

# nish digging out from storm

By ROSE TATLOW

Squamish spent the weekend digging out from the snowstorms of the preceding days and preparing to cope with the next one which weather forecasters said was on its way.

Main streets had been widened and cleared with snow hauled away and dumped; side streets were being cleared; people were busy working on driveways and making sure there would be a place to put the stuff if any more came.

Many of the access roads were still just one lane because of the cars which had been left on the street and which crews had to work around. Parking lots were cleared with huge mounds of snow piled up around the perimeters of the lots and children found them delightful places on which to play.

In all, over three feet of snow fell during the storms which started on Tuesday and continued till Saturday, ending with freezing rain on Saturday night. By Sunday it was starting to thaw and the weather had turned much milder.

The highway to Whistler was closed at about 11:30 p.m. on Saturday and didn't open till after noon on Sunday and then only for one lane traffic. Snow slides had come down across the highway in the canyon and crews had to dig them out.

The highway to Vancouver was clear with some icy spots between Squamish and Britannia but wet the rest of the way although there were rocks down along the highway especially around Windy Point and closer to Horseshoe Bay.

The freezing weather, followed by thawing, had loosened the rocks and brought some large ones down over the highway on Saturday night and early on Sunday.

Snow started to fall again on Saturday and by the time it stopped there had been more than six inches of fresh snow. The snow which turned to freezing rain on Saturday night encased each branch and twig of the trees in a coating of crystal which fortunately melted before it created any damage. However

at Murrin Park and along the highway north of Browning's Lake through the narrow pass the trees were still coated with ice even at noon on Sunday, and with the wind tossing the branches they sounded like crystal bells.

Squamish was digging itself out of the worst snowfall in ten years following the 72 centimeters which fell between noon Tuesday and the same time Thursday. Records said that 42 cms fell the first day and 30 the second day of the snowfall.

The snow was accompanied by gale winds, sub-zero temperatures and there was considerable drifting in the Cheakamus Canyon and north of Britannia Beach near Brownings Lake.

On Thursday the icy rain which fell further complicated matters by encasing everything in a sheet of ice and driving was very treacherous. Workmen clearing parking lots and other areas said the rain was freezing on the windshields of their equipment, making it very difficult to see or to operate their vehicles.

The storm, which started on Tuesday, moved up from the south, bringing dry, fluffy snow to the area. Snow started on the highway early in the morning and before noon it had reached Squamish. By late afternoon driving was becoming difficult and gale force winds were blowing in Squamish, whipping the snow along the main street in a near-blizzard.

## DRIFTING SNOW

By Wednesday morning snow had piled up in drifts in many areas, roads were drifted in and the local as well as the provincial crews were having problems keeping the roads open.

Snow continued to fall all day Wednesday; by early Thursday it had changed to freezing rain, and by Thursday afternoon it was snowing again.

The main concern in the district, where municipal crews worked around the clock to try to keep roads and streets open, was streets where people had

left cars parked and the plows could not operate. Municipal works superintendent Frank Wilson said that crews attempted to clean out some side roads but parked cars made it impossible for the trucks to work.

Apart from this problem Wilson said they were coping, provided no more snow fell and they had a chance to clear things up. The equipment had been working steadily for the past 48 hours and he said at noon on Thursday that some of it was starting to break down. However, they were also using a number of pieces of rental equipment and hoped to be able to cope.

Wilson also said the crews had managed to keep the Upper Cheakamus road open by using the grader but would have to start using a cat now as the snow is too deep for the grader to continue operating there.

A minor problem arose on Wednesday when snow conditions caused problems at the intake but this was solved and water foreman Walter Regier managed to keep everything operating at capacity. However Wilson said he was concerned about the crossing at the Mamquam if there should be a sudden thawing and the river should rise.

## HIGHWAYS DANGEROUS

Highway conditions were dangerous with roads reported as icy and motorists advised to stay off the roads unless necessary. The Cheakamus Canyon road was one lane traffic only on Wednesday and early Thursday and there were slide warnings. By late Thursday afternoon the RCMP reported that Highway 99 north of Squamish was closed by slides and there was no travel north of Squamish.

Road conditions between Squamish and Horseshoe Bay were reported as treacherous with road surfaces icy and driving conditions hazardous. The entire southern section of

... see Storm ...

A visitor pauses in front of the high snowbanks along the edge of the Mackenzie parking lot while on the roof the walk John Giuliani moves some of the snow which, if it became soaked with rain, could break down the canopy.

## Hospital is expanding its surgical services

Another step in the direction of progress has been achieved by the Squamish General Hospital Board with the receipt of approval from the Ministry of Health to expand the surgical role at the local hospital. This resulted from a long period of hard work by the board and medical staff to develop improved facilities and services to accommodate the expanded role.

This concerted effort by the board and medical staff has brought about an improved health care service for the people of the community. A service that this community so rightly deserves.

The board is confident that with a resident surgeon and qualified medical and support professional personnel, that the Ministry of Health will favor a further improvement of surgical and medical services in the future. This will include the construction of better facilities for which the board has commenced the initial planning.

At the same time an increase in the support services has taken place in the past few months which contributed to the success in achieving this expanded surgical role. Among these is the establishment of a physiotherapy

service which commenced in December. Although equipment and space is still lacking somewhat and the physiotherapist is only working on a part time basis, this will increase to a full fledged service, appropriate for the hospital within the next few months.

Another improvement is in the laboratory. Additional equipment has been installed with plans for the purchase of computerized instrumentation in the near future which will speed up the processing of specimens and assist the physician in making an earlier diagnosis. Several tests which normally would have to be sent to a Vancouver laboratory, involving several days before results would be known by the physician, will now be performed by the local hospital technologists.

The planned development of an extensive in-service education program for all hospital personnel will bring about continual improvement in all departments of the hospital.

With the optimism and enthusiasm demonstrated by the board and administrator regarding the future development of health care services, this community can expect a health care delivery system second to none for a community of this size.

## Rescue team meets skiers on way out

A rescue team headed by Cst. Peter Markgraf, Al Jenkins of the Parks Dept. and Ron St. Arnault of the Black Tusk Snowmobile Club with four other members of the club and their machines, went in towards Diamond Head at 7 a.m. on Friday looking for three skiers who had been reported missing. They met the three skiers, all from the Vancouver area, and one from Squamish, about a mile below Base Camp and came back to Squamish with them, arriving back in town by 10:30 a.m.

Cpl. Don Douglas of the RCMP said they received a report that three Vancouver area skiers, Philip Ham, Jack McKitterick and Yvonne Pierson, who had gone in to the Diamond Head area on Jan. 2nd and were expected out on the 4th, had failed to do so.

As a result the team, headed by the police and parks personnel with members of the Search and Rescue group of the Black Tusk Snowmobile Club, started out to find them.

St. Arnault said the skiers, along with Brian Pullen of Squamish, who was also in at Diamond Head, had holed up

## Chamber plans membership drive

Are you interested in seeing Squamish playing a bigger role in promoting tourism in this area? Or in seeing Squamish kept in the forefront of activity concerning our area? If so, consider joining the Squamish Chamber of Commerce, a group which is devoted to furthering the interests of the area, as well as that of the business community.

Many people feel that it is only the business community which benefits from the work done by the Chamber of Commerce. But it really is more than just the business community. Everyone benefits when increased tourist activity brings more people and this in turn means more jobs for the people in the area.

Increased publicity can bring in new industry and can make potential business and industries aware of what is available in Squamish. Members of the chamber will be canvassing the community in the next few weeks to ask you to join and become an active member of the Squamish Chamber.

In a recent newsletter prepared by Dave Geddes,

chairman of the Industrial Development Committee of the Chamber, some of the coming year's programs were outlined. At present they appear to be more tourist oriented than otherwise but as the year proceeds more programs will be implemented. Among the programs in process are the planned railway station for the Royal Hudson which should be ready for the first run of the train or shortly after. Word is being awaited from Victoria regarding this proposal.

Interesting visiting groups this year will be the Cortez Caravan in early August; immediately after the Loggers Sports weekend; the visit from the Canadian Community Newspapers convention which is planning a day trip to Squamish in August on the Royal Hudson and a visit from the National Parks and Recreation Association, also in August. The latter group will also be holding its convention in Vancouver this summer.

The Chamber is also hoping to spark some activity to mark the fact that 1978 is the 20th year since the highway to Vancouver was opened.

## Death takes pioneer resident

With the passing on Saturday, Jan. 7th, of Mrs. Doris Buckley, Squamish lost one of its pioneer residents.

Mrs. Buckley was born in Agassiz, the second daughter of Mr. and Mrs. David Galbraith, on Sept. 5th, 1895. Her earliest years were spent in the Harrison Mills area, till with her parents and sister Jean, she came to Squamish in 1912.

Her father was one of the community's earliest business men and among her earliest recollections of Squamish was that of riding to school in Brackendale on horseback.

On Oct. 11th, 1914, she married Frank Buckley in the first marriage service to be held in the St. John's Anglican Church on 6th Ave. The union was blessed with three sons, David, Kenneth (Mike) and Brian.

The couple and their sons lived in the downtown area for a number of years before moving to the Buckley Crossing home in 1938.

Among her many talents was that of being a good cook. She found an outlet for her culinary knowledge by being the first cook at the Squamish General Hospital. She was also a keen gardener and an active member of the ACW of St. John's Anglican Church as long as her health permitted.

Ill health resulted in spending her last two years in hospital.

She is survived by her husband Frank, son Brian, grandson Michael Buckley and his wife, granddaughter Catherine Spivey and her husband, granddaughter Sharon Buckley of London, England; two great grandchildren, Jennifer Michelle Buckley and Harvey Elton Spivey, and a sister, Mrs. Isabel Blake of Vancouver.

Funeral services were held at the Squamish Funeral Chapel at 11 a.m. on Monday, January 9th, with Rev. Paul K. Yip officiating. Cremation followed.

## Fred Lalonde is the first baby of the New Year

Fred Ambrose David Lalonde checked in as the first baby of the New Year at 22:40 on January 3rd to keep the boys ahead for the third year in a row. The sixth child for Mr. and Mrs. Francis Lalonde of Britannia Beach, weighed in at 6 pounds 10 ounces.

"We didn't expect him till the 9th," tiny Maria Lalonde said as she expertly cradled her youngest in her arms before their picture was taken, "so we were surprised to discover he was the New Year baby."

He is a brother for Bobette, Robert, Paulette, Annette and Nicole and with his parents, will be the recipient of the many lovely gifts offered by the merchants of Squamish for the first baby of the New Year.

Mr. and Mrs. Lalonde would like to thank Dr. Kindree and the staff of the hospital.

Last year's baby was David Barton Gilmour, son of Mr. and

Mrs. David Gilmour, who didn't arrive till January 8th. In 1966 Kevin Leski was the first baby and the year before it was Colin Bakke.

Among the many beautiful gifts for the baby and his parents are a mid week trip to Harrison for the parents, courtesy of the Squamish Times, plus a year's subscription and the following list of gifts.

Adam 'n' Eve's: a haircut for either parent.

Billie's Bouquet: \$5 credit slip on any flower arrangement.

Chieftain Hotel: a special gift for the parents.

Cottonwood Inn: \$5 gift certificate.

Fenton Jewellers: A birth record spoon.

Fields: white hooded sweater with matching booties.

Garibaldi Building Supplies: gallon of general paint.

Highlander Hotel: Dinner for two in the Chalet Dining Room.

The Honey Pot: \$5 gift certificate.

IGA: \$10 gift certificate.

Lumberjack: \$10 gift certificate.

Meats 'n' Treats: \$10 gift certificate.

Mostly Books: \$5 gift certificate.

Mykonos: \$10 gift certificate.

Olga's: \$5 credit slip.

The Pair Tree: Shampoo and Set.

People's Drug Mart: \$10 gift certificate.

Robinson's: \$10 gift certificate.

Squamish Bakery: Birthday cake.

Squamish Surplus Store: \$10 worth of merchandise.

Super-Value: Case of Pampers.

Town 'n' Country Shoes: Pair of children's shoes.

Yarn Barn: \$10 gift certificate.

Mrs. Maria Lalonde with Fred Ambrose David, who checked in as the New Year baby at 10:40 p.m. on Tuesday, January 3rd. Proud parents are Mr. and Mrs. Francis Lalonde of Britannia Beach. Young Fred and his parents will receive many lovely gifts from the merchants in Squamish who sponsor the annual New Year's Baby gifts.

# B.C.'s 1978 economic outlook expected to be better than Canada's

The British Columbia economy will continue to be stronger than Canada's in 1978 according to the Employers' Council of British Columbia's economic outlook. "We see no startling or dramatic improvement for the province," commented Council president William Hamilton, "but rather a gradual growth path." While B.C.'s performance will be better than Canada's, the gap will narrow.

Canadian real GNP growth in 1978 is anticipated to be about four percent, a substantial improvement over 1977, the Outlook states. Business investment will improve, led by energy related projects, but housing starts will be down slightly from 243,000 during 1977. Consumer spending is expected to be up slightly — four percent compared to three percent last year. The dollar should not decline further in value,

although short-term fluctuations are anticipated. Lumber is expected to continue to set the pace for the B.C. forest products industry. Newsprint production and sales are strong, with plants operating at virtually full capacity; this is expected to continue. The pulp industry has remained depressed for several years; "there is no optimism for 1978."

The provincial mining industry is facing sluggish demand and low prices for major metals, mainly copper and zinc, with world stocks high for both. Prices are better for lead, molybdenum, gold and silver. Although coal prices are expected to improve, no dramatic improvement in demand is foreseen, the Council Outlook states.

The strong recovery in natural gas drilling and exploration will continue. Tourism was the bright spot in 1977 after several bad years. Expectations are good for 1978. The relatively low Vancouver CPI increases, the Commonwealth Games and possible changes to U.S. tax laws contribute to this opinion, Hamilton noted.

Prospects for the B.C. fishing industry are moderately good for major salmon returns and another good year is predicted for the roe herring fishery. Neither the national nor provincial unemployment rates are likely to improve, according to the Council forecast. While the unemployment rate remains high, commented Hamilton, it is significant that we created a large number of new jobs in the past year — 238,000. "However, the national labor force grew by 370,000 and the participation rate (the share of working age population who are working or seeking work) also increased.

So, while our record in creating new jobs is among the best in the world, the benefits have been negated to some extent by the increased participation rate," he said. The phase-out of the anti-inflation program will have a positive effect on corporate performance and will produce a delicate year for labor negotiations.

"The end of the program is welcomed," says the Outlook, "as the anticipated economic growth, however moderate, both in Canada and our major trading partners will result in expanded utilization, more efficient use of our plants and the prospect of increased profits which will be needed for job-creating investment."

