galleries and their admiring claque.

If council and the school board can keep their cool, bearing in mind that the good of the community and particularly the school children, is their prime concern, then this storm can be braved and a better and stronger community can emerge.

New brochures for Squamish area

The new brochures for the Squamish area are in the process of being prepared and they will be available in the near future.

The brochure, being prepared through the Mainland - South-West Branch of the Tourist Association, will be partially in color, with a four color cover and will feature all the areas in the Mainland - South West Branch including Squamish. 350,000 will be printed and these will be distributed throughout North America with special emphasis on areas where most tourists come from.

There will also be special issues concentrating on each area and these will be given to all

the local merchants and businessmen for distribution.

The local tourist committee of the Chamber of Commerce, headed by Ron Turner, is working with the Mainland - South West Tourist Association in the preparation of this brochure and representatives from the Chamber of Commerce have canvassed every business in the community and their names will be listed in the business directory which will accompany a map to be placed in the pamphlet.

The Chamber of Commerce and the Loggers Sports Committee are paying for the brochure with the possible assistance of the municipality of the District of Squamish.

Regional District to pass zoning

Interim measure while plan made

The Squamish Lillooet Regional District will give the fourth reading to an interim zoning and subdivision bylaw which will, if finally passed by the provincial authorities, be in effect until the planning for the Alta Lake - Green Lake area is completed and the final plan presented.

The by-law affects all the area from the northern boundaries of the District of Squamish and One Mile park south of Pemberton and lying in the valley between the western boundaries of Garibaldi Park and lot borders on the west of the valley between Squamish and Pemberton, but encompassing the resort areas and the proposed ones.

The bylaw will be adopted on Monday night following a meeting on February 16 at Valjeau Logging camp at Alta Lake when the hearing will be held. A packed room heard Regional District chairman Don Gow read out the bylaw and each clause was discussed. Following the discussion there was a question period.

Answering questions and giving information at the hearing were the chairman, Pemberton area representative T. B. M. Fougberg, clerk treasurer J. R. Craven, planner Jim Plotnikoff and regional building inspector Keith Newton.

The bylaw presents fairly rigid controls during this formative period and the chairman stressed that it is an interim one, pending the completion of the planning study being made in the area by the Department of Municipal Affairs. With the pending decision on the Olympic games expected by May 13, it was considered important to check uncontrolled growth until the decision is announced and the plan completed.

No existing buildings, land uses, or developments, will be affected by the zoning bylaw, but these will be considered non-conforming uses and allowed to remain. However such buildings will not be allowed to be extended or altered except by special permission.

In zoning the area present use was considered if desirable. The owner of the land being subdivided may be asked to state the use of the subdivision and any remaining property.

In areas less than ten acres in extent not served by a community sewer, regulations have been set out concerning sewage disposal, and a copy of the proposed plans must be submitted to the approving officer and the medical health officer. The bylaw generally will not apply to subdivisions where no sewage will be generated.

FOUR ZONES

Four zones have been created; commercial, industrial, single family residential and forest which is a protective zoning.

One drawback of the bylaw, which the chairman said the board recognizes, is the failure to provide for strata housing, condominiums or duplexes. However he said applications for re-zoning could be made if this use is planned.

Another objection was the failure to provide for mobile homes in the area but again this can be handled through re-zoning, and undoubtedly provision will be made for such land use when the planning is done.

Norman Patterson, of Alpine Meadows and Emerald Estates, said he was concerned about the lack of trailer or mobile home provisions and the failure to allow for strata or condominium housing as this was becoming increasingly popular in resort areas.

He also said he was a little confused at the timing and wanted to know what would follow. On an interim basis, he was in favor of the move.

W. Biggin-Pound said he felt the tendency was to exclude building not to encourage it and asked for a definite time period for the life of the bylaw. He also wished to see more stringent sewage controls.

Walter Zebrowski of the Garibaldi Whistler Development Co. wanted to see more provision for condominiums, etc. and several others felt this was very important.

Brian Rowley said he agreed with the proposed bylaw in principle but felt consideration should be given to providing adequate space for parking for churches and community halls in the residential zones.

ZONING NEEDED

Bill Russell, representing the Alta Lake Ratepayers, said "I think it's time we had some zoning such as this." He quoted from an article in a city paper in 1963 when his group had asked for the imposition of controls such as this.

A question to the building inspector regarding visits for inspections brought the answer that he was setting up a schedule which would be posted throughout the area so people would know when he would be visiting their community. He will also have additional functions and be able to combine several inspections.

The question of people building on weekends and needing inspection done then, as that would be the only time they could be on the property, was raised and the building inspector said:

(Continued on Page 3)

MEMBERS OF THE 25 YEAR CLUB, those who have belonged to the Legion for 25 years received their special pins at the ceremony. Shown above are, left to right, A. Reynolds, E. McCartney, R. Lamport, O. Reeve, E. Lipsey and K. Kennedy.

New approach to dog problem

Council had a visit from Mr. Moore of the West Vancouver S.P.C.A. at last week's meeting and he outlined a new approach to the dog problem which has been effective in West Vancouver.

He suggested using the ticket system, in which the owner of a dog running at large receives a ticket and must pay a fine, similar to a traffic offence. The ticket can be issued again and again and the fine levied until the owner does something about the animal.

It was also suggested the man who gives out the tickets could also sell dog licenses. It was suggested that Mr. Craven visit West Vancouver to see how this system works.

Mr. Moore said they had tried every way possible to come to Squamish without people knowing they were arriving. They had come early, had shrouded the sign on the side of the truck and all to no avail. Apparently the dog warning grapevine appears to be very efficient.

He said the only alternative would be to have a full time dogcatcher and to install a proper pound but this would be quite costly.

Mayor Brennan wished to know what could be done in specific instances when a dog bit someone and was told that either the S.P.C.A. or the police should be notified. In cases where the S.P.C.A. could not come up the police could take action.

Squamish Pipe Band formed

A good turnout attended a meeting in the Legion Hall on Sunday Feb. 15, when the band was discussed. It is almost ready to start practise and it was decided to call it, the Squamish Pipe Band.

Dave Watt was elected president with Jim Coubrough vice-president. Mrs. Gilmour is secretary, Mrs. Iverson, Mrs. Watt, Mrs. Rosler, Mrs. Thom and Mr. McKenzie. Ways and Means Committee chairman is Archie McIntyre. The first practice will be held on March 2, in the Legion Hall at 7 p.m.

The cost to each child will be, for piping, approximately \$9.50 for a practice instrument and \$1.50 for a book. For drummers approx. \$11 for a practice pad and \$1.50 for a book, and \$2.50 per week for lessons. It is hoped to have the band self-sustaining. Watch for future details.

PROCLAMATION 1970 BROTHERHOOD WEEK

May God bless the round work of the Canadian Council of Christians and Jews. Undoubtedly, the members of this association — men and women, who believe in a spiritual interpretation of the universe and, who seek to promote justice, amity, co-operation and understanding among people differing in race, religion or nationality, recognize that "None of us liveth to himself".

World brotherhood can exist but the task seems overwhelming. We all know that until we become really, in actual fact, a brother to everyone, brotherhood will not come to pass. Therefore, I urge all our citizens to follow the path of true brotherhood throughout every day of their lives.

My sincere good wishes for the continued success of Brotherhood Week, and may the good work of the Council of Christians and Jews be crowned with brotherhood.

P. J. BRENNAN
Mayor.

LICENCE OFFICE OPEN SATURDAY

For the convenience of motorists who have been unable to come in to town to buy their license plates earlier the motor vehicle office at 3279 Cleveland Ave., will be open on Saturday, Feb. 28.

After that date motorists will not be able to drive their cars unless the new plate have been installed. Be sure to have your new plates installed before March 1.

Ratepayers protest change

The Garibaldi Ratepayers Association is protesting the change in the highway sign in their area which now reads Garibaldi Station instead of Garibaldi.

In making the protest they claim the area has been known as Garibaldi for more than thirty years and is officially entered on all legal international maps and data.

It is known as a landmark and the gateway to the marvel-

ous area north of the settlement, to Garibaldi Park, the Black Tusk meadows and for summer and winter recreation areas.

The name is also well known to holidayers, and hikers for more than fifty years. The ratepayers feel that the name change may be very confusing to a great many people.

Therefore they requested that the sign be changed to read Garibaldi or Garibaldi Townsite as soon as possible.

Pollution control permit application

Application for a pollution control permit will be made to the authorities for permission to continue to dump effluent from the Valleycliffe area into the outfall at the FMC chemical plant.

Effluent taken from the Valleycliffe area had been dumped there for some time and the

local septic tank truck was also using this location to dump septic tank effluent.

Coast - Garibaldi Health Unit had requested council to apply for the permit.

With plans to upgrade the Valleycliffe plant immediately there may soon be no further need to dump the effluent from that area at the FMC outfall but the septic tank service may need it.

Council last week instructed consulting engineer D. Webber to begin immediate construction of the Valleycliffe plant improvements estimated to cost \$12,000.

Recreation group formed

The Squamish Indian band has formed a Park and Recreation Committee and two members from Squamish are serving with the group which encompasses all the Squamish Indians on their various reserves.

Ernie Harry is the senior Squamish representative with a Grade 12 student Bill Williams as the student representative.

JACK CASTLE, centre, with the copy of the charter and the gift he received as one of the original members of the Squamish Branch 115 of the Royal Canadian Legion. With Mr. Castle, who received his 40 year pin are left, president G. Thompson and right, Zone Commander Cliff from Bowen Island.

SNOOPY IN PERSON, one of the themes used by the houses at the track meet.

SQUAMISH, B.C. — WEDNESDAY, FEBRUARY 25, 1970

People want control

The answers to a recent quiz conducted by MP Raul St. Pierre in his column in this paper proved that the people are far ahead of the government agencies in wanting controls on pollution.

The question asked if you favored greater control of pollution even if it costs you noticeably more per year in higher taxes or higher prices for goods and the answer was a resounding yes with 225 votes to a 12 no vote and 3 not much interested.

To us this is evidence that the public is gravely concerned about the spread of pollution and wishes to see legislation implemented which will do something about it as soon as possible.

Granted that the Coast-Chilcotin area is only a small portion of the country and perhaps 240 answers to the questionnaire is only a small number of voters but when 94 percent of the people want more controls it is a significant indication that people want some action.

Another indication was the turnout at the pollution hearing in Squamish last week when a number of people seen in the audience were people who had no axe

to grind and who were not representing businesses or agencies concerned with the pollution of the Howe Sound area but just the people who live here and who want to be able to continue to live here in as pollution-free an atmosphere as possible. They also want their children to grow up to enjoy the same clean air, water and earth which they once knew.

We have always contended that people are usually far ahead of the government when it comes to the important issues and we are sure the results of the survey conducted by our local MP are indicative of this.

Another significant question, which also concerns pollution as it was the trip of the tanker Manhattan which brought it to the awareness of the public, was the question concerning Canada's sovereignty in the Arctic.

This question asked if Canada should declare sovereign control of all waters in the Arctic archipelago. The answer was a resounding 231 yes to 2 no and 7 who did not know enough about it to answer the question.

Here again the people are far ahead of the government.