While fewer collective agreements will be negotiated in 1978 compared to 1977, the B.C. bargaining calendar will be busy: Approximately 400 agreements covering 208,000 employees will be up for renewal.

"The growth or decline of our province's economic strength and progress will largely be determined by the extent to which all parties continue to behave in a responsible and economically realistic manner."

As an exporting nation, Canada's and B.C.'s performance depends upon the performance of our trading partners. In 1978, Japan is expected to set the pace although their growth will not be significantly different from 1977's experience. The U.S. economy will remain strong, although the growth rate is expected to moderate slightly. Real GNP growth rates for the European Economic Community should be "in the neighbourhood of 3.5 to four percent," a moderate improvement over 1977.

All countries are facing relatively high rates of inflation

## THINKING OF YOU

is the nature of our business. With you in mind we offer the following services:

1. Free Unlimited chequing privileges
2. Interest calculated on your daily balance (Plan 24 and Savings "100")
3. Interest paid Monthly on Plan 24, Savings 100 and Special Savings.
4. A very "flexible" term - deposit policy.
5. Premium interest rates - Shop and Compare

Plan 24 ..... 6%  
Special Savings ..... 6 1/2%  
Savings "100" ..... 7%

### TERM DEPOSITS - \$1,000 minimum deposit

60-89 days	7%
90-179 days	7 1/4%
180-364 days	7 1/2%
1-2 years	8%
2 years	8.125%
3 years	8 1/4%
4 years	8.375%
5 years	8 1/2%

Term Deposits — \$5,000 minimum — If you have special needs please feel free to drop in or phone for advice. It is usually possible to "tailor-make" the deposits' terms and conditions to suit specific needs.

## ATTENTION H.U.D.A.C.

On Wednesday, January 18th, 1978  
8:00 p.m.  
Fergies Lodge

The meeting will centre around HUDAC's continuing role and the election of officers. All members, past members and interested parties are invited to attend this important meeting.

## Lasqueti residents oppose Hydro route

Residents of Lasqueti Island are objecting to the proposed new B.C. Hydro power line which will be carrying power from the Cheekye substation at Squamish to the Dunsmuir substation near Qualicum.

The power line will go from Squamish to the Sechart Peninsula and is then expected to cross Georgia Strait using Texada and Lasqueti Island as part of the route.

The residents of Lasqueti Island are objecting to the

power line, stating that they feel the 500 KV line is not necessary and the power is not required for Vancouver Island.

This 500KV line, they claim, will cost half a billion dollars and will be the first submarine 500KV ever built. They also claim the new line will raise Vancouver Island's peak load capability to 3825 million watts, an amount which is about four times the present B.C. Hydro peak load and far in excess of its

own forecast for peak requirements.

According to the Lasqueti Islanders' objections, the official annual load forecast for Vancouver Island is 5.3 percent. Yet in a document distributed concerning the project, they state the utility claims growth forecasts of up to 6.7 percent. They question both figures, stating the B.C. Energy Commission consistently produces growth load forecasts much smaller than those of the utility company.

The Lasqueti Island people objecting to the new line state the utility company makes bulk power cheaper for large customers and therefore is not interested in conserving power but in producing more and adding more debt to the people of B.C.

They also claim that ecologically and aesthetically these power lines are not an attractive proposition because they will involve clearcutting in preparing the right-of-way, defoliant spraying and possibly leaks of insulating oil into Georgia Strait.

They deplore the fact that the proposed route will bring an influx of workers and machinery to the residential and resort communities en route, both in the construction phase and possibly afterwards. They fear it will permanently alter the communities and that Lasqueti Island, possibly the most remote and unspoiled island, will suffer the most.

Continued

## Snow Storm

the province was experiencing the same conditions with the Fraser Canyon highway closed and the Hope Princeton open but motorists advised to carry chains.

The B.C. Railway was back to normal on Thursday after Wednesday's train was delayed between Squamish and Pemberton due to slides and snow on the tracks. However the road was reported open on Thursday and the southbound passenger was expected to arrive on time.

Elsewhere on the local scene Fire Chief Doug Orser said that all the fire trucks had been chained up and were ready for action if a fire should occur. There had been a chimney fire on Wednesday evening but the response had been excellent despite the snow.

On Wednesday the fire department organized a fire hydrant cleanout program with

the aid of the Canada Works grant people to ensure that all the snow was cleared away from the fire hydrants so they would be able to operate if necessary.

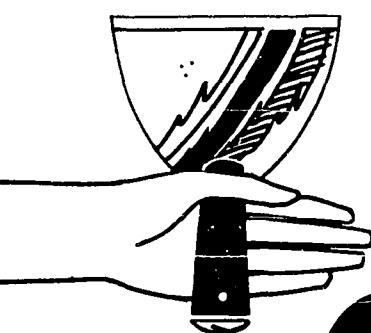

### STREETS CLEARED

On Thursday night a warm wind started to blow and the snow began to melt causing some freezing on the roads but by morning crews had cleared the main streets and thoroughfares, cleaning off the snow and hauling it away.

Huge piles of snow edged the parking lots where dozers had piled it up along the perimeters of the lots. Youngsters were having a marvellous time sliding down the piles of snow but weary shovellers were tired to taking the white stuff off the flat roofs.

On Saturday snow started to fall again and everyone was prepared for another onslaught.

## Council Briefs

The feasibility of signing a contract with the municipality of North Vancouver to use the facilities of an augmented computer program was the subject of a special meeting with a North Van representative yesterday.

Since 1975, the municipality has used North Vancouver services for tax billing and collecting. Now the North Van district is upgrading their equipment and informed council that they will be able to provide additional accounting and payroll services plus access to all systems and programs in the central computer library for a total cost to the district of \$2,080 a month.

Participation in the system would also require the training of a municipal employee to handle the system and a contract for data processing services for at least five years.

Reliances Distributors of B.C., the town's cable television company, asked council to support them in an effort to get a reasonable and consistent C.B.C. television signal in the community.

Manager L.G. Ingraham told council that he had complained on numerous occasions to the CBC and the DOC about the troubles local CBC and CTV channels have experienced with their repeater transmitters for many years.

According to Ingraham these transmitter troubles interfere with the Cable TV System and as a result the company is subject to a great deal of abuse from their customers.

Most of the complaints are related to hockey. "We lost a recent game due to freezing rain," said Ingraham. "A cheap cover, such as we use, is an adequate solution. Complaints are received every time a game is carried. The predominantly white pictures jitter so badly that the number of players are apparently doubled. The darker commercials are more stable." Ingraham explained that the reason for this situation is what he called "sync compression". His company had an expert check the signal and found it way below strength.

Council agreed that the people of the community deserve better service and assured Ingraham that they would give him their wholehearted support.

The steel water tower off Loggers' Lane is becoming a real concern because of its deterioration and accompanying hazards. As a result, council decided to offer the structure for sale on a "as is — where is" basis, subject to removal.

In view of the fact that access to the Jehovah Witness Hall on Harris Rd. will be cut off when the new highway goes through, the Department of Highways offered the town the right of way it controls across property owned by Wessler, Waffler and Dowd for an extension of Tantalus Road.

Council turned down the offer, however, because they felt at this time there was no need for it. Apparently the Jehovah's Witnesses have some sort of

agreement with the Department of Highways concerning access. In addition, if Garibaldi Highlands was developed south and required the link up or Wessler, Waffler and Dowd wished to develop their property the construction of the road would be the province of the developer.

If and when the connecting road was built, and up to municipal standards, the town would then take the road over and maintain it at that time.

In the light of the recent chlorine spill at FMC, Alderman Bill Manson asked council if there was a community contingency plan in the event of a large spill and a wind coming off the sound.

Mayor Brennan explained that the company did have a contingency plan which it was continually updating in conjunction with the police, the Pollution Control Branch and FMC.

The mayor, who has spent much time over the years investigating the safety of the chemical plant, said that according to the experts not enough gas could escape at one time to be a danger to the whole community.

In Brennan's opinion, the tank cars which transport the gas to Horseshoe Bay represent a far greater danger than any malfunction of the plant itself.

If by some misfortune the train derailed and ran into a cliff or rock fall on the tank cars, that is the time, the mayor said, that we'd better watch out.

The existing contingency plan at FMC has been approved by both Federal agencies and the Workmen's Compensation Board.

"What happened last time was due to human error," said the mayor.

Aldermen Barr, Smith and Candy are the members of a committee set up by the mayor to find a new location for the garbage dump.

"We need a dump site and we need it now," said the mayor.

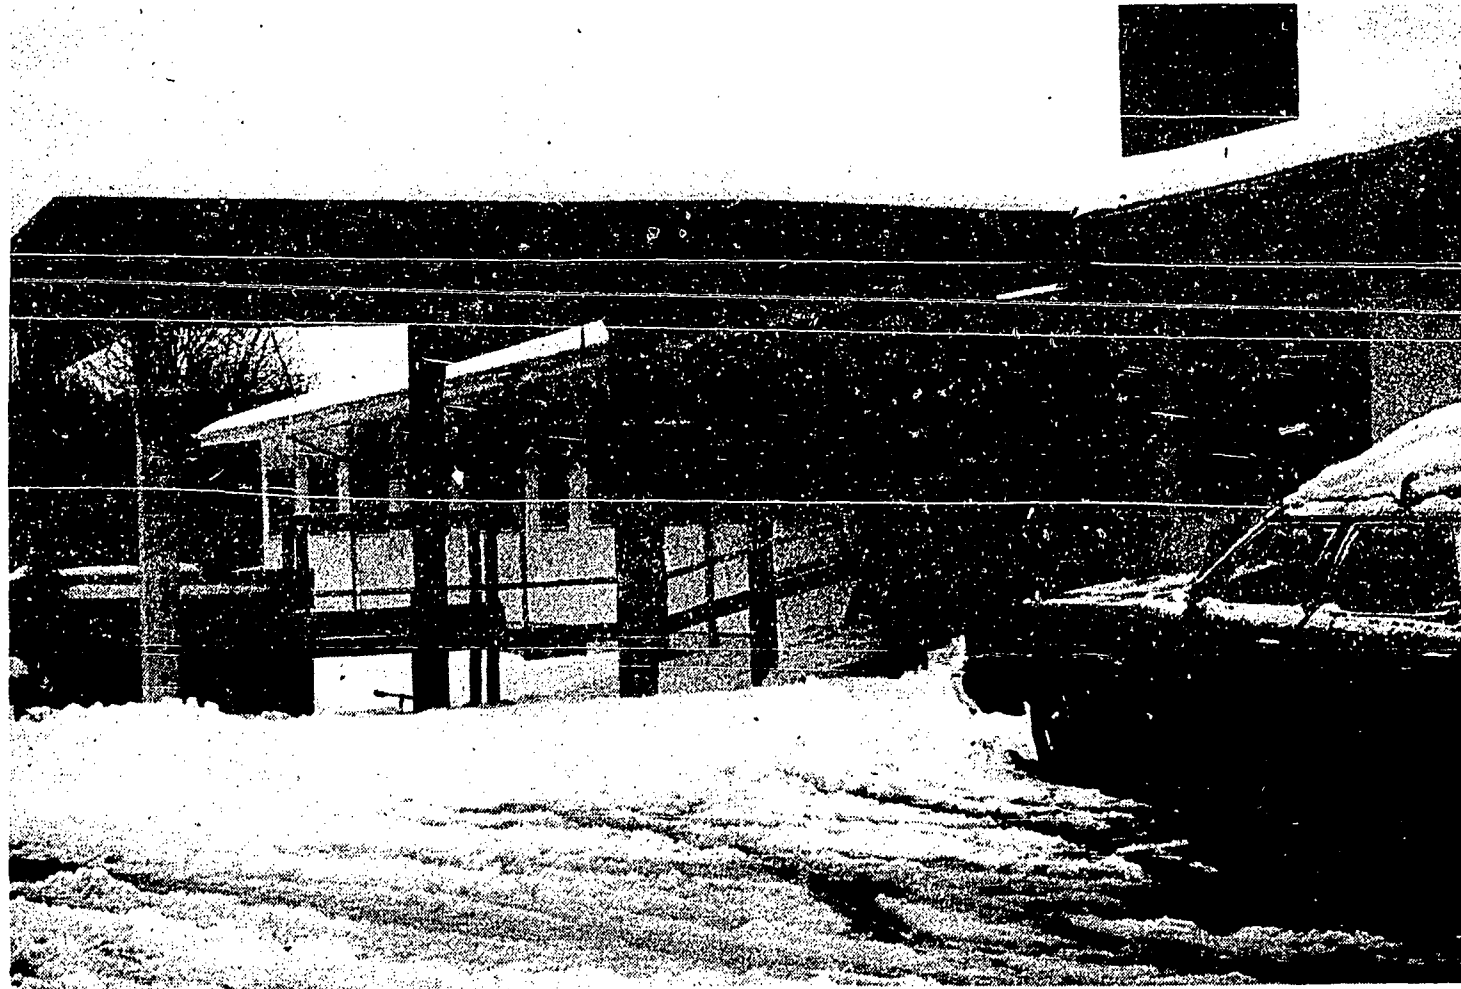

Council's previous selection of a site on the estuary was turned down by the Department of the Environment last year and yet, the mayor said, North Vancouver dumps their garbage on a site right next to a river.

"The Department of the Environment knows all the rules," Brennan said, "and I think some government agency should be asked to find it. When they do we'd like to know where it is because we can't seem to find one that meets all the requirements."

Having noticed that the old Weldwood office building has been put up for rent the mayor suggested that the municipality look at its condition before new occupants moved in.

"If ever a building needed condemning, it's that one. It looks like it is ready to fall down," Brennan said.

As a result, the Fire Marshal and the Building Inspector have been asked to make a report to council concerning the building's condition.

The ambulance shelter at the hospital is rapidly taking shape. This will permit the ambulances to pick up and discharge passengers without getting wet in spite of the weather.

## B.C. drivers are buckling up

More than 7 out of 10 Vancouver and Victoria drivers make use of seat belts and drivers in other communities are rapidly catching up.

That is the outcome of a provincial study conducted in March, August and November 1977 on the use of seat belts, and commissioned by the Insurance Corporation of B.C.

The researchers questioned 2,264 B.C. drivers at 16 sites in the Lower Mainland, Vancouver Island and the interior.

Front seat passengers showed improvements in buckling up. In Vancouver seat belt use increased from 24% in March 1977 to 65% in November 1977. In Victoria over the same period, usage jumped from 30% to 72% while in other regions it rose from 7% to 64%.

Ralph Gillen, Vice-Chairman and Acting General Manager of the Insurance Corporation said the preliminary report on the survey is "very encouraging".

"The survey clearly indicates that B.C. drivers and front-seat passengers take their personal safety seriously," he said. "While there is still room for improvement in the number of people wearing seat belts, I am confident the use of seat belts will be reflected in a reduction in hospital and injury costs."

The wearing of seat belts in British Columbia became mandatory on October 1, 1977. "While the survey has given a clear indication of increased use, it is still too early to talk of

improvements in the number of casualties from motor vehicle accidents," said Mr. Gillen.

Meanwhile, the interim report of a study on the effects of seat belt legislation and highway speed limit reductions in Ontario shows significant benefits.

Comparing the first three months of 1976, when compulsory seat belt legislation went into effect, with the comparable period a year earlier, the study demonstrated that:

- Cost of active treatment care had declined by 30%;

- Number of hospitalized victims had declined by 22%;

- Number of in-patient victims had declined by 29%; and

- The number of out-patient victims had declined by 18%.

At the time of the study, seat belt usage in Ontario was very similar to that now existing in B.C.

The Ontario study of 2,736 accident victims in six counties showed costs of in-patient care dropped 31% in the first three months of 1976 compared with the same period in 1975.

## 'Sno Fun

One thing for sure you could do a fashion feature on the different hats people wore during the snow and cold. Everything from the Russian style fur hats to the smart ski toques and some you'd never thought of too!

What a shock it must have been for the Frank Kelleys to return from beautiful sunny Mexico Thursday morning to icy winds, knee deep snow and freezing rain. It would be enough to make you want to turn around and head back again.

# Autoplan 1978 rewards the safe driver.

**Nine out of ten British Columbia vehicle owners will not pay any more for auto insurance in 1978 than they did in 1977. And most will pay less because of the expanded Safe Driving Discounts.**

The overall average premium rate increase is 6%, but the full impact of this increase will be felt only by the vehicle owners who fail to qualify for the Safe Driving Discounts.

The premium increase is primarily to take into account the substantial and rapid growth in payments for bodily injury claims.

## Safe Driving Discounts.

The discount program benefits the better drivers.

25% is deducted from your premium if you have a two year claim free record between October 1, 1975 and September 30, 1977.

15% is deducted from your premium if you have a one year claim free record from October 1, 1976 to September 30, 1977.

90% of all vehicle owners will not pay more for their insurance in 1978. Discounts on this year's premiums are earned by many motorists whose records are free of claims for which any payment has been made for collision, property damage or bodily injury. (No-fault accident benefit claims do not affect Safe Driving Discounts.)

In addition to the Safe Driving Discounts, there's good news for the Under 25 Single Males. Vehicle owners or principal operators in the category who are claim free and have not accumulated more than five "Point Penalties" between January 1, 1977 and September 30, 1977 will be entitled to a 25% Safe Driving Incentive Grant.

A completed application form must be submitted before April 1, 1978.

## New Features of Autoplan

### 1. Claims Review Procedure

Motorists who disagree with the settlement proposed at a Claim Centre can ask the Centre Manager for a full review. The Claims Review Committee is made up of the Senior Claims Manager and senior officials from other departments. This ensures that reviews will be made by senior officers who can consider the issues from a range of viewpoints.

### 2. Valued Policy

This new policy is specifically designed for vehicles which have been substantially altered from the manufacturers' original specifications. This policy provides insureds with a guarantee that in the event of a total loss, their vehicles are insured for values determined through appraisals made when the coverage was taken out.

### 3. Optional Third Party Legal Liability Coverage

This coverage is now available, without a separate endorsement, from \$100,000 to \$10 million.

### 4. Young Drivers in the "Under 25" Rate Class

Drivers in this class have been divided into smaller age groups. This will allow the Corporation to develop claims statistics which could result in future rate variations.

**All vehicles must carry the basic Autoplan Insurance Coverage. This protection provides:**

**a) Third Party Legal Liability Insurance.** This pays for all claims against you if you are legally liable to another person for bodily injury, death or damage to property up to a total limit of \$75,000 plus legal and claim

investigation costs. You may be responsible for the rest if you only have this basic coverage.

**b) "No-fault" accident benefits.** This covers medical costs, expenses of rehabilitation, disability payments, death benefits and funeral expenses resulting from an automobile accident, regardless of who was at fault.

Check what additional coverage you may need—if you feel the Basic Autoplan is less than your potential needs, you can buy a wide range of optional coverages:

- Increased Third Party Legal Liability
- Specified Perils Comprehensive Collision
- Additional Equipment
- Loss of Vehicle Use

## How to renew:

By now you will have received your application form—just follow these simple steps:

1. Check the pre-printed information on your form. Check the name, address, vehicle description, etc.
2. Check your Safe Driving Discount—If you think you are entitled to the discount, and it is not printed on your renewal form, please see any Autoplan agent or Motor Vehicle Branch office.
3. Check your rate class—Compare the present use of your vehicle, and the driver(s)

with the Rate Class number on your renewal form. The Rate Class number shown in the box on your renewal form must be correct.

Take your renewal form to 4. any Autoplan agent or Motor Vehicle Branch office. They will help you complete it, and make any changes you require and provide you with new decals and an insurance certificate.

If you have not received a 5. renewal form by mail, take your present Vehicle Licence/Owner's Certificate and Driver's Licence to any Autoplan agent or Motor Vehicle Branch office.

The Corporation has once again made available a Premium Installment Finance Plan. This plan will require a 30% down payment of the total costs of the licence plate fees and insurance premium. The down payment must be more than the licence plate fee. The balance of three installments are payable at two month intervals and will be charged against your bank account automatically. This service is available up to the end of March 1978, although an extension to the end of April, 1978 will be made to accommodate vehicle owners under age 25. The interest rate on the outstanding balance is 1.08% per month, or 13% per annum.

Deadline for renewal is midnight, Tuesday, February 28, 1978.

**In most cases premiums are lower in B.C. than in other provinces. Here are some examples for your specific region.**

**DRIVER:** Over 30 years old with an occasional Under 25 Single Male operator. No accidents in B.C. in the last 2 years. 3 years elsewhere. Vehicle used for pleasure only.

**COVERAGE:** Public Liability and Property Damage \$200,000. Collision \$100 deductible. Comprehensive \$50 deductible.

AUTOMOBILES	Vancouver B.C.	Calgary Alta.	Toronto Ont.	Montreal P.Q.	Halifax N.S.
1969 Austin Cambridge	\$229	\$447	\$474	\$603	\$420
1975 Volkswagen Beetle	\$349	\$508	\$527	\$686	\$490
1977 Toyota Celica	\$452	\$575	\$596	\$796	\$583

## 'OPEN HOUSE' TRANSMISSION LINE INFORMATION ON JANUARY 12<sup>th</sup>

B.C. Hydro will host an informal "open house" information meeting to discuss a route for a high voltage transmission line from the Squamish area to Vancouver Island.

The purpose of the meeting is to inform Squamish area residents of the proposed project and to provide an opportunity for interested members of the public to make comments. People are invited to drop in at their convenience anytime from 5 - 10 p.m. to obtain information and discuss the project with B.C. Hydro planners as well as representatives from consultants who have been retained for the project.

The "open house" meeting will be held at:

Council Chambers  
Squamish Municipal Hall  
Thursday, January 12  
Between 5 p.m. and 10 p.m.

**NOTE:** A report entitled "Cheekye to Dunsuir 500 kV Transmission Line" is available for reference at the Squamish Municipal Hall and B.C. Hydro district office. Possible route alternatives are identified in this report and a preferred corridor is proposed.

— B.C. HYDRO

Someone must have been telling a funny story to Margaret Marchant, Jean Laventure and Hilda Rizun, at the New Year's Eve dance at the Chieftain Hotel, judging by these smiles.

Guests at the New Year's Eve party in the Highlander Hotel were enjoying a swinging party.

## OPEN HOUSE ON NEW HYDRO LINE ROUTE

Are you interested or concerned about the proposed new power line from the Cheekye substation to Vancouver Island? Or are you just interested in learning a little more about the proposal?

If so, be sure to attend the "Open House" at the municipal hall on Thursday, January 12, from 5 p.m. to 10 p.m. when B.C. Hydro planners, as well as representatives from the consulting firm which has been retained for the project, will be on hand to discuss the proposed route.

Public input regarding the route and its possible effects on the community will be welcomed.

Shane Volkman, winner of the trip for two to Reno, which was offered as the prize at the Chieftain Hotel's New Year's Eve dance.

## Storm cuts down on accidents

Despite the storm which dumped over three feet of snow on the area in the past week, there were fewer accidents than usual in that period. Perhaps the snow made everyone drive more

carefully or maybe it was just that it cut down on the number of vehicles on the streets.

On Jan. 2nd in the Britannia Beach area just south of the mining museum, a vehicle

driven by David Tam was involved in a collision when the car ahead started to brake and he braked suddenly. Apparently he left the roadway and his vehicle suffered damages amounting to about \$3,500. Tam and four passengers were taken to Squamish General Hospital with injuries.

On Jan. 4th on Highway 99 near Porteau, Craig Irvin of Vancouver found his vehicle went out of control on the wet, slushy, icy road, causing damages amounting to \$600.

On the same day at the intersection of Garibaldi Way and Highway 99, James Taylor of Squamish was struck by the bucket of a snow removal vehicle driven by George Brodie, causing about \$1,000 damage to his vehicle. The snow removal machine was making a left turn at the time of the accident.

On Jan. 8th at Leski's Crossing, Donald Suter of Burnaby, travelling south, slid over into the northbound lane and collided with an oncoming vehicle driven by Colin McIver of West Vancouver.

The bathtub was invented in 1850 and the phone in 1875. This means that for 25 years people could sit in the tub without hearing the phone ring.

## Fire Lines

by  
Squamish Fire Department

As the Department is very much concerned with the safety of our community, we would like to encourage everyone to do a "Home Fire Safety Check" in your home this week and carry it on regularly.

Being wintertime, it is an extremely hazardous time of the year. You may have extra heaters in your home, block heaters in your vehicle, fireplaces being used, etc. We ask that you take a second look at these, and determine whether or not it could create a possible fire hazard.

Also, here is a simple check you can do to insure the safety of your home and its occupants.

**PREPLANNING**  
Have you planned 2 ways to get out of each room of your house?

Do you practice regular fire exit plans with your family with a specified meeting place in your yard?

Do you keep your exit routes clear of obstructions?

Do you know how to contact the Fire Department? THE NUMBER IS 911.

Do you show your babysitter the escape procedure of your home in the event of an emergency?

**HEATING & COOKING**  
Are your stoves, heaters and flue pipes far enough from combustibles and are they in good repair?

Are your extra careful when using greases on or near your stove?

Do you have clothing or curtains hanging too close to heaters?

Do you have your chimney cleaned and checked regularly so as to prevent chimney fires?

**HOUSEKEEPING**  
Do you keep rubbish cleaned out of attic, basement, garages,

etc.? Is paint, etc. kept in tightly closed containers and away from direct heat?

**ELECTRICAL**  
Do you see that extension cords are not run under rugs or carpets?

Are your appliances checked regularly to insure their safe operation?

Do you use the proper size fuses in your electrical panel?

Is your TV antenna installed so that if it fell over it would not hit your household power supply?

We know from experience that if these checks are kept up, your home will be much safer.

## CANADIAN GEOGRAPHY COURSE AT COLLEGE

Sign up now for the Canadian Geography course being offered by Capilano College in Squamish at the Squamish Learning Centre on Wednesday evenings from 7 to 9. This course deals with Canada as a political region, and discusses regional issues based on Canada's historical, social and economic development.

The course is designed to present information on past and contemporary Canadian issues and draws on films and slides to complement selected readings.

This course may be taken for general interest or for credit. The fee is \$21.00. Interested people are invited to come and sit in on a lecture and to talk to the instructor about the course contents. Further inquiries may be directed to 892-5322 between 10 and 2 weekdays.

## INTRODUCING A NEW APPROACH TO INDIVIDUAL LONG-TERM CARE

### Health care doesn't begin and end with a hospital bed.

There was a time when hospitals or nursing homes were virtually the only places a person could receive long-term health care.

But now there's a new approach—a new program designed to provide needed care in the most comfortable surroundings possible—and at a cost the patient can afford. In many cases, we can bring that care right to your door.

The Long-Term Care Program—a new way to care about people. If you feel it could benefit you or someone you know, we urge you to get more information. Simply contact the Long-Term Care Administrator at your local Health Unit, where, together with trained, qualified personnel, you can discuss the care that's needed—and how it can best be provided.

Province of  
British Columbia

Health

# Sports time

## Register now for minor hockey

If your youngster is interested in playing minor hockey now is the time to register for the upcoming spring program, scheduled to start in early March when the ice arena opens.

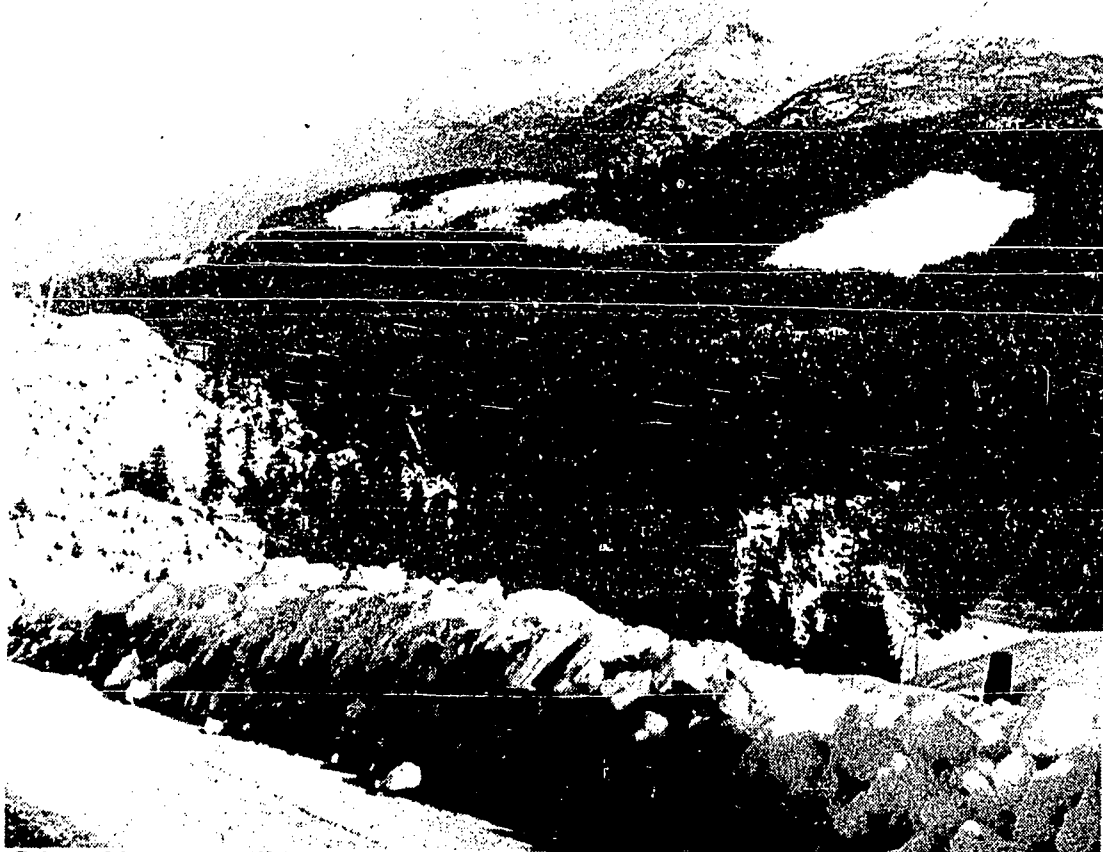

Registration will take place in the municipal hall between the hours of 9 a.m. and 4 p.m. from Monday, Jan. 9th to Friday, Jan. 20th.