A revitalized chamber

The Chamber of Commerce has been revitalized! For a long time the Chamber had been a shadow of its former importance when as the Board of Trade it was the key group in the community.

In the last few months there has been a quiet revolution underway and this is now becoming apparent in the drive and enthusiasm which is bringing new members and adherents to the group.

With a newly elected and active executive, with members dedicated to seeing the chamber forge ahead we anticipate an interesting and exciting future for the group.

The Chamber of Commerce has an important role to play. It can work with council, and other civic groups for the improvement of the community; it can stimulate and encourage tourists, it can take the lead role in bringing in new

industry and new ideas, and it can help promote the improvement of highways and utilities.

It can also take a social part in the community. One such activity is the Civic Dinner, one of the finest efforts of the local chamber and one which is eagerly looked forward to each year when members of the community who have been active in working for it take time out to give a report to the people they have served.

The sponsorship of Miss Squamish, our Timber Queen and candidate for Miss PNE is another function which puts Squamish on the map.

Let's see the Chamber head for a banner year, and hats off to the men and women who are working hard to put it back in the foreground.

We salute the Chamber and wish it every success in the coming year.

Enforce or abolish

Parking bylaws on Cleveland Ave. in downtown Squamish are now a laughing stock. Bylaws state there is two hour parking between 8 a.m. and 6 p.m. and no parking between 3 a.m. and 8 a.m.

Just drive downtown anytime during the early morning or during the day and see how these bylaws are being flouted. On any day in question one can see cars parked on the street for most of the day, sometimes for the entire day and an early visit will see anywhere from two to half a dozen lining the curbs before 8 a.m.

We're not debating whether the no parking or limited parking bylaw is a good

one or not, but we can't see the sense of having a bylaw if it is not going to be enforced.

People soon discover they can park with impunity; the measure designed to keep the curbs clear in the early morning for street cleaning and snow removal and to make the work of the police in their routine inspections easier, is being ignored and people boldly park right in front of the signs telling them they cannot.

We'd be inclined to suggest that if these laws cannot or are not being enforced they be rescinded. The present situation is just a farce!

Our daily dose of poison

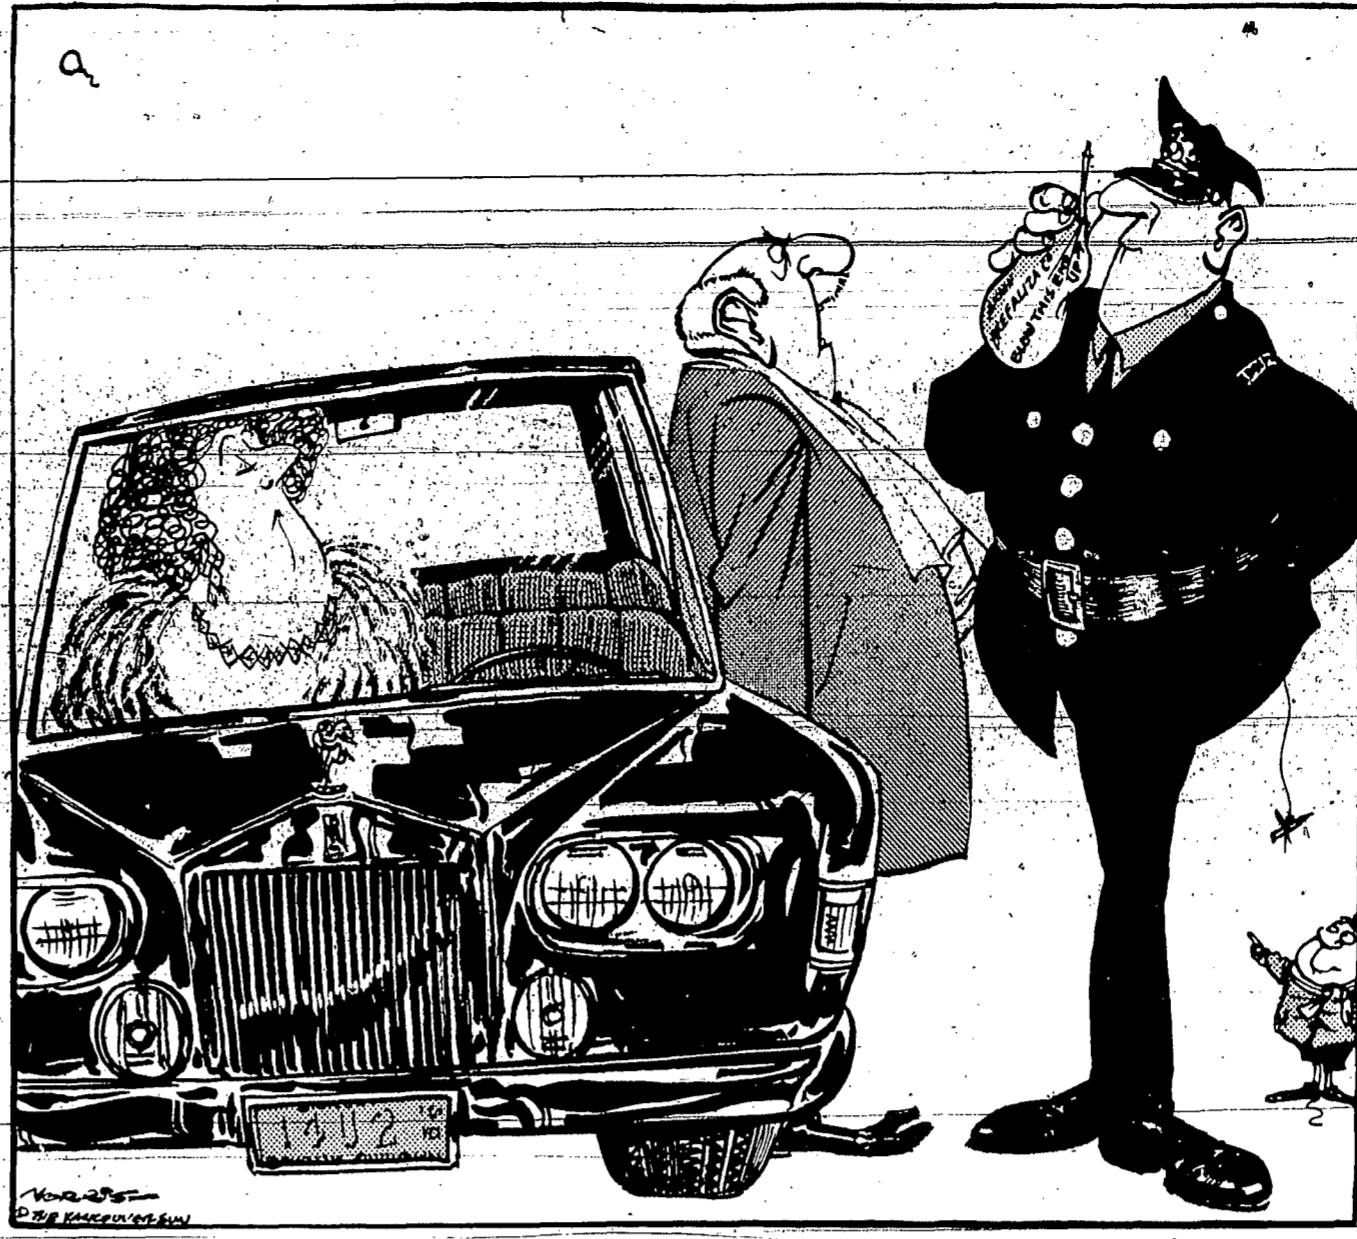

It was encouraging to note the marked parallel in the inaugural addresses of the Mayors of the three North Shore municipalities when they spoke of fighting the continuing battle against pollution.

Today, the entire North Shore population takes poison daily — poison not imposed by some scheming enemy, but absorbed from their trusted, natural environment — air, water and soil. But strangely enough, the great majority of people calmly and apathetically accept their daily poison without fear or protest. Pollution has developed to almost

catastrophic proportions and many scientists maintain the extinction of the human race is imminent. Even our faithful supply of oxygen is in jeopardy.

People are seldom urged to be fearful, but the salvation of mankind may well depend on arousing natural fear of our poisoned environment in individuals. If what the three mayors state in their state-of-the-district pronouncements claim, that they will take positive action against pollution, there is hope for clean living communities.

We shall see.

"What d'you mean, I passed? I'll have you know that was the finest Chateau Haut Brion Vintage '55 . . ."

HOWE SOUNDINGS

I don't know how the rest of you feel about this perfect spring but I'm almost scared to rejoice too much in this beautiful, beautiful weather. I've been expecting the gods to pour some snow or even buckets of rain down on us. It just can't keep on being so mild and warm. But each day is nicer than the one before!

Yes, for our crocus-lovers there are scads of them around. And for those who like the wild blossoms, there are lots of pussy willows. Johnny Barr brought in the fattest, greyest, furrriest pussy willows I've seen in a long time and I have them in my window. All the swamps close to town are full of them.

The forsythia has fat greenish yellow buds (must take some in and force it) and even the red currants are starting to uncurl.

Haven't seen any skunk cabbage spathe poking through the mud but the red huckleberry and blueberry twigs are flushed with spring and should soon be in bloom.

Father insists it is a false spring and they're going to get their toes nipped if they persist in believing the weather and coming out too soon but I prefer to think it is going to be an early spring.

I insist on thinking positive! How many of you have been as lazy as I have been and found it very hard to adjust to dialing the full number when we want to get someone on the phone? I've found it very difficult to remember and the new 898 numbers make it even more confusing. Can you imagine the fun we

are going to have when we get the phone bills this month? We've been so used to putting down 892 we do it automatically. Then when we get a Woodfibre, Britannia or Alta Lake number we have to repeat it. This new setup is going to be hard to get used to.

But like everything else it will take a bit of getting used to. However we'll manage but I'm going to hate to see what those sheets are going to look like for the first few weeks!

If you really want to see something interesting and some thing which will reaffirm your faith in our young people, go out to the soccer games with the wee gaffers, the Peevees and the Juniors. I love the Peevees. They're all 10 years an under and some of them don't look any bigger than a minute.

But they all play as if their very lives depended on it. And tired as they are after two twenty minute periods of running up and down the wet soggy field, taking their share of tumbles and spills, they're still full of beans and trying just as hard at the end of the game as they were at the beginning.

I'd advise anyone who is interested in youngsters to turn out and watch them. Especially on the weekend of the 28th when they will be playing against the American teams.

Loved these memos from children which I found in a booklet on Indian Education.

— Don't spoil me. I know quite well that I ought not to have everything I'm asking for. I'm only testing you.

Don't be afraid to be firm with me. I prefer it, it makes me feel more secure.

— Don't let me form bad habits. I have to rely on you to detect them in the early stages.

Don't make me feel smaller than I am. It only makes me behave stupidly "big."

— Don't correct me in front of people if you can help it. I'll take much more notice of you if your talk quietly with me in private.

— Don't make me feel my mistakes are sins. It upsets my sense of values.

— Don't protect me from consequences. I need to learn the painful way sometimes.

— Don't be too upset when I say "I hate you." It isn't you

I hate but your power to thwart me.

Don't take too much notice of my small ailments. Some times they get me the attention I need.

— Don't nag. If you do, I shall have to protect myself by appearing deaf.

— Don't make rash promises. Remember that I feel badly let down when promises are broken.

— Don't forget that I cannot explain myself as well as I should like. That is why I'm not always very accurate.

— Don't take my honesty too much. I am easily frightened into telling lies.

— Don't be inconsistent. That completely confuses me and makes me lose faith in you.

— Don't tell me my fears are silly. They are terribly real and you can do much to reassure me if you try to understand.

— Don't put me off when I ask questions. If you do, you will find that I stop asking and seek my information elsewhere.

— Don't ever suggest that you are perfect or infallible. It gives me too great a shock to discover that you are neither.

— Don't ever think that it is beneath your dignity to apologize to me. An honest apology makes me feel surprisingly warm toward you.

Don't forget that I love experimenting. I couldn't get on without it, so please put up with it.

— Don't forget how quickly I am growing up. It must be very difficult for you to keep pace with me but please do try.

— Don't forget that I can't thrive without lots of love, but I don't need to TELL YOU, DO I?

There's a lot of truth in these memos from children aren't there? We could all read them carefully and pay attention to what they are saying.

For the benefit of the inveterate crocus lover in the community our favorite bird watcher came in with the latest sign of spring last week; a salmon-berry blossom.

Its pale pink blooms were fully open and while the leaves were tightly curled it was the first one we had seen. He also reported the first pussy willows just after Christmas.

And I have of details with big fat buds!

Letters to the Editor

Editor, Squamish Times:

On behalf of the Blood Donor Committee of the Squamish Committee of the Squamish Lions Club I would like to thank all those who donated blood for this very worthy cause.

For the first time several years we managed to exceed our quota. One hundred and thirty five pints of blood were donated and nine prospective donors were rejected.

Thank you also to the members of the Hospital Auxiliary and Lions wives who donated their time to assist at the clinic. Also, thank you to the management and staff of Overwater

for their donation of blood and for the refreshments which they provided.

Ken Ramus.

Editor, Squamish Times:

The students, cheerleaders and coaches of Howe Sound basketball teams join me in expressing their great appreciation to Jeff Pickard, who made their trip to Powell River so successful and enjoyable.

His willingness and co-operation in driving the bus a considerable number of extra miles, made us more aware of the fact that the drivers in this

Alderman Makowichuk reports

(Any views which may be expressed in this column are those of Alderman Makowichuk and are not necessarily views of Squamish Municipal Council as a whole, or any other individual alderman.)

George Turnquist appeared before council and explained that the litter problem of which he had complained on Jan. 27, had improved to the point where it was no longer a source of annoyance to him. He pointed out that the students were now using the garbage cans provided but that the local garbage contractor, did not seem to be emptying them. He also asked council to consider paving the curb near his building by the high school as it developed a large pool of water every time it rained. This problem will be looked into.

A letter was read to council from Herman Cotton and Bunnery which enclosed an invoice for work done on the proposed airfield near the Indian reserve at Cheekeye. The invoice will be mailed to the Squamish Flying Club for payment.

A letter was read to council from the Coast-Garibaldi Health Unit which concerned a Pollution Control Permit near the F.M.C. chemical plant. The clerk will apply for the necessary permit. The reason for this permit requirement was that the municipality was using the F.M.C. sewage outfall to dump effluent from the Valleycliffe area and a local septic tank truck was also using this location to dump septic tank effluent.

A discussion of the apparent immediate need for a mobile home park in the area was prompted and the clerk was instructed to write to the various people with trailer camps with construction plans to learn exactly when they would open for business. The Valleycliffe committee was delegated to meet with Guilford Industries, the developers of Valleycliffe and ask them to provide a trailer court in that area as it was already severed.

The works superintendent explained that a pump from the Brackendale well being held by the municipality was no longer required and arrangements with a water and sewer supply company will be made to sell the pump on consignment and that the consignment price be \$4,000.

Mayor Brennan asked council to consider using the monies raised by the frontage tax during 1970 to pay off temporary debt at the Bank of Nova Scotia on the waterworks loan. He indicated that if council paid \$50,000 of this debt he would be able to borrow on the credit of the municipality and additional \$150,000 to complete the water storage tank near Garibaldi Highlands and to replace the old wood stave line.

River control is finished and the running surface of the dyke will be blocked to public use because of possible legal problems which could occur if cars drove off the dyke.

Blasting in the area was discussed and the clerk will enquire the neighbour municipalities as to what precautions they took in regulating the amount of charge set off on the surface of the ground.

The present parking area at the cemetery will be widened to accommodate more cars. A stand pipe will be installed at the Wagon Wheel Trailer Court for fire protection purposes as there is a lack of a fire hydrant close by.

The clerk will supply a list of all the firemen on Hospital Hill to the Chieftain Hotel so they could phone them if the siren was rung as there is still a problem in that the fire siren was not able to be heard in that area.

school district are worth their weight in gold.

Once again, a very big thank you.

Mrs. Olive B. Gilmore.

Editor, Squamish Times:

There appears to be a lot of controversy over the use of our parking lot and I would like to clear this matter with the shopping public.

This parking lot is for the use of the shopping public; naturally we would like to see them do some of their shopping in our complex, but it is not compulsory.

We object to people who use this parking lot all day to store their cars.

Thanking you,
Alistair Mackenzie.

FROM PAGE 1

Zoning

for was taking this into consideration in making up his schedule.

The question of temporary construction was raised and this will be allowed under permit. A motion about removal of gravel from property by other than the owner brought the answer that this should be reported to the police and the necessary steps taken.

ASKS FOR PLANS

J. R. Craven said if anyone has plans for the area, the district would appreciate having them in writing so they could be forwarded to the Regional Division of Planning so they could be considered when the plan is made.

The chairman affirmed that that main reason for the interim bylaw was to put the brakes on uncontrolled planning.

Bob Bishop of Whistler Cay Estates said the zoning bylaw is merely a starting point. He said the village and then the District of Squamish went through this process and their bylaw is still being revised. It is a continuing process.

Several people expressed concern about their property and were assured that existing uses would be permitted but changes would have to go to a zoning hearing.

Norman Patterson summed up the thinking of the regional district when he told the meeting "they are trying to do something which will be to the ultimate benefit of all the people concerned. Some people are bound to be hurt temporarily but the end result will be to everyone's benefit."

Learn to dance

A number of people have expressed a wish to have a course of Basic Dancing started here in Squamish, possibly as a night school course.

It is not intended that the elegant ballroom dancing, associated with state functions and the like, should be taught, so please don't think this course would be above your capabilities, as it would be geared to basic steps for beginners.

Dancing should be a relaxing pastime and by learning a few basic steps, a relaxed and enjoyable time can be had whenever the music sets the feet tapping.

Pat McCawley is willing to teach this course if sufficient couples will turn out and he says that 6-8 weeks would see them confident and competent to dance the waltz and fox trot. Pat loves dancing for dancing sake, and under his guidance, couples would learn very quickly.

If ten couples will register, the course should not cost any more than \$10 per couple and where can you learn and have fun at the same time for so little?

So, come on all you married men or single fellows, who feel you cannot dance or are embarrassed when asking a lady to dance, bring your partner along to the first evening of dancing, which is tentatively set for 7:30 p.m., Thursday, March 5, 1970.

In order to get this course organized and under way, phone H. H. Buffrey, at 898-5269, as soon as you have read this article.

VICTORIA JOURNAL

BY ALLAN WILLIAMS, MLA

It was intended to devote this column to an examination of the Budget presently under discussion in the Legislature. However, events of the past few days are of such significance to the preservation of the Assembly as a democratic institution that I wish to deal with them. After all, if freedom of debate is in any way stifled, the Budget in this, and any year, becomes a meaningless exercise.

You will, perhaps, have read or heard that the Opposition members walked out of the House in a protest against a ruling of the Speaker which prevented one of the members from debating the matter of rates charged by B.C. Hydro. This did occur, but the reason for this action must not be misunderstood.

First, you should be aware that any member may place before the House, by way of a motion, any matter which he believes is worthy of debate by the entire Assembly.

Second, when such a motion is presented the subject matter is not to be debated until the motion is called for debate. This is in accordance with a legislative rule which precludes "anticipation" of a matter to come before the House at the appropriate time. The rule is a good one, and all the members understand and respect it.

This is where the difficulty arose — all members are affected equally by this rule.

Now in the context, you must consider what has happened.

(1) Early in the session Dr. McGeer (Liberal, Van - Pt. Grey) introduced a motion for

the appointment of a special committee to consider the rates and capital financing of B.C. Hydro.

(2) During the Throne Speech Debate, the Speaker and the Deputy Speaker restrained members from debating the rates and capital financing requirements of B.C. Hydro. This was done in accordance with the rule against anticipation, and the ruling was accepted.

(3) When the Premier, in his role of Minister of Finance, introduced the Budget, his speech (the first in the budget debate) included references to B.C. Hydro, its rates and capital needs. He was not restricted by the Speaker.

(4) Members who have risen to debate the Budget after the Premier spoke have been prevented, by the Speaker and the Deputy Speaker, from debating those subjects.

As a sidelight to the Opposition protest, may I explain one incidental occurrence. When the members left the Chamber to demonstrate their objection, two remained, Alex Macdonald (NDP - Van. East) and I remained for one simple reason, the Opposition must never, and will never, leave the Government in absolute, unfettered control of the business of the Assembly.

It is inconceivable, in this day, that any incident would occur in this country which would require a re-examination of the concept which underlies the freedom of debate in Parliament. But it has and the Opposition, plus one Government member, has resisted.

Ten suggestions for parents

If you suspect your child is using drugs:

1. Don't panic or react out of anger or fear.
2. Make yourself as knowledgeable about drugs as you can: Check with your local library, agencies such as the NAF, school authorities, etc. Remember also that your children may know a great deal.
3. Determine who has the best rapport with your child (it may not be you) and ask his or her assistance. Keep the lines of communication open.
4. Commence a "low key" dialogue to determine why and how the child reached a decision to use drugs or what brought him to use drugs. Remember the involvement may be brief and experimental; don't back him into a corner by prejudging, threatening or moralizing.
5. Drug use, or heavy involvement in drugs, may well be symptomatic of other problems perhaps more urgent. Don't ignore them or think them irrelevant.
6. Involve others along the way if this seems appropriate, but with the voluntary approval of the child if this can be gained. Be careful of your selection.
7. Be honest and factual; accept that the child may bring up inconsistencies or hypocrasies on your part. Don't lose your cool over this.
8. Drugs may be an issue over which your whole relationship with the child may be examined and talked over. It may be a valuable opportunity in many areas.
9. If, in spite of all your efforts, you consider the problem still so serious that more action must be taken, professional or other help should be sought.
10. Remember, if your child is using drugs, some of his friends will be too. Thus there is room for you, along with other parents, to try and offer the whole group something better than drugs.

cept that the child may bring up inconsistencies or hypocrasies on your part. Don't lose your cool over this.

8. Drugs may be an issue over which your whole relationship with the child may be examined and talked over. It may be a valuable opportunity in many areas.

9. If, in spite of all your efforts, you consider the problem still so serious that more action must be taken, professional or other help should be sought.

WORK STARTED on clearing the subdivision lots opposite the apartments in Valleycliffe last week as Gullford Realty prepared for their construction program.