In order to be eligible to play in the minor hockey league, young people must be between 6 years of age and 17 years of age, as of December, 1977.

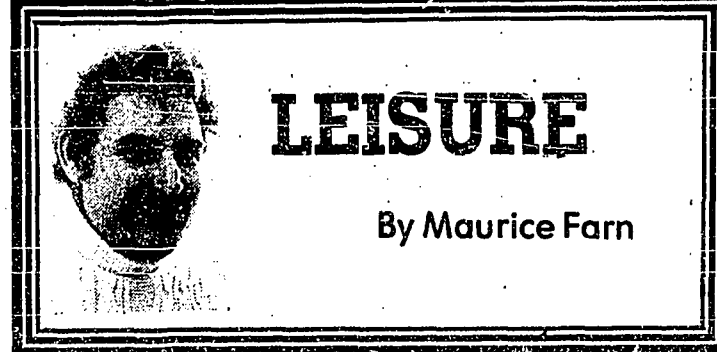

The groups will be broken down into divisions as laid out by the B.C. Amateur Hockey Association.

All your youngsters need is approved Canadian Amateur Hockey Association head gear, hockey skates and a hockey stick.

At the time of registration bring the fee of \$15 which includes all ice costs for the period, Mutual Aid Insurance and registration with the B.C. Amateur Hockey Association. You must also have a copy of the birth certificate or proof of birth.

Crisp white snow, piled along the edge of the road, along with brilliant blue skies and snow peaks makes this a real Christmas card effect. The picture was taken near Whistler on Boxing Day.

## LEISURE

By Maurice Farn

Now that the holidays are over things will really begin to move both in the construction end of the Civic Centre and in the final stage of getting it ready for programs.

With the construction, the roof cladding is now on, wall sidings on the outside almost complete, and the roofing and outside block work ready to start anytime. The ice plant is waiting in Vancouver for delivery, preparations on bleachers and dressing rooms already started. Word from the top on completion is — still the end of February.

Staff — are being put together for the Civic Centre and by the time we open the following staff will be ready to go.

**Maintenance Supervisor** - Art Newton, formerly arena manager at Cloverdale Arena, with 12 years experience behind him in the arena field. We are extremely lucky to have a person of Art's ability on staff for our new building.

**Program Supervisor** - Vonda Chas. On staff now since April last year, Vonda is working hard on all program aspects of the new facility.

**Steno** - Glenda Gooding. Presently working with the Recreation Department, has already set up the filing system for the Civic Centre and in January will be setting up all the

various forms, policies etc. to have the Administrative end ready when we open.

**Icemakers** - Karry Kartan - the old timer with the parks crew (has been with us over a year now and will be one of the icemaker/janitors whose job will be to keep the ice in good shape and keep the whole building spotless at all times in spite of the fact we expect over 2,000 participants per week going through the building.

**Rene Beauchamp** - our talented signpainter (Did the Xmas display at the entrance to town and a lot of the artistic work on our floats.) will also be an icemaker.

**Bryce Cunday** - working presently at Centennial Fields, will be the third icemaker/janitor. Bryce has had experience as an icemaker and will be invaluable to us.

**PROGRAMS**  
Hockey naturally is the big thing at the moment. Minor Hockey has announced its registration dates (see our booklet next week) and are working hard to get B.C.A.H.A. involvement in clinics for coaches and referees.

Adult Hockey is in the formation stages and a big meeting is planned for January 12th (see our booklet).

Ringette for girls - an exciting new sport for girls which has gained popularity at an amazing pace in the East (would you believe 47,000 girls playing) will begin its registration in January. (See our booklet). The Recreation Department is so strong in its support of Ringette that we are taking the initiative in promoting it. We hope you get to know this new sport which is specially designed for girls on skates, and is now beginning to spread into the United States.

Several other activities are in the planning stages, just waiting for the auditorium to be completed.

**XMAS PARADE**  
I hope everyone enjoyed the Christmas Parade and join me in hoping it will become an annual event. The Recreation Department took on the program

because we (and Council) felt that Community events add a great deal to towns such as ours. We have a meeting early in January with the Chamber of Commerce to decide what to do next year. If you have comments we would love to hear them before this meeting. Either phone our office 892-5217 or try Jim Mulholland at Steadmans.

**Adult Hockey Meeting**  
Any adult (18 years and over) interested in playing hockey this Spring is requested to attend a meeting at the Howe Sound Secondary School at 8 p.m. on Thursday the 12th January.

All potential players or officials or coaches are asked to attend whether they wish to play shinney, old timers, duffer or commercial. From this meeting it is hoped that potential players can be divided into the type of hockey they wish to play (i.e., no body contact is regular regulations) and give an indication of the ice times required by the different leagues.

Deadline for scheduling of ice time for the arena is the end of January so it is important that the leagues are formed before that time.

Ice arena is expected to open early March and will be open for skating a minimum of six weeks — a maximum of ten weeks.

Be prepared for a long meeting as there could be smaller meetings formed as well get direction as to players' requirements.

**Minor Hockey**

Registration for Minor Hockey is now taking place in the Recreation Department in the Municipal Hall and will continue on weekdays 9 to 4 p.m. till the 20th of January.

Some clarification is needed as a little confusion exists regarding minor hockey. First — Minor Hockey is not run by the Recreation Department. We certainly endorse their objectives and we have taken the initiative in helping set them up. But they are a bona-fide organization and have their own executive. And just like all minor hockey organizations in B.C. come under the rules and regulations of the B.C.A.H.A. We are however helping them with the registrations of their players, and under their direction will register players from 7 to 17 years of age. And we must have a copy of your child's birth certificate to send to the B.C.A.H.A. (otherwise he cannot register with them and get mutual aid).

The registration fee of \$15 per child covers that child for 12 hours of skating time and some other costs. That does not mean that Minor Hockey will only get 12 hours ice time — but each team will get that amount of time.

**New Programs**  
Several new programs are being offered this January along with a number of established ones. Several exciting ones are also being planned for the Civic Centre when it opens.

Of the new programs Tumbling for 3-5 years seems to be catching on, Yoga for Children is planned for after school Wednesdays (3:30-4:30) at the new Valleycliffe School, Basic Photography for 9-16 years is offered, and Black and White Darkroom Techniques for 14 years and up is also brand new. You must register for all of these at the Recreation Department in Municipal Hall.

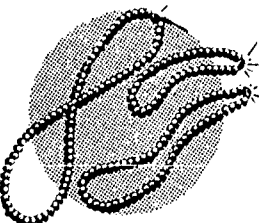

**Skiing**  
The first sessions for Cross Country Skiing/Downhill Skiing at Whistler and Rainbow were all full and started last Saturday and Sunday. There are some spaces left for the session beginning February 19th but don't wait too long — as you will miss out.

**Civic Centre**  
The skating schedule circulated in the Adult Education/Recreation leaflet was incomplete. If you noticed Sunday and Monday were missing. An up to date schedule will be circulated shortly. By the way it still looks like an end of February - middle of March opening of the Civic Centre.

**New Circular**  
The Recreation Department is considering a monthly or bi-monthly circular outlining the activities being offered, parks development, Recreation Commission happenings, with lists of contacts of clubs, organizations and so on. I would like some comments on this idea before we get started. Please phone the Recreation Department at 892-5217 with your comments, or any other ideas that could improve our service to the community.

And don't forget — if you are over 18 years of age — want to play hockey between March and May. You cannot afford to miss the meeting this Thursday at the High School Cafeteria at 8:00 p.m.

## Windows broken

Police report that during the past week there have been damaged windows at both the Lumberjack and at McDougall's Music and Furnishings.

Police also report that on Dec. 28th at 2 a.m. a person was observed kicking in a window at the Bank of Nova Scotia and John Cox, aged 20, was arrested.

He appeared in court on Tuesday, Jan. 10, charged with wilful damage.

# If Ron knew you needed money, he'd call you.

Ron O'Grady is a Scotia Plan Loan Officer. It's his job to approve loans. Yes, approve loans. That's why experienced Loan Officers like Ron have full authority to approve most loans on the spot. That quick approval system and proven Scotia Plan service gives you the edge that's made us a leader in the field of consumer bank loans. Ron has been trained to help you borrow with confidence. He doesn't want to get you in over your head. He'll design a repayment plan you can handle—and he'll tell you if you can't—and why.

Scotia Plan Loans

Whether you bank with us or not, when you need a loan to help you grow, **grow with us** at Scotiabank. We believe a Scotia Plan Loan really is better. Because the Scotia Plan Loan Officer you speak with, has full authority to approve most loans on the spot, and

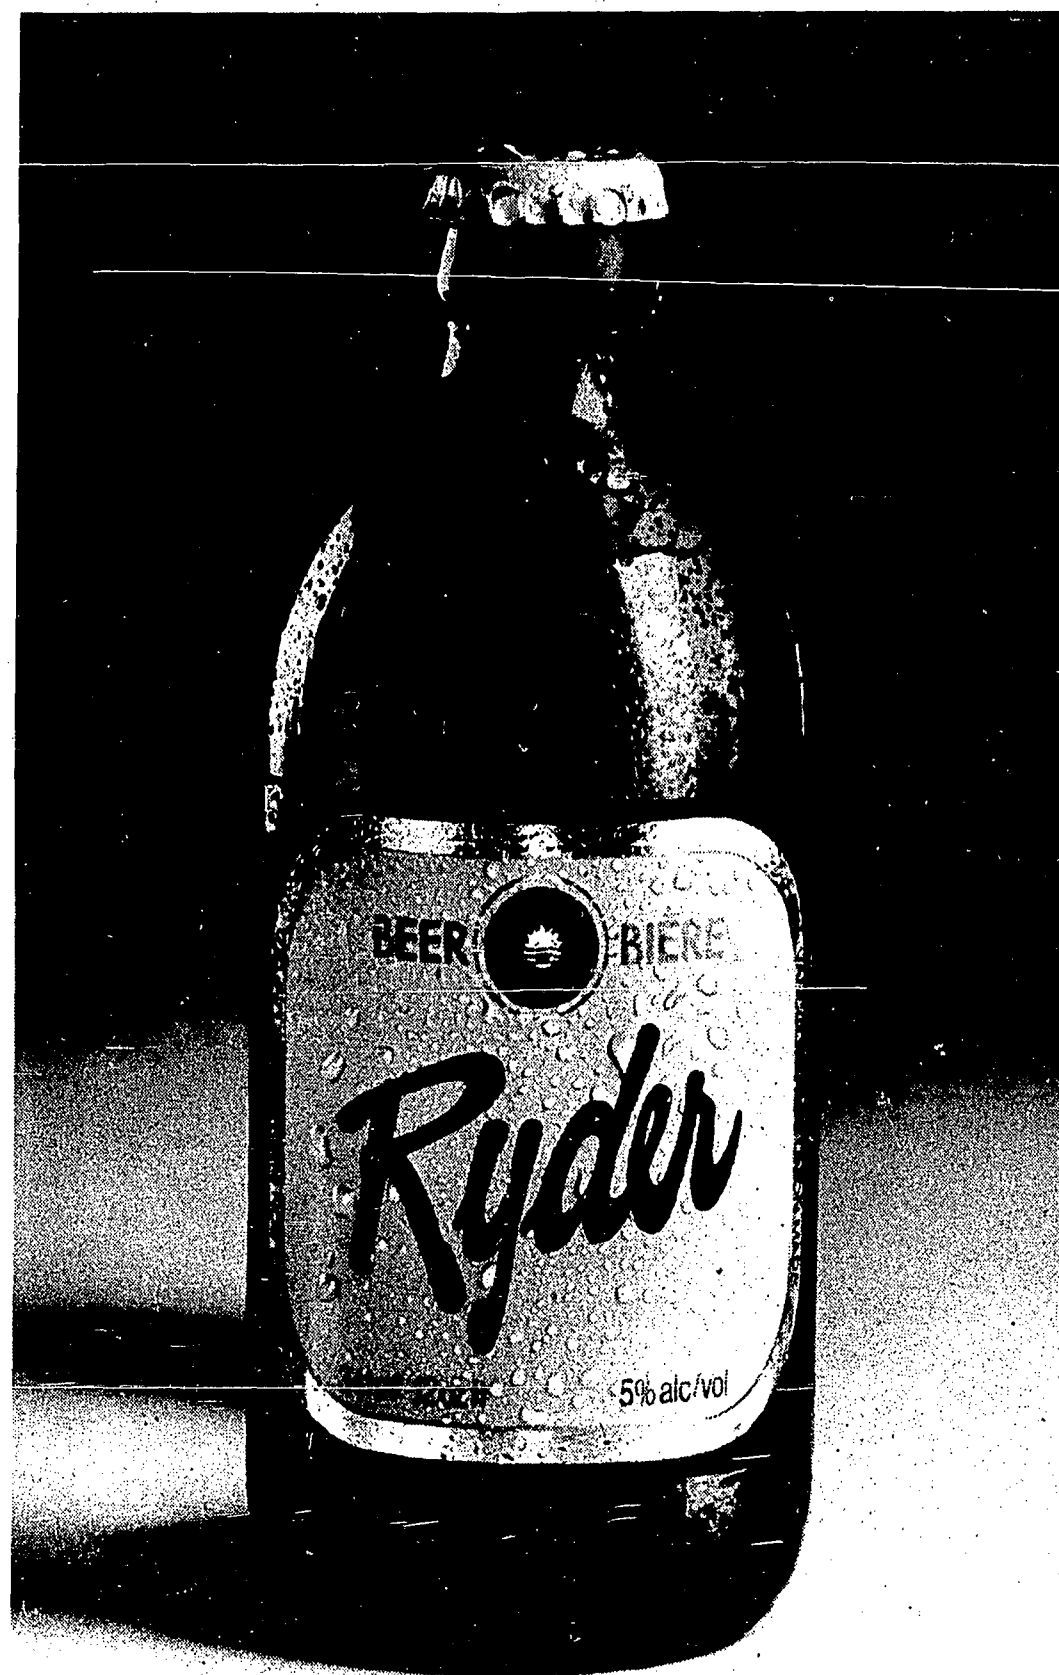

wants to do so. Check the white pages for the Scotiabank branch near you. There's a Scotia Plan Loan Officer waiting for your call, right now.