MAMQUAM PLANS SPRING FUN FAIR

The Mamquam elementary school is planning to hold a spring fun fair near Easter. The program will include classroom activities and fun for young and old.

Pupils are hard at work planning for the event and are hoping that everyone will support their project. They suggest you watch the paper for future announcements.

Arts and Crafts Fair

There will be a display in downtown Squamish of local arts and crafts by the Adult Education classes, schools and individual craftsmen. During March 20 and 21, you may see demonstrations by the artists and maybe buy their work.

The entries are open to sculpture, fabric printing and stitching, painting, ceramics, rug making, wood finishing, etc. As space will be limited, the categories of the Fall Fair will not apply but if in doubt call Avrielle Gosling 898-3088.

Bring in your work and perhaps the fair will be the beginning of a continuing business for you or you will get some inspirations for your own work.

Women's auxiliary holds meeting

The ladies of the Britannia Church Women's Association held their first meeting of the new year on Feb. 12 at the home of Rev. and Mrs. Michael Boulger in Minaty Bay. There were twelve ladies present with president Mrs. Mary Stocks presiding.

Mrs. Betty McNair, the association's member to the church board reported that it was planned to hold the Community Church general meeting on March 5 and asked the assistance of the auxiliary to arrange a pot luck supper to be held prior to the meeting.

It was also decided to again hold a money raising thrift sale and the date suggested for this event to be April 9 so once again the ladies will be calling for extra used clothing that you may have got tired of but which is useable for someone else. More information on the sale will be published after the March meeting.

Following the business meeting Mrs. Boulger, program chairman, showed lists of the great many countries, organizations and programs to which the churches of Canada send money by the thousands of dollars to help in rehabilitating, caring for the sick and oppressed, education and the many other calls from peoples and countries that have so much need for our help.

This was followed by the playing of a record of a talk by Dr. McClure who has spent many years doctoring the sick in India and was commenting on the many changes he and his wife now find in Canada and the ills of our youth and his ideas of what could be done to help them find some of the solutions to their problems.

Refreshment hostesses for the evening were Mrs. J. Dickinson, Mrs. D. Clark and Mrs. F. Baxter.

A Trustee Answers

BY MARGARET MARCHANT

STATEMENT ABOUT SCHOOL BOARD MEETINGS

We would like to remind the public which we represent that the regular monthly meeting of the School Board is held on the second Wednesday each month, beginning at 6:30 p.m. We welcome visitors.

Also, we have the fourth Wednesday of each month available when necessary to receive students, teachers, parents, and others wishing to discuss pertinent issues of concern. We would appreciate having the opportunity to answer your questions.

It has been said that if a person or delegation wishes to complain, discuss or question a matter they should arrange an appointment and state what they wish to discuss. People are very welcome to come to meetings at any time, but I think it is reasonable that they should let us know beforehand if they wish to discuss a specific item. It is advisable to put a specific topic for discussion on the agenda so that time and thought may be given to any individual group.

Remember, also, that three of the seven trustees must travel to Alta Lake and Pemberton after the meetings, so we try to limit our meetings to 10:30 p.m. whenever possible.

It is extremely difficult to answer unsigned letters that contain half truths, insinuations and destructive criticisms. We feel a confrontation would solve many of the problems.

We are sure the entire public is in accord with our philosophy, which is the very best educational climate for all our students, with a dollar's worth received for every dollar spent.

Please feel free to arrange meetings with us.

Irvine Blyth, O.D.

Doctor of Optometry

NAME _____
ADDRESS _____

Police Court

The following cases appeared before Judge C. I. Walker in police court in Squamish on Feb. 17.

Ivan Gardner pleaded guilty to being a minor in possession of liquor and was fined \$25.

Greg Lee Nelson pleaded guilty to failing to obey a police officer's directions and speeding and was fined \$25 and \$20, respectively. The charges arose when Nelson, operating his motorcycle, failed to stop in response to the police siren and drove up and down the bank from Pemberton Ave. to Highway 99. Nelson was also charged under the immigration act for being in Canada unlawfully and was fined \$10. His driver's licence was suspended for two months.

Ronald Ewart pleaded guilty to assault causing bodily harm. Ewart was charged after assaulting a motorist whose car he had attempted to pass going south from Britannia Beach. Ewart advised the Court that he had been prevented from passing a number of times by this car and approached the complainant at a lookout point to discuss the matter with him.

He said he then lost his temper and hit the complainant. The Crown advised the court that the complainant was 65 years old and suffered a broken jaw. Ewart was remanded for two weeks for a pre-sentence report.

Mobile home parks needed

Council recently expressed concern about the need for mobile home parks in this area. With the increase in these developments it was wondered whether an area could be set aside for people wishing to purchase property on which to set one of these homes.

A suggestion that people purchase the property, take off the wheels and make them permanent homes, thus paying taxes and all other assessments and sharing in the costs of municipal benefits was considered a good idea.

Council also instructed the clerk to write to the various people with trailer camps under construction, or who have evinced an interest in building one to learn exactly when they would be open for business.

In addition the Valleycliffe committee was instructed to meet with the developers to ask them to provide a trailer court in that area.

NEW MINISTER FOR PENTECOSTAL CHURCH

Mr. Gus Rinkel has come from North Surrey to become the new minister at the Squamish Pentecostal Assembly.

Mr. Rinkel, who originally came from Prince Albert is married, with five sons; Terry, Gary, Richard, Robert and Dale, and one daughter Lee-Anne.

Only the two younger sons are attending school.

Mr. Rinkel replaces Mr. Faulkner who had been the pastor for the past few years.

VALENTINE DANCE AT BRITANNIA

The Valentine dance, while not overcrowded, was much enjoyed by all who attended while a number of happy patrons took home gifts as a result of the lucky numbers under the plates of tasty Cornish pastries on sale, and also prizes for the elimination dances.

The local "Mad Musicians" as usual gave the dancers the kind of music they like to dance to in a modified mood. John Wolfe acted as master of ceremonies and various members of the club were on hand to give help with the serving of refreshments and heating up the delicious pastries.

Drama club news
Three productions being prepared

By SUE CARSS

Quite a number of Drama Club members are extremely involved at present with the three productions which will be staged in March and April.

Lee Wagner is directing Patrick Hamilton's "Gaslight." This play has been described variously but probably most aptly as a melodramatic game. The players from Howe Sound Drama Club are Audrey Owen, Dick Wagner, Bob Owen, Sue Penn, Dale Shaw, Chris Baldry and Sue Carss.

Obtaining the necessary properties and costumes has involved hours of work by Dorothy Ross, Phyllis Goss and Tillie Shenko. One of the most exciting finds has been a hand made day frock which is over one

hundred years old and fits Audrey Owen beautifully. The dates for this play are March 19, 20 and 21 and the place the auditorium of the high school.

At the same time Jane Walker is continuing with her plan of presenting End Game, which had its initial trial in Squamish at the last meeting of the Drama Club.

Anton Chekov's short one act just "The Proposal" will be presented with "End Game" on April 9 and 10, at the Royal Canadian Legion. A reading was held last Friday and the cast is almost finalized.

Please contact a member of the drama club if you would like to help in any way and note these dates on your calendar.

Ralph Ross new Rotary president

Ralph Ross will be the new president of the Squamish Rotary Club, replacing John Drenka who has served for the past year. Rotarians are only allowed to serve one term.

Gray Mitchell is the vice-president, Dave Hinds, secretary; Owen Carney, treasurer and Lloyd Ingraham, sergeant-at-arms. W. J. Elliott was elected to fill a one year term as a director with Ken Tomlinson and Ray Street as the two year directors.

The officers will be officially installed at a ceremony in June.

The club will be sending a high school student to Ottawa in May with the student to be selected.

Plans will also be made to

hold the annual Rotary Golf Tournament in August instead of September as the weather is more favorable at that date.

Two members have been appointed to serve on the newly formed committee to investigate the proposal for a youth centre with John Hill and Ken Tomlinson selected to represent the club.

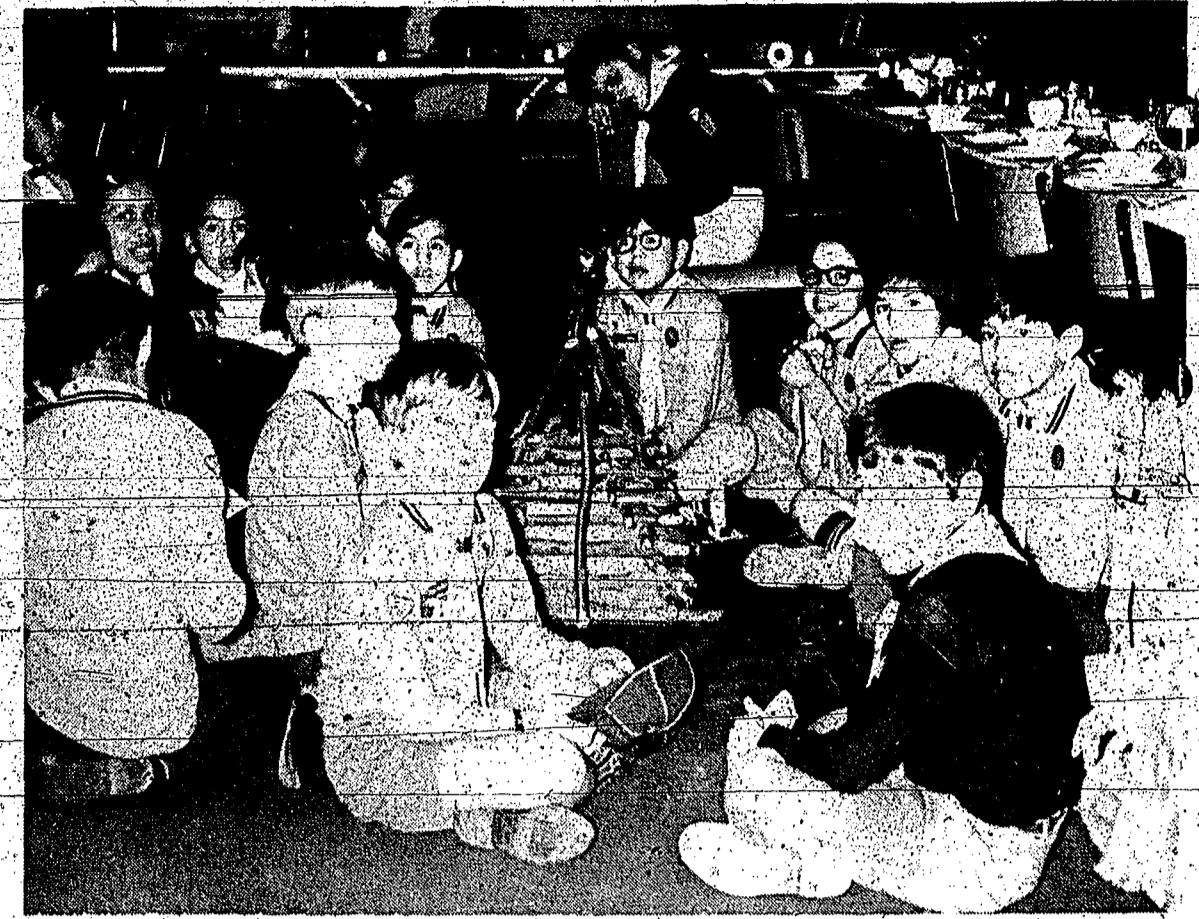

Social Notes

Mr. and Mrs. Eric Lamb have returned from a month's holiday spent in Hawaii. While on the islands they met Mr. and Mrs. Ross Barr and Mrs. Robertson.

Mrs. D. Horth and the baby have returned from a visit to her parents at Ashcroft and to her husband who is working up the coast.

Mr. and Mrs. N. Squire have returned after a more than two month holiday in the southern states.

Does anyone know where one of our local gardeners who was carried away by last week's sunshine can obtain a back with a well-oiled hinge?

CUBS OF THE FIFTH SQUAMISH PACK joined in a sing song at the conclusion of the Father and Son banquet last week.

Social Notes
Cubs hold father and son banquet

Our sympathy is extended to Mrs. Eric Anderson and her family on their recent bereavement.

Mrs. Paul Kinsman of Port Coquitlam spent a few days with her mother Mrs. Ian Hamilton last week while looking in on her father who has been a patient at Squamish General Hospital.

Definition of a Beauty Parlor, a place where men are rare and women are well done.

Mrs. Carl Agar flew from Tucson, Arizona, to attend the funeral of her father, Eric Anderson, and to visit with her mother.

Our sympathy is extended to J. P. Flynn and Mrs. D. Bowman on their loss of a loving wife and mother.

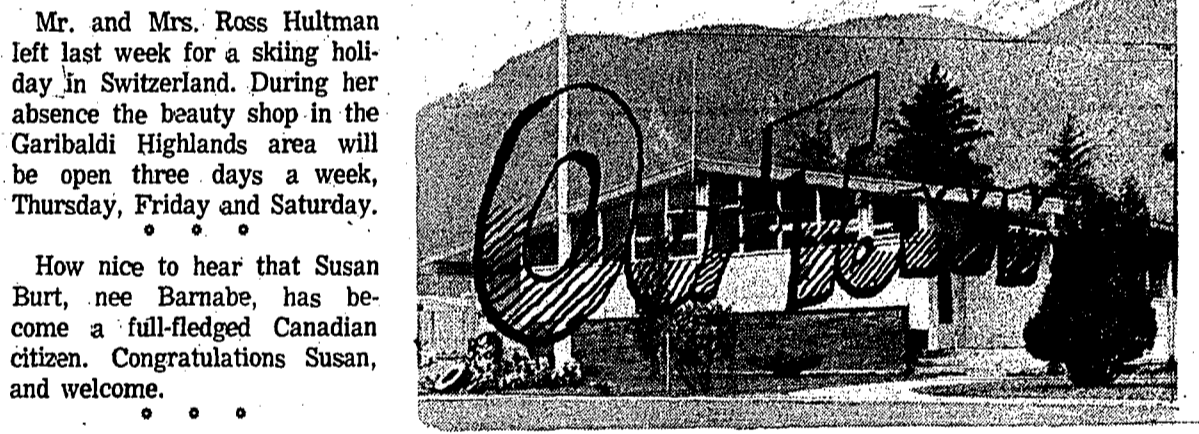

Congratulations to Mr. and Mrs. Roy Clarke (Lavona Lovlin) on the birth of a daughter, Jennifer Allis, weighing seven pounds one ounce, at the Squamish General Hospital on Feb. 18th.

Mrs. Alice Robertson of north Alberta is visiting her daughter and son-in-law Mr. and Mrs. R. N. Lovlin.

Mr. and Mrs. Ross Hultman left last week for a skiing holiday in Switzerland. During her absence the beauty shop in the Garibaldi Highlands area will be open three days a week, Thursday, Friday and Saturday.

How nice to hear that Susan Burt, nee Barnabe, has become a full-fledged Canadian citizen. Congratulations Susan, and welcome.

Mr. and Mrs. Joe Laventure have returned from a week's holiday at Harrison.

Immediate installation of a fire hydrant at the Mamquam Trailer Court was urged by Ald. T. Burt and council decided that this be done as soon as possible.

Ald. Burt also expressed concern about the difficulty of hearing the fire siren at Northridge where most of the volunteer firemen in the downtown area reside.

It was decided to have the clerk draw up a list of the firemen in that area with their phone numbers and leave it with the Chieftain Hotel so they could be called.

DECOR HINTS
by Miss Ede

DESIGN CONSULTANT

Last week, I discussed "problem" rooms in my column - and many of you, I am sure, have quite a variety of different decorating problems to be solved. This week, we shall continue to discuss some of the more common "hang-ups" confronting the amateur decorator.

The shape of a room can sometimes be irksome. A too-square room can be made to appear longer by the use of cool light value colors at the end walls. Side walls colored in dark light value will tend to create an appearance of length. Try some horizontal lines in the selection of furniture and fabric patterns!

Use of the new cheerful "Pumkin" shades will bring a sunny feeling into your kitchen on the dullest days - and you'll be delighted with its effect when complimenting white cupboards. See you next week in this column! (Or at the showroom any Saturday between 10 a.m. and 5 p.m.)

Investigation of the parking at the cemetery has resulted in a decision to widen the present parking area to accommodate more cars.

Concern about surface blasting during the past few months resulted in a request from the mayor to see what the municipalities of North and West Vancouver and Burnaby do regarding regulation of the amount of charge set off on the surface of the ground.

The ladies of St. John's Anglican WA held their annual Pancake Tea on Shrove Tuesday, in place of the monthly luncheon of \$1.49 day.

As in other years patrons had a choice of Garibaldi, Hawaiian or Loggers pancakes; each variety were designed to tempt a jaded appetite.

The cooks and waitresses wore red and white aprons and head kerchiefs in honour of Valentine's Day. The tables were decorated with red forsythia-like blossoms and Valentine

Sons of Norway meet

Sons of Norway will hold their first chapter meeting on Wed. Feb. 25, at 8 p.m.

The meeting will be held in the Chieftain Long Room. An interesting program and refreshments will follow the meeting.

Confirmation service

A confirmation service will be held in the Church of St. John the Divine on Sunday, March 8 at 11 a.m.

Bishop David Somerville will officiate at the ceremony and a luncheon at the Parish Hall will follow the service.

Carry car insurance

Motorists are advised that under the new regulations it is mandatory to carry car insurance.

There is a minimum fine of \$250 for failing to have valid car insurance.

 Friday, April 24 at 7:00 p.m. The annual Amateur Hour.
 Saturday, March 21, Eastern Star Tea in the Squamish United Church.
 "They are proud in humility; proud in that they are not proud." — Robert Burton.

GUIDES who were newly enrolled in the Squamish Company last week are (not in order) Cheryl Turnquist, Tari Christie, Leona Strandberg, Cheryl Bird, Gloria Nor-

strom, Carol Brown, Diane Wood, Toni Mitchell, Christine Watt and Eleanor Applin Flouch.

Squamish enrolls ten Girl Guides

Ten new Girl Guides were enrolled by Commissioner Mrs. W. Brander at a ceremony in the church hall on 4th St. on Tuesday, Feb. 17. In addition all the girls received their 60th birthday badges marking 60 years of Guiding.

Badges were also given to the girls with Linda Tasker and Janice Bank receiving their cook badges, and Donna Lemcke and Laurie Newson also received their swimmer's badges. In addition Linda Tasker received a laundress, hostess, and toymaker badge.

Janice Banks also received a laundress badge while Donna Fairley received a laundress, collector and toymaker's badge as well as earning her hostess badge.

Brenda Newson received her laundress and toymaker badge, and Katie Applin-Flouch earned a cook and toymaker badge. Other girls receiving their toymaker badge were Laurie Newson, Kim Norton, Donna Lemcke, Jane Hutchinson, and Kathy Mannix who also received a child care badge.

Guide captain Mrs. Dheilly thanked her mother's group for their assistance in the past and expressed her appreciation to Audrey Hutchinson who was her assistant and had been most helpful.

The new girls going into Guiding were Eleanor Applin-Flouch, Cheryl Bird, Carol Brown, Tari Christie, Toni Mitchell, Gloria Norstrom, Leona Strandberg, Cheryl Turnquist, Christine Watt and Diane Wood.

BABY SHOWER FOR MRS. W. DIETZE

A baby shower was held in honor of the infant daughter Monika Joy, of Mrs. W. Dietze at the home of Mrs. Judy Robinson on February 19 in Woodfibre. The hostesses were Mrs. G. Robinson and Mrs. Dennis Cattermole, and they passed the enjoyable evening with a few games and then served dainty refreshments. Mrs. Dietze received many beautiful gifts and was very appreciative of this special evening.

10 cents per copy

MR. AND MRS. RICHARD FLUMERFELT

Yvonne Karwitski a fairy tale bride

Yvonne Michelle Karwitski was the traditional fairy tale bride as she came down the aisle of Squamish United Church on her father's arm to speak her marriage vows before Rev. H. M. Wingfield.

The petite fair haired bride is the daughter of Mr. and Mrs. M. Karwitski of Brackendale and her groom, Richard Alan Flumerfelt, is the son of Mr. and Mrs. E. Flumerfelt of Roberts Creek, B.C.

Daffodils and pussy willows decorated the church and set the theme for the wedding which took place at 3:30 p.m. on Saturday, Feb. 21.

Ribbon embroidered lace fashioned the traditional bridal gown, creating almost a three dimensional effect while her full length train of nylon over net was edged with matching ribbon embroidered lace. Her shoulder length veil misted about her head and she carried a nosegay bouquet of pink carnations. She also wore a locket, the gift of the groom.

Mrs. Brenda Tichauer as mat-

ron of honor wore a short gown of turquoise chiffon over crepe, the full three quarter sleeves trimmed with bands of daisies. She wore a matching headpiece and carried a bouquet of white carnations.

Dennis Mulligan of Gibsons was the best man and ushers were Gary Flumerfelt and Wayne Holstine. Mrs. E. Kristianson was the organist.

A reception at the Chieftain Hotel followed the ceremony.

Before leaving for a motoring honeymoon in the United States the bride donned a coral and white houndstooth check suit with beige accessories.

On their return the young couple will make their home at Secht.

Out of town guests included Mr. and Mrs. M. Kurylewicz of Richmond, Mrs. J. Vaughan and family, Vancouver; Mr. J. Mullen, Hopkins Landing; Mr. and Mrs. D. Mullen, Britannia Beach, Mr. and Mrs. J. Kacerek, White Rock; Mr. and Mrs. E. Flumerfelt of Roberts Creek and numerous relatives from the groom's family.

Officers installed in joint ceremony

Officers of the Royal Canadian Legion, Branch 115 and the Ladies Auxiliary to the Royal Canadian Legion Branch 115 were officially installed at a joint ceremony in the Legion Hall in Squamish on Saturday evening, Feb. 14.

Zone Commander C. I. Cliff came from Bowen Island to officiate at the installation of the Legion officers while Zone Representative Mrs. D. Stephens came from Woodfibre to install the ladies.