Scotiabank has approved more than \$5 million consumer bank loans.

# But he doesn't, so why don't you call him?

Scotiabank  
THE BANK OF NOVA SCOTIA

British Columbia has a flavour  
you won't find anywhere else.

## Varied programs offered in recreation and education

A varied number of programs are being offered for the post-Christmas season with classes for children, adults and others offered by the Squamish Parks and Recreation Dept. and the School District's Adult Education Dept. as well as Capilano College. There should be something for everyone in the classes offered over the next few months.

The ever popular Kinderfun and Kindergym programs are being offered again with Kinderfun for 3 and 4 year olds in the United Church Annex on Tuesdays, Wednesdays and Thursdays from 9 - 11 a.m. commencing on Jan. 10th. Kindergym for four year olds at Squamish Elementary will be held on Tuesdays and Wednesdays from 9 to 10:30 a.m.

A new pre-schooler program, Tumbling, will be held at the Highlands School on Thursdays from 9:30 to 10:15 a.m. and Gymnastics for the 5 to 12 year olds will be held at the Squamish High School. The 5 to 7 year olds will meet from 5:45 to 6:45 p.m. and the 8 to 12 year olds from 7 to 8 p.m. on Thursdays.

Mothers and Tots is a program for 2 and 3 year olds on Mondays from 11 a.m. to noon in the United Church annex and features crafts, play and socializing with other children.

Basic yoga techniques for children is offered at the Valleycliffe school gym on Wednesdays from 3:30 to 4:30 p.m. and runs for eight weeks.

Ladies Stretch and Bend with Vonda Chase is held on Monday mornings at the Valleycliffe School from 9:30 a.m. to 10:30 a.m.

Commencing the second week in January are Kinderfun, Kindergym, Kindergym for 4 year olds and Moms and Tots while all other programs start the third week in January. All those wishing to enter these classes must register at the municipal hall between 9 a.m. and 4 p.m.

Other classes offered include Cross Country Skiing with one evening of theory and two days on the slopes. The theory is given on Wednesday nights with the days on the slopes on the following Saturdays and Sundays. The four packages start on Jan. 4, Jan. 18, Feb. 1 and Feb. 15th.

Downhill skiing is held on Saturdays at Whistler and Rainbow, starting on Jan. 7th and ending on Feb. 4.

Basic Photography classes will be held on Thursdays from 4 to 6 p.m. and this is for beginners from 9 to 16 years of age. Black and white darkroom techniques will be held on Thursdays also, from 7 to 9 p.m. and is for people 14 years and up.

**ADULT EDUCATION**  
A number of classes are scheduled for Squamish with nine set for Mondays, twelve for Tuesdays, fourteen for Wednesdays and thirteen for Thursdays. In addition there are two special courses planned: one in avalanche information for the winter recreationist at Whistler and the other in assertiveness at the Capilano College Centre. The Monday courses will include Defensive Driving, which

will also be held on Wednesdays; Sewing for Beginners, Industrial First Aid, which is also on Thursdays; Mixed Volleyball, Karate, also on Thursdays; a course in Air Brakes set for February; English for New Canadians, also on Wednesdays; Electrical Code and Housewiring and Beekeeping.

On Tuesdays there are Typing for Beginners, Conversational Spanish, Driver Training, also on Thursday; C.O.R.E., Pottery for Beginners, Yoga for Beginners, Basic Boating Course, Crochet and Knitting, Ladies Floor Hockey, International Cooking, Fly Tying and Crochet and Knitting in daytime sessions.

Wednesday's classes are Advanced Bookkeeping, Painting for Pleasure, Conversational French, Defensive Driving, Yoga for Beginners, Men's Floor Hockey, Badminton (three sessions), Basketball, English for New Canadians, Scandinavian Handwork, Woodworking and Advanced Typing.

Thursday's classes offer Industrial First Aid, Driver Training, Intermediate Typing, Ladies Keep Fit - Modern Jazz Dance, Stained Glass, Karate, Intermediate Yoga, Badminton (2 sessions), Ladies Volleyball, Men's Volleyball, Dog Obedience and Bookkeeping.

Courses offered at Whistler are: Monday, Basic Drawing and Watercolors, Gymnastics;

Tuesday, Industrial First Aid, Advanced Pottery, Basketball and Floor Hockey; Wednesday, Pottery Workshop and Badminton; Thursday, Industrial First Aid, Pottery Workshop and Volleyball.

Courses offered in Pemberton are: Monday, Badminton, Spud Valley Jogging, Ceramics and Industrial First Aid; Tuesday, Men's Basketball and Universal Gym; Wednesday, Home Improvement and Drawing with Pastels and Water Colors, Industrial First Aid; Thursday, Women's Recreation, Men's Indoor Soccer and Sewing.

For further information on

courses in Squamish call the Recreation Dept. for those offered by the Parks and Recreation Commission; the school board's Adult Education Department for those offered by the board. Phone numbers are 892-5217 for the recreation department and 892-5228 for the school district, and ask for Dan Moon.

For information on courses at Whistler call Bill Appleby at 932-5671 (days) or 932-5321 from 6 to 10 p.m. For Pemberton courses call Shirley Henry at 894-6477 and for the Blackwater Creek area call Mary Dodds at D'Arcy 2H.

## Public skating times announced

Public skating times have been announced and the following schedule will be adhered to when skating starts at the ice arena after it opens in early March.

On Tuesdays and Thursdays from 10 a.m. to 12 noon the ice will be reserved for Moms and Tots; while the Owl Prowl, for teens only, is on Friday evenings from 10 p.m. to 12 midnight and Saturday night from 7 to 9 p.m. is for adults only.

Skating time for everyone is from 7 to 9 p.m. on Tuesdays, 3 to 5 p.m. and 7 to 9 p.m. on

Wednesdays, from 7 to 9 p.m. on Fridays and from 12 noon to 2 p.m. on Saturdays.

Prices for the skating times are: adults \$1.00; students 75 cents; Owl Prowl (teens) \$1.00 and Moms and Tots \$1.00 for mother with the tot free of charge.

Skates can be rented at the arena where Road Runner Sporting Goods will operate the skate rental service and the skate sharpening service as well. Rentals will be \$1.00 for all sizes and the sharpening will cost \$1.50.

John and Dorothy Buchanan enjoying the music at the Legion on New Year's Eve.

## Interested in adult hockey?

Are you interested in adult hockey? If you are an adult (18 years of age and over) and would like to play hockey this spring you are asked to attend a meeting in the Howe Sound Secondary School at 8 p.m. on January 12th.

Everyone, players, officials or coaches, who is interested, is asked to attend whether they wish to play shinny, old timers, duffer or commercial.

It is hoped that from this meeting it will be able to decide how the potential players can be divided into different groups, according to the type of hockey they wish to play.

It is also hoped that it will be possible to determine what amount of ice time will be required for the different leagues.

The deadline for scheduling ice time for the arena is the end of January so it is important to have the leagues formed before that time.

The arena is expected to be opened in early March and will possibly be open for skating for a minimum of six weeks and a maximum of ten weeks.

Don't forget... 8 p.m. on Thursday, Jan. 12th, at the Howe Sound Secondary School.

## Ringette's the game

The newest, most exciting game for girls is Ringette, sponsored by the Squamish Recreation Department and endorsed by both the federal and provincial governments, the B.C. Recreation Association and the Canadian Recreation Association.

It's the perfect alternative to hockey and is comparatively new, having started in the east and moved west with 47,000 girls playing it in Canada during the past year.

It requires basic equipment similar to hockey; a helmet,

mouth guard, gloves, skates (either tube or figure) and your brother's broken hockey stick, sawn off square.

Clinics will be held in the arena for coaches and officials and interested ladies can be trained to take part in the sport.

The sport is looking for girls from 6 to 13 years of age and this will be extended to 17 years of age in September.

If you are interested in the sport contact the Parks and Recreation Department at 922-5217 between Jan. 9th and Jan. 20th.

### BRITISH COLUMBIA RAILWAY CHANGE IN SUNDAY PASSENGER SERVICE

Beginning Sunday, January 8th, 1978 and each SUNDAY thereafter until further notice, the B.C. Rail Passenger Cars will run one hour earlier than the regularly scheduled time.

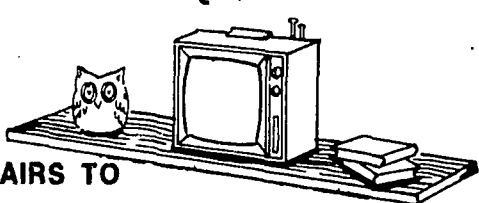

Train No. 1 will leave North Vancouver at 7:00 a.m. and arrive at Lillooet at 12:15 noon. Train No. 2 will leave Lillooet at 3:05 p.m. and arrive in North Vancouver at 8:30 p.m. The change applies to Sundays only.

## Conservatory a feature of the Patocskai home

By ROSE TATLOW

"When I saw the lot I was so disappointed I cried," Ilona Patocskai said, as she told us about the first time she viewed the site of their home in Norridge, "and when George promised he'd build me anything I asked for, I asked for a conservatory because I was sure he couldn't put one there."

"It's no trouble," he said, "you'll have one. And I have," Ilona said showing us the beautiful two storey high conservatory full of plants in macrame hangings and in pots and other containers. "But I was

sure I wouldn't have to live here because he couldn't build one for me."

"Now I'm glad," she said, "and I wouldn't trade my home for any of the others I've seen. I love it."

The conservatory was just one of the features of this unusual home which made us decide to pick it as the first one in a series of homes in Squamish which we plan to run during the coming year.

But there are many other features as well, from the devices which her contractor husband has built into the house to the decorative touches she has added.

"You could literally say we built our home on a rock," George Patocskai said as he showed us the rock on which it was constructed. Looking out the doors of the living room to the north you can see the granite rock which forms part of the foundation of the house.

"It drops off over 17 feet on this side," he pointed out, taking us to the other side of the room and that's what we utilized in developing the two lower storeys which hold storage, a heating unit and hot water tanks, root cellar, food storage area and a completely equipped workshop and garage. There's also a storage area for some of my building supplies like doors and windows."

Access to the house is from two levels; the upper one with a driveway and main entrance and the lower one, seventeen feet below to the carport and garage. Inside the house is as practical as any housewife could wish and also a decorator's delight.

Off the main entrance is that necessity, a main floor washroom with a shower, also accessible from the back entry and the laundry room, so you can come in from work or the garden, shower and then go into the main house in your clean clothing. The neat practical kitchen is accented with panels of wood containing some of Ilona's collection of Hungarian jugs.

A massive floor-to-ceiling fireplace serves a double purpose; all the wiring, water pipes and pipes for the hot water heating which is used throughout the house, comes up through the brick framework which surround the fireplace.

"We use our fireplace," George said. "It has been on ever since September and we find it cuts the cost of other heating considerably. But we've gone through a lot of firewood in that time. However we enjoy our fireplace and that's all that

really matters."

In the hallway the open stairwell is used for the conservatory and the glassed in area is filled with plants; some in hanging baskets, some in wall containers and others on shelves and tables. There are unusual accents like the branch of the tree with the bird's nest on it and the birds on the branches above and in the large plants nearby.

The upper storey features two bedrooms, a sitting room where they watch television and a spare room which Ilona has turned into a sewing room. Everywhere are traces of their heritage; brilliant embroidery, all in the gorgeous colors found in Hungarian needlework; a pair of dolls in Hungarian costume in a small chair in the bedroom and some of a collection of gaily painted plates and glass or ceramic jugs.

In the downstairs hallway the wall is accented with a brilliant decorative hanging, the golden sunflowers complementing the rug; but the hanging, a piece of drapery material hung between wooden stretchers.

Outside the unique features of the lot have been incorporated into the design to make an attractive home. The lot, once just a massive piece of rock and brush, when cleared, revealed that part of it was a natural watercourse which had to be channeled and culverted to drain the area; the rock was cleverly utilized to form part of the foundation of the house and helps keep the Patocskai's root cellar cool.

But it has been implemented with cement to form the foundation for the main portion of the building; grape vines are being trained up the wall and hundreds of yards of rock and gravel and fill went into preparing the upper driveway and the entrance to the house.