Officers installed for the men were president G. Thompson, vice presidents J. Lehman and G. McKibbin; executive committee members H. Beckman, Jim Hurren, T. Hill, E. McCartney and H. Lindsay, chaplain Rev. A. W. Bell and Sgt.-at-Arms H. Hurren. Executive member E. Theriault was absent. Following the ceremony, the appointed secretary Mrs. James Hurren took her place with the members.

Ladies installed in office were president Mrs. H. Hurren, past president Mrs. J. Lehman; vice president Mrs. B. Acorn; treasurer Mrs. K. Carmichael and Sgt.-at-arms Mrs. B. Goss.

Executive members installed were Mrs. H. Skerrat, Mrs. J. Shaw and Mrs. R. Armstrong.

Officers unable to attend the installation were second vice-president Mrs. B. Biglow, secretary Mrs. P. Horvath and executive members Mrs. G. White and Mrs. J. Highland.

Following the ceremony, which opened with the parade of the colors carried by Jim Hurren, Mrs. B. Goss, E. McCartney and H. Lindsay with Acting Sgt.-at-Arms Bill Hales in command, the president presented 25 year pins to W. K. Kennedy, R. Lampport, E. Lipsey, E. McCartney, O. Reeve and A. Reynolds.

Unable to attend to receive their 25 year pins were W. Kerr, J. McDonald, E. Manson, W. Melnechenko and K. Nash.

A 40 year pin and a copy of the charter along with a gift was presented to J. Castle one of the two remaining charter members of the Squamish Branch of the Royal Canadian Legion. The other charter member J. R. Morrison, was unable to attend.

THE COUNTRY PHILOSOPHER

By A.B.C.

After having a number of phone calls in regard to my column last week, I will first of correct an error or two I made. First off, I had in my column that it was Jackie and Bob Brock that received the "Good Citizen" award that was awarded by the Squamish Times. It was just Bob Brock, but I do think and feel that they both should have got it!! You know the old saying that behind every man is a good woman a pushin' him!!

Now for the "Sportsmanship Award" and the "Best Athlete of the Year" awards by the Squamish Citizen. I did not have that in my column as I assumed the editor would have it in the paper with pictures, etc. Looks as if Rose had camera problems again as I see Dorothy is not in the picture with Mrs. Flury nor is John in with Les Laventure! But as Rose has so often commented, they do have good luck with their pictures (Dorothy and John).

Now I am going to be real "pickie" and pick on our editor! Your write up on the Civic Dinner was very thorough, but I do not feel that you "gave out" enough about Mr. Fougberg's little "extra" speech! Oh, yes and that's another error I made in last week's column, it was Mr. Fougberg I was speaking of when I remarked about "one speech". And I still maintain his remarks were out of order. Since when are people considered "snipers" when they are trying to find out why the school tax is so high and how we can cut down. Are we not in a free country where we can inquire as to why and where our money is going? Or are we only to pay and pay and keep our mouths shut?

But, no matter who's right and who's wrong in this respect, I still feel that the civic dinner was not the place for this to be brought up. I think that Mr. Fougberg owes all an apology for his timing.

Its a darn good thing that a good number of us had the sense to keep seated and our mouths shut or there could have been a real free for all and if a school trustee can say what he thinks, well so can the rest of us.

Grant you, the Department of Education does set the standards which we pay for, but you start here with your complaints and then if we can't get the answers or are told its none of our business, then we will have to go higher up. But here at present this is the place, perhaps our local school board can then go to the Department of Education.

I know of an instance right now, where two boys, both sixteen, as far as I am concerned, have their wires crossed. The one that plans on going into the bookkeeping field and auditing is taking metal work and would prefer to take typing. The other boy who plans on going in for mechanics is taking typing. He would prefer the metal work.

So one boy is using a typewriter that his friend should be using. The whole system is crazy. No wonder there are so many drop-outs! We are fortunate in this area to have some darn good teachers, some over-worked. How does the Dept. of Education think a person can be a good teacher and an administrator too? I think it's high time that Victoria gave our teachers authority in the courses that our kids take.

They work with our children and know more of what our kids need than a bunch sitting on plush seats over in Victoria. If things go wrong here its not Victoria that gets it in the neck, its the teachers and school board here! Perhaps, the way the provincial gov't is passing the buck on down to local gov't., it may be sooner than we think that this is the way things will be done. Well, amen, to that for this trip!!

Oh yes, good news, the Squamish Legion would like to start a pipe band in this area. It will be called the Squamish Junior Pipe Band. So if there are any of you kids from the ages of eight to fourteen that would be interested in learning, or can play, the drums and bagpipes, well get in touch with Dave Watt. This is really terrific, how nice it will be to have this group for parades etc.

Birthday greetings go out to Bridget Buchanan, Terry Nichols, Gordon Lewis, Colleen McCartney, Dayle Binning and Heather Buchanan. A very special birthday greeting goes out to Mrs. I. Reid in Brackendale, who will be celebrating, I think her eighty-fifth birthday, best wishes, Grandma Reid, from all.

Well, I got a promotion last week from page eleven to page seven and am on the page ahead of the ads!!

Wedding anniversary greetings go out to Mr. and Mrs. Robert Rothenburger, Mr. and Mrs. Tony Raffaele and Mr. and Mrs. Harry Simms, who are celebrating their tenth year of married bliss!!

Boy I sure feel real fortunate, I've got crocus, pussy willows and hyacinth out, real neat eh.

I hear that soon there is a boat load of men being brought into Squamish. Seems there are a lot of grass widows and widowers around B.C. at the present time. Sure like to know what the big attraction is at Turnour Island, and boys don't tell me its work!!

Don't forget (I'm reminding myself too) to get your new license plates. End of February is the deadline.

I hear that the Youth Club is doing real well. They went from door to door a short time ago, collecting beer bottles in order to get monies for their needs. Sure sounded funny when I heard that they had collected nearly ninety dollars worth of beer bottles from the "adult" population. I felt bad I couldn't give 'em any, my husband needs them for his home brew!!

Anyhow, kids, that darn good goin' and the best of luck to you and your Youth Club.

This week's picture is a real oldie. And isn't it hilarious, sure a far cry from the length of the skirts today. This lady is here in Squamish and we all know her and her husband, both. So get your thinkin' caps on and place your bets on who you think it is. Hello to Kelly Green in hospital in Vancouver. Just wanted you to know Kelly that I hadn't forgot about you.

Hear Sam Bonde is home from the hospital, yah, Sam, I can hear you awa y up here complaining, sounds like he is on the mend, eh, Alice??

And a great big "Thank You" to the Chamber of Commerce for organizing the civic dinner. It was tops.

Bye now.

FAREWELL DINNER FOR DON LLEWELLYN

Don Llewellyn was the guest of honor at a farewell dinner at Cheakamus Inn at Alta Lake on Monday, Feb. 16 when school board members and their wives or husbands met to say goodbye to him.

Mr. Llewellyn, who has been living in Squamish for the past four years, has been working for FMC and is being transferred to a new position in Edmonton. Mrs. Llewellyn and the children will join him as soon as possible.

At the dinner he was presented with a farewell gift of a mirror from his fellow members on the board.

SORORITY QUEEN Mrs. D. McCarthy, right, received a beautiful bouquet from the president Mrs. R. Hultman at the Beta Sigma Phi sorority dance on Saturday night. The Elks Hall was beautifully decorated in a Valentine theme by the committee headed by Mrs. J. Grods.

OFFICER OF THE LADIES AUXILIARY to the Royal Canadian Legion Branch 115 were installed at the same ceremony. Front row, left to right, are vice president Mrs. B. Acorn, president Mrs. H. Hurren and treasurer Mrs. K. Carmichael. Back row, left to right, Sgt. at arms

Mrs. B. Goss, past president Mrs. J. Lehman, installing officer zone representative Mr. D. Stephens, and executive officers Mrs. H. Skerrat, Mrs. R. Armstrong and Mrs. J. Shaw.

NEW EXECUTIVE of the Royal Canadian Legion, Branch 115, installed in office on Saturday, Feb. 14 are, front row, left to right, past president Dave Watt, president George Thompson and chaplain A. W. Bell. Back row,

left to right, Sgt. at arms Harvey Hurren, H. Beckman, vice-president J. Lehman, and executive members E. McCartney, H. Lindsay and Jim Hurren.

KINSMEN GO INTO QUARTER FINALS

The Squamish Kinsmen soccer team qualified for the quarter finals of the Province Cup last Sunday when they decisively defeated the West Vancouver Blue Devils by a score of 4-0.

On Saturday they played the West Vancouver team to a 2-2 tie which finally was called after 20 minutes of overtime and a game scheduled for the following day. Alfie James and Gordon Eckersley were the scorers for the Saturday game while Sunday's scorers were Gordie Eckersley who made two goals, and Tony Pasquazzi and Ken Anderson who each scored one.

The next game in the Province Cup, the quarter final, will be played in Squamish on Saturday, Feb. 28 at 1 p.m. at the school grounds. Come out and cheer the local team!

B.C. Native Women's Convention

The British Columbia Native Women's Society are holding their convention on Feb. 27, 28 and March 1, 1970 at the North Vancouver Indian Administration Building, 545 W. 5th St., North Vancouver, B.C.

Feature speakers will be on Friday Mrs. Pearl Warren, Magistrate, director of the Indian Centre, Seattle, Wash. and the founder of the American Indian Women's Service League, whose topic will be "Contemporary Problems Facing the Indian People". Alex James, native, on Alcoholism and Indians; Mrs. Phyllis Lavalley on the Rehabilitation Work being done at the Nasaika Lodge for Indian girls; Mr. Marshall of the Narcotics Addiction Foundation of B.C. on Narcotics.

Saturday's main speakers will be Mrs. Mildred Gottfriedsen on the "Treatment of the Indian Aged"; Chief Mathias Joe on "The Educational System and Indians"; and in the afternoon Hon. Jean Chretien, Minister of Indian Affairs, who will speak to an Interview Panel of Mrs. Gertrude Guerin, director of Vancouver Indian Centre, Mr. Guy Williams, Native Brotherhood of B.C.; Mr. Guss Gottfriedsen, councillor from the Kamloops Indian Band; a representative from Vancouver Island and Phillip Joe and the convention delegates, on the White Paper Policy and Chretien's Indian policy.

Saturday evening the Women's Society will hold a B.C. Native Merit Award dinner in the Capilano Room of the Memorial Centre, 123 East 23rd St., North Vancouver, B.C. on Feb. 28, commencing at 7:30 p.m. when five Merit Awards will be

given and there will be cocktails and entertainment featuring an Indian Dancing Group from Kamloops, B.C.

Sunday will be a business meeting discussing resolutions and an election of board members.

Interested women from out of town wishing to attend may contact Mrs. M. Gottfriedsen, Box 27, Kamloops; Mrs. Lois Guss, 229 Mathias Rd., North Vancouver, B.C. or Mrs. H. Fergusson, 1896 W. 1st Ave. Other women's clubs may attend as the B.C. Native Women's Society is an organization whose purpose is to coordinate activities among native people and serves as a communications medium.

CLEARING STARTED IN VALLEYCLIFFE

Valleycliffe is already starting to take on a new look with clearing of some of the lots near the apartment site underway last week. A cat with a ripper blade was busy removing the light growth of alders which covered the previously cleared lots.

Guilford Estates Ltd., developers of the property, said that work had started on the basements of their two display homes. Squamish Construction Ltd. will build the houses.