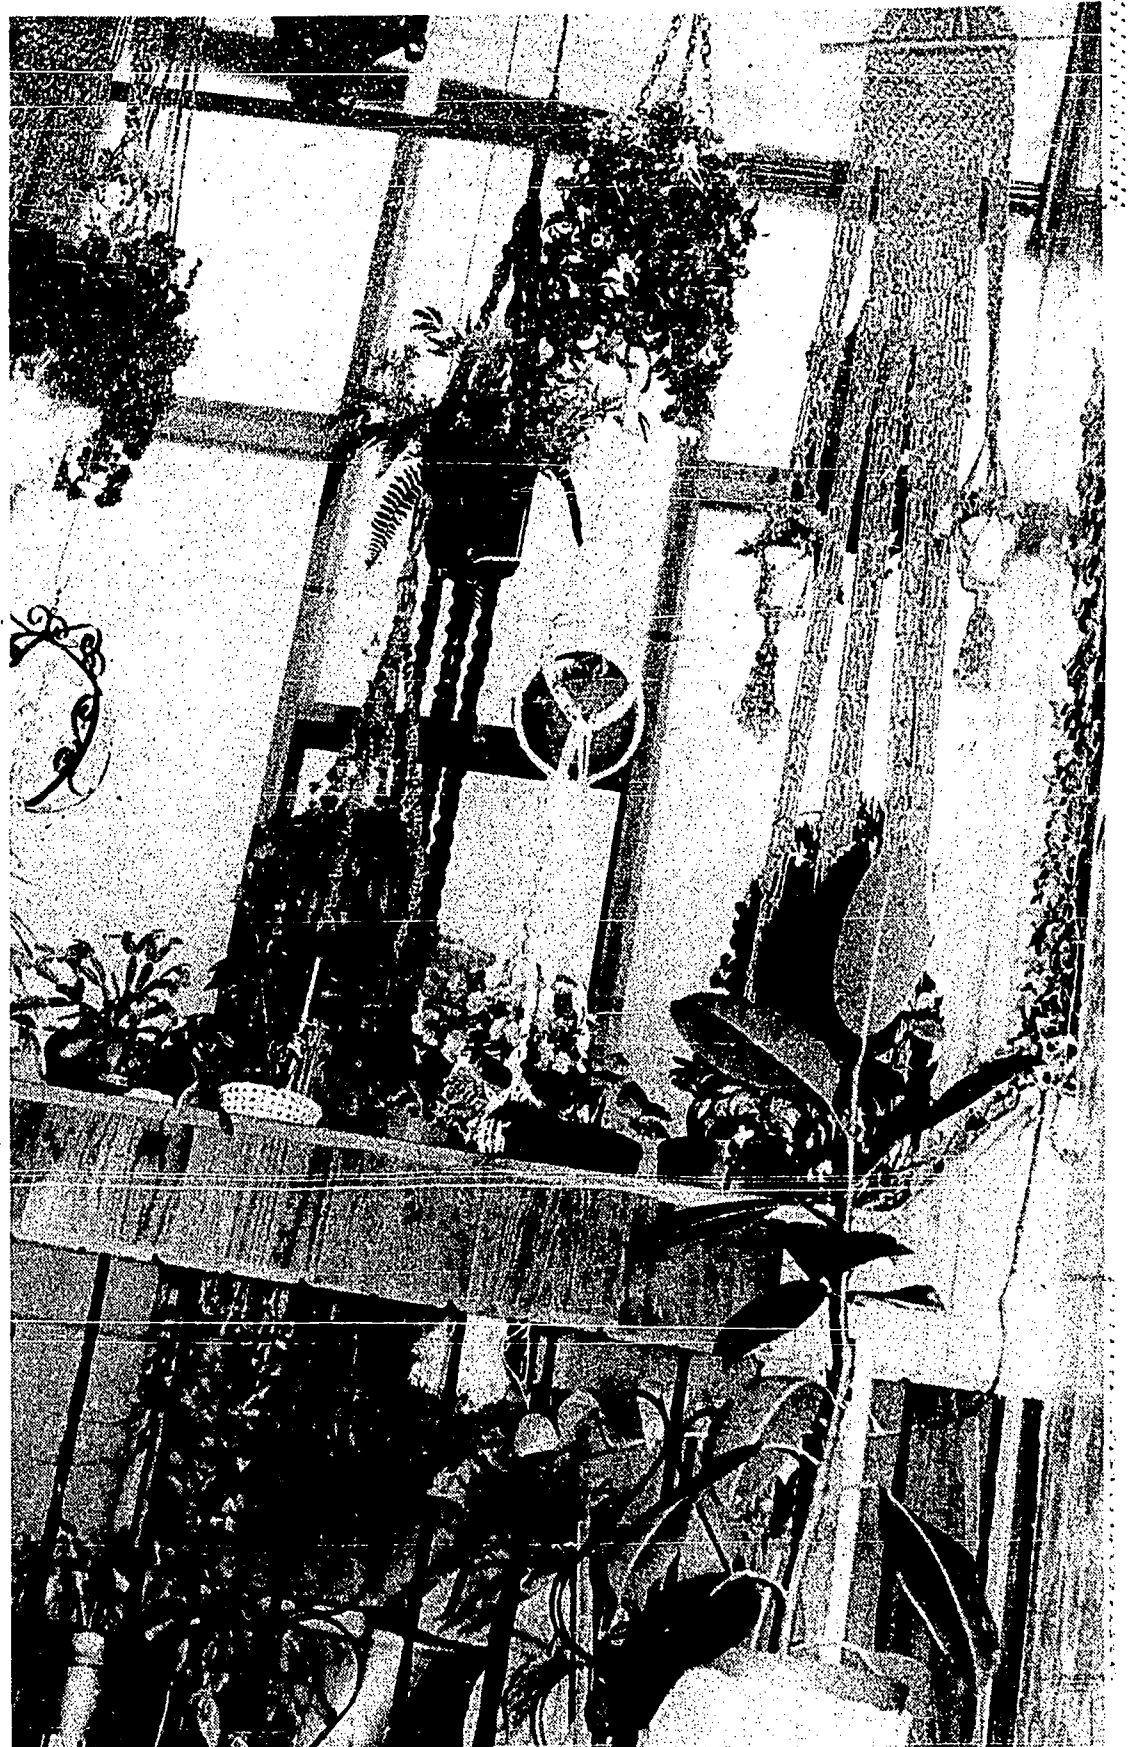

"I even have a vegetable garden," Ilona said, "with earth hauled up from the basement when we removed the soil to reveal the bare rock, and two huge truck loads which we had hauled in. Now I can grow what I want; not lots, but just some of everything."

And true to their upbringing some of the earth's produce has been put away for winter in jams and pickles (I've never seen small green grapes used in dill pickles before), in hot pickles; in carrots preserved in sand and in their own home made sauerkraut.

George comes from southern Hungary, from the large farming areas and his people raised hogs and farmed so each year they buy two hogs at the auctions and make their own sausage.

"We used to sell a lot of our hogs to England," George said, "but after the Communists took over I came to Canada. When I landed in Quebec I wondered what I had come to but after I came to B.C. I followed the trade I had learned and that's how I became a builder and formed by own business."

Sitting beside the fireplace, tasting some of their homemade sausage and sauerkraut and Ilona's home made bread, and listening to them talk about how good Canada has been to them, made one realize that they had been good for Canada, bringing their hard work, their love of beauty and their skills and culture for us to share.

Plants in macrame hangers and in pots and on shelves are a feature of the two-storey conservatory which is a feature of the Patocskai home and one of Ilona's greatest pleasures.

George and Ilona Patocskai seated in front of their two-way fireplace which heats both the living room and the family room. Concealed behind the brickwork is all the pipes and wires from the hot water heating and electrical services for the main floor and second storey.

## Sawdust & Shavings

Last week's comment about the humming birds at the Farquharsons brought several reports about robins which must have either lost their way or decided that after last year's mild winter, they should be staying here instead of heading for California.

At any rate Richard Bockman says they have a robin visiting them and Mrs. Wessels, who lives on Government Road, says they had a robin at their place around Christmas and he's still there, around the apple tree.

He's also enjoying the bird seed they put for him as well as the other birds in the area.

And, believe it or not, but my daughter saw pussy willows down by the old forestry station in the week between Christmas and New Year.

Have been looking for them along the loggers road but to date there don't appear to be any there although that is where they usually appear before they can be found anywhere else.

But those pussies had better get themselves some winter woollies if they don't want to freeze.

And would you believe last Sunday, despite the chill and the rain, there were over 50

sailboats playing around in Howe Sound over by Bowen Island. And scuba divers were in the waters off Porteau!

That silver thaw or freezing rain or whatever you want to call it on Saturday night turned the trees down by Murrin Park into crystal ones, each twig and branch encased in a shield of crystal. We saw some trees bent over till they almost touched the ground and when the wind blew as it did when we passed through, it sounded like tinkling bells. Truly a crystal forest!

There must be a special place reserved for people who operate the snow removing equipment. On Sunday they were clearing the access road by our place and the chap on the huge machine, handling it as if it was a delicate instrument, managed to move the snow and keep our driveway from being filled in again.

Thanks and a tip of the Tallow hat to all the men working on snow removal in this past week. It's been a thankless job and one which I'm sure you thought would never end!

There's supposed to be a January thaw sometime during the month and hopefully this weekend saw it. The rise in temperatures from Saturday night to Sunday brought an end to the snow... for the time being, and saw it warm up enough to get rid of a lot of it. Let's hope it isn't preparing for the next bout.

Seen at the height of the snowstorm on Wednesday, a skier on cross country skis heading for the post office and then back up the street again.

Liz Lunn of Beta Rho Chapter Beta Sigma Phi drawing the winning ticket for the Christmas Cheer, won by John Giesbrecht.

### Coming and Goings

Mr. and Mrs. Warren Knight and their son Aaron of Logan Lake were guests at the home of her parents Mr. and Mrs. Bruce Macconnell over the holidays.

Did you see the "Bald is Beautiful" sing on the car bumper in the IGA parking lot? Is the owner of the car a fan of Ron Basford or does the sign denote pleasure at NOT having to pay a barber's fees?

Mr. and Mrs. Alexander Muir spent a few days in Victoria between Christmas and New Year.

Mr. and Mrs. Jack Jardine and their daughter Cathy of Vancouver spent the holidays with Mr. and Mrs. Tom Jardine and his family in Prince George.

Mr. and Mrs. Carl Green and their three children came from Gibsons to spend the holidays with her sister and brother-in-law, Mr. and Mrs. Denis

McCarthy.

Visiting Mr. and Mrs. Harvey Hurren over the festive season were their son and daughter-in-law, Patrick and Barbara Hurren, with their six-month-old son from Whitehorse.

Mr. and Mrs. D.V. Long of Powell River came over to see their son-in-law and daughter, Mr. and Mrs. Gary Robson.

Our sympathy is extended to Frank Buckley, Brian Buckley, Cathy Spivey and Michael Buckley on the loss of a loving wife, mother and grandmother.

Jerry Loewen of Hay River must have felt very much at home with our northern weather while visiting his parents, Mr. and Mrs. David Loewen.

How long does it take a black cat to learn that she has no chance of catching a bird when faced with three feet of snow?

### Starlite Theatre News

Why Shoot The Teacher starts tonight January 12 and January 13 and 14. 1935 wasn't all his fault. "Everything is funny, as long as it's happening to someone else." Will Rogers. Starring Bud Cort and Samantha Eggar, from the book by Max Brathwaite. Canadian made. Anyone brought up in a one room school or on the prairies will appreciate this one. If you weren't this fortunate(?) you'll still enjoy the comedy and the nostalgia. Rated General.

Andy Warhol's Bad — This is Andy Warhol's newest, most outrageous film, and it will be

shown at the Starlite on January 15, 16, and 17. There's compulsion to keep watching this latest Warhol-inspired offering while at the same time fighting off a deep revulsion at the conduct of most of its characters. Performances are all good, the actors working with straight faces and show no emotion as they kill, maim, beat up and otherwise debase mankind. Star Carroll Baker's occupation is to assign a string of amoral women to kill, apparently for their own pleasure as well as for pay. Restricted warning — some scenes of sex and brutal violence.

## Slow cookers make wonderful stews

Were you one of the lucky people who received a slow cooker or crock pot for Christmas? If so you will find they make the most wonderful stews and soups but the stews, using beef or some other meat for a base are absolutely delicious. Some of the favorites are this Elegant Beef Stew, the Czech Stew with Gherkins, the Polish Short Ribs or the Flemish Pork Stew. Try them for a hearty hot dish on a cold winter day.

**ELEGANT BEEF STEW**  
2 lbs. lean beef stew meat, cut in 1 1/2 inch cubes  
1 (10 1/2 oz. tin) mushroom soup  
1 cup minced onion  
1 (8 oz.) can button mushrooms, drained  
1 cup dry red wine  
1 tsp. salt  
1/4 tsp. pepper  
1 tbsp. Kitchen Bouquet (if wanted)  
Put beef in slow cooking pot. Combine remaining ingredients and pour over meat. Cover tightly and cook at "low" for 8 to 10 hours or on "high" for 4 to 5 hours. Add 1 tbsp. Kitchen Bouquet to darken gravy if you wish. Serves 4 to 6.

**CZECH STEW WITH GHERKINS**  
1 1/2 to 3 lbs. lean stew meat cut into 1 1/2 inch pieces  
1 (8 oz.) can button mushrooms  
1 large onion sliced in rings  
1 cup beef broth  
1/2 cup dry red wine  
1 tsp. paprika  
1 tsp. salt  
1/8 tsp. pepper  
1 cup sweet midget gherkin pickles drained and halved  
Put meat in slow cooking pot. Add mushrooms and onion. Combine broth, wine, paprika, salt and pepper and pour over all. Cover tightly and cook at "low" for 8 to 10 hours or at "high" for 4 to 5 hours. Thicken gravy if desired. Just before serving add halved gherkins and stir to heat pickles thoroughly.

**POLISH BEEF RIBS**  
4 lbs. short ribs of beef  
3 slices bacon, diced, sauteed well and drained  
1 1/2 cups chopped onions  
1 cup beef broth  
1/2 cup wine vinegar  
1 tsp. thyme

1 tbsp. caraway seeds  
1 small head cauliflower, broken into flowerets  
Put bacon and onions in slow cooking pot. Trim fat from short ribs and put ribs in pot. Combine broth, vinegar, thyme and caraway seeds and pour over all. Cover tightly and cook at "low" for 8 to 10 hours; at "high" for 4 to 5 hours. Skim fat and add cauliflower for the last 30 minutes of cooking and cook at "high". Thicken gravy if you wish. Makes 4 to 6 servings.

**FLEMISH PORK STEW**  
3 lbs. lean pork shoulder cut in 1 1/2 inch pieces  
2 large potatoes cut in 1 inch cubes  
2 cups sliced carrots  
1 (10 oz.) pkg. frozen brussels sprouts  
4 to 6 small white onions, peeled  
1 (12 oz.) can beer  
1/2 cup chicken broth  
1 tsp. crushed dried rosemary  
1 tsp. salt  
1/2 tsp. pepper

Put potatoes, then carrots, then brussels sprouts and onions in slow cooking pot. Add pork; add beer, chicken broth, rosemary, salt and pepper. Cover tightly and cook at "low" for 8 to 10 hours; at "high" for 4 to 5 hours. Thicken gravy if you wish. Makes 6 to 8 servings.

**COUNTRY CAPTAIN CHICKEN**  
1 (3 lb.) frying chicken, quartered  
2 cloves garlic, minced  
1 cup chopped onion  
1 small green pepper chopped  
1/2 cup chopped celery  
1/2 cup currants  
1 (16 oz.) can whole peeled tomatoes, chopped  
1 to 2 tps. curry powder  
1 tsp. salt  
1/4 tsp. pepper  
4 oz. slivered blanched almonds, sauteed

Place chicken in slow cooking pot. Combine garlic, onion, green pepper, celery, currants, tomatoes, curry, salt and pepper; pour over chicken. Cover tightly and cook at "low" for 6 to 8 hours or at "high" for 3 to 4 hours. Just before serving sprinkle with sauteed almonds. Serves 4.

## Pottery classes start Jan. 26th

Pottery classes will be starting Thursday, Jan. 26th, 12:30-2:30 p.m. in the Arts Council Building, Clarke Rd. and Highway 99.

Fee will be \$17 of which \$2 is for membership in the Arts Council.

There will be 10 sessions and emphasis is on doing pottery from scratch, a search for clay in our area (when weather permits) and if possible the construction of a small outdoor

(temporary) kiln on the instructor's property.

This is geared for beginners but anyone interested is more than welcome. Glazes will be made from local materials. Firing and care of an electric kiln will be part of the instruction given.

We have room only for nine people and we require a minimum of seven. Clay will be available for the first session. Your instructor will be Yolanda Destradi, phone 898-5048.

OF SQUAMISH & WHISTLER & PEMBERTON

The Squamish Times — Wednesday, January 11, 1978 — Page 11 — SECOND SECTION

## Squamish Earful

by Maureen Gilmour

We all knew snow was bound to follow the cool, clear, crisp days of winter we enjoyed over the Christmas Season but I don't think we were prepared for snow falling continuously for over 40 hours. It really caused havoc on the highways and it was no easy task for pedestrians to get around either.

The kids (and I'll bet teachers too) didn't mind having a day off school last Wednesday while the storm raged away. If we would be perfectly honest with ourselves, we all remember the fun we had when schools were closed for one reason or another when we went to school. Our school usually suffered from frozen and broken "pipe-its" and what a swell feeling it was when the "no school today" was announced!

**Stork Story — Hendrickson** — Roger and Liv Hendrickson are pleased to announce the arrival of their daughter, Anita Lynn, weighing 7 lbs. 8 ozs. and born in the Squamish General Hospital on December 27. This is a sister for Danny, Bobby and Shannon. Proud grandparents are Mr. and Mrs. George Sandland of Squamish.

It must have been a real shock to Frank and Lynette Kelley and children when they arrived home from Mexico last Thursday. After basking under warm, sunny skies for two weeks, the weather here must have been slightly disheartening to them. They visited Puerto Vallarta and Mexico City and in the latter, they attended the famous ballet Folklorico on Christmas morning.

A dental surgeon stood back and shook his head at the young thing in the chair. "My dear," he said, "I don't like to tell you this, but you've got acute pyorrhea." "Never mind that now, Doctor," snapped the young thing, "Just get on with your dentistry."

Mr. and Mrs. Les Hobby found Hawaii to their liking over the Christmas holidays.

Do hope Steven Foote is on the road to recovery after being hospitalized in Lions Gate as a result of an accident. He also to Burnette Wood, now recovering at home following an operation. The flu bug is taking its usual toll of our citizenry and if you have been "hit" hope you're feeling better soon.

**Stork Story — McDonald** — A daughter, Nicole Leone was born to Stan and Candis (nee Mawer) of Calgary, Alberta, on December 3, weighing 7 lbs. 10 1/2 ozs. Proud grandparents are Chuck and Lorraine Mawer of Squamish and Keith and Natalie McDonald of Calgary.

Thought for the week: No day has been the same as any other day and none will ever be the same again. Enjoy the novelty of today.

Ann Rattray has started her nurse's training at the Royal Jubilee Hospital in Victoria.

Sincere sympathy is extended to Mrs. Helen Lalonde, her sons Dennis and Ritchie, and Mr. and Mrs. Real Lalonde and other family members on the loss of a beloved husband, father and son, Gaeton Lalonde on December 30.

Mrs. Elsie Harding and son Ken from Winnipeg, were guests in December of her daughter and family Mr. and Mrs. Doug McLennan.

Here's a couple of definitions to make your day: Mother - the one who on Christmas Day separates the men from the toys; untouchables - people you

can't borrow money from; virus - what people who can't spell pneumonia get and pedestrian - a fella who ignores his wife when she tells him they need two cars.

Visiting from Ottawa for three weeks are Mr. and Mrs. Harold Moloughney. They have been visiting their sons Bob, Dave, Ted and families.

As if we hadn't had enough snow on Tuesday and Wednesday of last week, it had to "brighten" our day on Saturday too! Not quite the middle of January yet, it is too early to say "that's the end of it". Driving into Vancouver on Sunday, we were surprised how fast the snow had disappeared in the city.

**Our New Year's Baby** for 1978 is little Fred Ambrose Lalonde, son of Mr. and Mrs. Frances Lalonde of Britannia Beach. He was born in the Squamish General Hospital on January 3. Congratulations to the parents and to his sisters and brother at home.

Last year's New Year's Baby, David Gilmour of D'Arcy, celebrated his first birthday on January 8th.

Gary and Heather Pattullo and children Karen and Kenny spent the Christmas holidays in California. They didn't come back sporting winter sun tans though as believe it or not, they experienced a few days of rainy weather. However, it did not deter them from having a wonderful holiday with Gary's aunt and family.

"The mail must get through" and so it will in a much more efficient way now that the Garibaldi Highlands Post Office has a new home. Post Mistress Flo Martin and staff opened for business in the Garibaldi Mall on Monday morning.

Lynne and Wayne Wessels were down from Williams Lake with sons Mark and Michael to spend part of the Christmas holiday with his parents, Mr. and Mrs. Clayton Wessels.

## JANICE ANN McKENZIE ENGAGED TO WED

Mr. and Mrs. Alexander McKenzie of Squamish are pleased to announce the engagement of their daughter Janice Ann to Floyd Thomas Brown, youngest son of Mr. and Mrs. Tom Brown of Squamish.

Wedding plans will be announced at a later date.

Joe and Angelina Calandra found the Chieftain's New Year's Eve party to their liking.

**Stork Story — LEWIN** — Their first child, a daughter, Kelly Lynn was born to Leonard and Lorraine Lewin of Britannia Beach at the Squamish General Hospital on December 19, weighing 7 lbs. 12 1/2 ozs. Proud grandparents are Mr. and Mrs. Tom Machell of Cereal, Alberta; Mr. Bill Lewin of Vancouver and Mrs. Lona Strach of Surrey. Great grandmothers: Mrs. Olive Lewin of Coquitlam, Mrs. Elsie Rogers of Calgary, Mrs. Lillian Machell of Cereal, Alberta; and Mrs. Leonard Pickering of Claresholm, Alberta, are especially pleased with the arrival of little Kelly Lynn.

Birthday wishes are sent to Debbie Long, Odette Silva, Paul O'Neil, Cheryl Lewis, Bev Trudeau, Reggie Scott, Mark Nikota, Robin Turner, Dana Conn, Roddy Deschambault, Peter Gagnon, Owen Hubbard, Clare ce Hank Tatlow, Brian Clarke, Debbie Mihalick, Peter Merchant, Ed Olander, Janet Carson, Terry VanDenMaagdenberg, Allen Pearson and a good neighbour of ours, Ian Allwood.

Two little ladies celebrating first birthdays this week are Tanya Warner and Melissa MacDonald.

A visitor from Cooperfite, Scotland, for the next few months is Mr. Bill Marshall. He is a guest of his son in law and daughter Mr. and Mrs. B. Milne and family.

A Richmond baker has perfected a new variety of doughnut. He calls it the "Phyfe". Soon, he hopes, every lover of antiques will be dunking Phyfes!

Wedding anniversary greetings to Mr. and Mrs. Joseph Brooks, Mr. and Mrs. Ron Dirks and Mr. and Mrs. Alistair McKenzie.

Mr. and Mrs. Carl Green and children Gordie, Travis and Bonnie from Gibsons visited their parents and families, Mr. and Mrs. Gordie Goodall and Mr. and Mrs. Kelly Green.

## Community Rec. classes keep busy

By DENISE MUIR  
The Community Recreation 12 classes have been very busy with a number of projects and outings in the past few weeks.

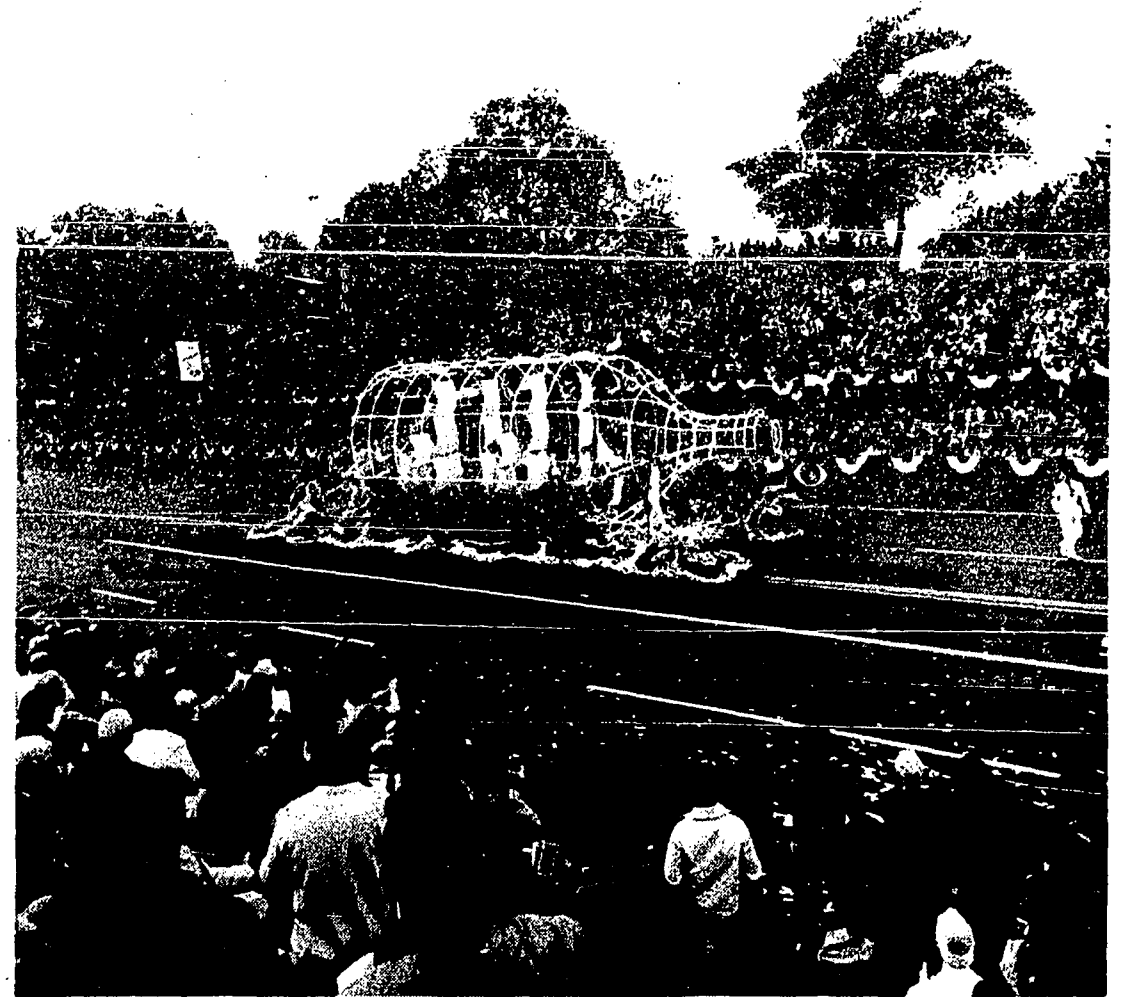

The "Meals on Wheels" project for the senior citizens has been in operation for a number of weeks now. Heidi Heidenreich and Alan Barr are running this project with the aid of the Home Economics Department.

Just before the Christmas holidays, the C.R. classes combined their efforts to put on a dinner for the senior citizens of Squamish. One class was in charge of the dinner and the other class formed the entertainment committee. The senior citizens were unanimous in expressing their appreciation. The skit put on by the entertainment committee for the

dinner went over so well that it was entered in Howe Sound Secondary's Second Annual Gong Show. The judges and students seemed to enjoy the skit. It won third prize.

Howe Sound's C.R. classes have been mingling with Van Tech High School C.R.'s. Last November one of the classes was invited to spend an evening in Vancouver. They had an amusing evening, starting with roller skating at the Stardust Roller Rink, then on to Van Tech High School for a mixed volleyball tournament.

Following an appetite-rousing game of volleyball, they were treated to dinner in the Van Tech cafeteria. They ended the evening with square dancing in the gym. Howe Sound C.R.'s are planning to host the Van Tech C.R.'s in the near future.

B.C.'s prize winning float was this one which will commemorate the Captain Cook Bicentennial Year to be celebrated this year. It won the Ambassador's Award at the Rose Bowl Parade in Pasadena on New Year's Day, for the best float from outside the United States. The Kettle Valley Railway Museum isn't a railway museum in the sense that it contains artifacts relating to railways, but it does contain artifacts pertaining to the area served by the railway.

## SUSIE GOODALL TO BE HONOURED QUEEN

Susie Goodall will be installed as the Honoured Queen, International Order of Job's Daughters Bethel No. 45, at 2 p.m. in the Squamish Elementary School on Sunday, Jan. 22nd.

Installed with her will be her officers and anyone who wishes to attend is cordially invited to do so.

## Whistler news

by Jenny Busdon

Hello, out there! A very Happy New Year. But can you hear me over the snowbanks? I don't even know whether this will ever get printed for the post office seems a heck of a distance when four feet of snow awaits a snow plough at your front door.

When a good many of us prayed for the white stuff this year, who would have dreamed our prayers would be answered triplefold! After living at Whistler for ten years I can never remember so much snow falling in so short a time. The storm never seems to pass and as one looks out at snowbanks literally mounting by the minute, one wonders when it will eventually come to an end.

I walked down to get mail two days ago and it seemed like a different world trudging through the unploughed snow. The main highway was practically obliterated, even with the highways department working overtime to keep up, and in one hour I met one car and eight cross country skiers going down the main road. Skis are the only way to travel these days — that is for sure!

But the downhill skiers are loving it — powder snow up to their eyes — and whoops of joy can be heard as they come down the slopes. And corresponding smiles of joy can be witnessed at the office of Garibaldi Lifts as the cash tills work overtime and record crowds are reported.

Restaurants have never had it so good. Hotels packed solid. Rainforest Ski, particularly hard hit last year, is back on the 'road to recovery' and must have enough snow now to last them until Easter, even if we don't get another snowfall until March!

Ski shops ran out of rentals and sales topped all records. How different to the same time last year, and the disaster a no-snow winter can bring.

The snows began falling on Tuesday, January 2nd, at exactly 11:15 a.m. and hasn't stopped for four days and continues as I am sitting writing this column. School closed early on Wednesday due to lack of students because the school bus just couldn't transport them, and Thursday it was closed all day.

But we couldn't have asked for better weather over the Christmas period. The sun was unending — I kept muttering that we would have to pay for so much sunshine, that when the weather changed surely we would have to expect the worst. But in the meantime we enjoyed the beauty of crisp sunny days to the full.

Alta Lake was a hive of activity. Everyone, just everyone took advantage. Action-packed hockey matches, cross-country skiing, free style skating all around the lake, and back again, on good frozen surface, lively frisbee games, or just the thrill of watching John Hetherington and Jamie Tattersfield ice-boat skimming across the ice at fantastic speed. There was always a steady, constant wind during the sunny weather, just perfect for these ice boat enthusiasts. And then there were the people just happy and content to walk and stroll in good, fresh air enjoying all this fun-filled ice action.

It was just before eating Christmas dinner that my family and I went across the ice and walked to the west side of the lake to take in the majestic view afforded us from this particular viewpoint. It was 5 p.m. and light was fading fast and the beauty we witnessed is difficult to transform into words alone. The moon stood in such glory giving the crystal clear mountains a seemingly 3-D illusion. And then we saw this brilliant star suddenly appearing over Blackcomb Mountain. So brilliant my small son commented out loud just my thoughts at that moment — "Mummy, that must be the Star of Bethlehem." And no one answered for we were all so entranced by that whole beautiful scene.