The company also said the first park area south of the residential area will be cleared and they also plan to put the cat into the little league park area at the south entrance to the property.

Part of this area was cleared of the light alder growth when B.C. Hydro cleared the property under their power lines, leaving only a portion still to be completed.

Recreational policies outlined at Rotary Club

No scenic river drive

Recreation Commission chair man L. C. Minchin and the director of Adult Education and Recreation outlined their policies and programs to the Squamish Rotary Club at last Thursday's luncheon.

The club, which sponsors a soccer team, is interested in youth programs and is building a new pre-training pool at the park behind the high school. Members were seeking information on programs for the young people in the community, as well as an outline of what is done for adults.

L. C. Minchin, in his position as a school trustee and chairman of the commission, spoke on the broad policy of the group, stating the way people spent their leisure time was increasingly important as leisure time increases.

He pointed out the commission consists of two school trustees and two aldermen, appointed by the parent bodies, a director and a member at large.

A joint recreation and adult education program is carried out. He said adult education is carried out throughout the whole district, recreation only within the municipality.

He commented on the use of the schools and the high enrollment in the adult education program, citing 750 people in the classes compared to 150 as the highest in a number of comparable sized areas.

CLOSE LIAISON

He said council works closely with the board on programs citing the joint use of the swimming pool with the board supplying the heat and the municipality the maintenance. He added the board supplies the playing fields and this facility is used by 400 soccer boys, an equal number of girls in softball and a number of football players.

"I think this community is very well served," he said, "a minimal staff works hard and well. The adult education not only covers classes but also sports and some recreation."

Bob Ellison, the director, told the club that the seven per cent of the municipal budget for recreation seems to overshadow the board's 1.7 per cent in its budget

but this does not include plant involvement in fields and school buildings.

VARIED PROGRAMS

"Programs are varied," he said. "There are four summer recreation ones: day camp, held last year at Cat Lake; playground programs using the school facilities; a swimming program using the pool and the leadership training program, especially important in bringing on new leaders."

He added that unfortunately there were not as many winter programs but he hoped to build these up. Present ones included the new ski program for young people as well as floor hockey, soccer, baseball, ladies softball and football; and make sure fields are available.

The adult education program is working with the Indian Affairs branch in Squamish, Mount Currie and D'Arcy and 17 programs are being run by the adult education department but operated by the native people.

Speaking on future programs he said one of the dangers of planning a program is that people tend to see only that program. "There must be a long range plan of facilities and development," he said, "and this must fit in with our community. All facilities must be used."

He said Squamish is a lucky town, with good liaison between the board and the municipality, a good healthy budget and a good future for recreation. He said it was the only community he knew in which people came to his office asking to be allowed to put on a program.

ROOM FOR IMPROVEMENT

He said there was room not only for the school board and the municipality but for groups of people and service clubs to become involved in activities. He hoped to see youth drop in centres giving them an opportunity to get involved in programs, in learning physical skills, crafts and social skills and leadership, not just dances and social group. He said the present youth group is fulfilling the need for non-scheduled activities.

Dr. L. C. Kindree asked if additional plant facilities were needed and Ellison said he thought schools served a good and useful purpose but were not really conducive to programs operating in them. He did not feel the community had the bulk of programs or the population to support a \$100,000 building.

"If we have a building and no programs, we don't know how to design the building for its best utilization. But if we have a program we can plan the building to house them," he said. "The community must make the decisions."

L. C. Minchin said the next school, which will probably be built in the Garibaldi Highlands area, will be designed so it can serve for community use as well as education. He suggested that a careful study be made of other areas bearing in mind that buildings have to be staffed and maintained.

CAPILANO COLLEGE CUTS 1970 BUDGET

Capilano College has trimmed \$55,000 from its 1970 budget because enrolment for the two semesters was less than estimated.

Enrolment in September was 978 instead of anticipated 1200 students.

The budget now stands at \$1,195,000. The provincial government shoulders 60 per cent of operating costs and with the surplus of \$163,460 from last year, the cost to the three college districts now totals a net of \$244,658.

This is divided up on the basis of grade 12 enrolments. West Vancouver's share this year is \$73,143, North Vancouver, \$156,661 and Howe Sound, \$14,854.

SQUAMISH GOLFERS HEAD FOR LINKS

The avid golfers in the Squamish Valley are pleased with the mild spring like weather which permitted the golf course to open on Sunday, Feb. 15.

During the past week a number of golfing enthusiasts have been turning out to enjoy the game and get the winter bugs out of it.

Beautiful weather last weekend drew even more players and they are all hoping for a continuation of the mild weather so they can get an early start for the summer sport.

Club president Ray Bryant reminds members that they don't have to go to Vancouver for a game but can enjoy it right at home.

Speaking on future programs he said one of the dangers of planning a program is that people tend to see only that program. "There must be a long range plan of facilities and development," he said, "and this must fit in with our community. All facilities must be used."

He said Squamish is a lucky town, with good liaison between the board and the municipality, a good healthy budget and a good future for recreation. He said it was the only community he knew in which people came to his office asking to be allowed to put on a program.

ROOM FOR IMPROVEMENT

He said there was room not only for the school board and the municipality but for groups of people and service clubs to become involved in activities. He hoped to see youth drop in centres giving them an opportunity to get involved in programs, in learning physical skills, crafts and social skills and leadership, not just dances and social group. He said the present youth group is fulfilling the need for non-scheduled activities.

Dr. L. C. Kindree asked if additional plant facilities were needed and Ellison said he thought schools served a good and useful purpose but were not really conducive to programs operating in them. He did not feel the community had the bulk of programs or the population to support a \$100,000 building.

"If we have a building and

Youth Bowling

By Janet Constantine

Many of the youth bowlers are still scoring both the high single and high double or triple in their events.

Top scorers last week were in the Jets. Debbie Robson who bowled a high single of 133 and double of 251 to lead the girls. Wayne Levesque topped the boys with a high single of 139 and a 246 double.

In the Bantams Laura Nichols took double honors with a 190 single and 368 double while Brian Clarke did the same for the boys with 147 and 267.

Lori Boscarol led the Juniors with a single of 186 and a triple of 516 while Bob Harkness and Don Hales split the honors for the boys with Bob scoring a 252 single and Don a 596 triple.

Lea Flury with 182 and 507 led the girls in the High School group while Tim Ardiel bowled the high single of 229 and Graham Binning the triple of 558.

In the Senior group Heather Cassell bowled 269 for the high single and Joan Ellingson had

the triple with 623 while Philip Owen led the boys with scores of 323 and 751.

Hank Wulff still leads

Not surprisingly Hank Wulff is still top dog in the Senior Citizens Bowling League. On February 11, he led with a high single of 236 and a high triple of 760. Tom Collins had a high triple of 564 for second place but Red Verdisio's 265 put him in second place for single games, while Tom Collins' 226 put him in third place for the singles.

In the Ladies' Division Bess Maveety led with a high single of 236 and a high triple of 569. Marge Bruce's 198 put her in second place and Hertha Johnson's 191 gave her third place in the singles. Second in high three was Freda Clarke with 480 and Olive Baxter was right behind with 479.

The Headpinners had the team high three with 1,833, followed by the Bushwackers with 1,669, while the Weinies were third with 1,570.

The Headpinners are leading with 12 points, Bushwackers are right behind with 11 and the Weinies have eight.

Soccer news

Squamish United bows to Germania

Playing in brilliant sunshine before a partisan crowd Squamish United was defeated 5-1 by Germania in 4th Division mainland league play on Sunday, Feb. 22.

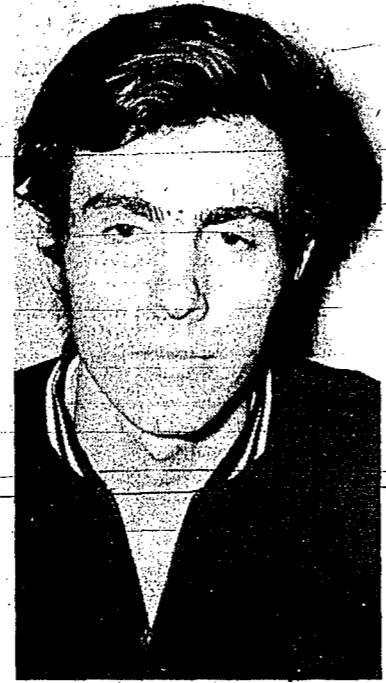

The game was played under very good conditions but Squamish didn't fare too well. Squamish pressed throughout the first half but almost unbelievably ended the half down two goals, 2-0.

Early in the second half Ed Hastings blasted in a goal to make it 2-1. Squamish then mounted a determined attack but was unable to convert several good chances. Germania capitalized on two of the few

good scoring opportunities they had the best of it, fielding a full squad of regular players. Squamish was handicapped in that some of her players had other commitments. This game probably means little as Squamish with only two games remaining still leads the league in points on the strength of eight wins, four ties and only two losses, but it was disappointing to suffer such defeat at the hands of the arch foe, Germania.

Squamish United is assured of promotion to Division Three next season but will have to do better than this in the two remaining games to win the league championship trophy and the one hundred dollar prize.

Final games are against Richmond at Richmond and Dutch Lions at Squamish.

ED HASTINGS scored goal

Painting on display

A young painter, Marvin Kemper, who has been working with oils after he graduated from drawing, has a painting on display in the window of the Squamish Times.

The painting, depicting a seated figure with his head in his hands against a golden background, is almost symbolical.

It is interesting and different from the paintings which have been shown in the past.

Also in the window this week is a collection of work done by pupils in the Mamquam elementary school, showing how volcanoes are formed and depicting the damage done by an earthquake.

Stop by and look at them sometime.

STUDENTS PREPARING for the three legged race at the high school inter-house track meet.

High school inter-house track meet

By OLIVE GILMOUR

The excitement for the indoor track meet began on Thursday evening when students from the four houses involved invaded the bleachers of the gymnasium, decorating it with "Bonnie and Clyde", "Charley Brown and Snoopy", "Mardi Gras," and "Good Morning Sunshine"

themes. Cossack house won over-all, picking up valuable points for best decorations and house cheering.

Highlights of the day included an exciting cross-country race. More than fifty girls ran over the one mile course with D. Shaw and Barbara Batchelor finishing first and second respectively. Over fifty boys ran the two mile course with John Nelson taking first place.

Judging from the participation and performances of all taking part we can look forward to many records toppling during the outdoor track season which will get under way next month.

High school football

Squamish, which was once the home of one of the finest football teams in the high school leagues, will once again field a high school football team if present plans are fulfilled.

A meeting was held at the home of Don Llewellyn last Friday evening and application will be made to enter a high school football team in the North Shore Athletic Association.

The team will receive assistance from the B.C. Lions who are donating one thousand dollars to help set up the team and get it going.

With the large number of young people interested in this sport the high school could possibly field another team which will carry on the tradition started by the Chiefs who did so well a few years ago.