Indeed, memorable it will be, for how could we forget the sunshine of Christmas 1977. And how will we forget the January snows of 1978.

Hello, out there — can you hear me over the snowbanks?

## From the Pemberton Valley

by Betty Shore

Congratulations to Roy and Rosanne Jamieson on the birth of their daughter, Sasha Lynn, born December 21st, weighing 8 lbs. 4 ozs. This is a sister for the twins.

Sorry to hear of the death of former resident Tammy Montgomery in a car accident at Gibsons on January 6th.

George Scobie is holidaying in the Yucatan Peninsula.

Despite heroic efforts on the part of the Highways Department, we have had impassible roads due to the heavy snowfall. Milk was a scarce commodity for a couple of days. The schools were closed for two days last week. Some drifts on the road between Pemberton and

Mount Currie were over six feet deep.

The village should be commended — they have really kept the downtown area clear.

You feel like you are in Siberia when you drive down the roads as the snow banks are so high on either side. I think we have more than made up for the last two "easy" winters!

Allan and Blanca Decker are motoring to Mexico.

Kathleen Collins spent her Christmas vacation from Capilano College visiting her mother.

Renee Decker was in for New Years Eve.

## Legion Auxiliary hosts senior ladies

On Monday, December 10, a very nice evening and Christmas dinner was sponsored by the Ladies Auxiliary of the R.C.L. Branch No. 201 Pemberton, to the senior and single ladies.

The ladies were presented with a Christmas corsage by members of the Pemberton and Mount Currie Girl Guides. Among those present were Mrs. J. O. Decker, Mrs. Mary Shier, Mrs. Pietla, Mrs. Ferguson, Mrs. E. Perkins, Mrs. Danyluk, Miss Mary Toews, Miss Cala

Sisason, Mrs. Syrus and Mr. and Mrs. David Walden all of Pemberton. Also in attendance were Sister E. Leblanc and Sister B. Leblanc, Mrs. Rosie Ross, Mrs. Julian Williams, Mrs. Marie Leo and Mrs. M. McInnis from Mount Currie, Mrs. Scobie from Vancouver, Mrs. Walden, Sr. from Australia, Felicity Nelson and Tillie Henry, together with 11 members of the Mount Currie Girl Guides, 1st Company, and Mrs. Verlinden and Miss Williamson with 10 members of the Pemberton Girl Guides.

The girls served the dinner in quite an efficient manner. They were afterwards led in carol singing by David Walden and Mrs. Walden Sr. David and his mother rendered beautiful solos, all of which was greatly enjoyed by everyone present.

Mrs. Dorothy Hickinbottom acted as hostess for the evening, greeting the guests and Mrs. G. Erickson arranged a separate meal for the girls. Mrs. R. Patenaude and Mrs. Blackstock prepared the ladies' dinner and were later assisted by Mrs. E. Collister in the kitchen.

## Pemberton Council Briefs

A committee has been set to study rezoning for commercial and industrial purposes.

A special meeting will be held with the Pemberton Sportsmen and Wildlife on January 10 to discuss the proposed extension of the Village boundaries.

The Rural and Remote Housing Program has applied to Council to build five single modest homes for middle and low income families in the area.

## Pemberton High School News

By RICK KING

Well, I'm back. The reason there was a great gap in my columns was that our school had a Christmas holiday and therefore nothing was happening. Before the holiday I was busy with plays, council activities and numerous other things.

First of all I would like to extend my best wishes to everyone in the New Year and also I hope everyone had a joyous Christmas.

As for school this new year, we were sort of dampened when we started, or should I say snowed under? We started school on Tuesday but never made it back for Wednesday or Thursday. Tuesday night, a large dump of snow plugged the highway and Wednesday night we had a repeat. But we're back now!

Because of our short week the students' council has not yet had a meeting. From previous meetings and schedules several events have been planned but nothing is definite.

In the musical and drama end of the school, those of you who attended the school's Christmas concert will know that aside from a few mistakes we managed to pull it off. Planned for early March is yet another of the famous Pemberton Secondary drama efforts. This will be a comedy western called "The Death and Life of Sneaky Fitch". Best of luck to all the young actors.

The basketball teams have been active both before the holidays and already after. On Friday night, January 6, the senior boys battled a game out against Ts'Zil with a final result of Pemberton 55 Ts'Zil 46. Nice work, men! There was to be a tournament scheduled for that weekend but due to hazardous road conditions the participating teams could not make it.

Over the Christmas holidays we lost a teacher by the name of Miss Saint. She is now Mrs. Plummer (heaven forbid if the spelling is wrong). On behalf of my fellow students we wish the best of luck to the newlyweds.

## Sidseel Gimse wed in Pemberton Saturday

Sidseel Thyra Gimse and Kenneth Stanley Sangster were married in St. David's United Church at 6 p.m. on Saturday, January 7.

The bride, given in marriage by her father, Gunnar Gimse, chose a floor length white satin dress with a train and a waist length veil held in place with white daisies for her wedding ensemble. She carried yellow roses and white daisies.

Her matron of honour, Mrs. Marcie Watson wore a peach coloured gown and carried white daisies. Her bridesmaids Gail Sangster and Melissa Teichman, wore identical gowns and corsages.

The bridegroom was attended by Chris Hellevang, bestman, and Geoff Gimse and Rob Louzon as ushers.

The reception was held in the Signal Hill Gum. A lovely buffet dinner was served followed by an evening of dancing.

Bob Herron was the Master of Ceremonies and proposed the toast to the bride.

The newlyweds will honeymoon in Hawaii — a gift from the groom's parents, Mr.

and Mrs. Gordon Sangster from Sechart.

Out of town guests were the groom's parents, and Linda and Terry Wilson from Kamloops, Gail Sangster and Tom Leey from Oyama, Tom Stinson, Tom Stinson, Hane; Jeff Suire, Vancouver; Dennis and Pat Asher, Quesnel; Debbie Schmidt, Burnaby; Millissa Teichman, Coquitlam; Ian Watson, Squamish; Susan Biedler, North Vancouver; Linsay Kenyon and Jan Oberson from Alberta and Laurie and Pat Dickenson from Vancouver.

# LECKY REALTY LTD.

APPRAISALS — MORTGAGES — PROPERTY MANAGEMENT  
REAL ESTATE — INSURANCE — COMMERCIAL — RESIDENTIAL  
MEMBERS OF GREATER VANCOUVER REAL ESTATE BOARD

LIST WITH US FOR THREE GOOD REASONS ... We think our sense of values - our list of good prospects - and our tireless efforts will make you glad you called US!

**DO YOU WANT TO WORK FOR YOURSELF???** See us now about this rapidly growing business in the Squamish area - now operating and showing excellent return. Get the whole family involved - low overhead, high return!

**PRIME COMMERCIAL SPACE** available in a soon to be constructed building in downtown Squamish. Call today for particulars regards size, costs and occupancy.

**TRAILER FOR RENT OR RENT TO PURCHASE** ... located in Timbertown, well maintained 3 bedroom trailer on large landscaped lot complete with storage shed and tree house.

## VALLEYCLIFFE

**SOMETHING SPECIAL IN VALLEYCLIFFE** ... 1 1/2 storey large 3 bedroom house. Thermopane windows, large mud room, vaulted ceiling in living room. Still time to choose finishing touches!

**AT ENTRANCE TO VALLEYCLIFFE** — 2 acres priced for quick sale at \$22,500. Less than the price of 2 lots. Excellent holding property.

Also, **TWO HOMES** with foundation already in - call us today with your design as we will build to suit you!

## SQUAMISH

**LARGE MULTI LEVEL HOME** on 2 lots - all grass, shrubs and fruit trees. Storage shed at rear of property wired for electricity. Must Be Seen!

**SUPER STARTER OR RETIREMENT HOME** ... At a Realistic Price! Very low 30's. Located in downtown Squamish, close to all amenities.

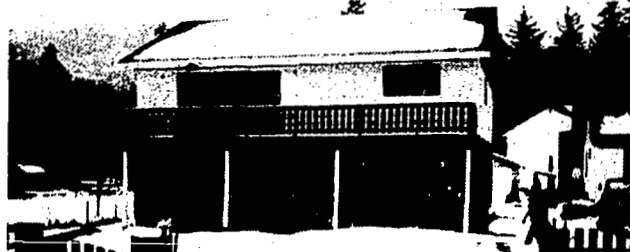

**A GREAT FAMILY HOME** — four bedroom older home on large (approx 130 x 127') lot on Buckley Ave. Loaded with extras like separate garage, full basement, paved drive, fruit trees, etc. etc. Let us show you today ... and make an offer!

**900 SQ.FT. HOME RIGHT DOWNTOWN** ... no car expenses as located in the heart of all facilities. Call now to see this one!

**HAVE YOU EVER SEEN THE MOUNTAIN BROOK CONDOMINIUMS OR THE WILSON VILLAGE CONDOMINIUMS?** Condominiums offer many advantages and are excellent starter or retirement homes. They are compact, economical, close to all amenities and make excellent security risks if you are away from home very often. Call and give us an opportunity to show you what these two excellent locations offer!

## MAMQUAM (North Yards)

**B.C. RAIL EMPLOYEES** ... Look at this one! Located close to work ... situated on large duplex lot. Brand new 3 bedroom home, quality carpets, thermopane windows, carport. Possible basement suite.

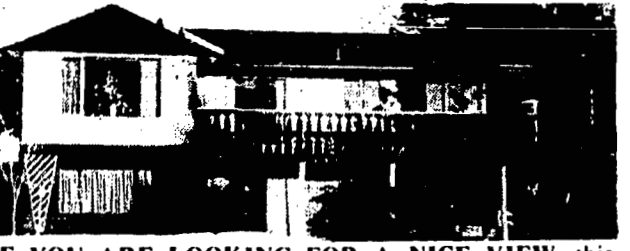

**HALF ACRE LOT** with older home. This home is for the couple who like to be self sufficient as it offers several fruit trees and lots of good gardening. Has a root cellar and also a large shed designed for the hobby carpenter. Priced to sell in the mid 40's.

## GARIBALDI ESTATES and HIGHLANDS

**CHEER AND HOSPITALITY** meet you at the front door of this lovely home located in the Garibaldi Estates. 4 bedrooms, 2 baths, wet bar in finished rec room complete with fireplace. Paved driveway. 1/2 acre lot. Close to schools and shopping.

**IF YOU ARE LOOKING FOR A NICE VIEW**, this family home is unsurpassed! Phone and make an appointment to see this lovely large family home. A large bright, cheery kitchen with beautiful cupboards and large covered sundeck just off the kitchen. A full basement with a finished family TV room. Extra large lot fully landscaped including several fruit trees and excellent garden.

**CALL US TODAY** to see what this lovely 3 bedroom 3/4 basement home in Garibaldi Highlands has to offer. Sunken front room, floor to ceiling fireplace, lots of kitchen cupboards and a basement with lots of challenge for a couple who like to put their talents to work.

**1500 SQ.FT. RANCHER** designed for family living. Large fenced private yard. Beautiful vaulted ceilings, family room with floor to ceiling fireplace, country kitchen and large utility room.

## BRACKENDALE

**DELUXE** ... two and three bedroom Condominiums in Brackendale. 2 bdrm units have 1138 sq.ft. and 3 bdrm units 1328 sq.ft. W/W carpets, fireplace, 1 1/2 baths. Stove, fridge, washer and dryer included. 10 1/4% interest ... low downpayment. Can be seen anytime.

**SPACE & COMFORT** in this 1800 sq.ft. home with 24 ft. outdoor pool on extra large lot. House designed for family living with sunken living room, family room, formal dining room with built-in china cabinet.

**REALLY BETTER THAN NEW** ... just 3 years old ... 3 bedroom home in Brackendale. Tastefully decorated, new carpets - basement 90% complete. A MUST SEE.

**START THE NEW YEAR RIGHT** by buying this beautiful new home ... just completed. Purchaser's choice of carpets ... thermopane windows, 3 bedrooms, full basement, situated on quiet cul-de-sac. Quality throughout. Call today to view.

Parade of Colours featured Mrs. McCutcheon's kindergarten class at Mamquam School for the annual Christmas concert in December.

Children from Ms. Otte and Ms. Ecker's grade 2 and 3 classes and Mamquam School thoroughly enjoyed their singing and dancing presentation at the December 20 concert.

The angels, wise men and shepherds gathered around Mary and Joseph and the Christ Child for the 'Christmas Story' as told in song by Mrs. Pritchard's grade one class at the annual Squamish School Christmas Concert on Dec. 20.

Think duplex. This large (1840 sq.ft. each side) on pretty Meadow Ave. is the buy of the year. Family rm., living rm., with fireplace and wet bar, powder rm., plus full bath and ensuite, plumbing, gourmet kitchen, private patio ... see for yourself. Call for appointment now!  
STAN & LYNDA BANNISTER 898-5905

## A WINTER WONDERLAND

Outside and a warm cozy home inside on Nairn Way. The home is as inviting inside as it is on the outside. So don't let those chills get you, take a look with me & see how the warmth will radiate into your being. PRICE \$67,450.  
STEPHEN HOWARD 898-3361

## WEST COAST CONTEMPORARY

Sunken living rm., large fam. rm. off kitchen, plus office down. Master en-suite includes sauna. 2 car garage. Completely fenced back yard decks off all bdrms. and dining rm. Tastefully decorated throughout.  
STAN & LYNDA BANNISTER 898-5905

## THINKING OF SOMETHING NEW

It's probably every woman's dream to live in a new home with her family. I can help you make that dream come true with quality and custom built homes in our new Merrill Park Subdivision. You may select from a large assortment of plans, colours, carpets and ceramics to suit your taste and size to financing.  
"HELGA" 892-5852

## I FEEL GOOD

It is my pleasure to present this terrific value in the Highlands. 3 bdrm. ranch style home, separate dining room, family room off kitchen, 2 1/2 places en-suite and much more. With all this golden quality carpets and warm decor, it certainly spells Gemuetlichkeit. It'll also make you feel good if you allow me to show it to you.  
"HELGA" 892-5852

In the time you'll waste looking at one house you don't really like, you could have looked at 7,000 homes in the Block Bros. Catalogs.

## The Block Bros. Catalog.

Remember the last time you went hunting for a home? The wasted hours, the frayed nerves, the disappointments? Don't go through the same ordeal again. Go through the Block Bros. Catalogs instead. They're new every week. They're crammed with homes and properties. They're crammed with photographs and facts. So when you see something you like, you know it'll be worth a visit. No guesswork. No wasted trips.