Soccer standings

Soccer standings in the Howe Sound League on Feb. 15 were as follows:

Team	G	W	L	T	Pts.
PEEWEEES					
Celtics	14	8	1	5	21
Brackendale	14	9	2	3	21
Rangers	14	8	3	3	19

Stawamus	11	8	0	3	19
Woodfibre	11	7	1	3	17
Mamquam	11	3	7	1	7
Brackendale	10	2	7	1	5
Britannia	6	1	5	0	2

Hockey career for former local boy

John Van Horlick, the 21 year old son of Mr. and Mrs. Fritz Van Horlick, of Williams Lake and formerly of Squamish, is playing hockey with the Charlotte Checkers of the Eastern Hockey League. John was born in Squamish and lived here for about seven years before moving to Williams Lake.

The following article from the Charlotte, North Carolina paper deals with John's hockey career.

John is a member of the Charlotte Checkers of the Eastern Hockey League and joined the club this campaign after skating for Victoria Cougars of B.C. Junior Hockey League.

Due to injuries, he has been playing center most of the season, but even at a strange position is doing a more than adequate job.

Van Horlick played along the blue line for the Cougars last season, where he blossomed into a top defense prospect.

In the third week of the Eastern League ice wars, he

suffered a shoulder separation and missed 13 games. When he did come back, he was shifted to forward for 20 contests before being moved back to his regular position.

In the Checks first 30 games, he scored five goals and claimed nine assists while amassing 87 minutes in penalties.

His main problem has been lack of pro experience but Charlotte coach Fred Creighton is high on the youngsters' possibilities.

Tarleton goes on to say, "On defense he's probably one of the most mobile defenders in the league. This helps him cover up for some of the mistakes a rookie is prone to make."

He's a real hustler... aggressive and not afraid to fight. He's been in a couple of really good scraps and has handled himself very well."

"Everyone here thinks that, with a little more experience, John could become a good hockey player. And, he seems to be a fine, sincere kid."

Celtics in tie with Brackendale

Pewee soccer is still continuing to provide most of the thrills with the Celtics and Brackendale still vying for the top position. The teams have been tied for the top slot for several weeks and the weekend games saw them still tied for first place.

Celtics and Britannia battled to a scoreless tie to give the Mamquam team one point and Brackendale and Woodfibre tied with one game each to give Brackendale one point as well.

In the third game in the Pewee section Stawamus defeated the Rangers 2-0.

Four games were played in

the Junior section, two of them to make up for games which had been cancelled. In the first game between Brackendale and Britannia Brackendale downed the mine town team, 8-0 and this was also the score of the second game. Stawamus and Mamquam shared the honors in their two games with Stawamus winning the first 4-2 and Mamquam defeating Stawamus 2-1 in the second game.

In the senior section of the Howe Sound League there were only two games played with Brackendale defeating Britannia 4-1 and Mamquam and Stawamus playing to a 1-1 tie.

CUBS, BROWNIES SCOUTS AND GUIDES

In keeping with the focus on Cubs, Brownies, Scouts and Guides during this month, the Squamish Public Library has obtained a number of books just for the young people involved in these groups.

There is a new life of Lord Baden-Powell for older readers and also one on Lady Baden-Powell; in addition there is a Scouting Handbook, and a Brownie Annual for 1969 as well as a few others. It is hoped that these additions to the library stock will be of use and interest to these groups.

Youth Bowling

By Janet Constantine

Many of the youth bowlers are still scoring both the high single and high double or triple in their events.

Top scorers last week were in the Jets: Debbie Robson who bowled a high single of 133 and double of 231 to lead the girls. Wayne Levesque topped the boys with a high single of 133 and a 246 double.

In the Bantams Laura Nichols took double honors with a 190 single and 368 double while Brian Clarke did the same for the boys with 147 and 267.

Lori Boscaroli led the Juniors with a single of 186 and a triple of 516 while Bob Harkness and Don Hales split the honors for the boys with Bob scoring a 252 single and Don a 596 triple.

Lea Flury with 182 and 507 led the girls in the High School group while Tim Ardiel bowled the high single of 229 and Graham Binning the triple of 558. In the Senior group Heather Cassell bowled 269 for the high single and Joan Ellingson had

the triple with 623 while Phillip Owen led the boys with scores of 323 and 751.

Hank Wulff still leads

Not surprisingly Hank Wulff is still top dog in the Senior Citizens Bowling League. On February 11, he led with a high single of 236 and a high triple of 760. Tom Collins had a high triple of 564 for second place but Red Verdise's 285 put him in second place for single games, while Tom Collins' 226 put him in third place for the singles.

In the Ladies Division Bess Maveety led with a high single of 236 and a high triple of 569. Marge Bruce's 198 put her in second place and Hertha Johnson's 191 gave her third place in the singles. Second in high three was Freda Clarke with 480 and Olive Baxter was right behind with 479.

The Headpinners had the team high three with 1,833, followed by the Bushwackers with 1,669, while the Weinies were third with 1,570.

The Headpinners are leading with 12 points, Bushwackers are right behind with 11 and the Weinies have eight.

Soccer news

Squamish United bows to Germania

Playing in brilliant sunshine before a partisan crowd Squamish United was defeated 5-1 by Germania in 4th Division main-land league play on Sunday, Feb. 22.

The game was played under very good conditions but Squamish didn't fare too well. Squamish pressed throughout the first half but almost unbelievably ended the half down two goals, 2-0.

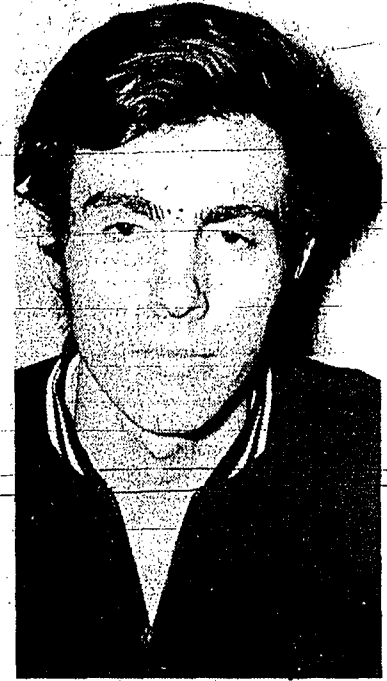

Early in the second half Ed Hastings blasted in a goal to make it 2-1. Squamish then mounted a determined attack but was unable to convert several good chances. Germania capitalized on two of the few

good scoring opportunities they had the best of it, fielding a Squamish came on a penalty shot.

All in all perhaps Germania had the best of it, fielding a full squad of regular players. Squamish was handicapped in that some of her players had other commitments. This game probably means little as Squamish with only two games remaining still leads the league in points on the strength of eight wins, four ties and only two losses, but it was disappointing to suffer such defeat at the hands of the arch foe, Germania.

Squamish United is assured of promotion to Division Three next season but will have to do better than this in the two remaining games to win the league championship trophy and the one hundred dollar prize.

Final games are against Richmond at Richmond and Dutch Lions at Squamish.

ED HASTINGS ... scored goal

Painting on display

A young painter, Marvin Kempner, who has been working with oils after he graduated from drawing, has a painting on display in the window of the Squamish Times.

The painting, depicting a seated figure with his head in his hands against a golden background, is almost symbolical.

It is interesting and different from the paintings which have been shown in the past.

Also in the window this week is a collection of work done by pupils in the Mamquam elementary school, showing how volcanoes are formed and depicting the damage done by an earthquake.

Stop by and look at them sometime.

STUDENTS PREPARING for the three legged race at the high school inter-house track meet.

High school inter-house track meet

By OLIVE GILMOUR
The excitement for the indoor track meet began on Thursday evening when students from the four houses involved invaded the bleachers of the gymnasium, decorating it with "Bonnie and Clyde", "Charley Brown and Snoopy", "Mardi Gras," and "Good Morning Sunshine" themes. Cossack house won over-all, picking up valuable points for best decorations and house cheering.

Highlights of the day included an exciting cross-country race. More than fifty girls ran over the one mile course with D. Shaw and Barbara Batchelor finishing first and second respectively. Over fifty boys ran the two mile course with John Nelson taking first place.

Judging from the participation and performances of all taking part we can look forward to many records topping during the outdoor track season which will get under way next month.

Squamish, which was once the home of one of the finest football teams in the high school leagues, will once again field a high school football team if present plans are fulfilled. A meeting was held at the home of Don Llewellyn last Friday evening and application will be made to enter a high school football team in the North Shore Athletic Association. The team will receive assistance from the B.C. Lions who are donating one thousand dollars to help set up the team and get it going. With the large number of young people interested in this sport the high school could possibly field another team which will carry on the tradition started by the Chiefs who did so well a few years ago.

Soccer standings

Soccer standings in the Howe Sound League on Feb. 15 were as follows:

TEAM	G	W	L	T	Pts.
PEEWEEES					
Celtics	14	8	1	5	21
Brackendale	14	9	2	3	21
Rangers	14	8	3	3	19
Britannia	14	8	5	1	17

Mamquam	11	3	7	1	7
Brackendale	10	2	7	1	5
Britannia	6	1	5	0	2

Hockey career for former local boy

John Van Horlick, the 21 year old son of Mr. and Mrs. Fritz Van Horlick, of Williams Lake and formerly of Squamish, is playing hockey with the Charlotte Checkers of the Eastern Hockey League. John was born in Squamish and lived here for about seven years before moving to Williams Lake.

The following article from the Charlotte, North Carolina paper deals with John's hockey career.

John is a member of the Charlotte "Checkers of the Eastern Hockey League and joined the club this campaign after skating for Victoria Cougars of B.C. Junior Hockey League.

Due to injuries, he has been playing center most of the season, but even at a strange position is doing a more than adequate job.

Van Horlick played along the blue line for the Cougars last season, where he blossomed into a top defense prospect.

In the third week of the Eastern League ice wars, he

suffered a shoulder separation and missed 13 games. When he did come back, he was shifted to forward for 20 contests before being moved back to his regular position.

In the Checks first 30 games, he scored five goals and claimed nine assists while amassing 87 minutes in penalties.

His main problem has been lack of pro experience but Charlotte coach Fred Creighton is high on the youngsters' possibilities.

Varleton goes on to say, "On defense he's probably one of the most mobile defenders in the league. This helps him cover up for some of the mistakes a rookie is prone to make."

He's a real hustler ... aggressive and not afraid to fight. He's been in a couple of really good scraps and has handled himself very well.

"Everyone here thinks that, with a little more experience, John could become a good hockey player. And, he seems to be a fine, sincere kid."

Celtics in tie with Brackendale

Peeewe soccer is still continuing to provide most of the thrills with the Celtics and Brackendale still vying for the top position. The teams have been tied for the top slot for several weeks and the weekend games saw them still tied for first place.

Celtics and Britannia battled to a scoreless tie to give the Mamquam team one point and Brackendale and Woodfibre tied with one game each to give Brackendale one point as well.

In the third game in the Peeewe section Stawamus defeated the Rangers 2-0.

Four games were played in

the Junior section, two of them to make up for games which had been cancelled. In the first game between Brackendale and Britannia Brackendale downed the mine town team, 8-0 and this was also the score of the second game. Stawamus and Mamquam shared the honors in their two games with Stawamus winning the first 4-2 and Mamquam defeating Stawamus 2-1 in the second game.

In the senior section of the Howe Sound League there were only two games played with Brackendale defeating Britannia 4-1 and Mamquam and Stawamus playing to a 1-1 tie.
